County of Orange Positions on Proposed Legislation

The Legislative Bulletin provides the Board of Supervisors with analyses of measures pending in Sacramento and Washington that are of interest to the County. Staff provides recommended positions that fall within the range of policies established by the Board. According to the County of Orange Legislative Affairs Procedures adopted by the Board of Supervisors on December 10, 2019, staff recommendations for formal County positions on legislation will be agendized and presented in this document for Board action at regular Board of Supervisors meetings. When the Board takes formal action on a piece of legislation, the CEO will direct the County’s legislative advocates to promote the individual bills as approved by the Board. The Legislative Bulletin also provides the Board of Supervisors with informative updates on State and Federal issues.

The 2019-2020 Legislative Platform was adopted by the Board of Supervisors on December 4, 2018.

On October 6, 2020, the Board of Supervisors will consider the following actions:

1. APPROVE – “Statewide Ballot Initiative Measures” Policy Amendment to the 2020 Legislative Affairs Program Guidelines

SUMMARY

Approving the “Statewide Ballot Initiative Measures” policy amendment to the 2020 Legislative Affairs Program Guidelines will allow the County to continue to pursue critical policy initiatives in Sacramento.

BACKGROUND INFORMATION

On December 10, 2019, the Board approved the 2020 Legislative Affairs Program Guidelines. The Board approves the Legislative Affairs Program Guidelines in advance of each legislative session to allow the County to continue to pursue critical policy initiatives in Sacramento and Washington DC.

STATEWIDE BALLOT INITIATIVE MEASURES POLICY AMENDMENT TO THE 2020 LEGISLATIVE AFFAIRS PROGRAM GUIDELINES

Per Board directive during the September 29, 2020 Board meeting the following County Counsel reviewed statewide ballot initiative measure policy is recommended to be added to the 2020 Legislative Affairs Program Guidelines:

Statewide Ballot Initiative Measures*

Any Supervisor may act as an individual to support or oppose a statewide ballot initiative measure (“Initiative”) at any time. However, any individual action is not an official position by the Orange County Board of Supervisors. The Board may consider taking a position on an Initiative provided the following conditions have been met:

- The Initiative has qualified by the California Secretary of State and will be included in an upcoming statewide election. Initiatives that are in circulation for signature gathering or have been submitted to the California Secretary of State for signature verification will not be considered.

- The Initiative may have an impact on County finances, programs or operations, or meets an approved Policy Statement in the most current Legislative Platform document.

Once these conditions are met, any Supervisor may, via memo, request and direct the County Executive Officer (CEO) to have an impartial analysis of the Initiative prepared. The other Board offices shall be copied on the memo request.

The CEO-Legislative Affairs Office (CEO-LA) in consultation with impacted Department(s) and County Counsel will draft an independent analysis and file it in the Legislative Bulletin under the “Information” section for an upcoming Board meeting. The analysis will include the following information:

a. Proposition Number
b. Subject
c. Title
d. Date of Qualification
The analysis shall not encourage members of the public to adopt the County’s view, vote one way or the other on the measure, or take any other actions supporting or opposing the measure. The Board will consider the item and determine a recommended action sufficiently in advance of the election to enable the Board’s action to be relevant, and to the extent possible, to enable the Board to postpone and reconsider the measure at a later Board hearing. If a position is approved by a majority of the Board members, it will be considered the official position of the County of Orange.

* Per the California Constitution, “Statewide Ballot Initiative Measures” is defined as an initiative statute, constitutional amendment or referendum.

### Summary:

Proposition 15, the Schools & Communities First Act, would tax most commercial and industrial property based on its fair market value, beginning in 2022-23. Because the measure would tax commercial and industrial property differently than residential and agricultural property, it’s also known as “split roll.” The measure is estimated to increase tax revenue from these properties by between $8 billion and $12 billion per year statewide.

The increased property tax revenue would be distributed to counties, schools, cities, and special districts, in essentially the same proportion as under current law. Before that, however, the increased revenue is required to cover costs incurred by counties to administer the program, as well as any losses to the state General Fund resulting from decreased corporate and personal income taxes.

### Background:

Article XIII of the California Constitution, originally enacted by Proposition 13 (1978), does not distinguish commercial and industrial property from residential and agricultural property. It caps the ad valorem tax rate for all property at 1 percent and limits increases to the assessed value. Each year, the property’s assessed value can increase by no more than 2 percent or the rate of inflation, whichever is lower. Property is only reassessed when there is a change in ownership or new construction, at which point it is reassessed at fair market value.

Statewide, about 46 percent of property tax revenue is allocated to local agencies: counties (14 percent), cities (13 percent), and special districts (19 percent). While the remaining 54 percent is allocated to schools and community colleges, although the allocation varies considerably among counties.

#### Changes under Ballot Initiative

Proposition 15 seeks to tax most commercial and industrial real property, including some vacant land, based on current fair-market value, eliminating the limitation on increasing assessed value by no more than 2 percent per year for those properties. The measure would not apply to residential property, property owned or occupied by small businesses with a market value of less than $3 million, or farmland (though it would apply to a farm’s buildings, such as processing and refrigeration facilities).

The $3 million threshold for small businesses will be adjusted for inflation every two years by the State Board of Equalization (BOE) beginning in 2025. The BOE will be tasked with calculating the inflation adjustment on a county by county basis, taking into consideration the average market values of each.

The first $500,000 of a business’s personal property (e.g., machinery, computers, and office equipment) will be exempt from taxation, and businesses with fewer than 50 employees will be exempt from taxation on all personal property. Aircraft and vessels are not included in the personal property exemptions.

---

1 *California State Association of Counties (CSAC) Analysis*
Proposition 15 would require the Legislature to establish a Task Force on Property Tax Administration, made up of a county assessor, a member of the BOE, a proponent of Proposition 15, a taxpayer representative, and a member of the Legislature. The Task Force is instructed to make recommendations to the Legislature on certain aspects of implementing which the measure leaves to the Legislature to decide.

The measure’s shift to market value assessment would be phased in over three fiscal years, beginning in 2022-23. After the initial reassessment, applicable commercial and industrial real property will be regularly reassessed at intervals determined by the Legislature, but no less frequently than every three years. There is an exception to this timeline for property where a majority of square footage is occupied by small businesses with 50 or fewer employees. These properties would not shift to market value taxation until 2025-26, unless a different date is set by the Legislature.

Before allocating funds raised by this measure to local governments and schools, the proposal requires a portion of the new revenues be allocated to 1) the state General Fund to compensate for any reductions in personal income and corporate tax revenue resulting from the measure, and 2) counties to cover their costs of administering the changes. Which county costs are eligible for reimbursement will be determined by the Legislature. However, the measure does state that “such costs shall at a minimum include the costs of assessment, assessment appeals, legal counsel, tax allocation and distribution, and auditing and enforcement” and that the intent is to “provide full adequate funding to counties to cover all costs associated with implementation of the Act.”

Assessment Appeals

Proposition 15 also directs the Legislature to work with county assessors to develop a process for hearing appeals resulting from the required reassessments. The measure outlines several requirements for this process. Most notably, the appeals process would not automatically accept an applicant’s opinion of value on the property. Under current law, County Boards of Equalization and Assessment Appeals Boards are required to render their decision on an appeal within two years. If they do not, the new value of the property will default to whatever the applicant’s opinion of value is, even if that value is unrealistically or artificially low. In addition, Proposition 15 would require the applicant to shoulder the burden of proof that their property was not properly valued, as opposed to the assessor.

<th>Prop. 15 is a fair and balanced reform which:</th>
</tr>
</thead>
<tbody>
<tr>
<td>• closes property tax loopholes benefiting wealthy corporations</td>
</tr>
<tr>
<td>• cuts small business taxes</td>
</tr>
<tr>
<td>• reclaims billions of dollars to invest in our schools and local communities.</td>
</tr>
</tbody>
</table>

Prop. 15 will:

*Close corporate loopholes:* Wealthy corporations avoid reassessment by employing highly paid tax lawyers and accountants to exploit loopholes in the law. Prop. 15 closes these loopholes by requiring nonresidential commercial properties to be assessed based on their actual fair market value.

- The top 10% of California’s most valuable nonresidential commercial properties account for 92% of Prop. 15’s new revenues.

*Does not impact homeowners and renters:* Prop. 15 exempts all residential properties, maintaining FULL PROP. 13 PROTECTIONS for homeowners and renters.

*Cut taxes for small businesses:* Prop. 15 protects small businesses and cuts their taxes by:

  - Exempting businesses operated out of a home and businesses owning $3,000,000 or less of nonresidential commercial property
  - Cutting business personal property taxes on equipment, computers and fixtures.

*Restore balance to the property tax:* Since Prop. 13 passed, the residential share of property taxes has skyrocketed from 55% to 72% and the nonresidential commercial share has fallen. Meanwhile we’re paying more in fees, fines and other taxes. Prop. 15 rebalances the scales.

*Increase funding for schools and community colleges:* Every school district and community college will receive additional funding over and above existing funding guarantees. Prop. 15 funds go directly to education and state politicians can’t take it away.

*Invest in essential workers and local services:* Prop. 15 gives local communities desperately needed resources so essential services and frontline workers can respond to current challenges and prepare for future crises, whether from a wildfire, pandemic, or earthquake.

*Support economic and racial equity:* Prop. 15 makes sure schools with the greatest needs get the most help and gives local communities critically needed resources to deal with the unequal impacts of COVID-19, unemployment, and housing costs on communities of color.

3 *California Secretary of State Official Voter Information Guide: November 2020*
Prioritize full transparency and accountability by requiring schools and local governments to publicly disclose all new revenues they receive and how they are spent.

Protect agricultural land: Prop. 15 makes no change to existing laws affecting the taxation or preservation of agricultural land. We can’t afford business as usual. Prop. 15 rebalances the scales by closing loopholes and supporting our schools, local communities and small businesses.

Prop. 15 takes a big step forward toward a better future for all Californians. It was placed on the ballot by the signatures of over 1,700,000 voters who want wealthy corporations to pay their fair share.

Prop. 15’s massive increase in annual property taxes will have disastrous economic impacts for every Californian—from small businesses and consumers to farmers and homeowners.

PRO. 15 REPEALS TAXPAYER PROTECTIONS IN PRO. 13
Prop. 13’s taxpayer protections have kept property taxes affordable by capping property taxes and limiting increases annually, providing taxpayers certainty they can afford their property taxes now and into the future. Prop. 15 eliminates that certainty for millions of taxpayers.

- “Prop. 15 is a direct threat to homeowners. Supporters of the tax hike openly admitted that this is merely the first step in completely dismantling Prop. 13 which voters approved to stop skyrocketing property taxes.” — Jon Coupal, President, Howard Jarvis Taxpayers Association

PRO. 15 RAISES OUR COST OF LIVING
Prop. 15’s tax hike will increase costs on everything people buy, including groceries, fuel, utilities, day care and health care.

- “Too many families have been priced out of their neighborhoods because of the rising cost of living. Prop. 15 will raise the cost of living for California families by up to $960 and will especially hurt lower-income communities.” — Alice Huffman, President, California State Conference of the NAACP

PRO. 15 DESTROYS JOBS AND SMALL BUSINESSES
Seven million Californians work for a small business. Millions of Californians are filing for unemployment and are at risk of losing everything. NOTHING in Prop. 15 stops the tax from being passed on to small business tenants. Prop. 15 will make the economic crisis worse by devastating small businesses—including our neighborhood restaurants, barbershops, and dry cleaners.

- “Most small businesses rent the property on which they operate. Prop. 15’s higher property taxes will mean skyrocketing rents at a time we can least afford it.” — Jot Condie, President, California Restaurant Association

<tr>
<td><strong>Summary of estimate by Legislative Analyst and Director of Finance</strong></td>
<td>After the passage of Proposition 13 capped the ad valorem property tax rate on real property at 1%, the Legislature responded by permanently restructuring the allocation of property tax revenues. SB 154 (Rodda, 1978) gave counties, cities, special districts, and schools an amount of property tax revenues in proportion to what they received in the past. Assembly Bill 8 (L.Greene, 1979) gave local governments their historic proportional shares of property taxes, plus some of the school districts’ property tax revenues, while replacing schools’ losses with state General Fund. In response to state budget deficits in the early 1990s, the Legislature reduced state General Fund spending on education by shifting property taxes from counties, cities, and special districts to an educational revenue augmentation fund (ERAF) in each county to support schools. The allocation of property tax revenues to counties varies greatly throughout the state. As of 2017, Orange County receives only five cents of every property tax dollar under AB 8, the lowest amount of all counties with a state average of 0.14 cents. As a result, Orange County will receive less revenue under Proposition 15 compared to counties statewide for these reasons:</td>
</tr>
<tr>
<td><strong>Fiscal Impact</strong></td>
<td><strong>Impact on Orange County Operations:</strong></td>
</tr>
<tr>
<td>Statewide, the Legislative Analyst’s Office estimates that this measure would increase annual property tax revenue by $8 billion to $12.5 billion in most years. The amount of revenue will fluctuate year to year based on the state of real estate markets at the time. The California Assessors’ Association (CAA) estimates that the cost to implement the measure would be slightly more than $1 billion during the first three years. They also estimate an approximate 12-fold increase in the number of commercial and industrial properties that counties would have to reassess annually.</td>
<td></td>
</tr>
</tbody>
</table>
(1) Additional property tax revenue for schools is not allocated to schools locally, but it is generally distributed on a per pupil basis statewide.

(2) Although some additional property tax revenue goes to local agencies like the County, the distribution is based on existing AB 8 apportionment provisions pursuant to Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code, as that chapter read on January 1, 2020:

a. Cities
b. Counties
c. Special Districts

Because of the County’s low AB 8 factor, and that school dollars will be redirected into a statewide allocation, much of the increased property tax revenue generated from Proposition 15 would flow out of Orange County. Additionally, under the Orange County Fire Authority (OCFA) Joint Powers Agreement, the County would pay increased Structural Fire Fund property tax revenues resulting from Proposition 15 to OCFA with no change in the scope of services OCFA is required to provide.

### 3. Sacramento Legislative Report

*Prepared by Precision Advocacy Group LLC*

#### County Legislative Positions

Governor Gavin Newsom has completed his work on bills sent to him by the Legislature in 2020. Below is the status of measures the county took a position on that reached the governor’s desk:

**AB 434** (Daly) **Housing financing programs: uniform procedures** – **Support**: This bill aligns six rental housing programs with the Multifamily Housing Program, to enable the state Department of Housing and Community Development to implement a single application and scoring system for making coordinated awards under all seven programs, starting on January 1, 2022.
*Status: Chapter 192, Statutes of 2020*

**AB 2265** (Quirk-Silva) **Mental Health Services Act: use of funds for substance use disorder treatment** – **Support**: Clarifies that Mental Health Services Act funds can be used to fund treatment for individuals with co-occurring mental health and substance use disorders. Requires counties to report information about the individuals treated under the provisions of this bill to the Department of Health Care Services.
*Status: Chapter 144, Statutes of 2020*

**SB 555** (Mitchell) **Jails and juvenile facilities: communications, information, and commissary services: contracts** – **Oppose**: This bill requires that the price of items in a jail canteen are offered for sale at the cost paid to the vendor; renames the inmate welfare fund the incarcerated people’s fund; requires that funds from the incarcerated people’s fund be expended solely for the benefit, education, and welfare of inmates confined
within the jail; prohibits commissions in telephone and communication service contracts for juvenile facilities and county jails; and requires such telephone and communication service contracts to be negotiated and awarded to the lowest cost provider.

Status: Vetoed

Veto Message: This bill would limit the amount that a county jail can charge for items in the jail canteen and the per minute rate that can be charged for phone calls and video communications. It would also prohibit commission provisions in telephone and communication service contracts to be negotiated and awarded to the lowest cost provider.

While I strongly support the goals of this bill, reducing financial stress that families of those in jail face and supporting the ability of those incarcerated to remain in contact with their families – I cannot support this bill in its current form. I am concerned it will have the unintended consequence of reducing important rehabilitative and educational programming for individuals in custody. I am committed to working with the Legislature and stakeholders to address this issue in the next legislative session in a manner that mitigates impacts on programming.

**SB 803** (Beall) Mental health services: peer support specialist certification – Support: Requires the Department of Health Care Services (DHCS) seek federal waivers necessary to establish a Medi-Cal demonstration or pilot project for the provision of peer support services in counties that agree to participate, and provide the nonfederal share of funding for a demonstration or pilot that includes a certified peer support specialist as a Medi-Cal provider type. Authorizes, subject to DHCS approval, a county or an agency representing the county, to develop a peer support specialist certification program. In addition, SB 803 establishes requirements for certification as a peer support specialist.

Status: Chapter 150, Statutes of 2020

**SB 823** (Committee on Budget & Fiscal Review) Juvenile justice realignment: Office of Youth and Community Restoration – Oppose: This budget trailer bill contains the changes required to implement the 2020 Budget Act, and operationalize the realignment of the California Department of Corrections and Rehabilitation, Division of Juvenile Justice, to counties.

Status: Chaptered, Statutes of 2020 – Chapter number not yet available

**SB 1196** (Umberg) Price gouging – Support: Includes a person or entity that was not selling specified goods and services prior to the proclamation or declaration of an emergency, within the scope of the crime of price gouging. Allows the governor or the Legislature to extend the time frame for price gouging beyond 30 days without requiring a new extension at the end of each 30-day period.

Status: Chaptered, Statutes of 2020 – Chapter number not yet available

**New Housing/Homelessness Laws**

High on the priority list amongst lawmakers this year was addressing housing and homelessness. One of the largest disappointments of the 2019-2020 legislative session is the failure of a number of housing and homelessness proposals to reach the governor’s desk. As a result, we anticipate a number of reintroductions pertaining to the issues in December, as well as some brand-new measures that may impact the County. That said, below are a number of housing and homelessness bills signed by the governor this year.

**AB 434** (Daly) Housing financing programs: uniform procedures: This bill, supported by the County, aligns six rental housing programs with the Multifamily Housing Program, to enable the state Department of Housing and Community Development to implement a single application and scoring system for making coordinated awards under all seven programs, starting on January 1, 2022.

Status: Chapter 192, Statutes of 2020
**AB 725 (Wicks) General plans: housing element: moderate-income and above moderate-income housing: suburban and metropolitan jurisdictions:** This bill requires metropolitan and suburban jurisdictions, through their housing element process, to ensure that more land is zoned for medium-density housing. It would require at least 25% of a jurisdiction's share of the regional housing need for moderate- and above moderate-income housing be allocated to sites with zoning that allows at least four units of housing, with moderate income sites being capped at a density of 100 units per acre. This bill does not apply to housing elements due before January 1, 2022.

*Status:* Chapter 193, Statutes of 2020

**AB 831 (Grayson) Planning and zoning: housing: development application modifications:** Makes changes to the procedure for development projects approved by the streamlined, ministerial process created by **SB 35** (Wiener Chapter 366, Statutes of 2017), by specifying how local governments must approve and construct public improvements provided in conjunction with the streamlined, ministerial development project in a manner that would not inhibit, chill, or preclude the development.

*Status:* Chapter 194, Statutes of 2020

**AB 1561 (Garcia, C) Planning and zoning: housing element and entitlement extensions:** Requires cities and counties to evaluate the impact of government actions on the cost of housing and associated impacts to minority communities. CAPITOL HILL

House Passes Continuing Resolution to Avert Shutdown, Senate to Vote at 11th Hour

The Senate is expected to vote the evening of September 30th, just hours before the end of the fiscal year, to pass the Continuing Resolution (CR) to keep the federal government open and avert a shutdown. The legislation extends funding through December 11th. Last week, the House passed the bill by a bipartisan vote of 359-57. The bill was reached to provide aid to farmers and food assistance for low-income families.

As we have previously reported, looking forward, appropriators have agreed that they will try to meet the December 11 deadline for passing the FY21 appropriations bills. As you know, the Senate Appropriations Committee paused action on its bills because of the threat of controversial amendments. In the House, the Committee approved all 12 bills and 10 of them have been considered and passed on the Floor.

Senate appropriations staff is reportedly working to finalize their bills with the goal of releasing the text this fall; the Committee is not expected to formally consider their bills and instead some kind of an informal conference process is expected to take place. How successful that process is may depend on the outcome of the November elections. We understand that the text of non-controversial appropriations bills may be posted after the elections. However, when/if the text of more controversial bills, which includes the Labor-HHS bill, will be released is unclear.
Mnuchin and Pelosi Agree to Restart Stimulus Talks, House Prepares Backup Plan

Throughout the week, Treasury Secretary Steve Mnuchin and Speaker of the House Nancy Pelosi (D-CA) have held lengthy negotiations for an additional round of coronavirus aid. Mnuchin has increased the top-line funding level from $1.2 trillion up to $1.5 trillion. Meanwhile Pelosi brought down her top-line level to $2.2 trillion, down from $3.2 trillion originally. Pelosi has told the media the biggest hurdles are finding an agreement on state and local aid and liability protections.

While the two negotiators continue to find an agreement, House Democrats as a backup plan released an updated version of the Heroes Act. The package is scaled back by about a trillion from roughly $3.2 trillion to $2.2 trillion. Among the many provisions, the bill: provides $179 billion to local governments; provides $32 billion for transit, provides $13.5 billion for airports; and expands the use of CARES Act funds to cover lost, delayed, or decreased revenue stemming from COVID-19 and extends the date of expenditures for CARES Act funding to December 31, 2021.

For state and local governments, the new HEROES Act would create new State and Local Coronavirus Relief Funds through the Department of Treasury to help first responders, frontline health workers, transit employees, teachers, and other workers providing vital services. $179 billion specifically for local governments, split equally between counties and municipalities. The $89.5 billion for municipalities would be split using a modified CBDG formula, while the $89.5 billion for counties would be divided by population. The Funds can be used for COVID-related expenses, to replace foregone revenues not projected on January 31, 2020, or to respond to negative economic impacts of COVID. Funds are available until expended, providing flexibility over the next several years and would be mostly awarded within 30 days.

The measure attempts to improve the use of previously allocated CARES Act funds by expanding the use of funds to cover lost, delayed, or decreased revenue stemming from the COVID public health emergency and extends the date of expenditure for CARES funds to December 31, 2021. As of press time, it is unclear if this latest package will move the needle and result in a package moving through both chambers anytime soon. Speaker Pelosi (D-CA) and Treasury Secretary Mnuchin are having frequent conversations per a tweet from her spokesperson. The House is expected to vote this week on either this package or a bipartisan deal if an agreement can be reached. At a minimum, the bill is likely intended to provide cover for moderate Members as the House prepares to break for the elections.

White House Announces Plan to Distribute 150 Million Point of Care Tests

President Trump announced his plans to distribute 150 million rapid, point-of-care tests made by Abbott Company. Of the 150 million, 50 million will go to nursing homes, home health, and assisted living facilities. The remaining 100 million will go to state and territorial governments for the purpose of reopening their schools and economies. According to President Trump, the device will provide a COVID-19 diagnosis within 15 minutes. According Admiral Brett Giroir, the COVID-19 testing czar, the 100 million tests are being sent to governors already, with each governor determining how best to use their allotment of tests. The full statement can be found HERE.
**Federal Rehousing Resources**
The Department of Housing and Urban Development (HUD) released a guidance document to address and list resources intended to help design and improve comprehensive rehousing plans that assists households most impacted by COVID-19. The guidance document can be viewed here.

**Half of Economic Development Agency (EDA) CARES Act Funding Still Available**
The Department of Commerce indicated that to date, the EDA has obligated 756 CARES Act Recovery Assistance grants to states and communities across the nation, totaling more than $743.5 million, or just 51 percent of the $1.467 billion appropriated. This means that almost half of the CARES Act Money allocated to the EDA is still available. The funds are being administered under the EDA’s Economic Adjustment Assistance (EAA) Program. The EAA Program is able to assist states and local entities with a wide variety of strategy and implementation grants, and is the EDA’s most flexible program for state and local governments. The CARES Act money can also be used to establish regional revolving loan funds. The full Notice of Funding Opportunity, frequently asked questions, and other supporting documents can be found here.

**VA’s Home Loan Guaranty Program COVID-19 Regulatory Relief**
The Department of Veterans Affairs (VA) announced that VA is allowing home mortgage loan deferments for Veterans who have experienced financial hardships due to the COVID-19 national emergency. Under the CARES Act loan forbearance program, borrowers who have federally backed loans can receive forbearance of their monthly home loan payments, for up to 360 days. As Veterans exit their CARES Act forbearance periods, they must work with their mortgage company to determine when to repay the missed amounts.

To protect against predatory lending, VA regulations generally prohibit a large, lump-sum balloon payment from being included in the loan. However, temporarily waiving the regulation in these limited circumstances means Veterans have additional options when resuming regular monthly payments after a CARES Act forbearance — without penalty, additional interest, or late fees.

VA cannot require mortgage companies to offer loan deferments. Veterans who want to know whether loan deferment is an option should consult their mortgage company directly.

**Treasury Issues Notice of Allocation Availability for New Market Tax Credits**
The Treasury Department has issued a Notice of Allocation Availability (NOAA) announcing that it is accepting applications for the calendar year 2020 allocation round of the New Markets Tax Credit (NMTC) Program.

The NMTC Program incentivizes community development and economic growth through the use of tax credits that attract private investment to distressed communities. The NMTC Program attracts private capital into low-income communities by permitting individual and corporate investors to receive a tax credit against their federal income tax in exchange for making equity investments in Community Development Entities (CDEs).

Through this NOAA, the CDFI Fund announces the availability of $5 billion of NMTC allocation authority. Applications are due by November 16, 2020 and awards will be announced in summer 2021.

Application materials, the full announcement, eligibility requirements, and other supporting documents can be found here.

**HHS Announces $200 million for State Governments for COVID Vaccine Preparedness**
The Department of Health and Human Services (HHS) and the Centers for Disease Control and Prevention (CDC) announced $200 million in funding for state governments, as well as a handful of major cities, for
COVID-19 vaccine preparedness activities. The grants will go to states primarily based on population. As reported last week, the Trump Administration issued its strategy for vaccine distribution, which largely relies on state governments to develop and execute their plans. The plans must be submitted to HHS by the middle of October. This latest round of funding will help states formulate and execute their plans. The full announcement can be found [HERE](#).

The Grants Report is a condensed list of grant requests by County Agencies/Departments that allows the Board of Supervisors to discuss and approve grant submittals in one motion at a Board meeting. County policy dictates that the Board of Supervisors must approve all grant applications prior to submittal to the grantor. This applies to grants of all amounts, as well as to new grants and those that have been received by the County for many years as part of an ongoing grant. Receipt of grants $50,000 or less is delegated to the County Executive Officer. Grant awards greater than $50,000 must be presented to the Board of Supervisors for receipt of funds. This report allows for better tracking of county grant requests, the success rate of our grants, and monitoring of County’s grants activities. It also serves to inform Orange County’s Sacramento and Washington, D.C. advocates of County grant activities involving the State or Federal Governments.

On October 6, 2020 the Board of Supervisors will consider the following actions:

The Emergency Solutions Grant (ESG) program provides funding to (1) engage individuals and families experiencing unsheltered homelessness; (2) improve the number and quality of emergency shelters for individuals and families experiencing homelessness; (3) help operate these shelters; (4) provide essential services to participants of shelter programs; (5) rapidly re-house individuals and families experiencing homelessness; and (6) prevent families and individuals from becoming homeless.

On March 30, 2016, the State Department of Housing and Community Development (HCD) approved the County of Orange (County), in collaboration with the Orange County Continuum of Care (CoC), as the Administrative Entity (AE) for allocation of ESG funding.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief and Economic Security Act (CARES) Act. The CARES Act identified additional funding for the Emergency Solutions Grant (ESG) Program, the Community Development Block Grant (CDBG) Program, and the Housing Opportunities for Persons with AIDS (HOPWA)
Program to support preparation for and response to the community impacts of the COVID-19 pandemic. The distribution plan of the U.S. Department of Housing and Urban Development (HUD) for the additional funding includes multiple phases to address the immediate crisis resulting from the rising pandemic and post-pandemic community recovery.

On May 11, 2020, HCD announced the release of the 2020 ESG CARES Act Stimulus (ESG-CV1) Notice of Funding Availability (NOFA) for the Continuum of Care Allocation. The Orange County CoC received an allocation amount of $2,444,700, which includes the County as the AE retaining $128,700 for grant administration and the remaining amount of $2,316,000 available for homeless prevention, emergency shelter, rapid rehousing, and other related eligible activities. The Health Care Agency (HCA) Office of Care Coordination pursued this grant opportunity to bring additional funding and resources to provide homeless prevention and rapid rehousing services for individuals and families experiencing homelessness. The application was submitted to HCD on July 17, 2020.

On September 17, 2020, HCA received an award announcement letter of ESG-CV1 funding for eligible program activities. HCA is bringing the award to the Board of Supervisors for approval and authorization to execute the State Standard Agreement 20-ESGCV1-00008 with HCD.

The Office of Care Coordination will submit contracts with selected sub-recipients of the ESG-CV1 Program funding to the Board of Supervisors for approval upon selection at a later date.

Final Supplemental Environmental Impact Statement/Environmental Impact Report No. 583 (Final Supplemental EIS/EIR No. 583) was previously certified on December 19, 2001, and reflects the independent judgment of the Orange County Planning Commission as Lead Agency. Final EIR Environmental Impact Report No. 583 and Final Supplemental EIS/EIR Environmental Impact Statement No. 583 adequately addressed and fully analyzed project environmental impacts for the Santa Ana River Mainstem Project, as well as the Prado Dam Project, which is a necessary and contemplated element of the Santa Ana River Mainstem Project. Both the Final EIR No. 583 Environmental Impact Report and the Final Supplemental EIR/EIS No. 583 Environmental Impact Statement are complete and adequately satisfy the requirements of CEQA for the Santa Ana River Mainstem Project, which includes the Prado Dam Project.
b) The circumstances of the Project are substantially the same as when Final Environmental Impact Report EIR No. 583 and Final Supplemental EIS/EIR Final Environmental Impact Statement No. 583 were certified adopted, and Final EIR Environmental Impact Report No. 583 and Final Supplemental EIS/EIR Environmental Impact Statement No. 583 adequately addressed the effects of the proposed project. For purposes of CEQA, no substantial changes have been made in the project, no substantial changes have occurred in the circumstances under which the project is being undertaken and no new information of substantial importance to the project that was not known or could not have been known when the prior Final EIR Environmental Impact Report No. 583 and Final Supplemental Environmental Impact Statement EIS/EIR No. 583 were certified has become known in relation to this proposed condemnation action. Thus, no further CEQA review is required.

c) Final EIR Environmental Impact Report No. 583 and Final Supplemental Environmental Impact Statement EIS/EIR No. 583 are adequate to satisfy the requirements of CEQA for the proposed condemnation action.

☑ Make modifications to the:

☐ Subject  ☑ Background Information  ☐ Summary  ☐ Financial Impact

Add:

COMPLIANCE WITH CEQA: The acquisition of property is a necessarily included element of the project considered in Final EIR No. 583, certified by the Board of Supervisors on November 28, 1989, and Final Supplemental EIS/EIR No. 583, certified on December 19, 2001, which adequately addressed the effects of the proposed project. No substantial changes have been made in the project, no substantial changes have occurred in the circumstances under which the project is being undertaken, and no new information of substantial importance to the project which was not known or could not have been known when the Final EIR No. 583 and Final Supplemental EIS/EIR No. 583 were certified has become known; therefore no further environmental review is required.

SUBJECT: Creation of Office of Suicide Prevention

RECOMMENDED ACTION(S):

1. Receive and File Community Suicide Prevention Initiative – Board of Supervisors Progress Report.

2. Direct the County Executive Officer and the Health Care Agency Director to establish an Office of Suicide Prevention, within the Behavioral Health Department, to coordinate the provision of suicide prevention activities and implement the Community Suicide Prevention Initiative’s Action Plan.

SUMMARY:

Establishing an Office of Suicide Prevention within the Health Care Agency (HCA) for the purpose of implementing the Community Suicide Prevention Initiative Action Plan will help reduce death by suicide in Orange County.

BACKGROUND INFORMATION:

On March 12, 2019, the Board of Supervisors (Board) directed HCA to allocate $600,000 to create a countywide suicide prevention initiative with the goal of increasing awareness and accessibility to available resources, hosting community educational events, and reducing suicide in Orange County. As a result, the HCA, awarded a contract to Mind OC, Inc., effective July 1, 2019, through June 30, 2021, for an amount not to exceed $600,000.
The resulting Community Suicide Prevention Initiative (CSPI), a public-private partnership managed by Mind OC, has prepared an Action Plan to focus on high priority populations and to create a systems-approach to suicide prevention that leverages existing community and agency resources to build hope, purpose and connection for individuals in need. The framework for this systems-approach has four elements:

1. Reach out to high risk populations to find and engage those in need;
2. Maintain contact with those in need and support continuity of care;
3. Improve the lives of those in need through comprehensive services and supports; and
4. Build community awareness, reduce stigma and promote help-seeking.

The Board directs County Executive Officer and HCA Director to create an Office of Suicide Prevention, using existing positions and appropriations, to collaborate with Mind OC to conduct pilot programs utilizing the above-referenced systems-approach for each of the initial populations of focus: youth and young adults, men in their middle years and older adults.

The Office of Suicide Prevention will also be responsible for integrating new and existing services and supports across the suicide prevention continuum and throughout the entire County to assure all suicide prevention activities are linked to other behavioral health activities/services and directly targeted at populations in need.

Community Suicide Prevention Initiative
Board Of Supervisors Progress Report Brief

Using funding designated by the OC Board of Supervisors, the OC Health Care Agency and Mind OC have formed a Be Well OC effort called the “Community Suicide Prevention Initiative” (CSPI). The following is a brief summary of the CSPI’s first year of activities and recommendations, and attached are detailed work products to support next steps.

Challenges to be Addressed

**Increasing Risk Factors** - Age-related (e.g. social media, bullying, aging) and psychosocial (e.g. poverty, trauma).

**No System of Care** - Current activities to reduce these rates are not well integrated in the county.

**Missed Opportunities** - Individuals in need are not identified and linked to recovery services and supports.

**Difficult Access** - The service continuum is complex and can be difficult to navigate.

**Stigma** - Often causes individuals in need to be reluctant to seek care.

The Solution: Create a System of Preventative Care and Recovery

- **Reach out** to high risk population to find and engage those in need
- **Build community awareness**, reduce stigma and promote help-seeking
- **Improve the lives** of those in need through comprehensive services and support
- **Maintain Contact** with those in need and support their continuity of care

Suicide rates are trending up in OC for all age groups, men, women and ethnicities

From 2000 to 2018, the suicide death rate increased

**25%**

From 2000 to 2018, approximately **330** lives lost each year

2018 reached an **all-time high 369** lives lost

Progress Report
BACKGROUND

Suicide Rates in Orange County: From 2000 to 2018, the suicide death rate (per 100,000 residents) increased by 25% in Orange County; in the five years from 2014 to 2018, an average of 330 lives were lost each year, reaching an all-time high of 369 deaths in 2018.

Creating a Coordinated Suicide Prevention Effort: On March 12, 2019, the Orange County Board of Supervisors allocated $600,000 in funding to create a coordinated, countywide effort to build community awareness and drive system change that will reverse this trend and reduce suicides in Orange County. In July 2019, through its contract with HCA, Mind OC launched the Community Suicide Prevention Initiative (CSPI) within the Be Well OC movement to achieve the following mission:

The Orange County Community Suicide Prevention Initiative aims to prevent suicide by promoting hope and purposeful life in the community, especially among survivors, those at risk and their loved ones.

Below are highlights of year one progress towards creation of a communitywide, coordinated approach to raising community awareness and driving the system change needed to achieve this mission.

PLANNING AND ORGANIZING

Leadership Group: The CSPI Leadership Group was established in May 2019 and is made up of representatives from public and private organizations (Appendix 1) as well as community stakeholders, provided strategic guidance to CSPI planning activities. Organizational members have well developed efforts related to the CSPI mission and are committed to a collaborative, coordinated approach to preventing suicides and suicide attempts. Members meet monthly to guide the development of the coordinated approach.
**CSPI Charter:** The Leadership Group, with guidance from the CSPI Community Forum, established a project Charter to frame the need in Orange County and to gain consensus on the initiative’s aim, goals and objectives (Appendix 2).

**Framework & Pilot Plan:** The Leadership Group, with guidance from the CSPI Community Forum, established a Framework and Pilot Plan for supporting community-driven suicide prevention (Appendix 3a and 3b).

**COMMUNITY OUTREACH AND AWARENESS BUILDING**

CSPI has been and is undertaking a variety of outreach efforts in the community to increase public awareness about how to prevent suicides and to gain community feedback to inform plan development. Some of the engagement activities with survivors, family member(s) and concerned community members during the initial year included the following:

- Fifteen monthly community forums held in locations around Orange County and virtually.
- During Suicide Prevention month in September, distribution of hundreds of brochures and lawn signs with suicide lifeline information.
- Launching of a public CSPI Facebook brand page and a private Facebook group page in September 2019 and then replaced these with a new CSPI Facebook group in April 2020 (Appendix 4).
- Development of a new “Ambassadors of Hope” program to engage community volunteers across the county in variety of awareness and hope building activities.
- Webinar training on “Talk Saves Lives” was provided on April 29th and May 15th by the OC chapter of the American Foundation for Suicide Prevention (AFSP).
- Hosting large-scale community events, including the Cultivating Hope in the Community event at Mile Square Park in Fountain Valley in September 2019, and a screening of “The S Word” and a Panel Discussion in Santa Ana in January 2020.

Other events were planned for Spring 2020 but were canceled due to COVID-19 social distancing and stay-at-home orders.
NEXT STEPS

Piloting the Framework: The Community-Driven Framework for Suicide Prevention will be piloted in high need communities for each of CSPI’s initial populations of focus: youth and young adults, men in their middle years and older adults. Pilots will only be conducted within communities who wish to adopt the framework and who have local leadership and stakeholder support for pilot activities. Each of the four components of the framework will be piloted to the extent existing resources are available and/or new funding is granted.

Planning for Sustainability and Spread: The lessons learned through these pilots will be used to expand the CSPI activities into additional communities, eventually reaching all regions and populations in Orange County. This expansion will take place as the CSPI Framework becomes ready for spread and has proven sustainability, including availability of funding for large scale adoption. Pilot efforts will integrate new and existing suicide prevention activities into a “system” for suicide prevention that is sustainable and scalable and that is built on the principles of population health and chronic condition management.

Expanding Community Outreach and Engagement: This planned CSPI pilot does not represent all aspects of suicide prevention that the initiative will be undertaking, rather it is advanced as a means to develop a strong base of effort that can be leveraged towards a comprehensive plan that covers all aspects of suicide prevention and postvention needed to eliminate suicides and suicide attempts in our county. Example activities that CSPI has begun planning include:

- Hosting a 1st annual Orange County Suicide Prevention (virtually).
- Developing a countywide Suicide Prevention coalition.
- Creating a workgroup and focused effort to use data from the coroner, hospitals and other sources to gain deeper understanding of needs and how best to address them.
- Launch of a CSPI webpage within the Be Well website.

COMMUNITY SUICIDE PREVENTION INITIATIVE
A Be Well OC Initiative

INITIATIVE CHARTER

The Orange County Community Suicide Prevention Initiative aims to prevent suicide by promoting hope and purposeful life in the community, especially among survivors, those at risk and their loved ones.

Background: With the emergence of Be Well OC, Orange County (OC) is well-positioned to bring new and expanded resources to the work of reducing suicides in the county. Be Well OC brings together a robust, community-based, cross-sector strategy—public, private, academic, faith and others—to create a community-wide, coordinated ecosystem to support optimal mental health and well-being for all Orange County residents. As such, it is an opportune time to use this framework to create a community-driven approach to suicide prevention that draws on the capabilities and commitments that already exist and builds on them to address those areas of need that remain. It is in this spirit that Be Well OC is creating a community-driven suicide prevention initiative.

Framing the Need:

- Orange County’s suicide rate has been steadily increasing about 1.3% per year since 2000 and reached an all-time high of 10.3 suicide deaths per 100,000 population in 2018.
- The annual total of individuals who die by suicide in OC has averaged 330 over the last five years. (See the OCHCA 2019 Suicide Report)
- Intentional self-harm, as represented by the number/rate of visits to the Emergency Department, appears to be trending downward in OC (24% rate decrease between 2005 and 2017). Among children and older teens, the trend appears to be increasing (32% rate increase between 2010 and 2017).
- Accessing prevention services and interventions is difficult; the service continuum is complex, fraught with barriers to entry and generally insufficient in volume and differentiation/specification (see “Big Picture” issues).
- Stigma associated with mental health often cause individuals in need to be reluctant to seek care, and so early detection and prevention is further challenged and under-utilized.
- Current activities to reduce these rates are not well coordinated or integrated and so are not always as effective as desired or possible.
- There are many missed opportunities to detect individuals who are in need of support or who are at risk and to provide effective interventions as early as possible.

Aim: Be Well OC’s Community Suicide Prevention Initiative (CSPI) aspires to eliminate suicides and suicide attempts in Orange County. As a community-driven effort, CSPI will build collaboration among public and private organizations, community stakeholders and suicide survivors who share the mission of preventing suicide through increasing the hope, wellbeing and resiliency of those at risk. CSPI seeks to develop, enrich and integrate new and existing services and supports across the suicide prevention continuum and throughout the entire county.
Goals & Objectives: The above aim will be generated by achieving the following goals for high risk populations as well as for community throughout Orange County. These goals represent opportunities to reduce risk factors and promote protective factors for specific populations – at the individual and community level. Goals and objectives will be achieved through integrated efforts among CSPI partners as well as through focused activities of each partner and of CSPI itself.

Goal: Increase awareness about how to prevent suicide
- Information and messages are consistently provided in a variety of modalities, locations, languages throughout Orange County and for targeted locations and populations.
- Information shared is tied to suicide prevention and intervention efforts that make the messaging actionable for individuals who receive it.

Goal: Increase connectedness between individuals, families and communities
- Increase connectedness between individuals, families and communities to reduce social isolation, strengthen supportive relationships, and enhance other protective factors.
- The number of individuals who have known risk factors for suicide experience growth in their individual and community protective factors.

Goal: Increase detection of individuals in need
- Organizations who engage with target populations have clear processes to support detection and response.
- Individuals, families and communities are able to detect individuals in need and respond effectively.

Goal: Increase access to mental health care
- Individuals in need have timely and easy/supported access to initial services and ongoing follow-up care.
- Individuals seeking services continue to completion

Goal: Reduce access to lethal means
- Specific, lethal means, locations, methods to access it are identified for each target population.
- Access to lethal means is reduced for each target population.

Goals to be Achieved with Be Well Result Areas: The following goals are critical to achieving CSPI’s aim, but will be pursued in alignment and linkage with various Be Well OC result areas:
- Decrease stigma related to mental health and substance use concerns
- Increase access to health care
- Increase effectiveness of care

Steps to Support Community-Driven Suicide Prevention

Piloting the Framework for Community-Driven Suicide Prevention

CSPI will pilot this framework in high need communities for each of the populations of focus: youth and young adults, men in their middle years and older adults. Pilots will only be conducted within communities who wish to adopt the framework and who have local leadership and stakeholder support for pilot activities. Each community will be supported through the five steps described below, which are intended to result in a lasting, sustainable suicide prevention program that generates a steady decline in individuals dying by suicide.

Using the Framework to Meet Community-Specific Needs

**step 1:** Create infrastructure and build the local team (community leaders, stakeholders and service providers)

**step 2:** Identify the community’s unique needs, resources and opportunities

**step 3:** Support the local team to collaborate, integrate and align community resources

**step 4:** Use local resources and CSPI supports to promote hope, connection and purpose

**step 5:** Respond to community trends and changes in circumstances

The CSPI framework is informed by the NATIONAL ACTION ALLIANCE’S “Key Elements for Comprehensive Community-based Suicide Prevention”

**UNITY**
Attainment and maintenance of broad-based momentum around a shared vision

**PLANNING**
Use of a strategic, planning process that lays out stakeholder roles and intended outcomes

**INTEGRATION**
Use of multiple, integrated suicide prevention strategies

**FIT**
Alignment of activities with context, culture and readiness

**COMMUNICATION**
Clear, Open and consistent communication

**DATA**
Use of surveillance and evaluation data to guide action, assess progress and make changes

Pilot Plan
The Orange County Community Suicide Prevention Initiative aims to prevent suicide by promoting hope and purposeful life in the community, especially among survivors, those at risk and their loved ones.

PILOT - ACTION PLAN

The CSPI pilot will focus on the highest need populations and areas in Orange County. Infrastructure development and learning during the pilot will be used to expand the CSPI activities into additional communities. This expansion will take place as our system becomes ready for spread and has proven sustainability, including availability of funding for large scale adoption. This Pilot Action Plan does not represent all aspects of suicide prevention that CSPI will be under-taking, rather it is advanced as a means to develop a strong base of system change that can be leveraged towards a comprehensive plan that covers the full array of suicide prevention and postvention activities needed to eliminate suicides and suicide attempts in our county.

Pilot Aim

During the three-year period of this pilot, the Community Suicide Prevention Initiative (CSPI) seeks to engage over 500 at-risk individuals in the targeted populations residing in our initial catchment areas, including family members of those who have survived an attempt or died by suicide, to reduce their suicidality and increase their hopefulness, meaningful connections and sense of purpose. Pilot efforts will integrate new and existing suicide prevention activities into a “system” for suicide prevention that is sustainable and scalable and that is built on the principles of population health and chronic condition management.

Pilot Populations of Focus & Catchment Areas

CSPI will pilot this framework in high need communities for each of the populations of focus: youth and young adults, men in their middle years and older adults. Pilots will only be conducted within communities who wish to adopt the framework and who have local leadership and stakeholder support for pilot activities. Each community will be supported through the five steps described below, which are intended to result in a lasting, sustainable suicide prevention program that generates a steady decline in individuals dying by suicide.

### LEARNING OBJECTIVES:

#### Pilot Learning Objectives

The CSPI Pilot will be used to gather learning necessary to grow towards full-scale, sustainable county-wide implementation of the CSPI System. Critical learning to be gained will relate to the operational requirements and costs of how to:

- Effectively support a wide-array of gatekeepers in community organizations to identify and refer individuals to the CSPI System on an ongoing basis – for each population segment (age, gender, ethnicity and other specific risk factors).
- Develop and maintain referral pathways from crisis services to the CSPI System.
- Engage more survivors of loss into services and supports that reduce their risk for suicidality and promote their resiliency.
- Engage individuals in need into the CSPI System, including gaining their consent for navigation and ongoing contact.
- Adjust the frequency and methods of ongoing contact to detect individuals who may be experiencing a precipitating event that could trigger a suicidal crisis or loss of progress.
- Find, recruit and build the skills of individuals who want to specialize in treating suicidality.
Orange County Suicide Prevention Initiative – 2020 Action Plan

Phase 1 Pilot: *Hope-Connect-Purpose*

- Build and maintain a network of suicidality specialists to provide differentiated care for the array of population segments in need.
- Build and maintain community services that promote hope, connection and purpose for individuals where they live and work – and that are culturally appropriate.
- Engage and deploy volunteers in targeted communities to create community supports for individuals in need and at all stages of prevention.

Prior Board Action: 08/13/2019 #19

RECOMMENDED ACTION(S):

1. Approve the Disabled Veterans Business Enterprise Preference Policy applicable to all County solicitations, except those for which there is a waiver or exceptions, governed by the County’s Contract Policy Manual.

2. Direct the County Procurement Office to implement the Disabled Veterans Business Enterprise Preference Policy, effective January 1, 2021, and update the County’s Contract Policy Manual to reflect implementation of the Policy, without further Board approval.

3. Direct the County Procurement Officer to provide the Board of Supervisors with a memorandum update on the status of the Disabled Veterans Business Enterprise Preference Policy, including outcomes, one year after implementation.
4. Approve and authorize the County Procurement Officer, or designee, to execute the Memorandum of Understanding with the State of California for Small Business and Disabled Veterans Business Enterprise Certification Services.

SUMMARY:
Approval of the Disabled Veterans Business Enterprise Preference Policy will provide State of California certified disabled veteran businesses with preferential consideration in County solicitations for award of County contracts under the Contract Policy Manual, except for those solicitations where there is a waiver or exception of the policy.

BACKGROUND INFORMATION:
On August 13, 2019, the Board of Supervisors approved the 2019 Contract Policy Manual, including the Local Small Business Preference Policy (LSBPP), effective January 1, 2020. As adopted, the LSBPP provides a five percent preference to State of California certified local small businesses. There is no separate preference for disabled veteran business enterprises.

Recognizing the service and sacrifice given by the men and women of our Armed Forces, the attached Disabled Veterans Business Enterprise (DVBE) Preference Policy is submitted for Board consideration and approval. The policy applies to DVBEs certified as such by the State of California. State DVBE certification requirements include:

- Business is at least 51% owned by one or more disabled veterans (limited liability companies must be wholly owned by one or more disabled veterans)
- Daily business operations must be managed and controlled by one or more disabled veterans (does not have to be the owner of the business)
- Home office must be located in the United States (cannot be a branch or subsidiary of a foreign corporation/firm/business)
- A disabled veteran: 1) is a veteran of the U.S. military, naval or air service; 2) has a service-connected disability of at least 10 percent; and 3) must reside in California

As proposed, the DVBE Preference Policy is consistent with the LSBPP, providing a five percent incentive. Specifically, the DVBE Preference Policy promotes disabled veteran participation in County contracts as follows:

Invitation for Bid
When the lowest bidder is not a DVBE, the sole lowest DVBE within five percent (5%) of the lowest bidder shall be given the opportunity to price match the lowest bid. To participate in the DVBE Preference Policy, the sole lowest DVBE must accept the County’s offer to price match within three (3) business days from the County’s offer, unless otherwise specified by the County. If two or more DVBEs have tied bids within the 5%, the County shall request best and final bids from each DVBE, which shall price match the lowest bid or better. If the best and final bids are tied, the County shall determine the contract award based on the County’s best interest.

If a DVBE and a State-certified Orange County Local Small Business (OCLSB), which is eligible for the separate 5% OCLSB preference, have tied bids within the 5%, the County shall request best and final bids from each, which shall price match the lowest bid or better. If the best and final bids are tied, the County shall determine the contract award based on the County’s best interest.
Request for Proposal
An extra five percent (5%) shall be applied to the tallied score of each DVBE to obtain the final score. If the final score of any DVBE matches the final score of a business that is not a DVBE, preference shall be given to the DVBE. If two or more DVBEs have the same final score, the County shall determine the contract award based on the County’s best interest.

If a DVBE and a State-certified OCLSB, which is eligible for the separate 5% OCLSB preference, have the same final score, the County shall determine the contract award based on the County’s best interest.

Business Certified as DVBE and OCLSB
If a State-certified DVBE is also a State-certified OCLSB, the DVBE preference given that business shall be 8% instead of 5%. The separate OCLSB preference shall not be applied.

Waiver
The County Procurement Officer may consider a department request to waive the DVBE Preference Policy requirement under special circumstances and/or if it is determined to be in the best interest of the County. Prior to approving a DVBE waiver request, the County Procurement Office will notify the Board of Supervisors of this request.

The DVBE waiver request must be approved by the County Procurement Officer and Chief Financial Officer, on the form(s) approved and provided by the County Procurement Office and shall be made part of the procurement file.

Exceptions
The DVBE Preference Policy requirements shall not apply when prohibited by this policy, law or regulation including, but not limited to, specific state or federal funded projects.

This DVBE Preference Policy is not applicable to Emergency, Sole Source, Cooperative, and Request for Application procurements set forth in the Contract Policy Manual.

A Memorandum of Understanding (MOU) with the State for certification services is also attached for Board consideration and approval. The MOU recognizes the County’s use of State certification services for DVBEs and also for the previously approved Orange County Local Small Business Preference Policy.

The recommended implementation date following Board approval of the DVBE Preference Policy is January 1, 2021 to allow adequate time for development of documentation and procedures and training County staff on the new policy.

Prior to approving a DVBE waiver request, the County Procurement Office will notify the Board of Supervisors of this request.

The DVBE waiver request must be approved by the County Procurement Officer and Chief Financial Officer, on the form(s) approved and provided by the County Procurement Office and shall be made part of the procurement file.

Exceptions
The DVBE Preference Policy requirements shall not apply when prohibited by this policy, law or regulation including, but not limited to, specific state or federal funded projects.

This DVBE Preference Policy is not applicable to Emergency, Sole Source, Cooperative, and Request for Application procurements set forth in the Contract Policy Manual.

E. Responsibilities
The County Procurement Office is responsible for implementing and maintaining this Board-approved policy, ensuring this policy is kept up to date and communicating with DVBEs about this policy. The County Procurement Office is the point of contact for information regarding this DVBE Preference Policy.

F. Procedure

RECOMMENDED ACTION(S)

1. Authorize the Members of the Board of Supervisors to allocate their districts' remaining amounts, if any, of their previously designated portion of $75,000,000 in Coronavirus Aid, Relief, and Economic Security Act funding for economic support for the following purposes:

   a. Transfers to public agencies, including schools, within the Supervisorsial District to be used for eligible expenses under the Coronavirus Aid, Relief, and Economic Security Act as designated by the respective Board of Supervisors member.

   b. Contract for the purchase of goods or services to be used in the Supervisorsial District in amounts that do not exceed $50,000 for eligible expenses under the Coronavirus Aid, Relief, and Economic Security Act.

SUMMARY:

Page 1
Approval of the item will allow expanded usage before December 31, 2020, of residual amounts within the previously allocated $75 million in federal Coronavirus Aid, Relief, and Economic Security Act funding for any eligible expense outlined in the United States Department of the Treasury State & Local Guidance for Coronavirus Aid, Relief, and Economic Security Act funds.

BACKGROUND INFORMATION:

On May 19, 2020, the Orange County Board of Supervisors (Board) voted to allocate $75 million in federal Coronavirus Aid, Relief, and Economic Security (CARES) Act funding for economic support for Orange County businesses that must be expended by December 30, 2020, and directed the County Executive Office to return with a definition for “small business” and options for use of the funding related to small business recovery for consideration by the Board.

On May 26, 2020, the Board voted to allocate $75 million in federal CARES Act funding equally between the five supervisorial districts for economic support initiatives in response to COVID-19. Each member of the Board was given the authority to allocate $15 million of the funding in accordance with the CARES Act and economic needs in each district.

Now that the economic support programs have been completed, some districts may have residual funds and are seeking approval to allocate these funds within their districts for any approved CARES Act expenditures as set forth in the State & Local Guidance provided by the United States Department of the Treasury (Department of Treasury). These funds must be expended before December 30, 2020, or they must be returned to the Department of Treasury.

FINANCIAL IMPACT:

On May 19, 2020, the Board appropriated $554 million to the miscellaneous fund to be expended in accordance with CARES Act requirements and Department of Treasury Guidance. On May 26, 2020, the Board allocated $75 million of the $554 million appropriation to provide economic support within the County. This Agenda Staff Report would allow Board members to expand the usage of the residual amounts of their share of the previously allocated $75 million, but would not increase this amount.

The Health Care Agency (HCA) released a Request for Proposal (RFP) for Adult Crisis Residential Services on January 21, 2020, via BidSync. There were three responders to the RFP: Exodus Recovery, Inc., Telecare Corporation and Stars Behavioral Health Group, Inc., dba Coastal Star Behavioral Health (Stars). An evaluation panel evaluated the proposals and recommended award of the contract to Exodus Recovery, Inc. for provision of Adult Crisis Residential Services North Campus Regions. HCA staff have conducted due diligence on the vendor. Reference checks were satisfactory and were completed with Los Angeles County Department of Mental Health, the Department of Health Services, Los Angeles County and Robin C. Kay, Ph.D. HCA issued the intent to award letter to Exodus Recovery, Inc. and has finalized the negotiation process.

Scope of Services:
The Adult Crisis Residential program located at 265 S. Anita Drive in Orange (North Campus Region) will provide services to Orange County residents 18 years of age and older. Crisis Residential Services provide positive, temporary alternatives for people experiencing acute psychiatric episodes or intense emotional distress who might otherwise face voluntary or involuntary inpatient treatment. Program will provide crisis intervention, therapy, medication monitoring and evaluation to determine the need and intensity of additional services within a framework of evidence-based and trauma-informed approaches to recovery planning, including a rich peer support component. The program will include treatment for co-occurring disorders. The program will emphasize mastery of daily living skills and social development using strength-based approaches that support recovery and wellness. The residential settings create solid links to the Continuum of Care with emphasis on housing supports and linkages that will ease the transitions into independent living and prevent recidivism.

This program operates 24 hours a day, seven days a week, emulating a home-like environment and supporting a social rehabilitation model, designed to enhance clients’ social connections with family or community to help them reintegrate into the community and prevent inpatient stays. Services will involve families and significant others throughout the treatment episodes so that the dynamics of the clients’
circumstances are improved prior to discharge. Clients will be referred from Adult and Older Adult Behavioral Health County or County-contracted behavioral health providers. Services will include collaborating with existing behavioral health providers to arrange for discharge planning, appropriate housing placements, as needed, in addition to securing linkages to ongoing treatment providers. The program will operate at a licensed County-provided 15-bed Crisis Residential facility. The average length of stay per client will be 14 days.

For Exodus Recovery, Inc., HCA will be utilizing the above metrics for the new provider and is adding the performance outcomes metric that 75 percent of clients will not require inpatient hospitalization while in the program and for 60 days post-discharge from the program. This metric was added to be consistent with the Children Youth Behavioral Health program for Mental Health Services Act reporting purposes, and to stretch the program to increase treatment goals and solidify clinical gains during and after treatment. The goal of linking 95 percent of clients to a continuing care provider is set at a high standard for the clients served. It is an expectation that the contractor will make linkage appointments early on in the treatment episode and utilize peer support to improve success and meet targeted outcomes. Exodus Recovery, Inc. has submitted a plan to meet the proposed outcome metrics and has proposed utilizing other evidenced-based tools to measure client improvement throughout the client’s treatment episode.

CONTRACTOR may not assign the rights hereunder, either in whole or in part, without the prior written consent of COUNTY.

1. If CONTRACTOR is a nonprofit organization, any change from a nonprofit corporation to any other corporate structure of CONTRACTOR, including a change in more than fifty percent (50%) of the composition of the Board of Directors within a two (2) month period of time, shall be deemed an assignment for purposes of this paragraph, unless CONTRACTOR is transitioning from a community clinic/health center to a Federally Qualified Health Center and has been so designated by the Federal Government. Any attempted assignment or delegation in derogation of this subparagraph shall be void.

2. If CONTRACTOR is a for-profit organization, any change in the business structure, including but not limited to, the sale or transfer of more than ten percent (10%) of the assets or stocks of CONTRACTOR, change to another corporate structure, including a change to a sole proprietorship, or a change in fifty percent (50%) or more of Board of Directors or any governing body of CONTRACTOR at one time shall be deemed an assignment pursuant to this paragraph. Any attempted assignment or delegation in derogation of this subparagraph shall be void.

3. If CONTRACTOR is a governmental organization, any change to another structure, including a change in more than fifty percent (50%) of the composition of its governing body (i.e. Board
of Supervisors, City Council, School Board) within a two (2) month period of time, shall be deemed an assignment for purposes of this paragraph. Any attempted assignment or delegation in derogation of this subparagraph shall be void.

4. Whether CONTRACTOR is a nonprofit, for-profit, or a governmental organization, CONTRACTOR shall provide written notification of CONTRACTOR’s intent to assign the obligations hereunder, either in whole or part, to ADMINISTRATOR not less than sixty (60) calendar days prior to the effective date of the assignment.

5. Whether CONTRACTOR is a nonprofit, for-profit, or a governmental organization, CONTRACTOR shall provide written notification within thirty (30) calendar days to ADMINISTRATOR when there is change of less than fifty percent (50%) of Board of Directors or any governing body of CONTRACTOR at one time.

6. COUNTY reserves the right to immediately terminate the Contract in the event COUNTY determines, in its sole discretion, that the assignee is not qualified or is otherwise unacceptable to COUNTY for the provision of services under the Contract.

C. CONTRACTOR’s obligations undertaken pursuant to this Contract may be carried out by means of subcontracts, provided such subcontractors are approved in advance by ADMINISTRATOR, meet the requirements of this Contract as they relate to the service or activity under subcontract, include any provisions that ADMINISTRATOR may require, and are authorized in writing by ADMINISTRATOR prior to the beginning of service delivery.

1. After approval of the subcontractor, ADMINISTRATOR may revoke the approval of the subcontractor upon five (5) calendar days’ written notice to CONTRACTOR if the subcontractor subsequently fails to meet the requirements of this Contract or any provisions that ADMINISTRATOR has required. ADMINISTRATOR may disallow subcontractor expenses reported by CONTRACTOR.

2. No subcontract shall terminate or alter the responsibilities of CONTRACTOR to COUNTY pursuant to this Contract.

3. ADMINISTRATOR may disallow, from payments otherwise due CONTRACTOR, amounts claimed for subcontracts not approved in accordance with this paragraph.

4. This provision shall not be applicable to service agreements usually and customarily entered into by CONTRACTOR to obtain or arrange for supplies, technical support, and professional services provided by consultants.

D. CONTRACTOR shall notify COUNTY in writing of any change in the CONTRACTOR’s status with respect to name changes that do not require an assignment of the Contract. CONTRACTOR is also obligated to notify COUNTY in writing if the CONTRACTOR becomes a party to any litigation against COUNTY, or a party to litigation that may reasonably affect the CONTRACTOR’s performance under the Contract, as well as any potential conflicts of interest between CONTRACTOR and County that may arise prior to or during the period of Contract performance. While CONTRACTOR will be required to provide this information without prompting from COUNTY any time there is a change in
CONTRACTOR’s name, conflict of interest or litigation status, CONTRACTOR must also provide an update to COUNTY of its status in these areas whenever requested by COUNTY.

X. DISPUTE RESOLUTION

A. The Parties shall deal in good faith and attempt to resolve potential disputes informally. If the dispute concerning a question of fact arising under the terms of this Contract is not disposed of in a reasonable period of time by the CONTRACTOR and the ADMINISTRATOR, such matter shall be brought to the attention of the COUNTY Purchasing Agency by way of the following process:

1. CONTRACTOR shall submit to the COUNTY Purchasing Agency a written demand for a final decision regarding the disposition of any dispute between the Parties arising under, related to, or involving this Contract, unless COUNTY, on its own initiative, has already rendered such a final decision.

2. CONTRACTOR’s written demand shall be fully supported by factual information, and, if such demand involves a cost adjustment to the Contract, CONTRACTOR shall include with the demand a written statement signed by an authorized representative indicating that the demand is made in good faith, that the supporting data are accurate and complete, and that the amount requested accurately reflects the Contract adjustment for which CONTRACTOR believes COUNTY is liable.

B. Pending the final resolution of any dispute arising under, related to, or involving this Contract, CONTRACTOR agrees to proceed diligently with the performance of services secured via this Contract, including the delivery of goods and/or provision of services. CONTRACTOR’s failure to proceed diligently shall be considered a material breach of this Contract.

C. Any final decision of COUNTY shall be expressly identified as such, shall be in writing, and shall be signed by a COUNTY Deputy Purchasing Agent or designee. If COUNTY fails to render a decision within ninety (90) calendar days after receipt of CONTRACTOR’s demand, it shall be deemed a final decision adverse to CONTRACTOR’s contentions.

D. This Contract has been negotiated and executed in the State of California and shall be governed by and construed under the laws of the State of California. In the event of any legal action to enforce or interpret this Contract, the sole and exclusive venue shall be a court of competent jurisdiction located in Orange County, California, and the Parties hereto agree to and do hereby submit to the jurisdiction of such court, notwithstanding Code of Civil Procedure Section 394. Furthermore, the Parties specifically agree to waive any and all rights to request that an action be transferred for adjudication to another county.

XI. EMPLOYEE ELIGIBILITY VERIFICATION

CONTRACTOR attests that it shall fully comply with all federal and state statutes and regulations regarding the employment of aliens and others and to ensure that employees, subcontractors, and consultants performing work under this Contract meet the citizenship or alien status requirements set
forth in federal statutes and regulations. CONTRACTOR shall obtain, from all employees, subcontractors, and consultants performing work hereunder, all verification and other documentation of employment eligibility status required by federal or state statutes and regulations including, but not limited to, the Immigration Reform and Control Act of 1986, 8 USC §1324 et seq., as they currently exist and as they may be hereafter amended. CONTRACTOR shall retain all such documentation for all covered employees, subcontractors, and consultants for the period prescribed by the law.

XII. EQUIPMENT

A. Unless otherwise specified in writing by ADMINISTRATOR, Equipment is defined as all property of a Relatively Permanent nature with significant value, purchased in whole or in part by ADMINISTRATOR to assist in performing the services described in this Contract. “Relatively Permanent” is defined as having a useful life of one (1) year or longer. Equipment which costs $5,000 or over, including freight charges, sales taxes, and other taxes, and installation costs are defined as Capital Assets. Equipment which costs between $600 and $5,000, including freight charges, sales taxes and other taxes, and installation costs, or electronic equipment that costs less than $600 but may contain PHI or PII, are defined as Controlled Equipment. Controlled Equipment includes, but is not limited to phones, tablets, audio/visual equipment, computer equipment, and lab equipment. The cost of Equipment purchased, in whole or in part, with funds paid pursuant to this Contract shall be depreciated according to GAAP.

B. CONTRACTOR shall obtain ADMINISTRATOR’s written approval prior to purchase of any Equipment with funds paid pursuant to this Contract. Upon delivery of Equipment, CONTRACTOR shall forward to ADMINISTRATOR, copies of the purchase order, receipt, and other supporting documentation, which includes delivery date, unit price, tax, shipping and serial numbers. CONTRACTOR shall request an applicable asset tag for said Equipment and shall include each purchased asset in an Equipment inventory.

C. Upon ADMINISTRATOR’s prior written approval, CONTRACTOR may expense to COUNTY the cost of the approved Equipment purchased by CONTRACTOR. To “expense,” in relation to Equipment, means to charge the proportionate cost of Equipment in the fiscal year in which it is purchased. Title of expensed Equipment shall be vested with COUNTY.

D. CONTRACTOR shall maintain an inventory of all Equipment purchased in whole or in part with funds paid through this Contract, including date of purchase, purchase price, serial number, model and type of Equipment. Such inventory shall be available for review by ADMINISTRATOR, and shall include the original purchase date and price, useful life, and balance of depreciated Equipment cost, if any.

E. CONTRACTOR shall cooperate with ADMINISTRATOR in conducting periodic physical inventories of all Equipment. Upon demand by ADMINISTRATOR, CONTRACTOR shall return any or all Equipment to COUNTY.
F. CONTRACTOR must report any loss or theft of Equipment in accordance with the procedure approved by ADMINISTRATOR and the Notices Paragraph of this Contract. In addition, CONTRACTOR must complete and submit to ADMINISTRATOR a notification form when items of Equipment are moved from one location to another or returned to COUNTY as surplus.

G. Unless this Contract is followed without interruption by another Contract between the Parties for substantially the same type and scope of services, at the termination of this Contract for any cause, CONTRACTOR shall return to COUNTY all Equipment purchased with funds paid through this Contract.

H. CONTRACTOR shall maintain and administer a sound business program for ensuring the proper use, maintenance, repair, protection, insurance, and preservation of COUNTY Equipment.

XIII. FACILITIES, PAYMENTS AND SERVICES

A. CONTRACTOR agrees to provide the services, staffing, facilities, and supplies in accordance with this Contract. COUNTY shall compensate, and authorize, when applicable, said services. CONTRACTOR shall operate continuously throughout the term of this Contract with at least the minimum number and type of staff which meet applicable federal and state requirements, and which are necessary for the provision of the services hereunder.

B. In the event that CONTRACTOR is unable to provide the services, staffing, facilities, or supplies as required, ADMINISTRATOR may, at its sole discretion, reduce the Maximum Obligation. The reduction to the Maximum Obligation shall be in an amount proportionate to the number of days in which CONTRACTOR was determined to be unable to provide services, staffing, facilities or supplies.

XIV. INDEMNIFICATION AND INSURANCE

A. CONTRACTOR agrees to indemnify, defend with counsel approved in writing by COUNTY, and hold COUNTY, its elected and appointed officials, officers, employees, agents and those special districts and agencies for which COUNTY’s Board of Supervisors acts as the governing Board (“COUNTY INDEMNITEES”) harmless from any claims, demands or liability of any kind or nature, including but not limited to personal injury or property damage, arising from or related to the services, products or other performance provided by CONTRACTOR pursuant to this Contract. If judgment is entered against CONTRACTOR and COUNTY by a court of competent jurisdiction because of the concurrent active negligence of COUNTY or COUNTY INDEMNITEES, CONTRACTOR and COUNTY agree that liability will be apportioned as determined by the court. Neither Party shall request a jury apportionment.

B. County agrees to indemnify and hold harmless Contractor, its officers, employees, and/or directors from third party claims, demands, or liability, but only to the extent such claims, demands or liability result from the willful misconduct or reckless acts of County in performing its obligations pursuant to this Contract. If judgment is entered against COUNTY and CONTRACTOR by a court of
competent jurisdiction because of the concurrent active negligence of CONTRACTOR, COUNTY and CONTRACTOR agree that liability will be apportioned as determined by the court. Neither party shall request a jury apportionment.

C. Each party agrees to provide the indemnifying party with written notification of any claim related to services provided by either party pursuant to this Contract within thirty (30) calendar days of notice thereof, and in the event the indemnifying party is subsequently named party to the litigation, each party shall cooperate with the indemnifying party in its defense.

D. Prior to the provision of services under this Contract, CONTRACTOR agrees to purchase all required insurance at CONTRACTOR’s expense, including all endorsements required herein, necessary to satisfy COUNTY that the insurance provisions of this Contract have been complied with. CONTRACTOR agrees to keep such insurance coverage, Certificates of Insurance, and endorsements on deposit with COUNTY during the entire term of this Contract. In addition, all subcontractors performing work on behalf of CONTRACTOR pursuant to this Contract shall obtain insurance subject to the same terms and conditions as set forth herein for CONTRACTOR.

E. Without limiting CONTRACTOR’s indemnification, CONTRACTOR warrants that it is self-insured or shall maintain in force at all times during the term of this Contract, the policy or policies of insurance covering its operations placed with reputable insurance companies in amounts as specified in the Referenced Contract Provisions of this Contract. Upon request by ADMINISTRATOR, CONTRACTOR shall provide evidence of such insurance.

F. CONTRACTOR shall ensure that all subcontractors performing work on behalf of CONTRACTOR pursuant to this Contract shall be covered under CONTRACTOR’s insurance as an Additional Insured or maintain insurance subject to the same terms and conditions as set forth herein for CONTRACTOR. CONTRACTOR shall not allow subcontractors to work if subcontractors have less than the level of coverage required by COUNTY from CONTRACTOR under this Contract. It is the obligation of CONTRACTOR to provide notice of the insurance requirements to every subcontractor and to receive proof of insurance prior to allowing any subcontractor to begin work. Such proof of insurance must be maintained by CONTRACTOR through the entirety of this Contract for inspection by COUNTY representative(s) at any reasonable time.

G. All SIRs shall be clearly stated on the COI. Any SIR in an amount in excess of fifty thousand dollars ($50,000) shall specifically be approved by the CEO/Office of Risk Management upon review of CONTRACTOR’s current audited financial report. If CONTRACTOR’s SIR is approved, CONTRACTOR, in addition to, and without limitation of, any other indemnity provision(s) in this Contract, agrees to all of the following:

1. In addition to the duty to indemnify and hold the COUNTY harmless against any and all liability, claim, demand or suit resulting from CONTRACTOR’s, its agent’s, employee’s or subcontractor’s performance of this Contract, CONTRACTOR shall defend the COUNTY at its sole cost and expense with counsel approved by Board of Supervisors against same; and
2. CONTRACTOR’s duty to defend, as stated above, shall be absolute and irrespective of any
duty to indemnify or hold harmless; and
3. The provisions of California Civil Code Section 2860 shall apply to any and all actions to
which the duty to defend stated above applies, and the CONTRACTOR’s SIR provision shall be
interpreted as though the CONTRACTOR was an insurer and the COUNTY was the insured.
H. If CONTRACTOR fails to maintain insurance acceptable to the COUNTY for the full term of
this Contract, the COUNTY may terminate this Contract.
I. QUALIFIED INSURER
   1. The policy or policies of insurance must be issued by an insurer with a minimum rating of

      but not mandatory, that the insurer be licensed to do business in the state of California (California
      Admitted Carrier).
      2. If the insurance carrier does not have an A.M. Best Rating of A-/VIII, the CEO/Office of
         Risk Management retains the right to approve or reject a carrier after a review of the company’s

SUMMARY:

Approval of the Contract with Exodus Recovery, Inc. for provision of Crisis Stabilization Services will increase the current capacity for Crisis Stabilization Services for adults experiencing a psychiatric emergency.

BACKGROUND INFORMATION:

The Health Care Agency (HCA) released a Solicitation of Interest (SOI) on May 31, 2016, via BidSync, in response to your Honorable Board of Supervisors (Board) direction to add capacity to existing County-operated Crisis Stabilization Unit (CSU) services. An SOI was released to generate the maximum amount of interest from the provider community. Seven proposals were received. Two proposed LPS-designated CSUs, three proposed voluntary CSUs and two proposed both LPS-designated and voluntary CSUs. An evaluation panel evaluated all seven proposals and recommended that HCA begin contract negotiations with the four organizations that proposed LPS-designated facilities. After successful negotiations, it was recommended that Exodus Recovery, Inc. and CSU, LLC, dba College Hospital Crisis Stabilization Unit be awarded a contract.

The Board approved the Contract with Exodus Recovery, Inc. for provision of Crisis Stabilization Services below:

The previous contract with Exodus Recovery, Inc. was allowed to expire on June 30, 2020, due to Exodus Recovery, Inc. being unable to locate a suitable site to render Crisis Stabilization services in Orange County after multiple attempts. This proposed contract was renegotiated with Exodus Recovery, Inc. to account for the new location and budget. HCA recommends approval and execution of a Contract with Exodus Recovery, Inc. for the provision of Crisis Stabilization Services. Department staff have conducted due diligence on the vendor. Reference checks were satisfactory and completed with were completed with Los Angeles County Department of Mental Health, the Department of Health Services, Los Angeles County and Robin C. Kay, Ph.D. regarding similar projects.

Scope of Services:

Crisis Stabilization Services are provided on a 24 hours a day, seven days a week, 365 days a year basis and designed to provide a viable option to the default presentation to Emergency Departments for Orange County residents ages 13 years and older who are in mental health crises. Clients may also have a co-occurring disorder and will be at risk of inpatient hospitalization. Crisis Stabilization Services are designed to allow clients to be served in a less restrictive level of care and shall include but will not be limited to: psychiatric assessment, physical screening, collateral history, therapy, crisis intervention, medication services, education, nursing assessment, peer specialist services, coordination of referrals to continuing care and emergency housing, post discharge planning and facilitation of transfer of clients to inpatient treatment facilities when clinically appropriate and indicated. Services are also designed to provide timely and effective crisis intervention and stabilization for persons experiencing mental health
emergencies. The goals also include: minimizing distress for the client/family resulting from lengthy waits in emergency departments, reducing the wait times for law enforcement presenting clients for emergency behavioral health treatment and treating the client in the least restrictive, most dignified setting as appropriate in lieu of inpatient settings, utilizing alternative, less restrictive treatment options whenever possible and appropriate.

Clients seen will be between the ages of 13 and 59 years of age. Adults over 60 years of age, whose needs are compatible with those of other clients seen at the CSU, will be included in the target population if they require the same level of care and supervision. The CSU will provide services to all persons meeting criteria who present on a drive-in basis, by police transport and emergency department referral regardless of funding/insurance. As an LPS-designated outpatient facility, treatment is limited to no longer than 23 hours and 59 minutes. Exodus Recovery, Inc. has an affiliation with St. Joseph Hospital of Orange that will be providing the facility with access to medical, laboratory and pharmaceutical support.

This outpatient Crisis Stabilization Service will have a capacity of 24 and is expected to serve an average daily census of 36 persons. The addition of this facility contributes to the County’s crisis network of care increasing the total CSU capacity in Orange County to 51 for our constituents. Services will be provided at 265 South Anita Drive in Orange, CA 92868.

**Performance Outcomes:**
The performance outcome expectations for this CSU are as follows:

- Contractor shall sustain an average daily census of 36 unduplicated clients per day.
- At least 55 percent of clients admitted shall be successfully stabilized and returned to the community.
- At least 75 percent of clients returned to the community shall successfully link (keep appointment) to ongoing behavioral health services within 14 days of discharge.
- Contractor shall provide timely evaluations as measured by completing 95 percent of CSU admissions within one hour of client’s arrival on a monthly basis.
- Contractor shall provide the least restrictive alternatives and an effective medication approach that results in seclusion and restraint use of 1.6 percent or less of admissions per month.
- Contractor will participate in a shared bed board with other County and County-contracted CSUs to ensure flow of clients through our services and to avoid duplication of efforts regarding referrals.
- Contractor shall allow County access to daily census at any time and shall allow the County access to all client records.

HCA will work with the provider to develop a good neighbor policy as required by their contract. To date, HCA has not received any negative feedback from the community. The location of this facility is in the city of Orange.

This Contract includes subcontractors. See Attachment B for information regarding subcontractors and Contract Summary Form.

HCA requests that the Board authorize the HCA Director, or designee, to amend, as needed, the maximum obligation of the proposed Contract by an amount not to exceed 10 percent of the original amount for the first year of funding to be used over the entire term and within the scope of work set forth in the Contract, pursuant to Contract Policy Manual Section 3.4-114. The contingency provision would be exercised in the event of an unanticipated increase in the projected services needed for the clients being served.
This item is coming to the Board with less than 30 days prior to execution of the Contract due to the request of the CEO's office on behalf of the Board. This Contract was brought to the Board at the earliest Board date available to expedite the implementation of this new program that will fill an unmet need in Orange County.

Imposition of the late penalty shall be at the sole discretion of the ADMINISTRATOR. The late penalty shall be assessed separately on each outstanding individual and/or consolidated Cost Report due COUNTY by CONTRACTOR.
   b. ADMINISTRATOR may withhold or delay any or all payments due CONTRACTOR pursuant to any or all Contracts between COUNTY and CONTRACTOR until such time that the accurate and complete individual and/or consolidated Cost Report is delivered to ADMINISTRATOR.

Approval of such requests shall be at the sole discretion of ADMINISTRATOR and shall not be unreasonably denied.

Final settlement shall be based upon the actual and reimbursable costs for services hereunder, less applicable revenues and any late penalty, not to exceed COUNTY’s Maximum Obligation as set forth in the Referenced Contract Provisions of this Contract. CONTRACTOR shall not claim expenditures to COUNTY which are not reimbursable pursuant to applicable federal, state and COUNTY laws, regulations and requirements. Any payment made by COUNTY to CONTRACTOR, which is subsequently determined to have been for an unreimbursable expenditure or service, shall be repaid by CONTRACTOR to COUNTY in cash, or other authorized form of payment, within thirty (30) calendar days of submission of the individual and/or consolidated Cost Report or COUNTY may elect to reduce any amount owed CONTRACTOR by an amount not to exceed the reimbursement due COUNTY.

D. If the individual and/or consolidated Cost Report indicates the actual and reimbursable costs of services provided pursuant to this Contract, less applicable revenues and late penalty, are lower than the aggregate of interim monthly payments to CONTRACTOR, CONTRACTOR shall remit the difference to COUNTY. Such reimbursement shall be made, in cash, or other authorized form of payment, with the submission of the individual and/or consolidated Cost Report. If such reimbursement is not made by CONTRACTOR within thirty (30) calendar days after submission of the individual and/or consolidated Cost Report, COUNTY may, in addition to any other remedies, reduce any amount owed CONTRACTOR by an amount not to exceed the reimbursement due COUNTY.

E. If the individual and/or consolidated Cost Report indicates the actual and reimbursable costs of services provided pursuant to this Contract, less applicable revenues and late penalty, are higher than the aggregate of interim monthly payments to CONTRACTOR, COUNTY shall pay CONTRACTOR the difference, provided such payment does not exceed the Maximum Obligation of COUNTY.

F. All Cost Reports shall contain the following attestation, which may be typed directly on or attached to the Cost Report:

//

B. Pending the final resolution of any dispute arising under, related to, or involving this Contract, CONTRACTOR agrees to proceed diligently with the performance of services secured via this Contract, including the delivery of goods and/or provision of services. CONTRACTOR's failure to proceed diligently shall be considered a material breach of this Contract.

C. Any final decision of COUNTY shall be expressly identified as such, shall be in writing, and shall be signed by a COUNTY Deputy Purchasing Agent or designee. CONTRACTOR shall request an applicable asset tag for said Equipment and shall include each purchased asset in an Equipment inventory.

To “expense,” in relation to Equipment, means to charge the proportionate cost of Equipment in the fiscal year in which it is purchased. Title of expensed Equipment shall be vested with COUNTY.

D. CONTRACTOR shall maintain an inventory of all Equipment purchased in whole or in part with funds paid through this Contract, including date of purchase, purchase price, serial number, model and type of Equipment. Such inventory shall be available for review by ADMINISTRATOR, and shall include the original purchase date and price, useful life, and balance of depreciated Equipment cost, if any.

XIV. INDEMNIFICATION AND INSURANCE

A. CONTRACTOR agrees to indemnify, defend with counsel approved in writing by COUNTY, and hold COUNTY, its elected and appointed officials, officers, employees, agents and those special districts and agencies for which COUNTY’s Board of Supervisors acts as the governing Board (“COUNTY INDEMNITEES”) harmless from any claims, demands or liability of any kind or nature, including but not limited to personal injury or property damage, arising from or related to the services, products or other performance provided by CONTRACTOR pursuant to this Contract. If judgment is entered against CONTRACTOR and COUNTY by a court of competent jurisdiction because of the concurrent active negligence of COUNTY or COUNTY INDEMNITEES, CONTRACTOR and COUNTY agree that liability will be apportioned as determined by the court. Neither Party shall request a jury apportionment.

B. Prior to the provision of services under this Contract, CONTRACTOR agrees to purchase all required insurance at CONTRACTOR’s expense, including all endorsements required herein, necessary to satisfy COUNTY that the insurance provisions of this Contract have been complied with. It is the obligation of CONTRACTOR to provide notice of the insurance requirements to every subcontractor and to receive proof of insurance prior to allowing any subcontractor to begin work. Such proof of insurance must be maintained by CONTRACTOR through the entirety of this Contract for inspection by COUNTY representative(s) at any reasonable time.

D. All SIRs shall be clearly stated on the COI. Any SIR in an amount in excess of fifty thousand dollars ($50,000) shall specifically be approved by the CEO/Office of Risk Management upon review of CONTRACTOR’s current audited financial report. If CONTRACTOR’s SIR is approved, CONTRACTOR, in addition to, and without limitation of, any other indemnity provision(s) in this Contract, agrees to all of the following:

   1. In addition to the duty to indemnify and hold the COUNTY harmless against any and all liability, claim, demand or suit resulting from CONTRACTOR’s, its agent’s, employee’s or subcontractor’s performance of this Contract, CONTRACTOR shall defend the COUNTY at its sole cost and expense with counsel approved by Board of Supervisors against same; and

   3. The provisions of California Civil Code Section 2860 shall apply to any and all actions to which the duty to defend stated above applies, and the CONTRACTOR’s SIR provision shall be interpreted as though the CONTRACTOR was an insurer and the COUNTY was the insured.
