ARTICLES

General Terms and Conditions:

A. Governing Law and Venue: This Contract has been negotiated and executed in the state of California and shall be governed by and construed under the laws of the state of California. In the event of any legal action to enforce or interpret this Contract, the sole and exclusive venue shall be a court of competent jurisdiction located in Orange County, California, and the parties hereto agree to and do hereby submit to the jurisdiction of such court, notwithstanding Code of Civil Procedure Section 394. Furthermore, the parties specifically agree to waive any and all rights to request that an action be transferred for adjudication to another county.

B. Entire Contract: This Contract contains the entire Contract between the parties with respect to the matters herein, and there are no restrictions, promises, warranties or undertakings other than those set forth herein or referred to herein. No exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by County in writing. Electronic acceptance of any additional terms, conditions or supplemental Contracts by any County employee or agent, including but not limited to installers of software, shall not be valid or binding on County unless accepted in writing by County’s Purchasing Agent or designee.
C. **Amendments:** No alteration or variation of the terms of this Contract shall be valid unless made in writing and signed by the parties; no oral understanding or agreement not incorporated herein shall be binding on either of the parties; and no exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by County in writing.

D. **Taxes:** Unless otherwise provided herein or by law, price quoted does not include California state sales or use tax. Out-of-state Contractors shall indicate California Board of Equalization permit number and sales permit number on invoices, if California sales tax is added and collectable. If no permit numbers are shown, sales tax will be deducted from payment. The Auditor-Controller will then pay use tax directly to the State of California in lieu of payment of sales tax to Contractor.

E. **Delivery:** Time of delivery of commodities and services is of the essence in this Contract. County reserves the right to refuse any commodities and services and to cancel all or any part of the commodities not conforming to applicable specifications, drawings, samples or descriptions or services that do not conform to the prescribed scope of work. Acceptance of any part of the order for commodities shall not bind County to accept future shipments nor deprive it of the right to return commodities already accepted at Contractor’s expense. Over shipments and under shipments of commodities shall be only as agreed to in writing by County. Delivery shall not be deemed to be complete until all commodities or services have actually been received and accepted in writing by County.

F. **Acceptance Payment:** Unless otherwise agreed to in writing by County, 1) acceptance shall not be deemed complete unless in writing and until all the commodities/services have actually been received, inspected, and tested to the satisfaction of County, and 2) invoices are to be submitted in advance, once a year for the fixed cost by line of coverage (property, casualty or miscellaneous, as applicable) to the user agency/department to the ship-to address, unless otherwise directed in this Contract.

G. **Warranty:** Contractor expressly warrants that the commodities covered by this Contract are 1) free of liens or encumbrances, 2) merchantable and good for the ordinary purposes for which they are used, and 3) fit for the particular purpose for which they are intended. Acceptance of this order shall constitute an agreement upon Contractor’s part to indemnify, defend and hold County and its indemnities as identified in paragraph “Z” below, and as more fully described in paragraph “Z,” harmless from liability, loss, damage and expense, including reasonable counsel fees, incurred or sustained by County by reason of the failure of the commodities/services to conform to such warranties, faulty work performance, negligent or unlawful acts, and non-compliance with any applicable state or federal codes, ordinances, orders, or statutes, including the Occupational Safety and Health Act (OSHA) and the California Industrial Safety Act. Such remedies shall be in addition to any other remedies provided by law.

H. **Patent/Copyright Materials/Proprietary Infringement:** Unless otherwise expressly provided in this Contract, Contractor shall be solely responsible for clearing the right to use any patented or copyrighted materials in the performance of this Contract. Contractor warrants that any software as modified through services provided hereunder will not infringe upon or violate any patent, proprietary right, or trade secret right of any third party. Contractor agrees that, in accordance with the more specific requirement contained in paragraph “Z” below, it shall indemnify, defend and hold County and County Indemnitees harmless from any and all such claims and be responsible for payment of all costs, damages, penalties and expenses related to or arising from such claim(s), including, costs and expenses but not including attorney’s fees.

I. **Assignment:** The terms, covenants, and conditions contained herein shall apply to and bind the heirs, successors, executors, administrators and assigns of the parties. Furthermore, neither the performance of this Contract nor any portion thereof may be assigned by Contractor without the express written consent of County. Any attempt by Contractor to assign the performance or any portion thereof of this Contract without the express written consent of County shall be invalid and shall constitute a breach of this Contract.
J. **Non-Discrimination:** In the performance of this Contract, Contractor agrees that it will comply with the requirements of Section 1735 of the California Labor Code and not engage nor permit any subcontractors to engage in discrimination in employment of persons because of the race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, or sex of such persons. Contractor acknowledges that a violation of this provision shall subject Contractor to penalties pursuant to Section 1741 of the California Labor Code.

K. **Termination:** In addition to any other remedies or rights it may have by law, County has the right to immediately terminate this Contract without penalty for cause or after 30 days’ written notice without cause, unless otherwise specified. Cause shall be defined as any material breach of contract, any misrepresentation or fraud on the part of Contractor. Exercise by County of its right to terminate Contract shall relieve County of all further obligation.

L. **Consent to Breach Not Waiver:** No term or provision of this Contract shall be deemed waived and no breach excused, unless such waiver or consent shall be in writing and signed by the party claimed to have waived or consented. Any consent by any party to, or waiver of, a breach by the other, whether express or implied, shall not constitute consent to, waiver of, or excuse for any other different or subsequent breach.

M. **Independent Contractor:** Contractor shall be considered an independent Contractor and neither Contractor, its employees, nor anyone working under Contractor shall be considered an agent or an employee of County. Neither Contractor, its employees nor anyone working under Contractor shall qualify for workers’ compensation or other fringe benefits of any kind through County.

N. **Performance Warranty:** Contractor shall warrant all work under this Contract, taking necessary steps and precautions to perform the work to County’s satisfaction. Contractor shall be responsible for the professional quality, technical assurance, timely completion and coordination of all documentation and other commodities/services furnished by Contractor under this Contract. Contractor shall perform all work diligently, carefully, and in a good and workmanlike manner; shall furnish all necessary labor, supervision, machinery, equipment, materials, and supplies, shall at its sole expense obtain and maintain all permits and licenses required by public authorities, including those of County required in its governmental capacity, in connection with performance of the work. If permitted to subcontract, Contractor shall be fully responsible for all work performed by subcontractors.

O. **Insurance:** Prior to the provision of services under this contract, Contractor agrees to carry all required insurance at Contractor’s expense, including all endorsements required herein, necessary to satisfy County that the insurance provisions of this contract have been complied with. Contractor agrees to keep such insurance coverage, Certificates of Insurance, and endorsements on deposit with County during the entire term of this contract. Contractor shall ensure that all subcontractors performing work on behalf of Contractor pursuant to this contract shall be covered under Contractor’s insurance as an Additional Insured or maintain insurance subject to the same terms and conditions as set forth herein for Contractor. Contractor shall not allow subcontractors to work if subcontractors have less than the level of coverage required by County from Contractor under this contract. It is the obligation of Contractor to provide notice of the insurance requirements to every subcontractor, and to receive proof of insurance prior to allowing any subcontractor to begin work. Such proof of insurance must be maintained by Contractor through the entirety of this contract for inspection by County representative(s) at any reasonable time.

All self-insured retentions (SIR)’s shall be clearly stated on the Certificate of Insurance. Any SIR in excess of Fifty Thousand Dollars $50,000 shall specifically be approved by the County’s Risk Manager, or designee. The County reserves the right to require current audited financial reports from Contractor. If Contractor is self-insured, Contractor will indemnify the County for any and all claims resulting or arising from Contractor’s services in accordance with the indemnity provision stated in this contract.
If Contractor fails to maintain insurance acceptable to County for the full term of this contract, County may terminate this contract.

If Contractor does not deposit copies of acceptable Certificates of Insurance and endorsements with County incorporating such changes within thirty (30) days of receipt of such notice, this contract may be in breach without further notice to Contractor, and County shall be entitled to all legal remedies.

The procuring of such required policy or policies of insurance shall not be construed to limit Contractor’s liability hereunder nor to fulfill the indemnification provisions and requirements of this contract, nor act in any way to reduce the policy coverage and limits available from the insurer.

P. Changes: Contractor shall make no changes in the work or perform any additional work without County’s specific written approval.

Q. Change of Ownership/Name, Litigation Status, Conflicts with County Interests: Contractor agrees that if there is a change or transfer in ownership of Contractor’s business, prior to completion of this Contract, and County agrees to an assignment of Contract, the new owners shall be required under the terms of sale or other instruments of transfer to assume Contractor’s duties and obligations contained in this Contract and complete them to the satisfaction of County.

County reserves the right to immediately terminate Contract in the event County determines that the assignee is not qualified or is otherwise unacceptable to County for the provision of services under Contract.
In addition, Contractor has the duty to notify County in writing of any change in Contractor’s status with respect to name changes that do not require an assignment of Contract. Contractor is also obligated to notify County in writing if Contractor becomes a party to any litigation against County, or a party to litigation that may reasonably affect Contractor’s performance under Contract, as well as any potential conflicts of interest between Contractor and County that may arise prior to or during the period of Contract performance. While Contractor will be required to provide this information without prompting from County any time there is a change in Contractor’s name, conflict of interest or litigation status, Contractor must also provide an update to County of its status in these areas whenever requested by County.

W. **Attorney Fees:** In any action or proceeding to enforce or interpret any provision of this Contract, each party shall bear their own attorney’s fees, costs and expenses.

In addition, each party had been represented by experienced and knowledgeable independent legal counsel of their own choosing or has knowingly declined to seek such counsel despite being encouraged and given the opportunity to do so. Each party further acknowledges that they have not been influenced to any
extent whatsoever in executing this Contract by any other party hereto or by any person representing them, or both. Accordingly, any rule or law (including California Civil Code Section 1654) or legal decision that would require interpretation of any ambiguities in this Contract against the party that has drafted it is not applicable and is waived. The provisions of this Contract shall be interpreted in a reasonable manner to effect the purpose of the parties and this Contract.

Y. **Employee Eligibility Verification:** Contractor warrants that it fully complies with all Federal and State statutes and regulations regarding the employment of aliens and others and that all its employees performing work under this Contract meet the citizenship or alien status requirement set forth in Federal statutes and regulations. If judgment is entered against Contractor and County by a court of competent jurisdiction because of the concurrent active negligence of County or County Indemnitees, Contractor and County agree that liability will be apportioned as determined by the court. Neither party shall request a jury apportionment.

AA. **Audits/Inspections:** Contractor agrees to permit County’s Auditor-Controller or the Auditor-Controller’s authorized representative (including auditors from a private auditing firm hired by County) access during normal working hours to all books, accounts, records, reports, files, financial records, supporting documentation, including payroll and accounts payable/receivable records, and other papers or property of Contractor for the purpose of auditing or inspecting any aspect of performance under this Contract. The inspection and/or audit will be confined to those matters connected with the performance of Contract including, but not limited to, the costs of administering Contract. County will provide reasonable notice of such an audit or inspection. County reserves the right to audit and verify Contractor’s records before final payment is made. Contractor agrees to maintain such records for possible audit for a minimum of three years after final payment, unless a longer period of records retention is stipulated under this Contract or by law. Contractor agrees to allow interviews of any employees or others who might reasonably have information related to such records. Further, Contractor agrees to include a similar right to County to audit records and interview staff of any subcontractor related to performance of this Contract. Should Contractor cease to exist as a legal entity, Contractor’s records pertaining to this Contract shall be forwarded to County’s project manager.

If such approval, funding or appropriations are not forthcoming, or are otherwise limited, County may immediately terminate or modify this Contract without penalty.
CC. **Expenditure Limit:** Contractor shall notify County of Orange assigned Deputy Purchasing Agent in writing when the expenditures against Contract reach 75 percent of the dollar limit on Contract. Contractor’s efforts shall include, but not be limited to establishing precautions to prevent its employees, agents, and subcontractors from providing or offering gifts, entertainment, payments, loans or other considerations which could be deemed to influence or appear to influence County staff or elected officers from acting in the best interests of County.

6. **Conflict of Interest – County Personnel:** County of Orange Board of Supervisors policy prohibits its employees from engaging in activities involving a conflict of interest. Contractor shall not, during the period of this Contract, employ any County employee for any purpose.

RECITALS

WHEREAS, County solicited, via a Request for Proposal (“RFP”), for Civic Center Facilities Strategic Plan as set forth herein; and

WHEREAS, Contractor responded and represented that it is qualified to provide Civic Center Facilities Strategic Plan to the County as further set forth in the Scope of Work, attached hereto as Attachment A; and

WHEREAS, County agrees to pay Contractor based on the schedule of fees set forth in Payment and Compensation, attached hereto as Attachment B; and

NOW, THEREFORE, the Parties mutually agree as follows:

ARTICLES

General Terms and Conditions:

A. Governing Law and Venue: This Contract has been negotiated and executed in the state of California and shall be governed by and construed under the laws of the state of California. In the event of any legal action to enforce or interpret this Contract, the sole and exclusive venue shall be a court of competent jurisdiction located in Orange County, California, and the parties hereto agree to and do hereby submit to the jurisdiction of such court, notwithstanding Code of Civil Procedure Section 394. Furthermore, the parties specifically agree to waive any and all rights to request that an action be transferred for adjudication to another county.

B. Entire Contract: This Contract contains the entire Contract between the parties with respect to the matters herein, and there are no restrictions, promises, warranties or undertakings other than those set forth herein or referred to herein. No exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by County in writing. Electronic acceptance of any additional terms, conditions or supplemental Contracts by any County employee or agent, including but not limited to installers of software, shall not be valid or binding on County unless accepted in writing by County’s Purchasing Agent or designee.
C. **Amendments:** No alteration or variation of the terms of this Contract shall be valid unless made in writing and signed by the parties; no oral understanding or agreement not incorporated herein shall be binding on either of the parties; and no exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by County in writing.

D. **Taxes:** Unless otherwise provided herein or by law, price quoted does not include California state sales or use tax. Out-of-state Contractors shall indicate California Board of Equalization permit number and sales permit number on invoices, if California sales tax is added and collectable. If no permit numbers are shown, sales tax will be deducted from payment. The Auditor-Controller will then pay use tax directly to the State of California in lieu of payment of sales tax to Contractor.

E. **Delivery:** Time of delivery of commodities and services is of the essence in this Contract. County reserves the right to refuse any commodities and services and to cancel all or any part of the commodities not conforming to applicable specifications, drawings, samples or descriptions or services that do not conform to the prescribed scope of work. Acceptance of any part of the order for commodities shall not bind County to accept future shipments nor deprive it of the right to return commodities already accepted at Contractor’s expense. Over shipments and under shipments of commodities shall be only as agreed to in writing by County. Delivery shall not be deemed to be complete until all commodities or services have actually been received and accepted in writing by County.

F. **Acceptance Payment:** Unless otherwise agreed to in writing by County, 1) acceptance shall not be deemed complete unless in writing and until all the commodities/services have actually been received, inspected, and tested to the satisfaction of County, and 2) invoices are to be submitted in advance, once a year for the fixed cost by line of coverage (property, casualty or miscellaneous, as applicable) to the user agency/department to the ship-to address, unless otherwise directed in this Contract.

G. **Warranty:** Contractor expressly warrants that the commodities covered by this Contract are 1) free of liens or encumbrances, 2) merchantable and good for the ordinary purposes for which they are used, and 3) fit for the particular purpose for which they are intended. Acceptance of this order shall constitute an agreement upon Contractor’s part to indemnify, defend and hold County and its indemnities as identified in paragraph “Z” below, and as more fully described in paragraph “Z,” harmless from liability, loss, damage and expense, including reasonable counsel fees, incurred or sustained by County by reason of the failure of the commodities/services to conform to such warranties, faulty work performance, negligent or unlawful acts, and non-compliance with any applicable state or federal codes, ordinances, orders, or statutes, including the Occupational Safety and Health Act (OSHA) and the California Industrial Safety Act. Such remedies shall be in addition to any other remedies provided by law.

H. **Patent/Copyright Materials/Proprietary Infringement:** Unless otherwise expressly provided in this Contract, Contractor shall be solely responsible for clearing the right to use any patented or copyrighted materials in the performance of this Contract. Contractor warrants that any software as modified through services provided hereunder will not infringe upon or violate any patent, proprietary right, or trade secret right of any third party. Contractor agrees that, in accordance with the more specific requirement contained in paragraph “Z” below, it shall indemnify, defend and hold County and County Indemnitees harmless from any and all such claims and be responsible for payment of all costs, damages, penalties and expenses related to or arising from such claim(s), including, costs and expenses but not including attorney’s fees.

I. **Assignment:** The terms, covenants, and conditions contained herein shall apply to and bind the heirs, successors, executors, administrators and assigns of the parties. Furthermore, neither the performance of this Contract nor any portion thereof may be assigned by Contractor without the express written consent of County. Any attempt by Contractor to assign the performance or any portion thereof of this Contract without the express written consent of County shall be invalid and shall constitute a breach of this Contract.
J. **Non-Discrimination:** In the performance of this Contract, Contractor agrees that it will comply with the requirements of Section 1735 of the California Labor Code and not engage nor permit any subcontractors to engage in discrimination in employment of persons because of the race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, or sex of such persons. Contractor acknowledges that a violation of this provision shall subject Contractor to penalties pursuant to Section 1741 of the California Labor Code.

K. **Termination:** In addition to any other remedies or rights it may have by law, County has the right to immediately terminate this Contract without penalty for cause or after 30 days’ written notice without cause, unless otherwise specified. Cause shall be defined as any material breach of contract, any misrepresentation or fraud on the part of Contractor. Exercise by County of its right to terminate Contract shall relieve County of all further obligation.

L. **Consent to Breach Not Waiver:** No term or provision of this Contract shall be deemed waived and no breach excused, unless such waiver or consent shall be in writing and signed by the party claimed to have waived or consented. Any consent by any party to, or waiver of, a breach by the other, whether express or implied, shall not constitute consent to, waiver of, or excuse for any other different or subsequent breach.

M. **Independent Contractor:** Contractor shall be considered an independent Contractor and neither Contractor, its employees, nor anyone working under Contractor shall be considered an agent or an employee of County. Neither Contractor, its employees nor anyone working under Contractor shall qualify for workers’ compensation or other fringe benefits of any kind through County.

N. **Performance Warranty:** Contractor shall warrant all work under this Contract, taking necessary steps and precautions to perform the work to County’s satisfaction. Contractor shall be responsible for the professional quality, technical assurance, timely completion and coordination of all documentation and other commodities/services furnished by Contractor under this Contract. Contractor shall perform all work diligently, carefully, and in a good and workmanlike manner; shall furnish all necessary labor, supervision, machinery, equipment, materials, and supplies, shall at its sole expense obtain and maintain all permits and licenses required by public authorities, including those of County required in its governmental capacity, in connection with performance of the work. If permitted to subcontract, Contractor shall be fully responsible for all work performed by subcontractors.

O. **Insurance:** Prior to the provision of services under this contract, Contractor agrees to carry all required insurance at Contractor’s expense, including all endorsements required herein, necessary to satisfy County that the insurance provisions of this contract have been complied with. Contractor agrees to keep such insurance coverage, Certificates of Insurance, and endorsements on deposit with County during the entire term of this contract. Contractor shall ensure that all subcontractors performing work on behalf of Contractor pursuant to this contract shall be covered under Contractor’s insurance as an Additional Insured or maintain insurance subject to the same terms and conditions as set forth herein for Contractor. Contractor shall not allow subcontractors to work if subcontractors have less than the level of coverage required by County from Contractor under this contract. It is the obligation of Contractor to provide notice of the insurance requirements to every subcontractor, and to receive proof of insurance prior to allowing any subcontractor to begin work. Such proof of insurance must be maintained by Contractor through the entirety of this contract for inspection by County representative(s) at any reasonable time.

All self-insured retentions (SIR)’s shall be clearly stated on the Certificate of Insurance. Any SIR in excess of Fifty Thousand Dollars $50,000 shall specifically be approved by the County’s Risk Manager, or designee. The County reserves the right to require current audited financial reports from Contractor. If Contractor is self-insured, Contractor will indemnify the County for any and all claims resulting or arising from Contractor’s services in accordance with the indemnity provision stated in this contract.
If Contractor fails to maintain insurance acceptable to County for the full term of this contract, County may terminate this contract.

**Qualified Insurer**

The policy or policies of insurance must be issued by an insurer with a minimum rating of A-(Secure A.M. Best's Rating) and VIII (Financial Size Category as determined by the most current edition of the [Best's Key Rating Guide/Property-Casualty/United States or ambest.com](http://ambest.com)).

If the insurance carrier does not have an A.M. Best Rating of A-/VIII, the CEO/Office of Risk Management retains the right to approve or reject a carrier after a review of the company's performance and financial ratings.

The policy or policies of insurance maintained by Contractor shall provide the minimum limits and coverage as set forth below:

1. An Additional Insured endorsement using ISO form CG 20 26 04 13 or a form at least as broad naming County of Orange, its elected and appointed officials, officers, employees and agents as Additional Insureds, or provide blanket coverage, which will state As Required By Written Contract.

2. A primary non-contributing endorsement using ISO Form CG 20 01 04 13, or a form at least as broad evidencing that Contractor’s insurance is primary and any insurance or self-insurance maintained by County of Orange shall be excess and non-contributing.

All insurance policies required by this contract shall waive all rights of subrogation against County of Orange, its elected and appointed officials, officers, employees and agents when acting within the scope of their appointment or employment.

Contractor shall notify County in writing within thirty (30) days of any policy cancellation and ten (10) days for non-payment of premium and provide a copy of the cancellation notice to County. Failure to provide written notice of cancellation may constitute a material breach of Contract, upon which County may suspend or terminate this contract.

If Contractor’s Professional Liability is a “Claims-Made” policy, Contractor shall agree to the following:

1) The retroactive date must be shown and must be before the date of the Contract or the beginning of the Contract services.

2) Insurance must be maintained, and evidence of insurance must be provided for at least three (3) years after expiration or earlier termination of Contract services.

3) If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a retroactive date prior to the effective date of the contract services, Contractor must purchase an extended reporting period for a minimum of three (3) years after expiration of earlier termination of the Contract.

The Commercial General Liability policy shall contain a severability of interests clause, also known as a “separation of insureds” clause (standard in the ISO CG 001 policy).

Insurance certificates should be forwarded to the agency/department address listed on the solicitation.

If Contractor fails to provide the insurance certificates and endorsements within seven (7) days of notification by CEO/Purchasing or the agency/department purchasing division, award may be made to the next qualified vendor.

County expressly retains the right to require Contractor to increase or decrease insurance of any of the above insurance types throughout the term of this contract. Any increase or decrease in insurance will be deemed by County of Orange Risk Manager as appropriate to adequately protect County.

County shall notify Contractor in writing of changes in the insurance requirements. If Contractor does not deposit copies of acceptable Certificates of Insurance and endorsements with County incorporating such changes within thirty (30) days of receipt of such notice, this contract may be in breach without further notice to Contractor, and County shall be entitled to all legal remedies.

The procuring of such required policy or policies of insurance shall not be construed to limit Contractor’s liability hereunder nor to fulfill the indemnification provisions and requirements of this contract, nor act in any way to reduce the policy coverage and limits available from the insurer.

P. **Changes:** Contractor shall make no changes in the work or perform any additional work without County’s specific written approval.

Q. **Change of Ownership/Name, Litigation Status, Conflicts with County Interests:** Contractor agrees that if there is a change or transfer in ownership of Contractor’s business prior to completion of this Contract, and County agrees to an assignment of Contract, the new owners shall be required under the terms of sale or other instruments of transfer to assume Contractor’s duties and obligations contained in this Contract and complete them to the satisfaction of County.

County reserves the right to immediately terminate Contract in the event County determines that the assignee is not qualified or is otherwise unacceptable to County for the provision of services under Contract.
In addition, Contractor has the duty to notify County in writing of any change in Contractor’s status with respect to name changes that do not require an assignment of Contract. Contractor is also obligated to notify County in writing if Contractor becomes a party to any litigation against County, or a party to litigation that may reasonably affect Contractor’s performance under Contract, as well as any potential conflicts of interest between Contractor and County that may arise prior to or during the period of Contract performance. While Contractor will be required to provide this information without prompting from County any time there is a change in Contractor’s name, conflict of interest or litigation status, Contractor must also provide an update to County of its status in these areas whenever requested by County.

Contractor shall exercise reasonable care and diligence to prevent any actions or conditions that could result in a conflict with County interests. In addition to Contractor, this obligation shall apply to Contractor’s employees, agents, and subcontractors associated with the provision of goods and services provided under this Contract. Contractor’s efforts shall include, but not be limited to establishing rules and procedures preventing its employees, agents, and subcontractors from providing or offering gifts, entertainment, payments, loans or other considerations which could be deemed to influence or appear to influence County staff or elected officers in the performance of their duties.

R. **Force Majeure:** Contractor shall not be assessed with liquidated damages or unsatisfactory performance penalties during any delay beyond the time named for the performance of this Contract caused by any act of God, war, civil disorder, employment strike or other cause beyond its reasonable control, provided Contractor gives written notice of the cause of the delay to County within 36 hours of the start of the delay and Contractor avails himself of any available remedies.

S. **Confidentiality:** Contractor agrees to maintain the confidentiality of all County and County-related records and information pursuant to all statutory laws relating to privacy and confidentiality that currently exist or exist at any time during the term of this Contract. All such records and information shall be considered confidential and kept confidential by Contractor and Contractor’s staff, agents and employees.

T. **Compliance with Laws:** Contractor represents and warrants that services to be provided under this Contract shall fully comply, at Contractor’s expense, with all standards, laws, statutes, restrictions, ordinances, requirements, and regulations (collectively “laws”), including, but not limited to those issued by County in its governmental capacity and all other laws applicable to the services at the time services are provided to and accepted by County. Contractor acknowledges that County is relying on Contractor to ensure such compliance, and pursuant to the requirements of paragraph “Z” below, Contractor agrees that it shall defend, indemnify and hold County and County INDEMNITEES harmless from all liability, damages, costs and expenses arising from or related to a violation of such laws.

U. **Freight:** Prior to County’s express acceptance of delivery of products. Contractor assumes full responsibility for all transportation, transportation scheduling, packing, handling, insurance, and other services associated with delivery of all products deemed necessary under this Contract.

V. **Severability:** If any term, covenant, condition or provision of this Contract is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired or invalidated thereby.

W. **Attorney Fees:** In any action or proceeding to enforce or interpret any provision of this Contract, each party shall bear their own attorney’s fees, costs and expenses.

X. **Interpretation:** This Contract has been negotiated at arm’s length and between persons sophisticated and knowledgeable in the matters dealt with in this Contract. In addition, each party had been represented by experienced and knowledgeable independent legal counsel of their own choosing or has knowingly declined to seek such counsel despite being encouraged and given the opportunity to do so. Each party further acknowledges that they have not been influenced to any
extent whatsoever in executing this Contract by any other party hereto or by any person representing them, or both. Accordingly, any rule or law (including California Civil Code Section 1654) or legal decision that would require interpretation of any ambiguities in this Contract against the party that has drafted it is not applicable and is waived. The provisions of this Contract shall be interpreted in a reasonable manner to effect the purpose of the parties and this Contract.

Y. **Employee Eligibility Verification:** Contractor warrants that it fully complies with all Federal and State statutes and regulations regarding the employment of aliens and others and that all its employees performing work under this Contract meet the citizenship or alien status requirement set forth in Federal statutes and regulations. Contractor shall obtain, from all employees performing work hereunder, all verification and other documentation of employment eligibility status required by Federal or State statutes and regulations including, but not limited to, the Immigration Reform and Control Act of 1986, 8 U.S.C. §1324 et seq., as they currently exist and as they may be hereafter amended. Contractor shall retain all such documentation for all covered employees for the period prescribed by the law. Contractor shall indemnify, defend with counsel approved in writing by County, and hold harmless, County, its agents, officers, and employees from employer sanctions and any other liability which may be assessed against Contractor or County or both in connection with any alleged violation of any Federal or State statutes or regulations pertaining to the eligibility for employment of any persons performing work under this Contract.

Z. **Indemnification:** Contractor agrees to indemnify, defend with counsel approved in writing by County, and hold harmless, County, its agents, officers, employees, agents and those special districts and agencies which County’s Board of Supervisors acts as the governing Board (“County Indemnitees”) harmless from any claims, demands or liability of any kind or nature, including but not limited to personal injury or property damage, arising from or related to the services, products or other performance provided by Contractor pursuant to this Contract. If judgment is entered against Contractor and County by a court of competent jurisdiction because of the concurrent active negligence of County or County Indemnitees, Contractor and County agree that liability will be apportioned as determined by the court. Neither party shall request a jury apportionment.

AA. **Audits/Inspections:** Contractor agrees to permit County’s Auditor-Controller or the Auditor-Controller’s authorized representative (including auditors from a private auditing firm hired by County) access during normal working hours to all books, accounts, records, reports, files, financial records, supporting documentation, including payroll and accounts payable/receivable records, and other papers or property of Contractor for the purpose of auditing or inspecting any aspect of performance under this Contract. The inspection and/or audit will be confined to those matters connected with the performance of Contract including, but not limited to, the costs of administering Contract. County will provide reasonable notice of such an audit or inspection. County reserves the right to audit and verify Contractor’s records before final payment is made. Contractor agrees to maintain such records for possible audit for a minimum of three years after final payment, unless a longer period of records retention is stipulated under this Contract or by law. Contractor agrees to allow interviews of any employees or others who might reasonably have information related to such records. Further, Contractor agrees to include a similar right to County to audit records and interview staff of any subcontractor related to performance of this Contract. Should Contractor cease to exist as a legal entity, Contractor’s records pertaining to this Contract shall be forwarded to County’s project manager.

BB. **Contingency of Funds:** Contractor acknowledges that funding or portions of funding for this Contract may be contingent upon state budget approval; receipt of funds from, and/or obligation of funds by, the state of California to County; and inclusion of sufficient funding for the services hereunder in the budget approved by County’s Board of Supervisors for each fiscal year covered by this Contract. If such approval, funding or appropriations are not forthcoming, or are otherwise limited, County may immediately terminate or modify this Contract without penalty.
CC. **Expenditure Limit:** Contractor shall notify County of Orange assigned Deputy Purchasing Agent in writing when the expenditures against Contract reach 75 percent of the dollar limit on Contract. County will not be responsible for any expenditure overruns and will not pay for work exceeding the dollar limit on Contract unless a change order to cover those costs has been issued.

**Additional Terms and Conditions:**

1. **Scope of Contract:** This Contract specifies Contractual terms and conditions by which County will procure Civic Center Facilities Strategic Plan from Contractor as further detailed in the Scope of Work, identified and incorporated herein by this reference as “Attachment A”.

2. **Term of Contract:** This Contract shall commence upon execution of all necessary signatures, and approval by the Orange County Board of Supervisors, and continue for five (5) three (3) years, unless otherwise terminated by County.

3. **Breach of Contract:** The failure of Contractor to comply with any of the provisions, covenants or conditions of this Contract shall be a material breach of this Contract. In such event County may, and in addition to any other remedies available at law, in equity, or otherwise specified in this Contract:
   a. Terminate Contract immediately, pursuant to Section K herein;
   b. Afford Contractor written notice of the breach and ten (10) calendar days or such shorter time that may be specified in this Contract within which to cure the breach;
   c. Discontinue payment to the Contractor for and during the period in which Contractor is in breach; and
   d. Offset against any monies billed by Contractor but yet unpaid by County those monies disallowed pursuant to the above.

4. **Civil Rights:** Contractor attests that services provided shall be in accordance with the provisions of Title VI and Title VII of the Civil Rights Act of 1964, as amended, Section 504 of the Rehabilitation Act of 1973, as amended; the Age Discrimination Act of 1975 as amended; Title II of the Americans with Disabilities Act of 1990, and other applicable State and federal laws and regulations prohibiting discrimination on the basis of race, color, national origin, ethnic group identification, age, religion, marital status, sex or disability.

5. **Conflict of Interest – Contractor’s Personnel:** Contractor shall exercise reasonable care and diligence to prevent any actions or conditions that could result in a conflict with the best interests of County. This obligation shall apply to Contractor; Contractor’s employees, agents, and subcontractors associated with accomplishing work and services hereunder. Contractor’s efforts shall include, but not be limited to establishing precautions to prevent its employees, agents, and subcontractors from providing or offering gifts, entertainment, payments, loans or other considerations which could be deemed to influence or appear to influence County staff or elected officers from acting in the best interests of County.

6. **Conflict of Interest – County Personnel:** County of Orange Board of Supervisors policy prohibits its employees from engaging in activities involving a conflict of interest. Contractor shall not, during the period of this Contract, employ any County employee for any purpose.

7. **Contractor’s Project Manager and Key Personnel:** Contractor shall appoint a Project Manager to direct Contractor’s efforts in fulfilling Contractor’s obligations under this Contract. This Project Manager shall be subject to approval by County and shall not be changed without the written consent of County’s Project Manager, which consent shall not be unreasonably withheld.

   Contractor’s Project Manager shall be assigned to this project for the duration of Contract and shall diligently pursue all work and services to meet the project timelines. County’s Project Manager shall have the right to require the removal and replacement of Contractor’s Project Manager from providing services to County under this Contract. County’s Project manager shall notify Contractor
in writing of such action. Contractor shall accomplish the removal within five (5) business days after written notice by County’s Project Manager. County’s Project Manager shall review and approve the appointment of the replacement for Contractor’s Project Manager. County is not required to provide any additional information, reason or rationale in the event it requires the removal of Contractor’s Project Manager from providing further services under Contract.

8. **Contractor Personnel – Reference Checks:** Contractor warrants that all persons employed to provide service under this Contract have satisfactory past work records indicating their ability to adequately perform the work under this Contract. Contractor’s employees assigned to this project must meet character standards as demonstrated by background investigation and reference checks, coordinated by the agency/department issuing this Contract.

9. **Contractor’s Power and Authority:** The Contractor warrants that it has the full power and authority to grant the rights herein granted and will hold the County hereunder harmless from and against any loss, cost, liability and expense, including reasonable attorney fees, arising out of any breach of this warranty. Further, the Contractor avers that it will not enter any arrangement with any third party which might abridge any rights of the County under this Contract.

10. **Contractor’s Records:** The Contractor shall keep true and accurate accounts, records, books and data which shall correctly reflect the business transacted by the Contractor in accordance with generally accepted accounting principles. These records shall be stored in Orange County for a period of seven years after final payment is received from the County. Storage of records in another county will require written approval from the County of Orange assigned DPA.

11. **Contractor Personnel – Uniform/Badges/Identification:** Contractor warrants that all persons employed to provide service under this Contract have satisfactory past work records indicating their ability to accept the kind of responsibility under this Contract.

   All Contractor’s employees shall be required to wear uniforms, badges, or other means of identification which are to be furnished by Contractor and must be worn at all times while working on County property. The assigned Deputy Purchasing Agent must be notified in writing, within seven (7) days of notification of award of Contract of the uniform and/or badges and/or other identification to be worn by employees prior to beginning work and notified in writing seven (7) days prior to any changes in this procedure.

12. **Conflict with Existing Law:** The Contractor and the County agree that if any provision of this Contract is found to be illegal or unenforceable, such term or provision shall be deemed stricken and the remainder of the Contract shall remain in full force and effect. Either Party having knowledge of such term or provisions shall promptly inform the other of the presumed non-applicability of such provision. Should the offending provision go to the heart of the Contract, the Contract shall be terminated in a manner commensurate with interests of both Parties to the maximum extent reasonable.

13. **Contingent Fees:** The Contractor warrants that no person or selling agency has been employed or retained to solicit or secure this Contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except bona fide employees of the Contractor or bona fide established commercial or selling agencies maintained by the Contractor for the purpose of securing business.

   For breach or violation of this warranty, the County shall have the right to terminate this Contract in accordance with the termination clause and at its sole discretion to deduct from the Contract price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee from the Contractor.

14. **Contractor Bankruptcy/Insolvency:** If the Contractor should be adjudged bankrupt or should have a general assignment for the benefit of its creditors or if a receiver should be appointed on account of the Contractor’s insolvency, the County may terminate this Contract.
15. **Contractor’s Records:** Contractor shall keep true and accurate accounts, records, books and data which shall correctly reflect the business transacted by Contractor in accordance with generally accepted accounting principles. These records shall be stored in Orange County for a period of three (3) years after final payment is received from County. Storage of records in another county will require written approval from County of Orange assigned Deputy Purchasing Agent.

Contractor shall be required to maintain a list of the cooperative entities using this Contract. The list shall report dollar volumes spent annually and shall be provided on an annual basis to County, at County’s request.

16. **Data – Title To:** All materials, documents, data or information obtained from County data files or any County medium furnished to Contractor in the performance of this Contract will at all times remain the property of County. Such data or information may not be used or copied for direct or indirect use by Contractor after completion or termination of this Contract without the express written consent of County. All materials, documents, data or information, including copies, must be returned to County at the end of this Contract.

17. **Debarment:** Contractor warrants that neither Contractor nor its principles are presently debarred, proposed for debarment, declared ineligible or voluntarily excluded from participation in the transaction by any Federal department or agency.

18. **Default – Re-Procurement Costs:** In case of Contract breach by Contractor, resulting in termination by County, County may procure the commodities and services from other sources. If the cost for those commodities and services is higher than under the terms of the existing Contract, Contractor will be responsible for paying County the difference between Contract cost and the price paid, and County may deduct this cost from any unpaid balance due Contractor. The price paid by County shall be the prevailing market price at the time such purchase is made. This is in addition to any other remedies available under this Contract and under law.

19. **Disputes – Contract:**
   a. The parties shall deal in good faith and attempt to resolve potential disputes informally. If the dispute concerning a question of fact arising under the terms of this Contract is not disposed of in a reasonable period of time by Contractor’s Project Manager and County’s Project Manager, such matter shall be brought to the attention of County Deputy Purchasing Agent by way of the following process:
      i. Contractor shall submit to the agency/department assigned Deputy Purchasing Agent a written demand for a final decision regarding the disposition of any dispute between the parties arising under, related to, or involving this Contract, unless County, on its own initiative, has already rendered such a final decision.
      ii. Contractor’s written demand shall be fully supported by factual information, and, if such demand involves a cost adjustment to Contract, Contractor shall include with the demand a written statement signed by a senior official indicating that the demand is made in good faith, that the supporting data are accurate and complete, and that the amount requested accurately reflects Contract adjustment for which Contractor believes County is liable.
   b. Pending the final resolution of any dispute arising under, related to, or involving this Contract, Contractor agrees to diligently proceed with the performance of this Contract, including the delivery of commodities and/or provision of services. Contractor’s failure to diligently proceed shall be considered a material breach of this Contract.
   c. Any final decision of County shall be expressly identified as such, shall be in writing, and shall be signed by County Deputy Purchasing Agent or his designee. If County fails to render a decision within 90 days after receipt of Contractor’s demand, it shall be deemed a final decision adverse to Contractor’s contentions. Nothing in this section shall be construed as
affecting County’s right to terminate Contract for cause or termination for convenience as
stated in section K herein.

20. **Emergency/Declared Disaster Requirements:** In the event of an emergency or if Orange County
is declared a disaster area by the County, state or federal government, this Contract may be
subjected to unusual usage. The Contractor shall service the County during such an emergency or
declared disaster under the same terms and conditions that apply during non-emergency/disaster

County of Orange Report on Grant Applications/Awards

The Grants Report is a condensed list of grant requests by County Agencies/Departments that allows the Board of Supervisors to discuss and approve grant submittals in one motion at a Board meeting. County policy dictates that the Board of Supervisors must approve all grant applications prior to submittal to the grantor. This applies to grants of all amounts, as well as to new grants and those that have been received by the County for many years as part of an ongoing grant. Receipt of grants $50,000 or less is delegated to the County Executive Officer. Grant awards greater than $50,000 must be presented to the Board of Supervisors for receipt of funds. This report allows for better tracking of county grant requests, the success rate of our grants, and monitoring of County’s grants activities. It also serves to inform Orange County’s Sacramento and Washington, D.C. advocates of County grant activities involving the State or Federal Governments.

On June 27, 2023, the Board of Supervisors will consider the following actions:

If awarded, grant funds will be used by OC Parks to create final plans and obtain permits for a nature-based climate adaptation project at Capistrano County Beach to increase resiliency from the impacts of coastal hazards and the effects of sea level rise. This project will include creation of final plans for vegetated dunes over a buried cobble berm in the tidal zone at Capistrano and Doheny Beaches. This project will protect land and critical regional infrastructure from erosive storm surges and waves and will create new habitat for coastal wildlife.

At this time, all preliminary engineering is complete. The design plans are at 30% development and a monitoring plan has been prepared. The project was approved by the California Coastal Commission on 11/16/2022. This funding request is to support the Final Design, Environmental and Cultural evaluations/requirements and permitting effort.

OC Parks’ partner on the project is the Orange Coast District of California State Parks, a division of the...
California Department of Parks and Recreation, which owns Doheny State Beach. OC Parks is the lead agency because of previous long-term investments protecting its Capistrano Beach Park. The project boundary crosses over the property line between Doheny State Beach and Capistrano Beach Park and will be implemented on both properties. In order for protective mitigation to be effective, the project area encompasses adjacent sections in both parks.

**Purpose of Grant Funds:**

Medicare Improvement for Patients and Providers Act (MIPPA) funds are used to support the Health Insurance Counseling & Advocacy Program (HICAP), which provides free, confidential counseling and community education about Medicare, private health insurance, and related health care coverage plans for Medicare beneficiaries, their representatives, and people who will soon be eligible for Medicare. The MIPPA funds augment HICAP services by expanding Medicare beneficiary enrollment in the Prescription Drug Low-Income Subsidy Program, the Medicare Savings Program, and Medicare Part D and support outreach in the County threshold languages aimed at promoting wellness benefits and preventative services. In addition to core services, the MIPPA funds will also support ongoing HICAP counselor training, reassessment of outreach and application assistance processes based on the public health emergency unwinding and continuous cultivation of new partnership to expand program reach.

The Youth Homelessness Demonstration Program (YHDP) grant is designed to support selected communities in the development and implementation of a coordinated community approach to engage, prevent, and end youth homelessness. The population to be served by YHDP is youth aged 24 and younger experiencing homelessness, including unaccompanied and pregnant or parenting youth. The U.S. Department of Housing and Urban Development (HUD) will award approximately $60,000,000 in YHDP grant funding to up to 25 communities that are selected for this opportunity through the Round 7 Notice of Funding Opportunity (NOFO).

The County Executive Office (CEO) Office of Care Coordination will submit an application to the YHDP grant in partnership and collaboration with the Orange County Continuum of Care. The grant will focus on the development and operations of housing programs and additional supportive services and resources that will address the unique needs of youth experiencing homelessness and youth at risk of homelessness. This grant will also assist with the continued efforts of CEO to expand representation of people with current or past lived experience of homelessness in the creation of policies, procedures and programming to help address youth homelessness.

Purpose of Grant Funds:

Provide a summary and brief background on why the Board of Supervisors should accept this grant application/award, and how the grant will be implemented.

The State Budget Act of 2022 (Senate Bill 154) established the Organized Retail Theft Prevention Grant Program, administered by the Board of State and Community Corrections (BSCC). This grant program aims to support local law enforcement agencies, county sheriff's departments, and probation departments addressing organized retail theft, motor vehicle or motor vehicle accessory theft, or cargo theft. These law enforcement agencies may apply individually or on behalf of a group of entities, including other law enforcement agencies.

The Orange County (OC) Sheriff's Department intends to apply for the maximum amount of $15,127,350, the large scope category for this competitive state grant. This funding would support activities, strategies, and programs that address Program Purpose Areas (PPAs) 2 to reduce motor vehicle or motor vehicle accessory theft. The purpose of PPA 2 is to investigate motor vehicle and motor vehicle accessory theft, promote campaigns for public awareness in motor vehicle theft prevention and programs that deter motor vehicle or motor vehicle accessory theft, and finally, use databases, equipment, software, and technology to track stolen motor vehicles or motor vehicle accessories to combat organized retail theft.
The Sheriff-Coroner intends to use the grant funding to purchase pan, tilt, and zoom (PTZ) cameras, fixed closed-circuit television (CCTV) cameras, license plate recognition (LPR) cameras, drones, circuits for connectivity, licensing, hardware support, and multiple software solution platforms to integrate technology and information for a catalytic converter etching program, and community awareness campaign on any theft of a motor vehicle part or accessory.

A resolution is not required to apply for the grant program.

If awarded, the grant funding will be available from October 1, 2023, through December 31, 2026, with an additional six (6) months (January 1, 2027, to June 1, 2027) for expenditures of the final data evaluation report of the grant program. The grant program requires setting aside at least $75,000 but not more than 5% of the total grant award for data collection, reporting, and evaluations. The grant also requires financial auditing covering the grant's service delivery period, allowing up to $25,000 to cover final audit expenses.

If the grant application is selected for funding, the Sheriff-Coroner will return to the Board with a request to accept the award and present a resolution.

Fund 828 - OC Civic Center Parking/Maintenance Fund was established through a JPA for public parking facilities in the Santa Ana Civic Center, between City of Santa Ana and the County for which the budget must first be approved by the Santa Ana City Council and subsequently by the Board of Supervisors, which occurs after the Board's approval of the County's annual budget creating a timing difference.
