Tentative Agreement  
Between the County of Orange (“County”)  
And  
The Orange County Managers Association (“OCMA”)  

December 21, 2022  

The County and OCMA tentatively agree to the following terms. Unless otherwise specified, all provisions are effective June 16, 2023.  

1. Freeze Retiree Medical Grant and Transition to a Health Reimbursement Arrangement (HRA)  
   
a. Freeze Retiree Medical Grant  
   
   At the date of the transition, employees shall select one of the following two options:  
   
i. Continue participation in the frozen Retiree Medical Grant, or  
ii. Opt-out of the Retiree Medical Grant and receive a cash value for the Retiree Medical Grant contributed to their HRA.  
   
At date of transition the Retiree Medical Grant shall be frozen. Employees who continue participation in the Grant shall not accrue additional service hours towards eligibility for the Retiree Medical Grant. All employees with one or more years of qualified service, as of the effective date, shall be eligible for the frozen Retiree Medical Grant. The annual Cost of Living Adjustments (COLA) and age adjustment (+/- 7.5%) will be eliminated. The 50% grant reduction for retirees eligible for Medicare will remain.  

This agreement does not eliminate the requirement that retirees must enroll in Medicare at the age they are eligible to qualify for the Grant.  

At date of transition, employees who choose to opt out of the Retiree Medical Grant shall receive a cash value for their grant of $855.00 for each full year of qualified service contributed to the employee’s HRA. The opt-out value will not be limited to a 25-year cap.  

b. Transition to Health Reimbursement Arrangement (HRA)  

For employees represented by OCMA, restructure the Retiree Medical Grant Plan and modify the County’s existing HRA defined contribution plan to replace the Retiree Medical Grant Plan for new employees and to supplement the current employees’ frozen Retiree Medical Grant or Retiree Medical Grant cash out to the HRA. The HRA is a retiree health
benefit that provides tax-free reimbursement for any qualified medical expense.

For each employee enrolled in the County sponsored HRA, the County will contribute $60.00 per pay period commencing June 16, 2023, increased 2.5% annually each first full pay period in July, beginning July 2024.

SIDE LETTER AGREEMENT TO THE 2019-2023 COUNTY MEMORANDA OF UNDERSTANDING BETWEEN THE COUNTY OF ORANGE AND THE ORANGE COUNTY MANAGERS ASSOCIATION

This document serves as a Side Letter Agreement modifying the 2019-2023 County Memoranda of Understanding ("MOUs") between the County of Orange ("County") and the Orange County Managers Association ("OCMA").

This agreement modifies the provisions in Article XIV (Insurance), Section 7 of the MOUs as provided below. This side letter shall be effective upon approval of the County of Orange Board of Supervisors.

Section 7. Retiree Medical Plan

A. Retiree Medical Grant

Effective the pay period beginning on June 16, 2023, the Retiree Medical Grant benefits shall be frozen. Employees shall not accumulate additional service hours or credit toward eligibility for the Retiree Medical Grant as of June 16, 2023. Cost of living adjustments (COLAs) and age adjustments, other than the 50% grant reduction at age 65 for retirees eligible for Medicare, shall cease for employees retiring effective on or after June 16, 2023.

1. Effective August 1, 1993, and as amended by the Board of Supervisors, the County implemented a Retiree Medical Plan ("the Plan") for employees who have retired from County service and who meet certain eligibility requirements of the Plan.

2. The County will: (a) fund the cost of the Plan; and (b) establish a trust to administer the Plan.

3. Upon paid County retirement, if eligible, a retiree shall receive a Retiree Medical Grant (Grant). The Grant may be applied only towards the cost of retiree and dependent coverage in a County-offered health insurance plan and/or Medicare premiums as provided below.

   a. Upon implementation of the Plan, for eligible retirees the Grant shall be an amount based on ten (10) dollars per month for each full year of credited service in an Eligible Classification up to a maximum of twenty-five (25) years. In each fiscal year, the amount of such Grant shall be adjusted by the average percentage increase or decrease in County health plan premiums no later than the effective dates of such change, not to exceed three (3) percent per year. In no case shall the Grant exceed the actual cost of the health insurance and/or Medicare premiums. The
adjustments to the Grant (COLAs) based on changes to health plan premiums as referenced in this section will cease to apply for eligible retirees who retire effective on or after June 16, 2023.

a. The Grant will be adjusted as follows:

1) The Grant will be reduced by seven and one-half percent (7½%) per year for each year of age the employee is less than age 60, based upon the employee's age on the date when the employee takes active retirement from OCERS. For the purpose of deferred retirement, the date on which the deferred retiree takes active retirement from OCERS will be deemed the retirement date. This provision will cease to apply for eligible retirees retiring effective on or after June 16, 2023.

2) The Grant will be increased by seven and one-half percent (7½%) per year for each year of age the employee is greater than age 60, based upon the employee's age on the date when the employee takes active retirement from OCERS. For the purposes of the Grant increase, no years of age after age 70 will be considered. For the purpose of deferred retirement, the date on which the deferred retiree takes active retirement from OCERS will be deemed the retirement date. This provision will cease to apply for eligible retirees retiring effective on or after June 16, 2023.

3) Sections 5.A.2.b.1 and 5.A.2.b.2 shall not apply to Safety Classifications or Disability Retirements.

4) The Grant for all eligible retirees (including retirees on disability) and surviving dependents will be reduced by fifty percent (50%) the first day of the month the retiree or surviving dependent becomes eligible for both Medicare Part A (without paying a premium) and Medicare Part B or immediately, if the retiring employee is eligible for Medicare Part A (without paying a premium) and Medicare Part B, as of the date of retirement. This provision does not apply to a retiree or surviving dependent eligible for the Grant who has attained age 65 on or prior to September 26, 2006 and is eligible for both Medicare Part A (without paying a premium) and Medicare Part B.

b. All current employees who retire and become eligible for a Grant shall be provided a one (1) time opportunity of thirty (30) days to enroll in a County offered health plan or elect to temporarily opt out of retiree
health from the date they retire. Should a retiree fail to make an election to temporarily opt-out or enroll during the aforementioned thirty (30) day period or should he or she terminate coverage or fail to make necessary payments, the retiree and dependents shall forfeit any right to a Grant, if eligible and enrollment in a County offered health plan.

B. Retiree Medical Plan Lump Sum; Termination; Phase Out

1. An employee who was employed by the County prior to June 23, 2006 and who separates from County service prior to meeting the eligibility requirements for the Grant shall receive a lump sum (Lump Sum benefit) cash payment in accordance with B.2. below. The Plan Lump Sum benefit is terminated for all new County employees hired on or after June 23, 2006.

2. An employee who is employed by the County prior to June 23, 2006, who thereafter separates from the County and who does not qualify for a Grant shall receive a Lump Sum benefit equal to one percent (1%) of his or her final average hourly compensation multiplied by his or her qualified hours of service after August 1, 1993 and prior to June 23, 2006. The final average hourly compensation shall be calculated on base salary over the six thousand two hundred forty (6240) regularly paid hours immediately proceeding June 23, 2006.

3. Receipt of the Grant shall permanently revoke any claim to a Lump Sum benefit even if the retiree subsequently terminates participation in a County-offered health plan and/or Grant. Receipt of the Lump Sum benefit shall permanently revoke any claim to the Grant.

C. Eligibility Requirements for Retiree Medical Grant

1. Retiree must be actively retired from the County of Orange and receiving a monthly retirement allowance from the Orange County Employees Retirement System (OCERS). New employees hired on or after June 16, 2023, are not eligible for the Grant.

Employees who were employed by the County on or before June 15, 2023 with 10 or more years of credited service as defined under the Retiree Medical Plan Document, shall be eligible for the Grant. Employees who are employed by the County as of June 16, 2023 with one or more full years of credited service, as defined under the Retiree Medical Plan Document, shall have the option to elect keep their Grant, if otherwise eligible under the Retiree Medical Plan Document, or have the County make a contribution to the County Health Reimbursement Arrangement (HRA) based on their full credited years of service. The County contribution to the HRA will be made as soon as administratively feasible on or after June 16, 2023. If an employee retires
before June 16, 2023, the employee may only receive the Grant, if otherwise eligible under the Retiree Medical Plan Document, and will not be eligible to elect to receive the County HRA contribution.

The County contribution to the HRA will be $855 for each full year of credited service, as defined under the Retiree Medical Plan Document. There will be no County contribution for partial credited years of service.

Any employee who elects the Grant shall have the value of their Grant calculated based upon the credited years of service, as defined under the Retiree Medical Plan Document, up to a maximum of 25 years. Any employee whose years of credited service is greater than 25 shall receive $855 per each full year of eligible service beyond the 25-year cap contributed by the County to the HRA.

2. Retiree must have retired with at least ten (10) years of credited County service except as provided in C.2.a., b., c., and d. below:

   a. A retiree who receives a service-connected disability retirement pension under OCERS **effective before June 16, 2023** shall be eligible for a Grant equal to either ten (10) years of service or actual years of credited County service, whichever is greater.

   b. A retiree with a minimum of five (5) years of credited County service who receives a non-service connected disability retirement pension under OCERS **effective before June 16, 2023** shall be eligible for a Grant based on actual years of credited County service. An employee with less than five (5) years of credited County service who receives a non-service connected disability retirement pension under OCERS shall not be eligible for a Grant.

   c. A separated employee who has less than ten (10) years of credited County service or is under normal retirement age and requested a service or non-service connected disability retirement pension under OCERS shall not be eligible to receive either the Retiree Medical Grant or the Lump Sum benefit until a determination of disability status is made by the Orange County Board of Retirement.

   d. A separated employee who receives a Lump Sum benefit pursuant to this Section shall be ineligible for the Grant if, at a later date, the Board of Retirement grants a disability retirement.

2. All eligible retirees and enrolled dependents that are age sixty-five (65) or older must be enrolled in Medicare Part B in order to be eligible for the Grant. All eligible retirees and dependents that are entitled to Medicare Part
A coverage without a premium must be enrolled in Medicare Part A to be eligible to receive the Grant.

3. Deferred Retirement

a. An employee who, upon separation from County service, is eligible for paid retirement and elects deferred retirement must defer participation in the Grant until such time as he or she becomes an active retiree. For employees who defer retirement, the terms and conditions governing the Grant are based on the provisions in place at the time of deferral.

b. An employee who is not eligible for paid retirement at the time he or she separates from County service shall not become eligible for participation in the Grant.

4. For purposes of this Section, a full year of credited service shall be based upon those regular hours the employee worked for the County as a regular, limited-term, and/or probationary employee. Two thousand eighty (2080) regular hours, exclusive of overtime, shall equal one (1) full year of service. Hours of service performed in periods before August 1, 1993 shall be counted toward credited service only if the employee is continuously employed by the County from August 1, 1993 until his or her retirement. For this purpose a layoff will not be regarded as a break in continuous employment if the employee is reemployed by the County in an eligible classification following such layoff.

D. Survivor Benefits

1. A surviving dependent of a retiree who was eligible to receive a Retiree Medical Grant, as stated above in A through C, and who qualifies for a monthly allowance shall be eligible for fifty (50) percent of the Grant authorized for the retiree.

2. A surviving eligible retiree who qualifies for a monthly retirement allowance who was married to a retiree who was also eligible for a Grant shall receive the survivor benefit described in D.1., above, or his or her own Grant, whichever is greater. Such retiree shall not be eligible for both Grants.

E. Fully Opt-Out of Retiree Medical Grant and Transition to a Health Reimbursement Arrangement (HRA)

1. Effective June 16, 2023, employees who choose to opt out of the Retiree Medical Grant shall receive a value for their grant of $855.00 for each full year of qualified service contributed to the employee’s HRA. The opt-out value will not be limited to a 25-year cap.
F. Transition from County Retiree Medical Grant to a Health Reimbursement Arrangement

1. Effective on June 16, 2023, a Health Reimbursement Arrangement (HRA) will be made available for current and future employees in these bargaining units. The County and the HRA administrator, with the oversight of the HRA Advisory Committee, shall administer the program subject to the requirements set forth in the County Health Reimbursement Arrangement Plan Document.

2. The County will contribute $60.00 per pay period effective the pay period beginning on June 16, 2023, and will be increased by 2.5% annually each first full pay period beginning July 2024.

All other terms and conditions contained in the 2019-2023 Memoranda of Understanding executed between the County and OCMA not specifically amended by this Side Letter Agreement shall remain unchanged by this Side Letter Agreement.

SIDE LETTER AGREEMENT TO THE 2019-2023 COUNTY MEMORANDA OF UNDERSTANDING BETWEEN THE COUNTY OF ORANGE AND INTERNATIONAL UNION OF OPERATING ENGINEERS

This document serves as a Side Letter Agreement modifying the 2019-2023 County Memoranda of Understanding ("MOUs") between the County of Orange ("County") and the International Union of Operating Engineers ("IIUOE").

This agreement modifies the provisions in Article XVI (Insurance), Section 6 of the MOUs as provided below. This side letter shall be effective upon approval of the County of Orange Board of Supervisors.

Section 6. Retiree Medical Plan

A. Retiree Medical Grant

Effective the pay period beginning on June 16, 2023, the Retiree Medical Grant benefits shall be frozen. Employees shall not accumulate additional service hours or credit toward eligibility for the Retiree Medical Grant as of June 16, 2023. Cost of living adjustments (COLAs) and age adjustments, other than the 50% grant reduction at age 65 for retirees eligible for Medicare, shall cease for employees retiring effective on or after June 16, 2023.

1. Effective August 1, 1993, and as amended by the Board of Supervisors, the County implemented a Retiree Medical Plan ("the Plan") for employees who have retired from County service and who meet certain eligibility requirements of the Plan. The plan does not create any vested rights to the benefits on the part of any employee, retiree, or any other person.

2. The County will: (a) fund the cost of the Plan; and (b) establish a trust to administer the Plan.

3. Upon paid County retirement, if eligible retiree shall receive a Retiree Medical Grant (Grant). The Grant may be applied only towards the cost of retiree and dependent coverage in a County-offered health insurance plan and/or Medicare premiums as provided below.

   a. Upon implement of the Plan, for eligible retirees the Grant shall be an amount based on ten dollars ($10.00) per month for each full year of credited service in an Eligible Classification up to a maximum of twenty-five (25) years. In each fiscal year, the amount of such Grant shall be adjusted by the average percentage increase or decrease in County health plan premiums no later than the effective dates of such changes, not to exceed three percent (3%) per year. In no case shall the Grant exceed the actual cost of the health insurance and/or
Medicare premiums. The adjustments to the Grant (COLAs) based on changes to health plan premiums as referenced in this section will cease to apply for eligible retirees who retire effective on or after June 16, 2023.

b. The Grant will be adjusted as follows:

1. The Grant will be reduced by seven and one-half percent (7.5%) per year for each year of age of the employee less than sixty (60), based upon the employee's age on the date when the employee takes active retirement from OCERS. For the purpose of deferred retirement, the date on which the deferred retiree takes active retirement from OCERS will be deemed the retirement date. This provision will cease to apply for eligible retirees retiring effective on or after June 16, 2023.

2. The Grant will be increased by seven and one-half percent (7.5%) per year for each year of age the employee is greater than age sixty (60), based upon the employee's age on the date when the employee takes active retirement from OCERS. For the purposes of the Grant increase, no years of age after age seventy (70) will be considered. For the purpose of deferred retirement, the date on which the deferred retiree takes active retirement from OCERS will be deemed the retirement date. This provision will cease to apply for eligible retirees effective on or after June 16, 2023.

4. The Grant for all eligible retirees (including retirees on disability) and surviving dependents will be reduced by fifty percent (50%) the first (1st) day of the month the retiree or surviving dependent becomes eligible for both Medicare Part A (without paying a premium) and Medicare Part B or immediately if the retiring employee is eligible for Medicare Part A (without paying a premium) and Medicare Part B, as of the date of retirement. This provision does not apply to a retiree or surviving dependent eligible for the Grant who has attained age sixty-five (65) on or prior to October 24, 2006 and is eligible for both Medicare Part A (without paying a premium) and Medicare Part B.

c. All current employees who become eligible for a Grant shall be provided a one (1) time opportunity of thirty (30) days to enroll in a
County offered retiree health plan or elect to temporarily opt out of retiree health from the date they retire. Should a retiree fail to make an election to temporarily opt out or enroll during the aforementioned thirty (30) day period or should he or she terminate coverage or fail to make necessary payments, the retiree and dependents shall forfeit any right to a Grant, if eligible, and enrollment in a County offered retiree health plan.

B. Retiree Medical Plan Lump Sum; Termination; Phase Out

1. An employee who was employed by the County prior to October 24, 2006 and who separates from County service prior to meeting the eligibility requirements for the Grant shall receive a lump sum (Lump Sum benefit) cash payment in accordance with 2. below. The Plan Lump Sum benefit is terminated for all new County employees hired on or after October 24, 2006.

2. An employee who is employed by the County prior to June 23, 2006, who thereafter separates from the County and who does not qualify for a Grant shall receive a Lump Sum benefit equal to one percent (1%) of his or her final average hourly compensation multiplied by his or her qualified hours of service after August 1, 1993 and prior to June 23, 2006. The final average hourly rate shall be calculated on base salary over the six thousand two hundred forty (6,240) regularly paid hours immediately preceding June 23, 2006.

3. Receipt of the Grant shall permanently revoke any claim to a Lump Sum benefit even if the retiree subsequently terminates participation in a County-offered health plan and/or Grant. Receipt of the Lump Sum benefit shall permanently revoke any claim to the Grant.

C. Eligibility Requirements for Retiree Medical Grant

1. Retiree must be actively retired from the County of Orange and receiving a monthly retirement allowance from the Orange County Employees Retirement System (OCERS). New employees hired on or after June 16, 2023 are not eligible for the Grant.

Employees who were employed by the County and who retire on or before June 15, 2023 with at least 10 or more years of credited service as defined under the Retiree Medical Plan Document, shall be eligible for the Grant. Employees who are employed by the County and who retire on or after June 16, 2023 with one or more full years of credited service, as defined under the Retiree Medical Plan Document, shall have the option to elect to keep their Grant, if otherwise eligible under the Retiree Medical Plan Document, or have the County make a
contribution to the County Health Reimbursement Arrangement (HRA) based on their full years of credited service. The County contribution to the HRA will be made as soon as administratively feasible on or after June 16, 2023. If an employee retires before June 16, 2023, the employee may only receive the Grant, if otherwise eligible under the Retiree Medical Plan Document, and will not be eligible to elect to receive the County HRA contribution.

The County contribution to the HRA will be $855 for each full year of credited service, as defined under the Retiree Medical Plan Document. There will be no County contribution for partial credited years of service.

Any employee who elects to keep their Grant shall have the value of their Grant calculated based upon the credited years of service, as defined under the Retiree Medical Plan Document, up to a maximum of 25 years. Any employee whose years of credited service is greater than 25 shall receive $855 per each full year of eligible service beyond the 25-year cap contributed by the County to the HRA.

2. Retiree must have retired with at least ten (10) years of credited County service except as provided in C.2.a., b., c., and d. below:

a. A retiree who receives a service-connected disability retirement pension under OCERS effective before June 16, 2023 shall be eligible for a Grant equal to either ten (10) years of service or actual years of credited County service, whichever is greater.

b. A retiree with a minimum of five (5) years of credited County service who receives a non-service connected disability retirement pension under OCERS effective before June 16, 2023 shall be eligible for a Grant based on actual years of credited County service. An employee with less than five (5) years of credited County service who receives a non-service connected disability retirement pension under OCERS shall not be eligible for a Grant.

c. A separated employee with fewer than ten (10) years of credited County service or is under normal retirement age and has requested a service or non-service connected disability retirement pension under OCERS shall not be eligible to receive either the Retiree Medical Grant or the Lump Sum benefit until a determination of disability status is made by the Orange County Board of Retirement.

d. A separated employee who receives a Lump Sum benefit pursuant to this Section shall be ineligible for the Grant if, at a
later date, the Orange County Board of Retirement grants a
disability retirement.

3. All eligible retirees and enrolled dependents who are age sixty-five (65) or
older must be enrolled in Medicare Part B in order to be eligible for the
Grant. All eligible retirees and dependents who are entitled to Medicare
Part A coverage without a premium must be enrolled in Medicare
Part A to be eligible to receive the Grant.

4. **Deferred Retirement**

   a. An employee who, upon separation from County service, is eligible
      for paid retirement and elects deferred retirement must defer
      participation in the Grant until such time as he or she becomes an
      active retiree. **For employees who defer retirement, the terms and
      conditions governing the Grant are based on the provisions in place
      at the time of the employee elects to retire.**

   b. An employee who is not eligible for paid retirement at the time he
      or she separates from the County service and elects deferred
      retirement status shall not become eligible for participation in the
      Grant.

5. For purposes of this Section, a full year of credited service shall be
   based upon those regular hours the employee worked for the County
   as a regular, limited-term and/or probationary employee. Two thousand
   eighty (2,080) regular hours, exclusive of overtime, shall equal one (1)
   full year of service. Hours of service performed in periods before
   August 1, 1993 shall be counted toward credited service only if the
   Employee is continuously employed by the County from August 1, 1993
   until his or her retirement.

D. **Survivor Benefits**

1. A surviving dependent of a retiree who was eligible to receive a Grant,
as state above in A through C, and who qualifies for a monthly retirement
allowance shall be eligible for fifty percent (50%) of the Grant authorized
for the retiree.

2. A surviving eligible retiree who qualifies for a monthly retirement
allowance who was married to a retiree who was also eligible for a Grant
shall receive the survivor benefit described in Section D.1., above, or his
or her own Grant, whichever is greater. Such retiree shall not be eligible
for both Grants.
D. **Opt-Out of Retiree Medical Grant and Transition to a Health Reimbursement Arrangement (HRA)**

Effective June 16, 2023, employees who choose to opt out of the Retiree Medical Grant shall receive a value for their grant of $855.00 for each full year of qualified service contributed to the employee’s HRA. The opt-out value will not be limited to a 25-year cap.

E. **Transition from County Retiree Medical Grant to a Health Reimbursement Arrangement**

1. **Effective on June 16, 2023, a Health Reimbursement Arrangement (HRA) will be made available for current and future employees in this bargaining unit. The County and the HRA administrator, with the oversight of the HRA Advisory Committee, shall administer the program subject to the requirements set forth in the County Health Reimbursement Arrangement Plan Document.**

2. **The County will contribute to each employee’s HRA effective the pay period beginning on June 16, 2023, $60.00 per pay period for each full time employee and $30.00 for each part time employee (scheduled to work at least 40 hours per pay period) and the County contribution will be increased by 2.5% annually each first full pay period beginning July 2024.**

Section 7. **Reopeners**

A. **Reopener as a Result of the ACA**

The County and the Union agree to reopen negotiations on this Article and other Articles which are directly affected by the implementation of the Patient Protection and Affordable Care Act (ACA).

B. **Reopener on Retiree Medical**

The County may reopen negotiations on the Retiree Medical Plan (see Section 6, above) during the term of this MOU.

All other terms and conditions contained in the 2019-2023 Memoranda of Understanding executed between the County and IUOE not specifically amended by this Side Letter Agreement shall remain unchanged by this Side Letter Agreement.

Tentative Agreement
Between the County of Orange ("County")
And
Teamsters Local 952 ("Teamsters")

June 2, 2023

The County and Teamsters tentatively agree to the following terms. Unless otherwise specified, all provisions are effective June 16, 2023.

1. Freeze Retiree Medical Grant and Transition to a Health Reimbursement Arrangement (HRA)

   a. Freeze Retiree Medical Grant

      At the date of the transition, employees shall select one of the following two options:

      i. Continue participation in the frozen Retiree Medical Grant, or

      ii. Opt-out of the Retiree Medical Grant and receive a cash value for the Retiree Medical Grant contributed to their HRA.

      At date of transition the Retiree Medical Grant shall be frozen. Employees who continue participation in the Grant shall not accrue additional service hours towards eligibility for the Retiree Medical Grant. All employees with one or more years of qualified service, as of the effective date, shall be eligible for the frozen Retiree Medical Grant. The annual Cost of Living Adjustments (COLA) and age adjustment (+/- 7.5%) will be eliminated. The 50% grant reduction for retirees eligible for Medicare will remain.

      This agreement does not eliminate the requirement that retirees must enroll in Medicare at the age they are eligible to qualify for the Grant.

      At date of transition, employees who choose to opt out of the Retiree Medical Grant shall receive a cash value for their grant of $855.00 for each full year of qualified service contributed to the employee's HRA. The opt-out value will not be limited to a 25-year cap.

   b. Transition to Health Reimbursement Arrangement (HRA)

      For employees represented by Teamsters, restructure the Retiree Medical Grant Plan and modify the County's existing HRA defined contribution plan to replace the Retiree Medical Grant Plan for new employees and to supplement the current employees' frozen Retiree Medical Grant or Retiree Medical Grant cash out to the HRA. The HRA is a retiree health
benefit that provides tax-free reimbursement for any qualified medical expense.

For each employee enrolled in the County sponsored HRA, the County will contribute $60.00 per pay period commencing June 16, 2023, increased 2.5% annually each first full pay period in July, beginning July 2024.

SIDE LETTER AGREEMENT TO THE 2019-2023 COUNTY MEMORANDA OF UNDERSTANDING BETWEEN THE COUNTY OF ORANGE AND TEAMSTERS LOCAL 952

This document serves as a Side Letter Agreement modifying the 2019-2023 County Memoranda of Understanding ("MOUs") between the County of Orange ("County") and the Teamsters Local 952 ("Teamsters").

This agreement modifies the provisions in Article XIX (Insurance), Section 3 of the MOU as provided below. This side letter shall be effective upon approval of the County of Orange Board of Supervisors.

Section 3. Retiree Medical Plan

A. Retiree Medical Grant

Effective the pay period beginning on June 16, 2023, the Retiree Medical Grant benefits shall be frozen. Employees shall not accumulate additional service hours or credit toward eligibility for the Retiree Medical Grant as of June 16, 2023. Cost of living adjustments (COLAs) and age adjustments, other than the 50% grant reduction at age 65 for retirees eligible for Medicare, shall cease for employees retiring effective on or after June 16, 2023.

1. Effective August 1, 1993, and as amended by the Board of Supervisors, the County implemented a Retiree Medical Plan ("the Plan") for employees who have retired from County service and who meet certain eligibility requirements of the Plan. The plan does not create any vested rights to the benefits on the part of any employee, retiree, or any other person.

2. The County will: (a) fund the cost of the Plan; and (b) establish a trust to administer the Plan.

3. Upon paid County retirement, if eligible retiree shall receive a Retiree Medical Grant (Grant). The Grant may be applied only towards the cost of retiree and dependent coverage in a County-offered health insurance plan and/or Medicare premiums as provided below.

a. Upon implement of the Plan, for eligible retirees the Grant shall be an amount based on ten dollars ($10.00) per month for each full year of credited service in an Eligible Classification up to a maximum of twenty-five (25) years. In each fiscal year, the amount of such Grant shall be adjusted by the average percentage increase or decrease in County health plan premiums no later than the effective dates of such changes, not to exceed three percent (3%) per year. In no case shall the Grant exceed the actual cost of the health insurance and/or
Medicare premiums. The adjustments to the Grant (COLAs) based on changes to health plan premiums as referenced in this section will cease to apply for eligible retirees who retire effective on or after June 16, 2023.

b. The Grant will be adjusted as follows:

1. The Grant will be reduced by seven and one-half percent (7.5%) per year for each year of age of the employee less than sixty (60), based upon the employee’s age on the date when the employee takes active retirement from OCERS. For the purpose of deferred retirement, the date on which the deferred retiree takes active retirement from OCERS will be deemed the retirement date. This provision will cease to apply for eligible retirees retiring effective on or after June 16, 2023.

2. The Grant will be increased by seven and one-half percent (7.5%) per year for each year of age the employee is greater than age sixty (60), based upon the employee’s age on the date when the employee takes active retirement from OCERS. For the purposes of the Grant increase, no years of age after age seventy (70) will be considered. For the purpose of deferred retirement, the date on which the deferred retiree takes active retirement from OCERS will be deemed the retirement date. This provision will cease to apply for eligible retirees effective on or after June 16, 2023.

4. The Grant for all eligible retirees (including retirees on disability) and surviving dependents will be reduced by fifty percent (50%) the first (1st) day of the month the retiree or surviving dependent becomes eligible for both Medicare Part A (without paying a premium) and Medicare Part B or immediately if the retiring employee is eligible for Medicare Part A (without paying a premium) and Medicare Part B, as of the date of retirement. This provision does not apply to a retiree or surviving dependent eligible for the Grant who has attained age sixty-five (65) on or prior to October 24, 2006 and is eligible for both Medicare Part A (without paying a premium) and Medicare Part B.

c. All current employees who become eligible for a Grant shall be provided a one (1) time opportunity of thirty (30) days to enroll in a
County offered retiree health plan or elect to temporarily opt out of retiree health from the date they retire. Should a retiree fail to make an election to temporarily opt out or enroll during the aforementioned thirty (30) day period or should he or she terminate coverage or fail to make necessary payments, the retiree and dependents shall forfeit any right to a Grant, if eligible, and enrollment in a County offered retiree health plan.

B. During the term of this MOU, by mutual written agreement, the County and the Teamsters Local 952 may reopen negotiations to discuss a transition from current Retiree Medical Grant to a Healthcare Reimbursement Arrangement or another alternative for retiree medical coverage.

C. Eligibility Requirements for Retiree Medical Grant

1. Retiree must be actively retired from the County of Orange and receiving a monthly retirement allowance from the Orange County Employees Retirement System (OCERS). New employees hired on or after June 16, 2023 are not eligible for the Grant.

Employees who were employed by the County and who retire on or before June 15, 2023 with at least 10 or more years of credited service as defined under the Retiree Medical Plan Document, shall be eligible for the Grant. Employees who are employed by the County and who retire on or after June 16, 2023 with one or more full years of credited service, as defined under the Retiree Medical Plan Document, shall have the option to elect to keep their Grant, if otherwise eligible under the Retiree Medical Plan Document, or have the County make a contribution to the County Health Reimbursement Arrangement (HRA) based on their full years of credited service. The County contribution to the HRA will be made as soon as administratively feasible on or after June 16, 2023. If an employee retires before June 16, 2023, the employee may only receive the Grant, if otherwise eligible under the Retiree Medical Plan Document, and will not be eligible to elect to receive the County HRA contribution.

The County contribution to the HRA will be $855 for each full year of credited service, as defined under the Retiree Medical Plan Document. There will be no County contribution for partial credited years of service.

Any employee who elects to keep their Grant shall have the value of their Grant calculated based upon the credited years of service, as defined under the Retiree Medical Plan Document, up to a maximum of 25 years. Any employee whose years of credited service is greater than 25 shall receive $855 per each full year of eligible service beyond the 25-year cap contributed by the County to the HRA.
2. Retiree must have retired with at least ten (10) years of credited County service except as provided in C.2.a.,b.,c., and d. below:

a. A retiree who receives a service-connected disability retirement pension under OCERS effective before June 16, 2023 shall be eligible for a Grant equal to either ten (10) years of service or actual years of credited County service, whichever is greater.

b. A retiree with a minimum of five (5) years of credited County service who receives a non-service connected disability retirement pension under OCERS effective before June 16, 2023 shall be eligible for a Grant based on actual years of credited County service. An employee with less than five (5) years of credited County service who receives a non-service connected disability retirement pension under OCERS shall not be eligible for a Grant.

c. A separated employee with fewer than ten (10) years of credited County service or is under normal retirement age and has requested a service or non-service connected disability retirement pension under OCERS shall not be eligible to receive either the Retiree Medical Grant or the Lump Sum benefit until a determination of disability status is made by the Orange County Board of Retirement.

d. A separated employee who receives a Lump Sum benefit pursuant to this Section shall be ineligible for the Grant if, at a later date, the Orange County Board of Retirement grants a disability retirement.

3. All eligible retirees and enrolled dependents who are age sixty-five (65) or older must be enrolled in Medicare Part B in order to be eligible for the Grant. All eligible retirees and dependents who are entitled to Medicare Part A coverage without a premium must be enrolled in Medicare Part A to be eligible to receive the Grant.

4. Deferred Retirement

a. An employee who, upon separation from County service, is eligible for paid retirement and elects deferred retirement must defer participation in the Grant until such time as he or she becomes an active retiree. For employees who defer retirement, the terms and conditions governing the Grant are based on the provisions in place at the time of the employee elects to retire.
b. An employee who is not eligible for paid retirement at the time he or she separates from the County service and elects deferred retirement status shall not become eligible for participation in the Grant.

5. For purposes of this Section, a full year of credited service shall be based upon those regular hours the employee worked for the County as a regular, limited-term and/or probationary employee. Two thousand eighty (2,080) regular hours, exclusive of overtime, shall equal one (1) full year of service. Hours of service performed in periods before August 1, 1993 shall be counted toward credited service only if the Employee is continuously employed by the County from August 1, 1993 until his or her retirement.

D. Retiree Medical Plan Lump Sum; Termination; Phase Out

1. An employee who was employed by the County prior to October 24, 2006 and who separates from County service prior to meeting the eligibility requirements for the Grant shall receive a lump sum (Lump Sum benefit) cash payment in accordance with 2. below. The Plan Lump Sum benefit is terminated for all new County employees hired on or after October 24, 2006.

2. An employee who is employed by the County prior to June 23, 2006, who thereafter separates from the County and who does not qualify for a Grant shall receive a Lump Sum benefit equal to one percent (1%) of his or her final average hourly compensation multiplied by his or her qualified hours of service after August 1, 1993 and prior to June 23, 2006. The final average hourly rate shall be calculated on base salary over the six thousand two hundred forty (6,240) regularly paid hours immediately preceding June 23, 2006.

3. Receipt of the Grant shall permanently revoke any claim to a Lump Sum benefit even if the retiree subsequently terminates participation in a County-offered health plan and/or Grant. Receipt of the Lump Sum benefit shall permanently revoke any claim to the Grant.

E. Survivor Benefits

1. A surviving dependent of a retiree who was eligible to receive a Grant, as state above in A through C, and who qualifies for a monthly retirement allowance shall be eligible for fifty percent (50%) of the Grant authorized for the retiree.
2. A surviving eligible retiree who qualifies for a monthly retirement allowance who was married to a retiree who was also eligible for a Grant shall receive the survivor benefit described in Section D.1., above, or his or her own Grant, whichever is greater. Such retiree shall not be eligible for both Grants.

F. Opt-Out of Retiree Medical Grant and Transition to a Health Reimbursement Arrangement (HRA)

Effective June 16, 2023, employees who choose to opt out of the Retiree Medical Grant shall receive a value for their grant of $855.00 for each full year of qualified service contributed to the employee’s HRA. The opt-out value will not be limited to a 25-year cap.

G. Transition from County Retiree Medical Grant to a Health Reimbursement Arrangement

1. Effective on June 16, 2023, a Health Reimbursement Arrangement (HRA) will be made available for current and future employees in this bargaining unit. The County and the HRA administrator, with the oversight of the HRA Advisory Committee, shall administer the program subject to the requirements set forth in the County Health Reimbursement Arrangement Plan Document.

2. The County will contribute to each employee’s HRA effective the pay period beginning on June 16, 2023, $60.00 per pay period for each full time employee and $30.00 for each part time employee (scheduled to work at least 40 hours per pay period) and the County contribution will be increased by 2.5% annually each first full pay period beginning July 2024.

Section 6. Reopeners

A. Reopener as a Result of the ACA

The County may reopen negotiations on this Article and other provisions of the MOU (eg., Flexible Spending Accounts in Article XX), for purposes of addressing issues resulting from the implementation of the Patient Protection and Affordable Care Act (ACA), including but not limited to, the potential impact of the Excise Tax (commonly known as the “Cadillac Tax”) on high cost employer-sponsored health coverage. Federal administrative agencies have not yet issued definitive guidance regarding the Excise Tax which is expected to begin in 2020.

B. Reopener on Retiree Health

The County may reopen negotiations on the retiree health program (See Section 3., above) during the term of this MOU, only on the issue of any
potential impact of any proposed tax resulting from the implementation of the Patient Protection and Affordable Care Act (ACA). The elimination of a Retiree Health Benefit is not contemplated by this reopener.

All other terms and conditions contained in the 2019-2023 Memoranda of Understanding executed between the County and Teamsters not specifically amended by this Side Letter Agreement shall remain unchanged by this Side Letter Agreement.

RECOMMENDED ACTION(S)
Authorize the County Procurement Office or Deputized designee to execute Contract with Gartner, Inc., a Delaware Corporation for consulting services for Case Management System for the term of July 1, 2023, through June 30, 2024, in the not to exceed amount of $490,000.

SUMMARY:
Approval of this Contract with Gartner, Inc., a Delaware Corporation for consulting services will allow the District Attorney to analyze its current Case Management System and provide recommendation for modernization.

BACKGROUND INFORMATION:
The Orange County District Attorney (DA) requires a consultant to analyze its current Case Management System (CMS). Gartner, Inc., a Delaware Corporation (Gartner, Inc.) will provide mission-critical IT consulting services to the DA's Office, which will involve analyzing the existing CMS and make technical recommendations for soliciting for a newer solution or making improvements to the existing system. The
recommendations may be included in a future solicitation for a qualified vendor (not Gartner, Inc. or its affiliated companies) to replace the existing CMS system with a newer solution, as appropriate.

The DA utilizes a computerized CMS, originally developed in-house beginning in the mid-1990’s. DA information technology internal staff have continuously re-designed, upgraded and currently support the CMS system. The department seeks to improve or replace the system to improve capabilities aligned with the following five objectives:

1. Transition to digital case files.
2. Ability to respond to legislative mandates.
3. Long-term flexibility.
4. Facilitation of data driven decisions across the organization.
5. Increase transparency and accountability.

As to Item No. 2 referenced in the list above, AB 2418 (2022) provides that, beginning March 1, 2027, every District Attorney statewide shall collect 54 specified data elements for cases in which a decision to reject charges or to initiate criminal proceedings by way of complaint or indictment has been made by that agency from that date forward. Most of those data elements will likely be subject to production under the Public Records Act after March 1, 2027. The DA must be in compliance with AB 2418 and its deadlines. The current case management system must be replaced or significantly upgraded to ensure the District Attorney’s ability to comply with AB 2418 (2022).

Furthermore, replacement of the case management system will assist the DA in managing ever-increasing discovery and records production demands. Increased use of digital and video records in criminal proceedings requires a state-of-the-art case management system that can work efficiently for the DA, his prosecutors, and his investigators in a digital record environment for the foreseeable future.

The proposed Contract/Agreement is a sole source contract/agreement. Gartner’s Public Safety and Justice Practice provides a dedicated focus on Prosecution, Courts, Law Enforcement, and Corrections organizations. They have supported over 100 industry clients over the last decade and developed a deep understanding of the unique challenges faced by criminal justice agencies. Gartner has provided similar services to some of the largest prosecutorial offices in the nation including New York City, and specifically some of the largest counties in California with a similar critical need in modernizing each of their legacy Case Management Systems (i.e., Ventura County, Santa Clara County, San Diego County District Attorney, LA County District Attorney, and LA County Public Defender). Many of those were custom-built in decades prior, thus having similar complex nuances. This experience and expertise make them uniquely qualified for this project.

Gartner, Inc. will provide only consulting services and neither it nor its affiliates will be bidding on a future solicitation for the development, upgrade or maintenance of a new case management system. Having an expert consultant is critical to ensuring all who might be qualified to develop and maintain a future case management system are available and not legally disqualified from submitting proposals for the DA’s future needs.

This new sole source contract with Gartner, Inc. contains a modified Indemnification provision and also the addition of a Limitation of Liability. The County Executive Office/Risk Management has reviewed and approved these modified terms. A Risk Assessment or Modification of Terms Form is attached as Attachment B.
The Contractor’s performance on other projects has been confirmed as at least satisfactory. The DA has verified there are no concerns that must be addressed with respect to Contractor’s ownership/name, litigation status or conflicts with County interests. The Orange County Preference Policy is not applicable to this Contract.

Subcontractors
This Contract does not currently include subcontractors or pass through to other providers. See Attachment C for Contract Summary Form.

This Contract is being presented to the Board with less than 30 days prior to the commencement of the Contract due to the critical nature of these services that the agency needs to have started on July 1, 2023.

FINANCIAL IMPACT:
Appropriations for this Contract are included in the District Attorney’s FY 2023-24 Budget for Budget Control 026 and will be included in the budgeting process for future years as needed. This Contract contains language allowing the District Attorney to terminate the Contract or reduce the level of service without penalty with cause or without cause in the event that funding is reduced and/or not available to continue with funding the Contract.

Contractor will not indemnify County however, if the claim of infringement is caused by (1) County’s misuse or modification of the Deliverable; (2) County’s failure to use corrections or enhancements made available by Contractor; (3) County’s use of the Deliverable in combination with any product or information not owned or developed by Contractor (4) Information direction, specification or materials provided by County. Contractor acknowledges that a violation of this provision shall subject Contractor to penalties pursuant to Section 1741 of the California Labor Code.

K. Termination: In addition to any other remedies or rights it may have by law, County has the right to immediately terminate this Contract without penalty for cause or after 30 days’ written notice without cause, unless otherwise specified. Cause shall be defined as any material breach of contract, any misrepresentation or fraud on the part of the Contractor. Exercise by County of its right to terminate the Contract shall relieve County of all further obligation.

L. Consent to Breach Not Waiver: No term or provision of this Contract shall be deemed waived and no breach excused, unless such waiver or consent shall be in writing and signed by the party claimed to have waived or consented. Any consent by any party to, or waiver of, a breach by the other, whether express or implied, shall not constitute consent to, waiver of, or excuse for any other different or subsequent breach.

Engagement # 330082541
Orange County
District Attorney's Office
Proposal for Modernizing
OCDA's Case Management System
Presented by Gartner, Inc.
March 31, 2023

Gartner Engagement #: 330082541
Our Understanding of OCDA's Needs

Background

- The Orange County District Attorney’s Office (OCDA) has over 1,000 employees including approximately 250 prosecutors and 280 investigators serving the fifth largest county in the nation and third largest in California. OCDA prosecutes cases at all levels including misdemeanors and felonies. The DA’s core mission includes prosecutorial responsibilities as well as protection of victims and crime prevention.

- The DA utilizes a custom developed Case Management System (CMS). DA Information Technology Division staff built and support the CMS which is implemented in Java with a separate .NET Direction for Complaint application serving law enforcement. The system includes a MS-SQL database and has limited integration capabilities primarily with the Superior Court Vision CMS.

- While the existing CMS is a stable application reported to adequately serve core OCDA case management needs, the Department seeks improvements in its case management capabilities aligned the following four objectives:
  - Transition to digital case files
  - Ability to respond to legislative mandates
  - Long-term flexibility
  - Facilitation of data driven decisions across the organization

- The DA seeks an assessment and recommendations to determine options for modernization and/or replacement of the legacy CMS

Gartner’s Response

- Gartner’s Public Safety and Justice Practice provides a dedicated focus on prosecution, courts, law enforcement, and corrections organizations. We have supported over 100 industry clients over the last decade and developed a deep understanding of the unique challenges faced by criminal justice agencies.

- Gartner proposes two phases to support OCDA including:

  - Phase 1 – Support OCDA through the development of a sourcing strategy to facilitate selection of a target state CMS architecture supported by a long-term vision and guiding principles. The strategy will objectively assess people, process and technology impacts across multiple CMS solution alternatives. The strategy will identify actionable recommendations for soliciting vendor proposals aligned with the strategy and OCDA objectives. Key tasks to develop the strategy include:
    - Establishing engagement context and confirming assessment framework
    - Current State Assessment inclusive of CMS operational and technical capabilities, limitations, challenges, and opportunities for improvement
    - Assessment of target state alternatives including strengths, weaknesses, challenges, and limitations; gain consensus on target state architecture
    - Sourcing strategy with actionable recommendations and a roadmap based on OCDA prioritizations

  - Phase 2 – Support OCDA in the development of detailed system requirements and high-level process flows that can support the selection and contracting of a vendor to provide the future solution.
Gartner Engagement Objectives and Scope

Four high-level phases as illustrated below will be necessary for OCDA to establish its case management system modernization approach and select a vendor for the implementation. OCDA has selected Gartner to initially support Phase 1: Sourcing Strategy and Phase 2: Detailed Requirements.

The scope and detailed tasks for subsequent phases will in part be determined by the Phase 1 Sourcing Strategy. While those subsequent phases are not included in the scope of this Statement of Work, Gartner looks forward to working with OCDA to finalize scope and support those subsequent phases if so directed by OCDA.

Phase 1: Sourcing Strategy 14 Weeks
Phase 2: Detailed Requirements 10 Weeks
Phase 3: Solicitation Development ~12-16 Weeks
Phase 4: Procurement Negotiation Support ~12-16 Weeks

Assumptions

OCDA Participation

The deliverables, schedule and pricing in this Proposal are based on the following assumptions:

OCDA Participation

- OCDA will designate a project manager to act as the primary point of contact for this engagement. OCDA's project manager will be expected to work closely with the Gartner employees as needed and will: (a) approve priorities, detailed step plans and schedules; (b) facilitate the scheduling of Gartner interviews with appropriate client personnel; (c) notify Gartner in writing of any engagement or performance issues; and (d) assist in resolving issues that may arise.

- The work effort described in this Proposal assumes OCDA personnel are available to assist in the manner defined in this Proposal. If OCDA personnel are not available, a change of scope may be necessary.

- OCDA will review and approve all documents required to facilitate project execution (collectively "Project Documents") within <# of days> business days. If no formal approval or rejection is received within this time frame, the Project Documents are considered to be accepted by OCDA to facilitate drafting of each Deliverable. All Deliverables, provided by Gartner to Client shall be deemed to be accepted within 5 days of receipt by Client unless Gartner receives written notice of non-acceptance within 5 days after their delivery.

- OCDA will schedule OCDA resources for engagement activities and provide meeting facilities, as necessary.

- OCDA personnel will be available per the final project schedule.

- Gartner will formally capture feedback on your overall experience via our client survey. This allows us to quantify our performance on this engagement and achieve a culture of continuous improvement of process and best practice.
Assumptions
Data Collection and Key Personnel

- All data collection and interviews/workshops will take place via videoconferencing unless otherwise stated in this Statement of Work. Gartner is available to be on-site for:
  - 1 week to conduct in person current state workshops,
  - 1 day to provide executive briefing of sourcing strategy,

- Resumes/biographies of key personnel provided in this Proposal are included solely for illustrative purposes and do not indicate the commitment of a specific named associate. Upon signing of a contract, we will identify those associates with the appropriate skills and background to deliver fully on the undertakings defined in the Proposal.
- If unforeseen circumstances require the replacement of an associate on an engagement, Gartner will inform OCDA as soon as reasonably possible and substitute appropriate associates with comparable skills.
- Gartner associates identified as Account Executive(s) are not billed for as part of project pricing. Their guidance and support represent a significant value-add to the engagement.

Assembly Bill No. 2418

CHAPTER 787

An act to add Article 9 (commencing with Section 13370) to Chapter 2 of Title 3 of Part 4 of the Penal Code, relating to crimes.

[Approved by Governor September 29, 2022. Filed with Secretary of State September 29, 2022.]

LEGISLATIVE COUNSEL'S DIGEST

Existing law requires the Department of Justice to compile criminal offender record information, defined as the records and data compiled by criminal justice agencies, for purposes of identifying criminal offenders and of maintaining as to each offender a summary of certain information, including arrests, pretrial proceedings, sentencing, and release. Existing law requires a reporting agency to report specified information to the department concerning each arrest, including applicable identification and arrest data, as specified. Existing law requires the superior court that disposes of a case for which an arrest was made to report specified data to the department, including the disposition of the case and specified data elements.

This bill would require state and local prosecution offices to collect and transmit data elements, as defined, for each criminal case to the department, including, but not limited to, data about basic case information of each case, including the case number and the date of the crime and arrest, data about the charges, including each charge, enhancement, and special circumstance filed, data about the initial appearance, custody, and bail, including the date of the initial appearance and bail set, whether defendant posted bail, and the date of release from custody, data about plea bargains, including the date and the terms, data about diversion and collaborative court programs, including whether the defendant was offered a diversion program, whether the defendant was eligible for a collaborative court program, and whether there was opposition by the prosecuting agency for either program, data about the case disposition and postconviction proceedings, and data about the victim and the defendant charged. The bill would also require the department to collect specified data, including the number of prior felony arrests and convictions of a defendant.

The bill would require the department to be responsible for collecting data elements from agencies, as specified, and aggregating, as specified, these data elements by, including, but not limited to, developing consistent definitions and formats for data elements and providing consistent and clear guidelines to agencies transmitting data elements to the department.
The bill would, beginning March 1, 2027, require every agency to collect data elements for cases in which a decision to reject charges or to initiate criminal proceedings by way of complaint or indictment has been made by that agency from that date forward. The bill would, beginning June 1, 2027, require every agency to begin transmitting data elements to the department with this transmission occurring on a quarterly basis until June 1, 2028, after which data elements are transmitted monthly. The bill would authorize the department to require any agency to transmit data before any deadline for specified reasons, including quality control purposes and compliance with standardized formats.

The bill would require the department, by October 1, 2023, to establish the Prosecutorial Transparency Advisory Board for the purpose of ensuring transparency, accountability, and equitable access to prosecutorial data. The bill would require specified individuals and representatives of specified organizations, or their designees, including the Attorney General, the president of the California Public Defenders Association, a university professor who specializes in criminal justice data, and 2 individuals who have direct experience being prosecuted in the criminal legal system, to serve on the board. The bill would require the board to provide guidance to the department on draft rules, regulations, policies, plans, reports, and other decisions made by the department. The bill would require the department, by July 1, 2024, in consultation with the Prosecutorial Transparency Advisory Board, to develop a data dictionary that includes standardized definitions for each data element.

The bill would require the department, beginning June 1, 2027, to begin collecting data elements from all agencies statewide and to aggregate data from all agencies and publish this data by June 1, 2028, with the publication continuing on a quarterly basis for one year and then on a monthly basis thereafter.

The bill would create an exception for the data provided by the agencies to the department to any sealing or expungement of a case, as specified, or any rule of confidentiality or otherwise prohibiting disclosure provided by law.

The bill would make the operation of its provisions contingent upon an adequate appropriation by the Legislature, as specified.

Existing constitutional provisions require that a statute that limits the right of access to the meetings of public bodies or the writings of public officials and agencies be adopted with findings demonstrating the interest protected by the limitation and the need for protecting that interest.

This bill would make legislative findings to that effect.

By imposing additional duties on local agencies, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement
for those costs shall be made pursuant to the statutory provisions noted above.

The people of the State of California do enact as follows:

SECTION 1. Article 9 (commencing with Section 13370) is added to Chapter 2 of Title 3 of Part 4 of the Penal Code, to read:

Article 9. Justice Data Accountability and Transparency Act

13370. (a) (1) It is the intent of the Legislature to create a workable system of criminal justice data transparency whereby law enforcement prosecution agencies will gather complete, accurate, and timely data in a uniform format, and make that data available to the public in a modern, open, electronic format that is machine-readable and readily accessible through an application program interface. In order that meaningful discussions can occur regarding criminal justice and its most challenging issues, including those regarding criminal caseloads, plea bargaining, race, mass incarceration, equity, and homelessness, the Legislature finds that it is an important state interest to implement a data collection, aggregation, and publishing process for criminal prosecutions to promote criminal justice data transparency. This data would be comprised of publishable statistics and other data from statewide prosecution offices. This section shall be referred to as the Justice Data Accountability and Transparency Act, “the Act,” or “JDATA.”

(2) It is the intent of the Legislature to create a reliable and robust methodology that is consistent county-to-county so that statewide data and trends may be accurately tracked. Further, the legislation shall set low technological and resource barriers so that every affected office may meaningfully participate to the fullest intent of this article.

(3) The expediency and accuracy of the data is best served by the Department of Justice as a single data aggregator and repository unit. The participation of the department as the final point of collection, aggregation, and publishing of this data is more efficient, will ensure the uniformity and accuracy of the data, and, by providing the technological resources and aggregation and publication of all data, will allow offices that lack adequate technology or resources to comply with the mandate. As used in this paragraph, technological resources means providing the basic systems and support necessary to receive the case data described in this article in standard formats from prosecution agencies statewide and aggregate that data using appropriate means developed by the department, and then publish the data in a format that will allow users to easily navigate and access the data they require, for example, on an internet website.

(b) (1) The department shall have the following objectives and mandate:

(A) Collection of the data described in subdivision (e), hereinafter referred to as data elements, within the timeframes described in this section from all
state and local prosecutor offices that prosecute misdemeanors or felonies or both, including county district attorney offices, city attorney offices, and the Attorney General, hereinafter referred to as agencies. Collection of data elements includes providing cooperation and assistance to participating agencies and developing consistent and clear guidelines for how agencies are to define data elements transmitted to the department. The department shall develop consistent definitions and formats for data elements to ensure success of comparing metrics created using said data elements between jurisdictions.

(B) Transmission of data elements, defined as the method designated by the department for the participating agency to provide collected data elements to the department.

(C) Aggregation of data elements, defined as collecting data elements gathered from multiple agencies in such a way that they can support metrics, defined as the combination of data elements used to track outcomes on any given process or decision point, developed by the department, that may be compared between jurisdictions.

(D) Development of metrics, defined as using industry-appropriate methods and technology and cooperation with participating agencies to create accurate, actionable, and digestible metrics using data elements submitted by the agencies. The methods implemented must ensure that the metrics developed can be compared between jurisdictions.

(E) Consistent with subdivision (g), publication of metrics, defined as using appropriate technology, methods, and interface design to make metrics available to the public, which may include the use of web publishing, the use of interactive portals or other applications to not only display metrics, but to allow metrics to be compared and filtered so that each metric may be analyzed and dissected by multiple factors, including other metrics and filters including, but not limited to, defendant, victim, and case characteristics. This publication shall be made using a modern, open, and electronic format, such as comma-separated values (CSV) or similar file format, that will allow the user to download the data sets and conduct their own analyses. The public interface for metrics shall also make raw, case-level data available for download so that independent analyses can be conducted using the data. The department shall also ensure that personal identifying information is not published except as allowed by law, and the use of anonymized data may be employed for this purpose.

(F) By October 1, 2023, the department shall establish the Prosecutorial Transparency Advisory Board for the purpose of ensuring transparency, accountability, and equitable access to prosecutorial data. The primary responsibilities of the board shall be providing guidance to the department on any and all draft rules, regulations, policies, plans, reports, or other decisions made by the department in regard to this Act. The board shall include the following members:

(i) The Attorney General, or their designee.

(ii) The president of the California Public Defenders Association, or their designee, who shall consult with other members of the California Public
Defenders Association to represent the geographic, population, and county size diversity of the state.

(iii) The president of the California District Attorneys Association, or their designee, who shall consult with other members of the California District Attorneys Association to represent the geographic, population, and county size diversity of the state.

(iv) An advisory committee member of the Prosecutors Alliance of California, or their designee, who shall consult with other advisory committee members and members of the Prosecutors Alliance of California to represent the geographic, population, and county size diversity of the state.

(v) The chairperson of the Committee on Revision of the Penal Code, or their designee.

(vi) A university professor who specializes in criminal justice data.

(vii) A data scientist who specializes in criminal justice data.

(viii) Two representatives of human or civil rights tax-exempt organizations who specialize in civil or human rights.

(ix) Two representatives of community organizations who specialize in civil or human rights and criminal justice.

(x) Two representatives of tax-exempt organizations who specialize in criminal justice data.

(xi) Two individuals who have direct experience being prosecuted in the state’s criminal legal system.

(xii) Two individuals who have direct experience being a victim of a crime or the spouse, parents, children, siblings, or guardian of a crime victim, if the victim is deceased, a minor, or physically or psychologically incapacitated.

(xiii) Two representatives of organizations that provide services to crime victims.

(G) (i) By July 1, 2024, the department, in consultation with the Prosecutorial Transparency Advisory Board, shall develop a data dictionary that includes standardized definitions for each data element in subdivision (e) so that data elements transmitted to the department are uniform across all jurisdictions, taking into account any technical and practical limitations on the collection of that data element.

(ii) Upon completion of the data dictionary, the department shall share the data dictionary with all agencies statewide.

(2) The department shall assess and develop its capabilities in carrying out its functions using the following guidelines. The department shall do all of the following in carrying out its objectives and mandate:

(A) Use standardized practices in developing web pages, using what is commonly referred to as open web standards or standard best practices such as those recommendations published by the World Wide Web Consortium (W3C) or those published by the International Organization for Standardization (ISO).

(B) Employ appropriate security measures and best practices for data elements transmitted and stored to account for personal identifying
information and other sensitive information as governed by state and federal law. These processes shall include the remote backing-up of all data, including data elements and metrics, as well as the logging and detection of data-related events.

Memorandum

June 16, 2023

To: Clerk of the Board of Supervisors
From: Frank Kim, County Executive Officer
Subject: Exception to Rule 21

The Executive County Office is requesting a Supplemental Agenda Staff Report for the June 27, 2023, Board Hearing.

Agency: County Executive Office
Subject: Lease with 1001 S. Grand, LLC
Districts: 2

Reason Item is Supplemental: This ASR is supplemental because the landlord suddenly changed directions after four years of good faith negotiations for a long-term lease renewal. Landlord recently informed County that he would only agree to a one-year extension.

Justification: This Agenda Staff Report and attachments were finalized after the filing deadline to the Clerk of the Board. Because of the landlord's unpredictability and the necessary time it will take to finalize a new location, it would be in the best interest of the Board of Supervisors to approve and execute this amendment on June 27, 2023.

SUMMARY:

Approve a one-year lease extension with 1001 S. Grand Avenue, LLC for the continued occupancy of 1001 S. Grand Avenue, Santa Ana to operate the Central Orange County Youth Reporting Center and to house the Probation Department's Training and Volunteer Services functions.

BACKGROUND INFORMATION:

On July 10, 1998, The Probation Department (Probation) and 1001 S. Grand Avenue, LLC (Lessor) entered into a ten-year lease (Lease) for approximately 28,948 rentable square feet of office and classroom space at 1001 S. Grand Avenue, Santa Ana (Premises), to house Probation's Accounting and Training functions, and to operate the Central Orange County Youth Reporting Center (CYRC). The lease was renewed for five years on October 7, 2008, and was renewed for an additional five years on August 12, 2014. The current Lease expired on August 31, 2019, and is currently in holdover. Now, Probation requests approval of a one-year Lease extension for the Premises (First Amendment).

The Premises includes nine parking spaces per 1,000 square feet of space (260 spaces); a typical office building comes with four parking spaces per 1,000 square feet. Due to the ample on-site parking, the County has constructed a 32-space, fenced parking area to provide secure, overnight parking for County vehicles, helping to alleviate the tight parking conditions at Juvenile Hall. Probation has also placed a modular building on site to serve as a fifth training room for staff.

The Lessor recently completed approximately $200,000 worth of interior and exterior refurbishment including replacement of carpeting and vinyl flooring, repainting of the interior of the Premises, repair and slurry of the parking lot, and other necessary miscellaneous repairs.

Probation has been in direct negotiations with Lessor to renew the Lease, however, the Lessor recently changed direction and no longer wishes to execute a long-term Lease extension with the County, however, has agreed to a one-year extension. Upon expiration of this First Amendment, Probation will need to relocate. This one-year extension will provide adequate time to for Probation to identify and complete a new lease at the new location. Probation is currently working with CEO Real Estate and are in negotiations on three potential new buildings.

The County has enjoyed the same fixed rental rate of $47,931 for the Premises since 2018, without any subsequent adjustments and/or CPI increases since the Lease term expiration. The monthly rent for the proposed one-year Lease extension is $53,682 ($1.85/RSF.) per month until January 1, 2024, when the rent will increase to $58,000 ($2.00/RSF) per month. The County pays for utilities, janitorial services and supplies and landscaping services. The proposed rental rate is well below the current market rate for facilities with similar uses. There is no option for County to terminate the Lease during this one-year extension. Additional terms and conditions of the First Amendment are included in the attached Lease Summary.

CEQA Compliance: The proposed project is Categorically Exempt (Class 1) from the provisions of CEQA pursuant to Section 15301, because it involves a lease amendment for continued occupancy and operation of probation services in an existing facility with no expansion of use beyond that already existing.
FINANCIAL IMPACT:
Appropriations for the First Amendment are included in the FY 2023-24 Budget. The Lease agreement contains language whereby the County's obligation to pay rent is contingent upon the availability of County funds which are appropriated or allocated by County's Board of Supervisors.

- When completed, save and include as an Attachment to your ASR.
- In the body of the ASR focus on the considerations relevant to the decision.
- If you need assistance, please contact CEO Real Estate.

1. What property interest is being considered for conveyance (e.g. fee, lease, license, easement)?
   - Lease
   a) Why is this property being considered for lease, license, sale or other conveyance? This is an extension of term at Probation’s 1001 S. Grand Avenue Santa Ana offices.
   b) How and who identified this property as a potential conveyance? Probation negotiated directly with landlord before CEO Real Estate took over lease renewal negotiations in 2019.
   c) What factors are key in recommending this property for conveyance? Probation currently occupies this building and the lease rate is favorable for the County.
   d) How does the proposed conveyance fit into the County’s/District’s strategic or general plan? This is a short-term renewal, as landlord would not commit to anything longer. CEO Real Estate, JLL and Probation are in the market now to secure a long-term building alternative.
   e) What are the short and long term anticipated uses of the property? The Lease Term will expire June 30, 2024 with no options to extend.
   f) Are there any limitations on the use of the property in the conveyance documents? The County will use the property for the Central Youth Reporting Center, Accounting and Training purposes consistent with services provided by Probation or any other lawful purpose.

2. What analysis has been performed as to whether to convey the proposed real property interest?
   a) Have there been any internally or externally prepared reports regarding this property conveyance? Yes, Costar property searches were performed.
   b) Who performed the analysis? Our partnering RE brokerage, Jones Lang LaSalle.
   c) Provide details about the analysis and cost/benefit comparison. 1001 S. Grand was determined to be the best option for Probation.

3. How was the conveyance price, or lease/license rent, determined? Fair market value.
   a) Who performed the appraisal or market study and what certifications do they possess? Our partnering RE brokerage, Jones Lang LaSalle.
   b) How does the price/rent compare with comparable properties? The rent is consistent with similar Santa Ana Civic Center properties.
   c) Does the setting of the price/rent follow industry standards and best practices? Yes.
   d) What are the specific maintenance requirements and other costs within the agreement and who is responsible? Provide an estimate of the costs to the County/District if applicable. County is responsible for utilities and janitorial.

4. What additional post-conveyance remodeling or upgrade costs will be needed for the property to meet its intended use? N/A.
   a) Will any of the upgrades be required to meet County, ADA, or other standards and requirements? N/A
   b) Include estimates of the costs. N/A
   c) What entity will be responsible for the costs? N/A

5. Can the County terminate the sale/easement, lease/license? No.
a) What would be necessary to terminate the agreement and when can it be terminated? County may not terminate the lease.
b) Are there penalties to terminate the sale/easement, lease/license? N/A

6. What entity will be responsible for the payment(s)? Probation.
a) How will the funds received be used or applied? Monthly rental payments.
b) What fund number will the funds from the conveyance ultimately be deposited into? N/A.
c) If restricted funds might be created or supplemented, check with the Auditor Controller’s General Accounting Unit and Counsel if you have questions about whether restricted funds are involved.
d) If restricted funds might be created or supplemented, has County Counsel advised that the destination fund for the payment(s) is properly restricted? N/A.

7. Does the proposed sale/easement, lease/license agreement comply with the CEO Real Estate standard language? Yes.
a) List any modified clauses and reasons for modification. N/A.

8. If this is a lease, is it a straight lease, an operating agreement, a lease with an option to purchase, or a capital lease (see details below)? Straight lease.

Capital Lease Determination: At the inception of any potential capital lease, it is important to contact the Auditor-Controller’s Capital Asset Unit for further guidance to ensure proper classification and accounting for the lease occurs. There are specialized accounting rules and required forms for capital leases. See further details in the County’s Accounting Manual, Policy No. FA-1: Accounting for Lease Purchases (Capital Leases), located on the intranet. For accounting purposes only, a capital lease exists if ANY one (1) of the following four (4) criteria is met:

i) Lease transfers ownership to another party by the end of the term.
ii) Lease contains an option for the other party to purchase the property by the end of the term for a price lower than the expected fair market value of the property? (For example $1 or $1,000, and based on this option price, for accounting purposes only, the ultimate purchase of the property is deemed reasonably assured at the inception of the lease.)
iii) Lease term is equal to 75% or more of the remaining estimated useful life of the leased property.
iv) Present value of the minimum lease payments is equal to 90% or more of the fair value of the property at the inception of the lease.

*Criteria iii) and iv) don’t apply if the lease term begins in the last 25% of a property’s estimated useful life.

To validate whether a lease is a capital lease for accounting purposes, please contact the Auditor-Controller’s Capital Asset Unit at capitalassets@ac.ocgov.com.

There are three main reasons why I would like to be on the Orange County Public Financing Advisory Committee.

First, I am passionate about promoting transparency and accountability in government. I believe that a fair and transparent public financing system is essential for ensuring that all candidates have an equal opportunity to run for public office, regardless of their financial resources. Being on the Advisory Committee would allow me to contribute to the development and implementation of such a system in Orange County.

Second, I have a background in legal and budgeting, which I believe would be useful in serving on the committee. I understand the importance of responsible financial management and budgeting, and I would be able to apply this knowledge to help ensure that public funds are being used in the most effective and efficient way possible. As an advisory member of the committee, I would be able to provide recommendations and guidance based on my experience and expertise.

Third, I am committed to serving my community and making a positive difference in the lives of those around me. I believe that being on the Public Financing Advisory Committee would be an excellent way for me to contribute to my community and help ensure that our local government is working for the benefit of all its residents. By serving on the committee, I would be able to help promote fairness and transparency in the political process and ensure that public funds are being used to benefit the community as a whole.

Overall, I believe that being on the Orange County Public Financing Advisory Committee would be a valuable and rewarding experience, and I am excited about the opportunity to potentially serve in this role. I am eager to lend my skills, knowledge, and passion to this important endeavor and help contribute to a better future for our community.

June 20, 2023

To: Clerk of the Board of Supervisors

From: Frank Kim, County Executive Officer

Subject: Exception to Rule 21

The County Executive Office is requesting a Supplemental Agenda Staff Report for the June 27, 2023, Board Hearing.

Agency: Social Services Agency

Subject: Approve Contract for Welfare-to-Work Assessment Services

Districts: All

Reason Item is Supplemental: The item is supplemental due to Foster Assessment Center and Testing Services formally notifying Social Services Agency (SSA) in early May of the termination of services effective June 30, 2023. Consequently, SSA quickly negotiated a one-year interim contract with Managed Career Solutions, SPC, the second most responsive bidder from the request for proposal issued on September 19, 2019. SSA is in the process of issuing a new solicitation to continue assessment services when the interim contract expires.

Justification: This item cannot be moved to a later Board Meeting because any delay will create a gap in assessment services and hinder efforts to help Welfare-to-Work participants obtain and retain stable employment during the month of July 2023. This Agenda Staff Report and attachments were finalized after the filing deadline to the Clerk of the Board.

Prior Board Action: 3/28/2023 #34, 5/5/2020 #43

RECOMMENDED ACTION(S)

1. Authorize the County Procurement Officer or Deputized designee to execute Contract with Managed Career Solutions, SPC, for California Work Opportunity and Responsibility to Kids Welfare-to-Work assessment services, effective July 1, 2023, through June 30, 2024, in an amount not to exceed $599,000.

2. Pursuant to Contract Policy Manual Section 3.4-114, authorize the County Procurement Officer or Deputized designee to exercise a contingency contract cost increase, not to exceed a total of 10 percent of the Contract amount for the first year of the Contract, for the entire
SUMMARY:
Approval of the Contract for California Work Opportunity and Responsibility to Kids Welfare-to-Work assessment services will help participants obtain and/or maintain stable employment to achieve self-sufficiency.

BACKGROUND INFORMATION:

The Social Services Agency (SSA) is requesting the Board of Supervisors’ (Board) approval of the Contract with Managed Career Solutions, SPC (MCS) for California Work Opportunity and Responsibility to Kids (CalWORKs) Welfare-to-Work (WTW) assessment services for the term of July 1, 2023, through June 30, 2024, with a maximum obligation of $599,000. SSA is requesting a 10 percent contingency cost increase in the event the job market creates a greater need for these services in the future.

Assessment services are mandated under the CalWORKs WTW Program. WTW participants that do not obtain employment during the Job Search Readiness phase of the WTW Program are required to attend assessment services. These Employment Readiness Assessments are essential in determining realistic and achievable long-term goals, which facilitate WTW staff in building a career ladder for the participant. The results identify the following: barriers to employment, learning disabilities, career goals, basic education needs, job training needs and physical limitations. These services assist CalWORKs participants in obtaining and/or retaining stable employment with the goal of achieving self-sufficiency. If during a standard assessment, the contractor notices a potential learning disability, the assessment will stop and the participant will be referred for a Learning Disability Evaluation, which is voluntary.

SSA issued a Request for Proposal on September 19, 2019, to solicit proposals from private and public organizations to provide WTW assessment services. Three proposals were received by the deadline of October 15, 2019, from Foster Assessment Center & Testing Services, Inc. (FACTS), MCS, and JVS SoCal. FACTS received a score of 80.84, MCS received a score of 65.30 and JVS SoCal received a score of 62.40 points.

On May 5, 2020, the Board approved the Contract with FACTS for the term of July 1, 2020, through June 30, 2023, with a cumulative amount not to exceed $1.797 million.

On March 28, 2023, the Board approved Amendment One to renew the Contract with FACTS for an additional two years, for a revised cumulative amount not to exceed $2.995 million, for the term of July 1, 2023, through June 30, 2025, with an annual maximum obligation of $599,000. Amendment One was signed by FACTS and executed on April 5, 2023.

On May 8, 2023, FACTS sent a formal letter to terminate services, effective June 30, 2023. Due to the short notice of termination and to prevent a gap in mandated services, SSA negotiated a one-year interim contract with MCS, the second highest proponent from the request for proposal issued on September 19, 2019. MCS would be contracted under the same terms of the contract the Board approved on March 28, 2023.
SSA is in the process of issuing a solicitation to continue assessment services when the interim Contract with MCS expires on June 30, 2024.

Outcomes for the period of July 1, 2023, through June 30, 2024, for the interim Contract include the following:

- Contractor shall attempt to contact 100 percent of referred clients to confirm an initial assessment within three business days of referral receipt.
- Contractor shall make a minimum of three contact attempts to confirm an initial Assessment appointment via Client’s preferred method of communication (e.g., text, phone call, email) within five business days when the initial contact is unsuccessful.
- Contact attempts shall be made on three varying days and times for 100 percent of these Clients.
- A minimum of 90 percent of completed assessment reports will be submitted to SSA within three business days.

Rates

The County will pay the Contractor the following rate for each completed assessment:

<table>
<thead>
<tr>
<th>Assessment Type</th>
<th>Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>Employment Readiness Assessment</td>
<td>$400</td>
</tr>
<tr>
<td>Learning Disability Evaluation</td>

</tbody>
</table>

Department staff have conducted due diligence on the vendor. Reference checks were satisfactory and completed with the Los Angeles County Office of Education, Los Angeles County Department of Economic Opportunity, and Workforce Development Board of Ventura County regarding similar projects. SSA has verified there are no concerns that must be addressed with respect to Contractor’s ownership/name, litigation status or conflicts with County interests.

To ensure clients continue to receive mandated WTW assessment services, this Contract is submitted to the Board fewer than 30 days prior to the start of the Contract.

Re: Supplemental Item for the June 27, 2023 Meeting of the Board of Supervisors

Please add a supplemental item to the June 27, 2023 meeting of the Orange County Board of Supervisors to add two policy statements to the 2023-24 County of Orange Legislative Platform under the Infrastructure and Environmental Resources section, Page 35, as follows.

ISSUE: Natural Disaster Resiliency

DEPARTMENT: County Executive Office, OC Public Works, OC Community Resources

STATE/FEDERAL: State/Federal

SUMMARY/ACTION ITEMS

"Support legislation, funding, and other measures that improve the fire resiliency of public and private infrastructure in the wildland-urban interface and provide economic relief, including consistent and sustainable secondary insurance, to communities impacted by the direct and indirect impact of wildfires."

"Oppose measures that would impact the County’s ability to meet affordable housing and development needs or that would have adverse economic effects for homeowners and the business community impacted by natural disasters."

REASON FOR SUPPLEMENTAL

In the last 6 months, insurance carriers such as State Farm and Allstate announced they would pause offering new homeowner and commercial insurance policies in California because of increased wildfires, regardless of mitigation risks.

For example, in Rancho Mission Viejo’s Rienda Phase 1, secondary insurance coverage for Oasis (owner occupied) increased from $253/month - $1193/month, leading Lennar to temporarily suspend sales for units as low at $500,000 in April of 2023. Rates are also drastically increasing or being canceled for HOA facilities and retail/office facilities.

Recent indications from Sacramento indicate that legislation could be pursued this year. Adding these measures to the Legislative Platform will allow County staff to engage in legislation related to this issue area and provide recommendations to the Board of Supervisors in a timely manner.

This item was prepared in consultation with CEO-Legislative Affairs and the County’s state lobbyist.

The workweek shall begin on each Friday at 12:01 a.m. and end with the following Thursday at 12:00 midnight except for employees working an alternate schedule, such as a 9/80. For these employees the beginning and end of the workweek shall be the mid-point of their eight (8) hour day. However, for employees on an alternate schedule that does not meet the parameters described above, a different workweek may be designated. Work ordered and performed in excess of forty (40) hours actually worked in a workweek, or eighty (80) hours worked in the pay period for employees in FLSA exempt classifications, shall be overtime. Work ordered and performed in excess of forty (40) of paid time in a workweek, or eighty (80) hours of paid time in the pay period for employees in FLSA exempt classifications, in accordance with an emergency declared by the Board of Supervisors, activation of the County’s Emergency Operations Center (EOC) or Department Operations Center (DOC), shall be overtime.

1. Employees shall receive compensation on a biweekly basis. The pay period for employees in specified agencies, departments or divisions shall start on a Friday and end on the second Thursday thereafter.

2. Work shall not be regularly scheduled on more than ten (10) calendar days during any pay period and scheduled days off shall fall on at least two (2) consecutive calendar days. Alternate work schedules shall not be implemented without the County and OCEA first negotiating and attempting to reach agreement on such hours of work for each division or work unit in each department proposing implementation of such alternate work schedules.

B. The County agrees to give employees a seven (7) calendar day advance notice of a shift change whenever practicable.

C. No employee shall be permitted to work more than sixteen (16) consecutive hours except in an emergency situation.

D. The County shall discuss with OCEA any proposed changes in existing scheduled hours of work before such changes are put into effect. Whenever practicable, the County shall provide written notification of such proposed changes to OCEA at least fourteen (14) calendar days before such changes are put into effect.

E. Except as otherwise provided, no employee may be employed in one (1) or more positions, full or part-time, more than the total number of hours for the employee’s work period as defined in A., above, except on authorized overtime.
F. This Section shall not prevent an employee or group of employees from requesting a modified work schedule. Such requests may be implemented by a department.

1. Upon written request by OCEA, the County agrees to study the feasibility of establishing work schedules consisting of either:
   
a. four (4) ten (10) hour workdays per week;
   
b. four (4) nine (9) hour workdays each week with an additional eight (8) hour workday on alternate weeks; or
   
c. flex time.

2. The County shall initiate such studies within thirty (30) days and provide a written response within ninety (90) days.

3. OCEA agrees not to request more than twelve (12) such studies concurrently for the combined units represented by OCEA and no more than three (3) concurrently for each department.

4. The County agrees to discuss with OCEA any findings and recommendations prior to reaching a final decision and implementation.

G. In addition to any other position or positions that are held, an employee may also voluntarily work in a capacity authorized for the Registrar of Voters in the course of an election provided that such election work does not unduly interfere with the employee's regular assignment. Election work shall be compensated at the rate authorized for such work.

Section 2. Overtime

A. Notification of Employees of Work Required Beyond Normal Schedule

If in the judgment of the department, work beyond the normal workday, workweek or work period is required, the department will notify any employee who may be asked to perform such overtime of the apparent need as soon as practicable prior to when the work is expected to begin. If this additional work results in hours worked in excess of forty (40) in the employee's designated workweek for classifications designated as non-exempt from FLSA or eighty (80) in FLSA exempt classifications, the employee shall be compensated for these excess hours at the overtime rate as defined by Section 2.C.1.

B. Distribution of Overtime
1. The County shall make a reasonable effort to make overtime opportunities available on an equal basis to employees capable of performing the work.

2. If the responsible supervisor determines that overtime is necessary on work that started on an assigned shift, the assigned employee(s) may continue with that work as an extension of the assigned shift.

3. If the responsible supervisor determines that overtime is necessary on a client case or patient case already assigned to a particular employee, any such overtime may be assigned exclusively to that employee.

4. The County and OCEA may meet and confer and, in so doing, shall attempt to reach agreement, regarding specific provisions for the distribution of overtime among employees of various individual work units. Such provisions shall be consistent with Sections 2.B.2. and 3., above.

C. Payment for Overtime

1. Overtime shall be compensated at one and one-half (1-1/2) times the regular rate.

2. For all regular, limited-term and probationary employees, overtime may be converted to compensatory time or paid for at the option of the department. Consideration shall be given to effectuating the wishes of employees. The maximum number of CTO hours which may be accrued by any employee is eighty (80). If an employee accrues 80 hours of CTO, he/she cannot accrue additional CTO until he/she uses some of the hours in his/her bank; instead, employees will be paid for all overtime work performed in excess of that amount.

3. Compensatory time earned and accrued by an employee in excess of thirty-two (32) hours may be scheduled off for an employee by his or her department; however, consideration shall be given to effectuating the wishes of those employees requesting specific compensatory time off periods.

4. No scheduled compensatory time off will be cancelled except in cases of emergency.

5. In no case may an employee's work schedule be changed during the workweek when the purpose of such change is to avoid overtime compensation.

6. Time worked as overtime shall not be used to earn fringe benefits or to serve out probation or merit increase periods. Compensatory time off
may be used as part of the established workweek to earn fringe benefits and to serve out probationary and merit increase periods.

7. An employee separating from the County service shall be paid for accumulated compensatory time in a lump sum payment.

Section 3. Rest Periods and Cleanup Time

A. Employees shall be allowed rest periods of fifteen (15) minutes during each four (4) consecutive hours of work.

Such rest periods shall be scheduled in accordance with the requirements of the department, but in no case shall rest periods be scheduled within one (1) hour of the beginning or the ending of a work shift or lunch period. The County may designate the location or locations at which rest periods may be taken.

Rest periods shall be considered hours worked and employees may be required to perform duties, if necessary.

B. Each employee shall, when necessary, be permitted up to fifteen (15) minutes of paid County time at the end of each work shift to perform such activities as cleaning up a work area, putting away tools, personal wash-up and changing clothes.

Section 4. Premium Pay

A. Night Shift Differential

1. An employee who works an assigned night shift shall, in addition to his or her regular salary, be paid a night shift differential for each hour actually worked on the assigned night shift.

2. For purposes of this Section, night shift shall mean an assigned work shift of seven (7) consecutive hours or more which includes at least four (4) hours of work between the hours of 4 p.m. and 8 a.m. Overtime which is worked as an extension of an assigned day shift shall not qualify an employee for night shift differential.

3. The rate of night shift differential shall be five (5) percent of the employee's basic hourly rate with a minimum of sixty (60) cents per hour and a maximum of one (1) dollar and fifty (50) cents per hour.

4. ARTICLE II       PAY PRACTICES

Section 1. Compensation for Employees

Employees shall receive compensation at the biweekly or hourly rate for the range and step or flat rate assigned to the class in which they are employed.

Section 2. Pay for New Employees

A. A new employee shall be paid at the recruiting step of the salary range in effect for the particular class or position in which the new employee is hired except as provided in Sections 2.B., C., and D., below.

B. Upon recommendation of the Chief Human Resources Officer, the Board may, by minute order, authorize that a particular position be filled at any step within the range. When the Board authorizes the filling of the position at a step which is higher than the recruiting step of the salary range, it may, by minute order, advance the salary of incumbents of positions in that class or related classes in order to retain equitable relationships.

C. The department head may authorize the appointment of employees at any of the first eight (8) steps of the salary range. Such appointments shall be made only when the department head makes a determination that there is a direct and measurable benefit to the County from such appointments and makes a determination that the applicant's previous training and experience enables him or her to make a greater contribution than a less experienced employee.

D. Upon recommendation of the department head, the County Executive Officer may authorize the appointment of employees beyond step eight (8) of the salary range when there is a direct and measurable benefit to the County for such appointment.

E. 1. The County may adjust the recruiting step of classes during the term of this Agreement, wherever justified, reciting and labor market considerations.

2. If a recruiting step is decreased, incumbents of the class will be unaffected.

3. If a recruiting step is increased for a class, all employees in that class below the new recruiting step shall be advanced to the new recruiting step and a new merit increase date shall be assigned as provided in Section 3.B. for new employees.

4. Any regular employee whose salary could be bypassed by a new employee, if that employee was hired the date of the recruiting rate change, shall have his or her merit increase date advanced to the same date provided for such new employee.
Section 3.  Merit Increase Within Range

A. Salary increases within a range shall not be automatic. They shall be based upon merit and granted only upon the affirmative recommendation of the Department Head.

B. A new or reemployed employee in a regular or limited-term position shall have a merit increase eligibility date which shall be the first day of the pay period following the completion of the first twenty-six (26) weeks of service within that class.

When an employee is absent from work and not posting personal leave balances (with the exception of Military Leave), the merit increase eligibility date shall be extended by the number of days the absence exceeds the Department Leave and rounded to the first day of the first full pay period. Subsequent merit increase eligibility dates shall fall on the first day of the pay period following the completion of fifty-two (52) week intervals after the extended merit increase eligibility date.

A suspension shall cause the merit eligibility date to be extended by the total number of calendar days equal to the suspension and rounded to the first day of the first full pay period.

A military leave, paid or unpaid, shall not result in the extension of a merit increase eligibility date.

C. An employee in a part-time regular or limited-term position who has not completed one thousand forty (1040) paid hours exclusive of overtime by his or her first merit increase date shall have the merit increase eligibility date postponed until the first day of the pay period following completion of one thousand forty (1040) paid hours exclusive of overtime. Likewise, an employee in a part-time regular or limited-term position who has not completed two thousand eighty (2080) paid hours exclusive of overtime between subsequent merit increase eligibility dates shall have his or her merit increase eligibility date postponed until the first day of the pay period following completion of two thousand eighty (2080) paid hours exclusive of overtime. Where an employee's record consists of a combination of full-time and part-time service, both periods of service shall apply towards merit increase eligibility with the part-time service being applied proportionately to the appropriate full-time interval.

D. Merit increases may be granted for one (1), two (2), three (3) or four (4) steps within the salary range based upon the employee's performance. A performance rating of “meets performance objectives” shall earn a two (2) step increase.

E. If, in the department's judgment, the employee's performance does not merit a salary increase on the merit increase eligibility date and a deferral of decision accompanied by an intensive effort at improved performance might
be productive, the department shall complete the structured merit rating and defer a decision regarding the merit increase any number of pay periods, but not to exceed thirteen (13) pay periods. A deferral of less than thirteen (13) pay periods may be further extended not to exceed thirteen (13) pay periods from the original merit eligibility date. The employee may be reevaluated at any time, but in any event shall be reevaluated on the structured merit rating prior to the end of the thirteenth pay period. The employee's merit increase eligibility date shall not be changed by such deferral.

F. Should an employee's merit increase eligibility date be overlooked through an error and upon discovery of the error the employee is granted a merit increase, the employee shall be compensated for the additional salary the employee would have received dating from the employee's merit increase eligibility date.

Section 4. Salary on Promotion

A. Except as modified by B., and C. below, a regular, limited-term or probationary employee who is promoted to a position in a class with a higher salary range shall receive the recruiting salary for the higher class or such higher amount as would be the closest to a two (2) step increase on the range over the salary received prior to the promotion not to exceed the top step of the range. A new merit increase eligibility date shall be established which shall be the first day of the pay period following completion of the first twenty-six (26) weeks of service in the new class, except that the employee will retain their former merit increase eligibility date if the promotion was the result of a Classification Maintenance Review as defined in Article XVIII, Section 2.B.

B. Any employee who is promoted to a class from which the employee was previously reduced without a salary decrease shall be placed at a salary step no higher than the step which the employee would have achieved if the employee had remained in the class to which he or she is promoted and had demonstrated at least standard performance. The employee's merit increase eligibility date shall be reestablished in order to credit the employee with any time formerly served in the higher class.

C. Upon recommendation of the department head, the County Executive Officer may, based on consideration of such factors as external market data, internal salary relationships, and position responsibilities, approve a rate of pay on promotion not to exceed the top of the pay range to which the employee is being promoted.

Section 5. Salary on Reassignment

A. When a regular, limited-term or probationary employee is reassigned to a class with the same recruiting step, such employee's salary and merit increase eligibility date shall not change. Such employee shall have the same probation status which would have been achieved if the employee had been in the new class throughout the period of such service in the old class.
B. When a regular, limited-term or probationary employee is reassigned to a class with a higher recruiting step, such employee's salary shall be advanced the number of steps difference between recruiting steps and the employee shall retain his or her former merit increase eligibility date, except as provided in E., below. Such employee shall have the same probation status which would have been achieved if the employee had been in the new class throughout the period of such service in the old class.

C. When a regular or limited-term employee is reassigned to a class with a lower recruiting step, such employee's salary and merit increase eligibility date shall not change. Such employee shall have the same probation status which would have been achieved if the employee had been in the new class throughout the period of such service in the old class.

D. When a probationary or probationary limited-term employee is reassigned to a class with a lower recruiting step, such employee shall have the same salary, step status, probation status and merit increase eligibility date as would have been achieved if the employee had been in the new class throughout the period of such service in the old class.

E. When a regular, limited-term or probationary employee is involved in a series of reassignments among classes with the same salary range but different recruiting steps or a series of reassignments among classes on different salary ranges or is reassigned through a Classification Maintenance Review as defined in Article XVIII, Section 2.B to a class on a different salary schedule, their salary and merit increase eligibility date shall be determined by the Chief Human Resources Officer.

Section 6. Salary on Reduction

A. 1. When a probationary employee is reduced to a class not previously occupied by the employee, the employee shall receive the recruiting step for the lower class and shall receive a new merit increase eligibility date as provided in Section 3.B., above, or the employee's salary and merit increase eligibility date may be determined by the Chief Human Resources Officer.

2. When a promotional probationary employee, an employee who has been on a temporary promotion or a regular employee who was promoted to a limited-term position at the direction of the employee's department head is reduced to a class the employee occupied in good standing, the employee shall have the step status and merit increase eligibility date he or she would have achieved if the employee had remained in the lower class throughout the period of his or her service in the higher class.

B. When a regular or limited-term employee is reduced to a position in a lower class by demotion for reasons of unsatisfactory performance, the employee's salary shall be reduced to a step on the salary range which would be the
closest amount to a two (2) step reduction or the employee shall receive the maximum step of the salary range of the new class, whichever is lower. The employee’s merit increase eligibility date shall be the first day of the pay period following completion of fifty-two (52) weeks of service in the new class, unless the employee thereby is placed at the recruiting step of the new salary range, in which case the employee’s merit increase eligibility date shall be the first day of the pay period following the completion of twenty-six (26) weeks of service in the new class.

C. When a regular or limited-term employee in good standing is reduced to a position in a lower class for physical disability or reasons other than unsatisfactory performance, the employee shall receive the highest salary in the new range that does not exceed the employee’s rate of pay immediately prior to reduction and shall retain his or her merit increase eligibility date.

D. When a regular, limited-term or probationary employee is reduced because the position the employee occupied is reclassified, the applicable salary shall be determined as follows:

1. If the salary of the employee is the same or less than the maximum of the new class, the salary of the employee shall not change, except if the reduction is the result of a Classification Maintenance Review as defined in Article XVIII, Section 2.B in which case the new salary will be the closest step on the new salary range which is not lower than the current rate of pay; in any case, the merit increase eligibility date of the employee shall not change.

2. If the salary of the employee is greater than the maximum of the new range, the salary of the employee shall be designated as a Y-Rate and shall not change during continuous regular service until the maximum of the new range exceeds the salary of the employee or until the period of calendar time indicated in the schedule below has elapsed, whichever is sooner. Prior to the effective date of such suspension, reduction or discharge, an employee will be given an opportunity to respond either orally or in writing, at the employee's option, to a designated department representative with the authority to make an effective recommendation on the proposed disciplinary action.

C. An employee shall be given reasonable time off without loss of pay to attend a hearing pursuant to this Article.

D. An employee may represent himself or herself or may be represented by OCEA in a hearing pursuant to this Article.

E. An employee shall receive written notice either sustaining, modifying or canceling a proposed discharge on or prior to the effective date of such action.

F. An employee shall receive written notice either sustaining, modifying or canceling a proposed suspension or reduction prior to the effective date of such action except that such written notice may be given after the imposition of suspensions pursuant to Section 2., above.

G. Should a proposed reduction or suspension become final, an employee shall have the right to appeal such action pursuant to Sections 4. and 5. of this Article.

H. Should a proposed discharge become final, an employee shall have the right to appeal such action pursuant to Section 6. of this Article.

Section 4. Suspension

A. No regular, limited-term or probationary employee shall be suspended except for reasonable cause.

B. A written notice of such suspension stating specifically the cause of the suspension shall be given to the employee.

C. In accordance with the provisions of Article X, an appeal of suspension shall be initiated at Step 2 of the grievance/appeal procedure, except for
suspensions imposed by the County Executive Officer, which may be referred directly to arbitration.

Section 5. Reduction

A. No regular employee or limited-term regular employee shall be reduced to a position in a lower class for reasons of unsatisfactory performance or physical disability except for reasonable cause.

B. A written notice of such reduction stating specifically the cause of the reduction shall be given to the employee.

C. In accordance with the provisions of Article X, an appeal of reduction for reasons of unsatisfactory performance or physical disability shall be initiated at the Step 2 of the grievance/appeal procedure; except for reductions imposed by the County Executive Officer which may be referred directly to arbitration.

Section 6. Discharge and Right of Appeal

A. No regular or limited-term regular employee shall be discharged except for reasonable cause. No proposed discharge shall be effected unless approved by the Chief of Employee Relations except for discharges imposed by the County Executive Officer.

B. A written notice of such discharge stating specifically the cause of the discharge shall be given to the employee.

C. In accordance with the provisions of Article X, a discharge may be appealed directly to arbitration.

Section 7. Polygraph Examination

No employee shall be compelled to submit to a polygraph examination. No disciplinary action whatsoever shall be taken against an employee refusing to submit to a polygraph examination; nor shall any comment be anywhere recorded indicating that an employee offered to take, took or refused to take a polygraph examination unless otherwise agreed to in writing by the parties; nor shall any testimony or evidence of any kind regarding an employee's offer to take, refusal to take, or the results of a polygraph examination be admissible in any proceeding pursuant to this Agreement, unless otherwise agreed to in writing by the parties.

Section 8. Investigatory Meetings

A. An employee required to attend an investigatory meeting shall receive advance notice of such meeting. Such notice shall include:

1. A statement of the reasons for such meeting, including the subject matter and the fact that the meeting could lead to discipline, and
2. A statement of the employee's right to representation.

B. All investigatory meetings shall be scheduled to allow an employee a reasonable opportunity to obtain representation. Whenever practicable, such notice shall be given at least three (3) working days prior to the meeting.

C. An employee may represent himself or herself or may be represented by OCEA in an investigatory meeting. An employee is not entitled to be represented by privately retained counsel at the meeting, provided, however, an employee eligible for Legal Defense Fund coverage (LDF) under PORAC or any other OCEA-approved LDF provider shall be entitled to be represented by privately retained counsel obtained through that coverage during the investigatory process including, but not limited to, the investigatory meeting.
ARTICLE X  GRIEVANCE PROCEDURE AND DISCIPLINARY APPEALS

Section 1. **Scope of Grievances**

A. A grievance may be filed if a management interpretation or application of the provisions of this Memorandum of Understanding adversely affects an employee’s wages, hours or conditions of employment.

B. Specifically excluded from the scope of grievances are:

1. subjects involving the amendment or change of Board of Supervisors resolutions, ordinances or minute orders, which do not incorporate the provisions of this Memorandum of Understanding;

2. matters which have other means of appeal;

3. position classification;

4. performance evaluations with a rating of “meets” or “exceeds” performance objectives.

Section 2. **Basic Rules**

A. If an employee does not present a grievance/appeal or does not appeal the decision rendered regarding his or her grievance/appeal within the time limits, the grievance/appeal shall be considered resolved.

B. If a County representative does not render a decision to the employee within the time limits, the employee may within seven (7) calendar days thereafter appeal to the next step in the procedure.

C. If it is the judgment of any management representative that he or she does not have the authority to resolve the grievance/appeal, he or she may refer it to the next step in the procedure. By mutual agreement of the County and OCEA, any step of the procedure may be waived.

D. The Chief of Employee Relations may temporarily suspend grievance/appeal processing on a section-wide, unit-wide, division-wide, department-wide or County-wide basis in an emergency situation. OCEA may appeal this decision to the Board of Supervisors.

E. A grievance alleging discrimination shall first be referred to the County Equal Employment Opportunity (EEO) Office for intake, review, and if applicable, investigation. The grievant/appellant and, if applicable, the OCEA representative shall be notified in writing of the grievance being referred to the EEO Office. The timelines for a grievance alleging discrimination may be held in abeyance by mutual agreement until the EEO Office has completed its intake, review, and if applicable, investigation. Once the EEO Office has completed the intake, review, and if applicable, investigation, the
grievant/appellant and, if applicable, the OCEA representative shall be notified in writing and the time limits for processing the grievance shall resume, unless timelines are extended by mutual agreement.

F. Upon written consent of the parties (i.e., the representatives of the County and the employee or his or her representative), the time limits at any step in the procedure may be extended.

G. Every reasonable effort shall be made by the employee and the County to resolve a grievance/appeal at the lowest possible step in the grievance/appeal procedure.

H. No claim shall be granted for retroactive adjustment of any grievance prior to sixty (60) calendar days from the date of filing the written grievance.

I. In order to encourage frank discussion and compromise in attempting to resolve grievances and other labor disputes, the County and OCEA agree that the files of the respective parties concerning such matters shall be confidential, except that this shall not restrict any access that either party might otherwise have to the other's files.

Section 3. Submission of Grievances

A. Any employee or group of employees shall have the right to present a grievance. No employee or group of employees shall be hindered from or disciplined for exercising this right.

B. If any two (2) or more employees have essentially the same grievance they may, and if requested by the County must, collectively present and pursue their grievance if they report to the same immediate supervisor.

C. If the grievant is a group of more than three (3) employees, the group shall, at the request of the County, appoint one (1) or two (2) employees to speak for the collective group. To be considered a grievant in a group grievance, each employee must be individually identified as a grievant when the grievance is submitted at Step 2.

Section 4. Employee Representation

A. An employee may represent himself or herself or may be represented by OCEA in the formal grievance/appeal procedure. An employee is not entitled to be represented by privately retained counsel during the grievance process or arbitration hearing. Provided, however, an employee eligible for Legal Defense Fund coverage (LDF) under PORAC or any other OCEA-approved LDF provider shall be entitled to be represented by privately retained counsel obtained through that coverage during the grievance process and/or arbitration hearing.
B. Authorized grievance/appeal representatives shall be regular employees in the same department or Representation Unit as the grievant/appellant who are members of and are designated by OCEA to represent employees for purposes of the grievance/appeal procedure. OCEA shall notify Department Heads of the names and titles of such representatives and send a copy of such notice to the Chief of Employee Relations quarterly.

C. If an employee chooses not to be represented by OCEA, OCEA may have staff representatives present at Step 2 of the grievance/appeal procedure and/or arbitration, and, if necessary, shall have the right to present OCEA's interpretation of provisions of this Agreement at issue. Such presentation shall not include comments regarding the merits of the grievance. The decision of the arbitrator in such a case shall not be precedent setting and shall not be admissible in any subsequent dispute between the County and OCEA.

Section 5. Time Off for Processing Grievances/Appeals

A. Reasonable time off without loss of pay shall be given to:

1. an employee who has a grievance/appeal in order to attend a meeting with his or her supervisor or other person with authority under the grievance/appeal procedure to resolve the matter or to meet with his or her grievance/appeal representative;

2. an authorized grievance/appeal representative in order to attend a meeting with the represented grievant/appellant's supervisor or other person with authority under the grievance/appeal procedure to resolve the grievance/appeal or to obtain facts concerning the action grieved/appealed through discussion with the grievant/appellant or other employees or through examination of appropriate County records or locations relating to the grievance/appeal.

B. The following restrictions shall apply in all cases to activity authorized in Section 5.A., above:

1. Before performing grievance/appeal work, the grievant/appellant or grievance/appeal representative shall obtain permission of his or her supervisor and shall report back to the supervisor when the grievance/appeal work is completed.

2. Neither the grievant/appellant nor the grievance/appeal representative shall interrupt or leave his or her job to perform grievance/appeal work if his or her supervisor determines that such interruption or absence will unduly interfere with the work of the unit in which the grievant/appellant or representative is employed. However, an effort will be made to grant such time off as soon as it is feasible to do so.
3. When an authorized grievance/appeal representative must go into another section or unit to investigate a grievance/appeal, the representative shall be permitted to do so provided that:

   a. the representative checks in and checks out with the supervisor of the unit; and
   
   b. such investigation does not unduly interfere with the work of the unit.

Section 6. Informal Discussion

If an employee has a problem relating to a work situation, the employee is encouraged to request a meeting with his or her immediate supervisor to discuss the problem in an effort to clarify the issue and to work cooperatively towards settlement.

Section 7. Grievance/Appeal Steps

The grievance/appeal procedure shall consist of the following steps, each of which must be completed prior to any request for further consideration of the matter unless waived by mutual consent or as otherwise provided herein.

Step 1: Department Head

An employee may formally submit a grievance to the department head, or their designee, within fourteen (14) calendar days from the occurrence which gives rise to the problem. Such submission shall be in writing and shall state the nature of the grievance and the suggested solution. Within seven (7) calendar days after receipt of the written grievance, the department head, or his or her designee(s) shall meet with the grievant. Within fourteen (14) calendar days thereafter, a written decision shall be given to the grievant. The County shall, whenever practicable, notify the grievant if more than one (1) management representative shall attend the Step 1 grievance meeting.

Step 2: Chief of Employee Relations

If the grievance/appeal is not settled under Step 1 and it concerns:

   a. an interpretation or an application of this Memorandum of Understanding;
   
   b. a performance evaluation rating of “does not meet performance objectives”;
   
   c. deferral or denial of a merit increase, or a dispute about the number of steps granted;
d. a written reprimand;

e. a release from new hire probation alleging discrimination pursuant to Article III, Section 1.C.3; or

f. a release from promotional probation alleging discrimination pursuant to Article III, Section 1.C.3;

Items a., b., c., or d., above, may be appealed in writing to the Chief of Employee Relations within seven (7) calendar days after receipt of the written decision from Step 1. Items e. or f., above, and/or appeal of suspension and/or a reduction ordered by an Department Head or his or her designated representative may be submitted in writing at Step 2 within ten (10) calendar days after receipt of the notice of suspension and/or reduction. Within fourteen (14) calendar days after receipt of the written grievance/appeal, the Chief of Employee Relations or his or her representative shall meet with the grievant/appellant. Within fourteen (14) calendar days thereafter, a written decision shall be given to the grievant/appellant. The decision of the Chief of Employee Relations in B., C. and D., above, shall be final and binding and shall not be referable to arbitration.

Section 8. Referrals to Arbitration

A. Grievances

1. If a grievance is not resolved under Step 2, an arbitration request may be presented in writing to the Chief Human Resources Officer within seven (7) calendar days from the date a decision was rendered at Step 2. Within 30 days of the submission of the arbitration request, the arbitration hearing date shall be calendared, unless the parties agree to extend the time allowed for calendaring. If mediation is going to be held and the grievance is not settled through the mediation process, the arbitration hearing date shall be calendared within 30 days of the mediation, unless the parties agree to extend the time allowed for calendaring.

2. The parties shall either sign a joint issue submission statement or else execute and sign separate alternative issue statements after discussing the issue(s). In either case, the parties shall send copies of their joint or separate submission statement(s) to each other within fourteen (14) calendar days before the first scheduled date of the arbitration hearing.
B. Disciplinary Appeals

1. Submission Procedure
   a. If an appeal from suspension or reduction is not settled at Step 2, it may be presented to the Chief of Employee Relations within seven (7) calendar days from the date the decision was rendered.
   b. An appeal from any discharge or from a suspension or reduction imposed by the County Executive Officer may be presented to the Chief of Employee Relations within ten (10) calendar days from the date the action becomes final.
   c. All disciplinary appeals shall be signed by an employee or by a representative of OCEA and shall be submitted in writing.
   d. The issues in all disciplinary appeals shall be: Was (employee's name) suspended/reduced/discharged for reasonable cause? If not, to what remedy is the appellant entitled under the provisions of Article X, Section 8. of the MOU?
   e. As soon as practicable after a suspension, reduction or discharge appeal is presented to the Chief of Employee Relations, an arbitrator shall hear the appeal.

2. Findings of Facts and Remedies
   a. Findings of Facts
      An arbitrator’s decision shall set forth the findings as to each of the charges and the reasons therefore. The arbitrator may sustain, modify or rescind an appealed disciplinary action as follows and subject to the following restrictions:
   
   b. Remedies - All Disciplinary Actions (Other than Discharge)
      1. If the arbitrator finds that the disciplinary action was taken for reasonable cause, he or she shall sustain the action.
      2. Suspensions/Reductions
         If the action is modified or rescinded, the employee shall be entitled to restoration of pay and/or fringe benefits in a manner consistent with the arbitrator’s decision.
   
   c. Remedies - Discharges
      1. If the arbitrator finds that the order of discharge should be modified, the employee shall be restored to a position in his
or her former class subject to forfeiture of pay and fringe benefits for all or a portion of the period of time the employee was removed from duty as determined by the arbitrator.

2. If the arbitrator finds that the order of discharge should be rescinded, the employee shall be reinstated in a position in his or her former class and shall receive pay and fringe benefits for all of the period of time he or she was removed from duty.

3. Restoration of pay and benefits shall be subject to reimbursement of all unemployment insurance and additional outside earnings which the employee received since the date of discharge.

C. Probationary Releases Alleging Discrimination

1. The issues to be submitted to the arbitrator in grievances filed pursuant to Article III, Section 1.C.3. shall be as follows and shall be submitted consistent with Section 8.A., above.

   a. Was the probationary release of (employee's name) in whole or in part the result of discrimination in violation of Article XVIII, NONDISCRIMINATION, of the Memorandum of Understanding between the County and OCEA?

   b. If so, what shall the remedy be under the provisions of Article X, Section 8.C.2., Findings of Facts and Remedies, of the Memorandum of Understanding between the County and OCEA?

2. Findings of Facts and Remedies

   a. In the event the arbitrator finds no violation of Article XVIII, NONDISCRIMINATION, the grievance shall be denied and the issue of remedy becomes moot.

   b. In the event the arbitrator finds a violation of Article XVIII, NONDISCRIMINATION, but also finds such violation was not a substantial cause of the employee's probationary release, the grievance shall be denied and the issue of remedy becomes moot.

   c. In the event the arbitrator finds a violation of Article XVIII, NONDISCRIMINATION, and also finds that the violation was a substantial cause of the probationary release of the employee, the arbitrator's award shall depend upon the significance of the violation and shall be in keeping with the following alternatives:

      1. The probationary release may be sustained.
2. The employee may be reinstated in a position in his or her former class subject to forfeiture of pay and fringe benefits for all or a portion of the period of time the employee was removed from duty. The employee may be required to serve the remainder of any outstanding probation period.

3. The employee may be reinstated in a position in his or her former class with full back pay and benefits for all of the period of time the employee was removed from duty. The employee may be required to serve the remainder of any outstanding probation period.

D. General Provisions

1. Except as otherwise required by law, all costs of arbitration shall be shared equally in all cases by the County and the appealing. When the grievance involves both discrimination and other arbitrable issues, the proper division of costs shall be determined by the arbitrator.

2. Grievance/Appeal hearings by an arbitrator shall be private.

3. Arbitration appeal hearings of a release from new hire probation alleging discrimination pursuant to Article III, Section 1.C.3 shall be limited to one (1) day unless both parties agree that a longer hearing is necessary. Arbitration appeal hearings of suspensions of less than forty (40) hours shall be limited to two (2) days unless both parties agree that a longer hearing is necessary. Both parties shall be allotted equal time during arbitration hearings involving such suspensions. The two (2) day limitation for arbitration appeal hearings shall not apply to suspensions imposed by the County Executive Officer.

4. The arbitrator shall be selected by the mutual agreement of the parties. If the parties cannot agree upon an arbitrator, a list of seven (7) arbitrators shall be obtained from the California State Mediation and Conciliation Service, the American Arbitration Association or some other agreed upon source and each party shall alternately strike one (1) name from the list until only one (1) name remains.

5. Upon written request by the opposing party in a pending hearing given at least twenty (20) calendar days prior to the scheduled hearing date, the party requested shall supply to the party submitting the request copies of all documentary evidence to be used by that party at the hearing. Such evidence shall be provided no later than ten (10) calendar days prior to the scheduled hearing date. Any evidence not so provided may not be admitted or offered as evidence at the subsequent hearing except that any such documentary evidence discovered by a party after such a request for copies but not soon enough to comply with the above time limits may be admitted providing it could not have been discovered sooner by reasonable means and provided further that a copy or copies
of such evidence be afforded the requesting party as soon as practicable after such discovery. Nothing contained herein shall operate to prevent either party from presenting additional documents by way of rebuttal.

6. An employee shall not suffer loss of pay for time spent as a witness at an arbitration hearing held pursuant to this procedure. The number of witnesses requested to attend and their scheduling shall be reasonable.

7. At the hearing, both the appealing employee and the County shall have the right to be heard and to present evidence. The following rules shall apply:

   a. Oral evidence shall be taken only on oath or affirmation.

   b. Each party shall have these rights: to call and examine witnesses, to introduce exhibits, to cross-examine opposing witnesses on any matter relevant to the issues even though that matter was not covered in the direct examination, to impeach any witness regardless of which party first called the witness to testify and to rebut the evidence against the witness. If the employee does not testify in his or her own behalf, the employee may be called and examined as if under cross-examination.

8. The hearing need not be conducted according to technical rules relating to evidence and witnesses. Any relevant evidence shall be admitted if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory rule which might have made improper the admission of such evidence over objection in civil actions. Hearsay evidence may be used for the purpose of supplementing or explaining any direct evidence, but shall not be sufficient in itself to support a finding unless it would be admissible over objection in civil actions. The rules of privilege shall be effective to the same extent that they are now or hereafter may be recognized in civil actions and irrelevant and unduly repetitious evidence shall be excluded.

9. The County shall be allowed to have one (1) employee, who may be called upon to testify as a witness, present at the arbitration hearing at all times.

10. The parties agree to forego the use of briefs and transcripts whenever practicable, except that any party may opt to file a closing brief in lieu of an oral closing argument. The parties agree to, whenever practicable, forgo the use of a court reporter in arbitrations resulting from a new hire probation release or suspension.

11. The decision of the arbitrator shall be final and binding on all parties.
12. As an alternative to proceeding directly to arbitration after completion of Step 2, the parties may mutually agree to submit a grievance/appeal to mediation. A request for mediation may be presented in writing to the Chief of Employee Relations within seven (7) calendar days from the date a decision was rendered at Step 2. A request for mediation will automatically suspend the normal processing of a grievance until the mediation process is completed or the request is denied. The County shall respond to a request for mediation within thirty (30) calendar days. The mediation process shall be optional, and any opinion expressed by the mediator shall be informal, considered advisory and shall not be admissible evidence in any arbitration that should follow. Within seven (7) calendar days after completion of the mediation process or denial of a request for mediation, an arbitration request may be filed pursuant to Section 8.A. or B., above.
ARTICLE XI    LAYOFF PROCEDURE

Section 1. General Provisions

A. This procedure shall not apply to a temporary layoff of less than four (4) consecutive weeks.

B. This procedure shall not apply to employees who have special or unique knowledge or skills which are of special value in the operation of the County business.

C. When two (2) or more agencies/departments are consolidated or when one (1) or more functions of one (1) department are transferred to another department, employees in all involved agencies/departments shall be subject to layoff if one is necessary.

D. Section 7., Reemployment Lists, and Section 8., Status on Reemployment, of this Article, shall not apply if the County has a written agreement with an employer, public or private, which guarantees the County employee an offer of reasonably comparable employment with the new employer who is taking over a function formerly performed by County employees and the new employer makes such an offer in writing to the employee.

Section 2. Order of Layoff

A. When a reduction in the work force is necessary, employees in regular positions and those occupying limited-term positions at the direction of their Department Head shall be laid off in an order based on consideration of:

1. employment status,

2. past performance,

3. length of continuous service with the County.

B. Layoffs shall be made by class within a department except that:

1. Where a class has a dual or multiple concept, the Chief of Employee Relations may authorize a layoff by specialty within the class.

2. Where appropriate, the Chief of Employee Relations may authorize a layoff by division or smaller unit of a department.
C. Within a class, employees shall be subject to layoff in the following order:

<table>
<thead>
<tr>
<th>Employment Status</th>
<th>Layoff Order</th>
</tr>
</thead>
<tbody>
<tr>
<td>First - Temporary Promotion</td>
<td>Determined by Department</td>
</tr>
<tr>
<td>Second - New Probationary</td>
<td>Determined by Department</td>
</tr>
<tr>
<td>Third - Regular/Promotional Probationary</td>
<td>Layoff Points</td>
</tr>
</tbody>
</table>

After all new probationary employees and employees on temporary promotion have been removed from a class within a layoff unit, the employee with the lowest number of layoff points shall be subject to layoff first. When two (2) or more employees have the same number of layoff points, the department shall determine the order of layoff for these employees.

D. If a layoff is going to be made in a class from which an employee has left through a temporary promotion, the employee on temporary promotion shall be returned to his or her former class and shall be subject to layoff in accordance with this procedure.

E. OCEA may designate employees who are regular OCEA officers or grievance representatives to receive special seniority for purposes of layoff. The number of employees so designated shall not exceed two (2) percent of the employees in the Representation Unit. Employees so designated shall receive two hundred sixty (260) layoff points in addition to layoff points computed pursuant to Section 3., below.

Section 3. Computation of Layoff Points

Seniority Points:

The equivalent of each year of full-time continuous service with the County shall earn two hundred sixty (260) seniority points.

The equivalent of each regularly scheduled full day of continuous service of a partial year shall earn one (1) seniority point.

Demerit Points:

For a rating of “does not meet performance objectives” on the last “Performance Evaluation Report,” for the class currently held by the employee, the employee shall earn two-hundred sixty (260) demerit points. Demerit points shall only be used in the currently held class of an employee. Demerit points shall not be applied to an employee seeking to enter a lower class through voluntary reduction in lieu of layoff.
Layoff Points:

Layoff points shall be computed by subtracting demerit points, if any, from seniority points.

Section 4. Notification of Employees

A. Written notice of layoff shall be given to an employee or sent by mail to the last known mailing address at least fourteen (14) calendar days prior to the effective date of the layoff. Notices of layoff shall be served on employees personally at work whenever practicable.

B. It is the intent of the parties that the number of layoff notices initially issued shall be limited to the number of positions by which the work force is intended to be reduced. Additional notices shall be issued as other employees become subject to layoff as a result of employees exercising reduction rights under Section 5.

C. The notice of layoff shall include the reason for the layoff, the proposed effective date of the layoff, the employee’s hire date, the employee’s layoff points, a list of classes in the employee's occupational series within the layoff unit, the employee’s rights under Sections 5. and 6. and the right of the employee to advise the County of any objection to the content of the layoff notice prior to the proposed effective date of the layoff.

Section 5. Voluntary Reduction in Lieu of Layoff

A. A promotional probationary or regular employee who is subject to layoff may request a reduction to a lower class within the same occupational series in the layoff unit provided the employee possesses the minimum qualifications for the class and passes any required performance tests. The reduction shall be made if there is a vacant position in the layoff unit or an incumbent in the lower class in the layoff unit has fewer layoff points than the employee requesting the reduction. In the latter case, the incumbent in the lower class with the fewest number of layoff points shall be subject to layoff.

B. 1. Employees who receive notice of layoff by personal service at work shall have until the end of their third regularly scheduled day of work following actual receipt of the notice to notify their department in writing of their intent to exercise rights under this Section. Employees whose third regularly scheduled day of work is more than three (3) calendar days after receipt of the notice shall have three (3) calendar days, excluding weekends and holidays, to notify their department of their intent to exercise rights under this Section; and where such notification is not in writing, the employee shall confirm the notification in writing as soon as practicable.

2. Employees who receive notice other than by personal service at work shall have five (5) calendar days, excluding weekends and holidays,
following the date the person is personally served, or if service is made

B. The names of persons laid off shall be placed on a **COUNTY PREFERRED ELIGIBLE LIST** for the class from which they were laid off and for any class from which they previously voluntarily reduced pursuant to Section 5., in the order of their layoff scores, going from highest to lowest. When one (1) vacant position in an department, other than the department from which the employee was laid off, is to be filled in that class, ten (10) names shall be certified from the **COUNTY PREFERRED ELIGIBLE LIST**, starting at the top. When more than one (1) vacant position in an department, other than the department from which the employee was laid off, is to be filled in that class, the number of names certified, starting at the top of the **COUNTY PREFERRED ELIGIBLE LIST**, shall be equal to twice the number of vacancies plus seven (7). Eligibles certified from **COUNTY PREFERRED ELIGIBLE LISTS** shall be considered prior to eligibles certified from lower-ranking eligible lists. Appointments shall be made only from eligibles certified pursuant to Section 7.B. D. In the event two (2) or more agencies/departments are consolidated while DEPARTMENT REINSTATEMENT LISTS are in effect, such lists shall be combined and treated as one (1) list in accordance with the preceding provisions of this Section. When a transfer of one (1) or more functions of one (1) Department to another department occurs, employees previously laid off from such function(s) who are on an DEPARTMENT REINSTATEMENT LIST for the department losing such function(s), shall be removed from such list and shall be placed on a reinstatement list for the department acquiring such function(s) and treated in accordance with the preceding provisions of this Section.

E. Reemployment lists shall be available to OCEA and affected employees upon reasonable request.

2. The merit increase eligibility date shall be reestablished as determined by the Chief Human Resources Officer.

3. The probationary status of the employee shall be as if the employee had been on a Leave of Absence.

Step 4: The Human Resources Department shall determine when the position was last studied and whether there has been a change of duties or change in classification structure which justifies restudy.

a. If the study is justified and the request is made under Step 2.A., the employee shall be given a Position Description Form within fifteen (15) days. Within one hundred twenty (120) calendar days after the Human Resources Department receives the completed Position Description Form, the Human Resources Department shall notify OCEA of the appropriate classification of the position.

b. If the study is justified and the request is made under Step 2.B., the Human Resources Department shall complete the study in thirty (30) days and communicate the results to OCEA. A. The County shall not be required to initiate a study if the total number of positions currently requested by OCEA for reclassification studies plus the new request exceeds twenty-five (25) positions.

B. The numerical limitation shall apply only to studies for which Position Description Forms have been initiated and shall not include studies which have been referred to or are pending referral to a consultant.

C. In the event of a major layoff of County employees, all time limits in Section 3. of this Article shall be extended forty-five (45) days.

A. If the County does not respond at the end of the appropriate time period as specified in Section 3., Step 4 of this Article, or OCEA does not agree with a position classification decision of the County after the steps in Section 2. or 3. of this Article have been followed, the issue may be presented to a classification consultant for advisory review. Other provisions notwithstanding, no more than fifty (50) positions may be referred to a
consultant per fiscal year except that any maintenance study done by a consultant shall not be included.

B. The consultant's review shall be documented on forms supplied by the County and used by the County for documenting its classification decisions.

The Plan does not create any vested rights to the benefits on the part of any employee, retiree, or any other person.

2. As set forth pursuant to the September 2006 reopener between the parties, the County will: (a) fund the cost of the Plan; and (b) establish a trust to administer the Plan.

3. Upon paid County retirement, if eligible, a retiree shall receive a Retiree Medical Grant (Grant). The Grant may be applied only towards the cost of retiree and dependent coverage in a County-offered retiree health insurance plan and/or Medicare premiums as provided below.

a. Upon implementation of the Plan, for eligible retirees the Grant shall be an amount based on ten (10) dollars per month for each full year of credited service in an Eligible Classification up to a maximum of twenty-five (25) years. In each fiscal year during retirement, the amount of such Grant shall be adjusted by the average percentage increase or decrease in County retiree health plan premiums no later than the effective dates of such change, not to exceed three (3) percent per year. In no case shall the Grant exceed the actual cost of the health insurance and/or Medicare premiums. The adjustments to the Grant (COLAs) based on changes to health plan premiums as referenced in this section will cease to apply for eligible retirees who retire effective on or after June 16, 2023.

b. The Grant will be adjusted as follows:

1. The Grant will be reduced by seven and one-half percent (7-1/2%) per year for each year of age the employee is less than age 60, based upon the employee’s age on the date when the
employee takes active retirement from OCERS. For the purpose of deferred retirement, the date on which the deferred retiree takes active retirement from OCERS will be deemed the retirement date. This provision will cease to apply for eligible retirees retiring effective on or after June 16, 2023.

2. The Grant will be increased by seven and one-half percent (7-1/2%) per year for each year of age the employee is greater than age 60, based upon the employee’s age on the date when the employee takes active retirement from OCERS. For the purposes of the Grant increase, no years of age after age 70 will be considered. For the purpose of deferred retirement, the date on which the deferred retiree takes active retirement from OCERS will be deemed the retirement date. This provision will cease to apply for eligible retirees retiring effective on or after June 16, 2023.

4. The Grant for all eligible retirees (including retirees on disability) and surviving dependents will be reduced by fifty percent (50%) the first day of the month the retiree or surviving dependent becomes eligible for both Medicare Part A (without paying a premium) and Medicare Part B, or immediately if the retiring employee is eligible for Medicare Part A (without paying a premium) and Medicare Part B as of the date of retirement. This provision does not apply to a retiree or surviving dependent eligible for the Grant who has attained age 65 on or prior to September 12, 2006 and is eligible for both Medicare Part A (without paying a premium) and Medicare Part B.

c. All current employees who retire and become eligible for a Grant shall be provided a one time opportunity of thirty (30) days to enroll in a County offered retiree health plan or elect to temporarily opt out of retiree health from the date they retire. Should a retiree fail to make an election to temporarily opt out or to enroll during the aforementioned thirty (30) day period or should he or she terminate coverage or fail to make necessary payments, the retiree and dependents shall forfeit any right to a Grant, if eligible, and enrollment in a County offered retiree health plan.
B. **Retiree Medical Plan Lump Sum; Termination; Phase Out**

1. An employee who was employed by the County prior to June 23, 2006 and who separates from County service prior to meeting the eligibility requirements for the Grant shall receive a lump sum (Lump Sum benefit) cash payment in accordance with C.2 below. The Plan Lump Sum benefit is terminated for all new County employees hired on or after June 23, 2006.

2. An employee who is employed by the County prior to June 23, 2006, who thereafter separates from the County and who does not qualify for a Grant shall receive a Lump Sum benefit equal to one percent (1%) of his or her final average hourly compensation multiplied by his or her qualified hours of service after August 1, 1993 and prior to June 23, 2006. The final average hourly compensation shall be calculated on base salary over the six thousand two hundred forty (6240) regularly paid hours immediately preceding June 23, 2006.

3. Receipt of the Grant shall permanently revoke any claim to a Lump Sum benefit even if the retiree subsequently terminates participation in a County-offered health plan and/or Grant. Receipt of the Lump Sum benefit shall permanently revoke any claim to the Grant.

C. **Eligibility Requirements for Retiree Medical Grant**

1. Retiree must be actively retired from the County of Orange and receiving a monthly retirement allowance from the Orange County Employees Retirement System (OCERS). New employees hired on or after June 16, 2023 are not eligible for the Grant.

Employees who were employed by the County on or before June 15, 2023 with 10 or more years of credited service as defined under the Retiree Medical Plan Document, shall be eligible for the Grant. Employees who were employed by the County as of June 16, 2023 with one or more full years of credited service, as defined under the Retiree Medical Plan Document, have been given the option to elect keep their Grant, if otherwise eligible under the Retiree Medical Plan Document, or have the County make a contribution to the County Health Reimbursement Arrangement (HRA) based on their full credited years of service. The County contribution to the HRA will be made as soon as administratively feasible on or after June 16, 2023. If an employee has retired before June 16, 2023, the employee may only receive the Grant, if otherwise eligible under the Retiree Medical Plan Document, and will not be eligible to elect to receive the County HRA contribution.

The County contribution to the HRA will be eight hundred and fifty five dollars ($855) for each full year of credited service, as defined under the Retiree Medical Plan Document. There will be no County contribution for partial credited years of service.
Any employee who elects the Grant shall have the value of their Grant calculated based upon the credited years of service, as defined under the Retiree Medical Plan Document, up to a maximum of 25 years. Any employee whose years of credited service is greater than 25 shall receive eight hundred and fifty five dollars ($855) per each full year of eligible service beyond the 25-year cap contributed by the County to the HRA.

a. A retiree who receives a service-connected disability retirement pension under OCERS effective before June 16, 2023 shall be eligible for a Grant equal to either ten (10) years of service or actual years of credited County service, whichever is greater.

b. A retiree with a minimum of five (5) years of credited County service who receives a non-service connected disability retirement pension under OCERS effective before June 16, 2023 shall be eligible for a Grant based on actual years of credited County service. An employee with less than five (5) years of credited County service who receives a non-service connected disability retirement pension under OCERS shall not be eligible for a Grant.

c. A separated employee who has less than ten (10) years of credited County service or is under normal retirement age and has requested a service or non-service connected disability retirement pension under OCERS shall not be eligible to receive the Grant until a determination of disability status is made by the Orange County Board of Retirement.

d. A separated employee who receives a Lump Sum benefit pursuant to this Section shall be ineligible for the Grant if, at a later date, the Orange County Board of Retirement grants a disability retirement.

2. All eligible retirees and enrolled dependents who are age sixty-five (65) or older must be enrolled in Medicare Part B in order to be eligible for the Grant. All eligible retirees and dependents who are entitled to Medicare Part A coverage without a premium must be enrolled in Medicare Part A to be eligible to receive the Grant.

3. **Deferred Retirement**

a. An employee who, upon separation from County service, is eligible for paid retirement and elects deferred retirement must defer participation in the Grant until such time as he or she becomes an active retiree. For employees who defer retirement, the terms and conditions governing the Grant are based on the provisions in place at the time of deferral.
b. An employee who is not eligible for paid retirement at the time he or she separates from County service and elects deferred retirement status shall not become eligible for participation in the Grant.

D. For purposes of this Section, a full year of credited service shall be based upon those regular hours the employee worked for the County as a regular, limited-term and/or probationary employee. Two thousand eighty (2080) regular hours, exclusive of overtime, shall equal one (1) full year of service. Hours of service performed in periods before August 1, 1993, shall be counted toward credited service only if the employee has been continuously employed by the County from August 1, 1993 until his or her retirement.

E. Survivor Benefits

1. A surviving dependent of a retiree who was eligible to receive a Grant and who qualifies for a monthly retirement allowance shall be eligible for fifty (50) percent of the Grant authorized for the retiree.

2. A surviving eligible retiree who qualifies for a monthly retirement allowance who was married to a retiree who was also eligible for a Grant shall receive the survivor benefit described in D.1., above, or his or her own Grant, whichever is greater. Such retiree shall not be eligible for both Grants.

F. Opt-Out of Retiree Medical Grant and Transition to a Health Reimbursement Arrangement (HRA)

Effective June 16, 2023, employees who choose to opt out of the Retiree Medical Grant shall receive a value for their grant of $855.00 for each full year of qualified service contributed to the employee’s HRA. The opt-out value will not be limited to a 25-year cap.

G. Transition from County Retiree Medical Grant to a Health Reimbursement Arrangement

1. Effective on June 16, 2023, a Health Reimbursement Arrangement (HRA) was made available for current and future employees in these bargaining units. The County and the HRA administrator, with the oversight of the HRA Advisory Committee, shall administer the program subject to the requirements set forth in the County Health Reimbursement Arrangement Plan Document.

2. The County will contribute to each employee’s HRA effective the pay period beginning on June 16, 2023, $60.00 per pay period for each full-time employee and $30.00 for each part-time employee (scheduled to work at least 40 hours per pay period) and the County contribution...
will be increased by 2.5% annually each first full pay period beginning July 2024.

Section 6 Reopener

Reopener as a Result of the ACA

The County may reopen negotiations on this Article\(^1\) and other provisions of the MOU (eg., Flexible Spending Accounts in Article XXV), for purposes of addressing issues related to the changes to the Affordable Care Act (ACA), or other Federal legislation/regulation which impacts the County’s ability to provide Benefits under this MOU.

\(^1\) Section 3 of this Article will not be reopened unless (and only to the extent that) its provisions are impacted by the ACA.
ARTICLE XX DEFINED CONTRIBUTION

Section 1. An employee in a regular position may, at the employee’s request, participate in the County’s Section 457(b) Defined Contribution Plan.

Section 2. The parties agree to establish a working group to explore: (1) the possibility of expanding investment options in the County’s Defined Contribution plans to include unitization of the OCERS fund; and (2) the retiree medical plan.

Section 3. This Section shall only apply to OCEA represented employees covered under this MOU, newly hired on or after February 26, 2021, and who are covered by the “1.62% at 65” retirement benefit formula (whether by election, deemed to have elected or are hired after January 1, 2013 and are deemed to be “new members” within the meaning of PEPRA).

   a. Employees shall be given an opportunity during the first 90 days after their date of hire to affirmatively opt out of enrollment in the 1.62 Section 457(b) Plan.

   b. If an employee does not affirmatively opt out of enrollment in the 1.62 Section 457(b) Plan within 90 days of their date of hire, the County will automatically enroll the employee in the 1.62 Section 457(b) Plan and make an automatic deduction of two percent (2%) of the employee’s base salary which shall be contributed to the 1.62 Section 457(b) Plan. Such contributions will begin with the first full pay period after the first 90 days of the employee’s date of hire.

   c. If the employee does not make an investment selection before the County has automatically enrolled the employee in the 1.62 Section 457(b) Plan, the investment selection will be the selection recommended by the Defined Contribution Advisory Committee and approved by the 1.62 Section 457(b) Plan Trustee. Employees may change their investment selection as permitted under the 1.62 Section 457(b) Plan.

   d. The County will make a biweekly contribution to the County 1.62 Retirement, Section 401(a) Defined Contribution Plan as stated in ARTICLE XXI, RETIREMENT, Section 3. Defined Contribution Retirement Plan, B. Such contributions shall vest as described in ARTICLE XXI, RETIREMENT, Section 3. Defined Contribution Retirement Plan, B.

   e. Employee and County contributions to the Defined Contribution plans shall be subject to contribution limits imposed by the Internal Revenue Service as stated in ARTICLE XXI, RETIREMENT, Section 3. Defined Contribution Retirement Plan, C. In no event shall the County be required to pay any portion of the matching contributions that would cause the employee to exceed applicable Internal Revenue Service contribution limits.

   f. Employees shall be permitted to stop contributions to the 1.62 Section 457(b) Plan by giving proper notice to the County as required under the 1.62 Section 457(b) Plan.
ARTICLE XXI RETIREMENT

Section 1. Retirement Benefit Levels

A. For Employees Hired Prior to January 1, 2013 and for Employees Hired on or After January 1, 2013 who are Considered “Legacy Members” of OCERS within the Meaning of the Public Employees’ Pension Reform Act of 2013 (“PEPRA).

1. Except as set forth in Section A.2 and A.3 below, employees will be provided a one-fiftieth (1/50) retirement benefit calculated pursuant to Section 31676.19 of the Government Code. This retirement benefit formula is commonly known as the “2.7% at 55″ benefit formula.

   a. For employees hired on or before September 20, 1979 the retirement allowance will be computed on the highest one (1) year of final compensation per Government Code Section 31462.1.

   b. For eligible employees hired on or after September 21, 1979 the retirement allowance will be computed upon the employee’s highest three (3) years of compensation per Government Code Section 31462.

2. 1.62% at 65 Pension Formula Election for Employees Hired Prior to May 7, 2010.

   a. Employees hired prior to May 7, 2010 will be eligible for the Pension Formula Election described below once the Board of Supervisors approves an implementing resolution (which shall be after pending tax issues have been resolved so that the election will not result in any negative tax consequences for eligible unit members). Eligible employees will have 180 calendar days from that date within which to elect one time only whether to terminate for future County service their pension calculation stated in Government Code section 31676.19 (the ”2.7% at 55″ benefit formula) and elect instead the pension calculation stated in Government Code section 31676.01 (the “1.62% at 65” benefit formula) for future County service.

   b. In the event an eligible employee fails to make an election during the period set forth in Subsection 2a above, the employee shall continue to be provided with the “2.7% at 55” benefit formula and shall make the employee retirement contributions established for that benefit formula.
3. Election Option of “2.7% at 55” or “1.62 at 65” Pension Formula for Those Employees Hired by the County between May 7, 2010 and January 1, 2013.

a. Employees hired on or after May 7, 2010 and prior to January 1, 2013 were required to make the pension benefit formula election provided for in Board Resolution 10-072.

b. Employees had forty-five (45) calendar days from the date of hire or appointment to elect either the “2.7% at 55” benefit formula or the “1.62% at 65” benefit formula. Regardless of which benefit formula was selected, the employee is required to make retirement contributions in accordance with the provisions of Section 2.B and C below.

c. In the event an eligible employee failed to make an election during the 45 day period set forth in subsection 3.b above, the employee was deemed to have elected the “1.62% at 65” benefit formula.

d. An employee who elected, or was deemed to have elected, the “1.62% at 65” benefit formula is eligible to participate in the “DC Plan” described in Section 3 below.

e. After the employee made an election or was deemed to have made an election as described in Subsection 3.b and c. above, the employee is required to make retroactive contributions that would have been made from the employee’s hire or appointment date, for the appropriate election as described in this Article. County matching contributions to the DC Plan, for employees who chose the “1.62% at 65” benefit formula are not retroactive to the employee’s date of hire and are calculated from the date that the employee made an election or was deemed to have made an election of the “1.62% at 65” benefit formula.
f. Effective with the pay period following the date an employee elected, or was deemed to have elected, the “1.62% at 65” benefit formula, the normal employee contribution rate to the retirement system for the employee will be calculated pursuant to Section 31621 of the Government Code. The employee will also make the contributions described in Section 2.B and C below.

B. For Employees Hired on or After January 1, 2013 who are Considered “New Members” within the Meaning of PEPRA.

1. The retirement formula will be the “1.62% at 65” benefit formula described in Government Code section 31676.01, utilizing the average three highest years of compensation per Government Code section 7522.32. Pensionable compensation and other pension related conditions are governed by the provisions of PEPRA and the OCERS Board of Retirement. Employees will also make the contributions described in Section 2.B and C. below

2. “New Members” are eligible to participate in the “DC Plan” described in Section 3 below.

Section 2. Retirement Contributions

A. Members’ normal contribution rates will continue to be established and adjusted subsequent to and in accordance with state law and actuarial recommendations adopted by the Retirement Board and the Board of Supervisors.

B. The County will adopt employee contribution rates equal to County contributions for full reserve funding of cost-of-living increases to retirees for all active members of the retirement system as recommended by the OCERS actuary. Employees shall pay the full member contribution for each of the benefit plans provided by the County.

C. Employee Retirement Contributions to Offset the Increased Cost of the “2.7% at 55” benefit formula:

1. The implementation of the “2.7% at 55” retirement benefit formula shall be without additional cost to the County for as long as the enhanced benefit formula is provided to employees, i.e., it will be borne entirely by the employees. Effective with the pay period that commenced on June 24, 2005, unit members began making an additional employee contribution to the retirement system. This contribution is in addition to the normal employee contribution calculated under Section 31621.8 of the Government Code (or Section 31621 of the Government Code, if applicable), and is in addition to the employee contribution required to help provide full reserve funding of cost-of-living increases to retirees for all active
members of the retirement system as recommended by the actuary. The additional employee contribution made under this paragraph is known as the “Reverse Pickup” and is designed to offset both the prospective increased costs, as well as the increased costs attributable to past service liability of providing this enhanced retirement benefit.

a. The portion of the additional employee contribution that is attributable to past service liability shall be in accordance with, and for the purposes stated, in Section 31678.3(d) of the Government Code. This additional employee contribution shall continue beyond the expiration date of this MOU, for the purpose of amortizing, over a 20 year period, the cost of the enhanced retirement benefit.

b. The portion of the additional employee contribution that is attributable to the prospective increased cost of the benefit shall also continue beyond the expiration date of this MOU but unlike the past service liability, does not expire at the end of the 20 year period set forth above.

3. **Reduction in Reverse Pickup**

a. Effective the first day of the first full pay period following Board of Supervisors adoption of this MOU, the annual reverse pickup contribution rate for employees in the PEPRA and 1.62% at 65 Classic benefit formulas will be frozen at the fiscal year 2019-2020 rate. The reverse pickup contribution rate for employees in the 2.7% at 55 benefit formula shall continue to be calculated pursuant to Section 2 of this Article.

b. Effective the first day of the first full pay period following Board of Supervisors adoption of this MOU, reduce Reverse Pickup by an ongoing 1.2%.

c. Effective July 3, 2020, reduce Reverse Pickup by an additional 1.2%, for a total fixed ongoing 2.4% reduction of the employee’s paid reverse pickup.

d. Effective July 2, 2021, reduce Reverse Pickup by an additional 1.2% for a total fixed ongoing 3.6% reduction of the employee’s paid reverse pickup.
e. By July 2, 2021, the entire Reverse Pickup for employees in the PEPRA and 1.62% at 65 Classic benefit formulas shall be eliminated.

Section 3. Defined Contribution Retirement Plan

A. Beginning on May 7, 2010, the County will make available a County 1.62 Retirement, Section 457(b) Defined Contribution Plan (the “DC plan”) to those employees who are covered by the “1.62% at 65” benefit formula (whether by election, deemed to have elected or are hired on or after January 1, 2013 and are deemed to be “new members” within the meaning of PEPRA). These employees will be permitted to make voluntary contributions to the DC Plan. The County will make matching contributions as described in Section 3.B. below.

B. The County will contribute a biweekly amount to a Section 401(a) Defined Contribution Plan for an eligible employee equal to the biweekly amount that the employee contributes to the DC Plan, not to exceed two (2) percent of the employee’s base salary (the “match”). County contributions to the Section 401(a) Defined Contribution Plan shall vest on behalf of the participant after that participant has been continuously employed by the County for a period of five (5) years. For this purpose, one year shall be equal to 2080 paid hours of service, exclusive of overtime.

C. Employee contributions to the DC Plan(s) and the County contributions to the Section 401(a) Defined Contribution Plan shall be subject to contribution limits imposed by the Internal Revenue Service. In no event shall the County be required to pay any portion of the matching contributions that would cause the employee to exceed applicable Internal Revenue Service contribution limits.

Section 4. Tax-Deferred Retirement Plan

The County will administer an approved tax-deferred retirement plan which will allow employees to reduce their taxable gross income by the amount of their retirement contribution. The plan shall be in effect for the term of this Memorandum of Understanding subject to approval by the Internal Revenue Service.
ARTICLE XXII  SEPARABILITY

In the event that any provisions of this Memorandum are declared invalid by any court of competent jurisdiction, such decision shall not invalidate the entire Memorandum, it being the express understanding of the parties hereto that all other provisions not declared invalid shall remain in full force and effect.
ARTICLE XXIII  RECOGNITION

Pursuant to the Employee Relations Resolution of the County of Orange and applicable State law, the Orange County Employees Association is the Exclusively Recognized Employee Organization for the Community Services Unit for classes in effect on June 30, 2023. Said classes are listed in Appendix A.
ARTICLE XXIV    FLEXIBLE SPENDING ACCOUNTS

The County will administer the following Flexible Spending Accounts:

The County will administer a Dependent Care Reimbursement Account that will allow eligible employees the opportunity to allocate a specified amount of biweekly pre-tax salary into the employee’s dependent care reimbursement account to pay for dependent care expenses as permitted by state and federal law, regulations and guidelines, and as permitted by the County’s Section 125 Plan Document.

Section 2.  **Health Care Reimbursement Account (HCRA)**

The County will administer a Health Care Reimbursement Account that will allow eligible employees the opportunity to allocate a specified amount of biweekly pre-tax salary into the employee’s health care reimbursement account to pay for health care expenses as permitted by state and federal law, regulations and guidelines, and as permitted by the County’s Section 125 Plan Document.
ARTICLE XXV PERFORMANCE INCENTIVE PROGRAM (PIP)

Effective, June 1, 2015, employees who are granted PIP awards will receive non-cashable time off of twenty (20) hours. This time off will not be subject to the requirement that PIP time be taken off within one (1) year.

All other performance management components of PIP remain in effect.
ARTICLE XXVI    LABOR MANAGEMENT COMMITTEES

Section 1.   Introduction

A. The County and OCEA desire to mutually encourage a cooperative, collaborative partnership approach to addressing and resolving workplace issues. The County and OCEA further desire to provide an opportunity for labor and management representatives to promote and maintain harmonious labor/management relations through the establishment of Department Labor Management Committees. This section is not intended to change or replace mutually agreeable existing arrangements, including labor-management forums, except by mutual agreement.

B. The Labor Management Committee (LMC) process is intended for department management and labor representatives to collaborate in a regularly scheduled (at least monthly) forum to develop solutions to workplace issues that are deemed appropriate for discussion. The County and OCEA recognize that this process will provide an important opportunity to achieve mutually acceptable solutions to workplace issues.

C. It is the intent of the process that each party should raise issues prior to making decisions or adopting courses of action that may affect the other party.

D. An issue may be considered by the LMC members unless the issue:
   1. Concerns only an individual employee, such as that employee’s performance evaluation, PIP award, discipline or an individual problem with another employee;
   2. Has County-wide impact; or
   3. Involves the classification of one or more employees.

E. LMC members will have the authority to discuss and develop solutions to workplace issues submitted by employees and management and to present those solutions to the LMC Sponsors.

F. The activities of LMCs will be effectively communicated to all employees through monthly newsletters or other mutually agreeable methods.

Section 2.   Structure

A. The LMC program shall be jointly administered by four central LMC Program Sponsors, two of whom shall be appointed by the Chief of Employee Relations and two of whom shall be appointed by OCEA. Any issue concerning the implementation or administration of the LMC process may be referred to the LMC Program Sponsors by request of either party.
B. 1. Every department shall have an LMC.

2. The department LMC structure shall consist of management representatives selected by the department and employee representatives selected by OCEA. The LMC Program Sponsors may also select representatives to participate on the LMC.

3. Each department LMC shall have two sponsors who may or may not be members of the LMC: the department head and a representative designated by OCEA. The role of the sponsors is to monitor the direction and progress of the LMC and to provide the support and resources necessary to constructively address and resolve workplace issues.

Section 3. Time Off for LMC Activities

A. A reasonable number of employees shall be allowed reasonable time off without loss of pay to serve as employee representatives in the LMC process.

B. In addition to A, above, reasonable time off without loss of pay shall be given to employees and LMC employee representatives as necessary to effectuate the purposes of the LMC process.

Section 4. Process

A. Employees may submit a form entitled Workplace Issue Statement Form describing the workplace issue, the recommended change(s) and the advantage(s) associated with the change. Employees may choose to remain anonymous when submitting their workplace issue; however, anonymity may hinder the ability of the LMC to fully evaluate the issue presented.

B. Employees may submit the Workplace Issue Statement form to any active LMC member or to LMC sponsors.

C. The LMC member shall discuss and develop possible solutions to the submitted workplace issues. An LMC member may contact the employee who submitted the workplace issue to obtain additional information/clarification.

D. Workplace issue solutions will be determined by a consensus of the members present at the LMC meeting and submitted as a recommendation to the LMC sponsors.

E. Within 30 days of receipt of the LMC recommendation, the department LMC sponsors shall respond to the LMC members in writing, indicating their acceptance, suggested modifications or rejection of each proposed solution and/or schedule for implementation. The sponsors shall provide written reasons for a rejection/modification of a solution submitted by the LMC.
F. Any issue which is not resolved by the department LMC shall upon request by either departmental sponsor be submitted to the central LMC Program Sponsors for advisory review.
ARTICLE XXVII   SALARY

B. Upon recommendation of the Chief Human Resources Officer, the Board may, by minute order, authorize that a particular position be filled at any step within the range. When the Board authorizes the filling of the position at a step which is higher than the recruiting step of the salary range, it may, by minute order, advance the salary of incumbents of positions in that class or related classes in order to retain equitable relationships.

C. The agency or department head may authorize the appointment of employees at any of the first eight (8) steps of the salary range. Such appointments shall be made only when the agency or department head makes a determination that there is a direct and measurable benefit to the County from such appointments and makes a determination that the applicant's previous training and experience enables him or her to make a greater contribution than a less experienced employee.

D. Upon recommendation of the agency or department head, the County Executive Officer may authorize the appointment of employees beyond step eight (8) of the salary range when there is a direct and measurable benefit to the County for such appointment.

E. 1. The County may adjust the recruiting step of classes during the term of this Agreement, wherever justified, reciting and labor market considerations.

Section 3. Merit Increase Within Range

A. Extra help employees shall not be eligible for merit increases within range.

A. B. Salary increases within a range shall not be automatic. They shall be based upon merit and granted only upon the affirmative recommendation of the Agency Department Head.

B. C. A new or reemployed employee in a regular or limited-term position shall have a merit increase eligibility date which shall be the first day of the pay period following the completion of the first twenty-six (26) weeks of service within that class. The granting of an Official Leave of Absence (other than a Military Leave) or the imposition of a suspension shall cause the merit increase eligibility date to be extended a number of calendar days equal to the Official Leave or suspension. The extended merit increase eligibility date will be effective the first day of the pay period after said date. Subsequent merit increase eligibility dates shall be the first day of the pay period following the completion of fifty-two (52) week intervals subject to the same postponement for Official Leaves of Absence or suspensions.

A military leave, paid or unpaid, shall not result in the extension of a merit increase eligibility date.

B. D. An employee in a part-time regular or limited-term position who has not completed one thousand forty (1040) paid hours exclusive of overtime by his or her first merit increase date shall have the merit increase eligibility date postponed until the first day of the pay period following completion of one thousand forty (1040) paid hours exclusive of overtime. C.

C. E. 1. Merit increases may be granted for one (1), two (2), three (3) or four (4) steps within the salary range based upon the employee's performance. D.

D. 2. For any employee hired on or after July 15, 1977, the determination as to whether or not to grant merit increases beyond Step 10 (Step 12 for employees assigned to Salary Schedule G), and if granted, in what amounts, shall be solely within the discretion of the Agency Head and shall be based on merit.

E.

F.E. F. If, in the agencydepartment's judgment, the employee's performance does not merit a salary increase on the merit increase eligibility date and a deferral of decision accompanied by an intensive effort at improved performance might be productive, the agencydepartment shall complete the structured merit rating and defer a decision regarding the merit increase any number of pay periods, but not to exceed thirteen (13) pay periods. A deferral of less than thirteen (13) pay periods may be further extended not to exceed thirteen (13) pay periods from the original merit eligibility date. The employee may be reevaluated at any time, but in any event shall be reevaluated on the structured merit rating prior to the end of the thirteenth pay period. The employee's merit increase eligibility date shall not be changed by such deferral.

G.F. G. Should an employee's merit increase eligibility date be overlooked through an error and upon discovery of the error the employee is granted a merit increase, the employee shall be compensated for the additional salary the employee would have received dating from the employee's merit increase eligibility date.

Section 4. Salary on Promotion

A. Except as modified by B., and C. below, a regular, limited-term or probationary employee who is promoted to a position in a class with a higher salary range shall receive the recruiting salary for the higher class or such higher amount as would be the closest to a two (2) step increase on the range over the salary received prior to the promotion not to exceed the top step of the range. A new merit increase eligibility date shall be established which
shall be the first day of the pay period following completion of the first twenty-six (26) weeks of service in the new class, except that the employee will retain their former merit increase eligibility date if the promotion was the result of a Classification Maintenance Review as defined in Article XVIII, Section 2.B.

B. Any employee who is promoted to a class from which the employee was previously reduced without a salary decrease shall be placed at a salary step no higher than the step which the employee would have achieved if the employee had remained in the class to which he or she is promoted and had demonstrated at least standard performance. The employee's merit increase eligibility date shall be reestablished in order to credit the employee with any time formerly served in the higher class.

C. Upon recommendation of the agency/department head, the County Executive Officer may, based on consideration of such factors as external market data, internal salary relationships, and position responsibilities, approve a rate of pay on promotion not to exceed the top of the pay range to which the employee is being promoted.

B. When a regular, limited-term or probationary employee is reassigned to a class with a higher recruiting step, such employee's salary shall be advanced the number of steps difference between recruiting steps and the employee shall retain his or her former merit increase eligibility date, except as provided in E., below. Such employee shall have the same probation status which would have been achieved if the employee had been in the new class throughout the period of such service in the old class.

C. When a regular or limited-term employee is reassigned to a class with a lower recruiting step, such employee's salary and merit increase eligibility date shall not change. Such employee shall have the same probation status which would have been achieved if the employee had been in the new class throughout the period of such service in the old class.

D. When a probationary or probationary limited-term employee is reassigned to a class with a lower recruiting step, such employee shall have the same salary, step status, probation status and merit increase eligibility date as would have been achieved if the employee had been in the new class throughout the period of such service in the old class.

E. When a regular, limited-term or probationary employee is involved in a series of reassignments among classes with the same salary range but different
recruiting steps or a series of reassignments among classes on different salary ranges or is reassigned through a Classification Maintenance Review as defined in Article XVIII, Section 2.B to a class on a different salary schedule, their salary and merit increase eligibility date shall be determined by the Chief Human Resources Officer.

Section 6. Salary on Reduction

When a probationary employee is reduced to a class not previously occupied by the employee, the employee shall receive the recruiting step for the lower class and shall receive a new merit increase eligibility date as provided in Section 3.CB., above, or the employee's salary and merit increase eligibility date may be determined by the Chief Human Resources Officer.

2. When a promotional probationary employee, an employee who has been on a temporary promotion or a regular employee who was promoted to a limited-term position at the direction of the employee's agency department head is reduced to a class the employee occupied in good standing, the employee shall have the step status and merit increase eligibility date he or she would have achieved if the employee had remained in the lower class throughout the period of his or her service in the higher class.

B. When a regular or limited-term employee is reduced to a position in a lower class by demotion for reasons of unsatisfactory performance, the employee's salary shall be reduced to a step on the salary range which would be the closest amount to a two (2) step reduction or the employee shall receive the maximum step of the salary range of the new class, whichever is lower. The employee's merit increase eligibility date shall be the first day of the pay period following completion of fifty-two (52) weeks of service in the new class, unless the employee thereby is placed at the recruiting step of the new salary range, in which case the employee's merit increase eligibility date shall be the first day of the pay period following the completion of twenty-six (26) weeks of service in the new class.

C. When a regular or limited-term employee in good standing is reduced to a position in a lower class for physical disability or reasons other than unsatisfactory performance, the employee shall receive the highest salary in the new range that does not exceed the employee's rate of pay immediately prior to reduction and shall retain his or her merit increase eligibility date.

Section 10. Additional Compensation

of Absence shall end with the first day of the pay period after said extended date. E. Regular employees who transfer, promote or reduce to limited-term positions at the direction of the AgencyDepartment Head shall retain their former status and retain their layoff benefits in their former layoff unit. The AgencyDepartment Head shall make such an order in writing prior to the date of transfer or promotion.

Section 5. Temporary Promotion

A. A regular, probationary or limited-term employee who is assigned on a temporary basis to a higher level vacant regular or limited-term position shall be promoted on a temporary basis to that class when such employee has been assigned to the higher class for one hundred twenty (120) consecutive regularly scheduled hours of work and the employee has been performing all of the significant duties and responsibilities of the higher class, unless the employee requests to be reassigned to his or her former class. At any time before the temporary promotion is made, such employee may request to be reassigned to his or her former class. In such a case, the employee shall be reassigned within five (5) working days.

B. An agencydepartment may, at its option, waive the one hundred twenty (120) hour requirement when it is necessary to utilize a regular, probationary or limited-term employee in a higher level vacant regular or limited-term position for a period that is expected to be at least one hundred twenty (120) regularly scheduled hours but not to exceed eighteen (18) months.

Employees will be required to use available accrued Annual Leave, Vacation, Compensatory Leave, and PIP time in that order until all accrued leave time is exhausted, except as provided in subsections 2., and 3., below. Such Leave may be authorized only after an employee’s completion of an Agency Leave and after all compensatory time and vacation accruals or the portion of annual leave balance subject to 100% payoff have been applied toward payment of the absence.

b. An Official Leave of Absence may be extended for up to an additional year at the discretion of the agency-department. Failure to request an extension before the end of the Official Leave may result in denial of that extension except that requests for Official Leave which qualify as Family Leave pursuant to applicable law shall be granted to the extent required by such law. If the agency denies the extension of such Leave, the provisions of subsections 5. and 6., below, shall not apply.

c. An employee who has requested and identified a valid need for Family Leave pursuant to Article IV, Section 15, and applicable law, shall be granted Official Leave to the extent required by such law. Such Leave shall be authorized only after use of leave balances as specified below:

c. When Official Leave is used for all other reasons—after all accumulated compensatory time and vacation accruals and/or the portion of the annual leave balance subject to 100% payoff have been applied toward the absence. Use of annual leave beyond the leave balance subject to 100% payoff shall be at the discretion of the employee, subject to the annual leave provision.

4. An employee shall give notice two (2) weeks prior to the date he or she wants to return to work, except that an employee returning from Family Leave shall give the lesser of two (2) weeks notice or the maximum notice allowable under applicable law. If an employee does not give required notice prior to the date he or she wants to return to work, the agency shall not be required to return the employee to work until the employee gives such notice; however, the agency may waive the notice or reduce the notice period at its discretion.

5. Except as to leaves which must be granted pursuant to sections 10, 11 and 15 of this Article, the agency shall: (a) indicate on the request its decision as to whether the request should be granted, modified or denied; (b) promptly transmit the request to the Chief Human Resources Officer; and (c) deliver a copy to the employee.

6. If the agency/department modifies or does not approve a request for Official Leave, the employee may, within fifteen (15) calendar days of said action, file a request for review with the Chief Human Resources Officer. d. If the department modifies or does not approve a request for Leave, the employee may, within fifteen (15) calendar days of said action, file a request for review with the Chief Human Resources Officer. The employee shall remain/return to work during this review process. The employee shall include the department’s modification or denial of the leave in the request for review by the Chief Human Resources Officer. The decision of the Chief Human Resources Officer on such appeals shall be final.

e. An employee who fails to provide a request for a Discretionary Leave unrelated to an ongoing medical accommodation or has been denied for the Leave in accordance with B.3 and/or B.4 and is absent from work, may be subject to Article IV, Section 96, Absence Without Authorization.

f. A Discretionary Leave not covered by employee’s balances shall not be credited toward service hours. This does not apply during any portion of the Leave where the employee is applying Annual Leave, Vacation, Compensatory Leave or PIP balances to the leave.

g. Departmental Leave and Official Leave do not run concurrently.

B. **Non-Discretionary Leave of Absence**

1. A Non-Discretionary Leave of Absence is leave which an eligible employee may use for various reasons under applicable law. Eligibility for a Non-Discretionary Leave of Absence will be determined according to the requirements of applicable law. The County follows all applicable state and federal laws pertaining to Non-Discretionary Leaves of Absence. Non-Discretionary Leave includes, but is not limited to, FMLA, CFRA, and PDL.
2. If conflicting language exists in the application of a Non-Discretionary Leave between this Article and state or federal law, then state or federal law shall prevail.

3. Family and Medical Leave Act
   a. Family and Medical Leave Act (FMLA) shall be granted to the extent required by law to an employee for their own serious medical condition, to care for an FMLA-eligible person, or for any other FMLA-eligible purpose. Where FMLA Leave qualifies as both military caregiver leave and care for a family member with a serious health condition, the leave will be designated as military caregiver leave first.
   d. FMLA Leave is unpaid under the law. However, to the extent that an employee has accrued leave balances, the employee is required to use Annual Leave, Sick/Healthcare Leave, Vacation time, Compensatory, and PIP balances in that order for the Leave.

4. California Family Rights Act
   a. If an employee is receiving disability benefits, then the employee may elect to supplement the disability benefits by using accrued Annual, Sick/Healthcare, Vacation, Compensatory, and PIP balances in that order. c. If an employee uses CFRA Leave for purposes of “child bonding,” the employee is required to use accrued Annual Leave, Vacation, and Sick/Healthcare balances, Compensatory, and PIP balances in that order.

An employee may be eligible for up to sixteen (16) weeks (640 hours) of PDL for each qualifying leave.

b. PDL is unpaid under the law. If an employee uses PDL, the employee is required to use Sick/Healthcare balances until they are exhausted, unless the employee is receiving disability benefits. Once an employee exhausts accrued Sick/Healthcare Leave balances, the employee may use Annual Leave, Vacation, Compensatory, and PIP balances in that order. As soon as practicable, but no later than the end of the PDL leave, the employee shall notify the department whether they choose to use the above leave balances once they have exhausted their Sick/Healthcare balances. At the time of the PDL request or as soon as practicable, the employee is required to notify the department that they are/will be receiving disability benefits.

c. To request Leave to care for another eligible person, an employee is required to furnish medical certification from the eligible person’s health care provider with the same information listed in 8.a and 8.b above, and stating that the employee cannot perform their duties because the leave is required to care for the-eligible person pursuant to applicable law.

4. Eligibility for Family Leave will be determined according to the requirements of applicable law.

5. Family leave shall not exceed twelve (12) work weeks for situations covered by subsection A(2)(a)–(d) above or twenty-six (26) weeks to care for a covered service member (subsection A(2)(e) and (f) above) during any calendar year. In no case shall the employee provide notice later than five (5) calendar days after he or she learns of the need for Family Leave.

3. For foreseeable leave due to a qualifying exigency, an employee must provide notice of the need for leave as soon as practicable, regardless of how far in advance such leave is foreseeable.

4. When the Family Leave is for the purpose of the scheduled medical treatment or planned medical care of a child, parent, spouse or registered domestic partner, the employee shall, to the extent practicable, schedule treatment and/or care in a way that minimizes disruption to agency operations.

C. Verification

1. As a condition to the approval of Family Leave, an employee may be required to furnish certification from the health care provider which states: (1) the date on which the condition commenced; (2) the probable duration of the condition; (3) an estimate of time that the employee needs to be off; (4) that the employee cannot perform his/her duties because of the employee's own serious health condition or that care is needed when the leave is for an eligible family member pursuant to applicable law.

G. Should a proposed reduction or suspension become final, an employee shall have the right to appeal such action pursuant to Sections 4. and 5. of this Article.

H. Should a proposed discharge become final, an employee shall have the right to appeal such action pursuant to Section 6. of this Article.

Section 4. Suspension

B. A written notice of such suspension stating specifically the cause of the suspension shall be given to the employee.

C. In accordance with the provisions of Article X, an appeal of suspension shall be initiated at Step 2 of the grievance/appeal procedure, except for
suspensions imposed by the County Executive Officer, which may be referred directly to arbitration.

Section 5.  Reduction

B. A written notice of such discharge stating specifically the cause of the discharge shall be given to the employee.

C. In accordance with the provisions of Article X, a discharge may be appealed directly to arbitration.

Section 7.  Polygraph Examination

No employee shall be compelled to submit to a polygraph examination. No disciplinary action whatsoever shall be taken against an employee refusing to submit to a polygraph examination; nor shall any comment be anywhere recorded indicating that an employee offered to take, took or refused to take a polygraph examination unless otherwise agreed to in writing by the parties; nor shall any testimony or evidence of any kind regarding an employee's offer to take, refusal to take, or the results of a polygraph examination be admissible in any proceeding pursuant to this Agreement, unless otherwise agreed to in writing by the parties.

Section 8.  Investigatory Meetings

A. An employee required to attend an investigatory meeting shall receive advance notice of such meeting. Such notice shall include:

2. A statement of the employee’s right to representation.

B. All investigatory meetings shall be scheduled to allow an employee a reasonable opportunity to obtain representation. Whenever practicable, such notice shall be given at least three (3) working days prior to the meeting.

C. An employee may represent himself or herself or may be represented by OCEA in an investigatory meeting. An employee is not entitled to be represented by privately retained counsel at the meeting, provided, however, an employee eligible for Legal Defense Fund coverage (LDF) under PORAC or any other OCEA-approved LDF provider shall be entitled to be represented by privately retained counsel obtained through that coverage during the investigatory process including, but not limited to, the investigatory meeting.
ARTICLE X GRIEVANCE PROCEDURE AND DISCIPLINARY APPEALS

Section 1. Scope of Grievances

A. A grievance may be filed if a management interpretation or application of the provisions of this Memorandum of Understanding adversely affects an employee's wages, hours or conditions of employment.

B. Specifically excluded from the scope of grievances are:

1. subjects involving the amendment or change of Board of Supervisors resolutions, ordinances or minute orders, which do not incorporate the provisions of this Memorandum of Understanding;

2. matters which have other means of appeal;

3. position classification;

4. performance evaluations with a rating of “meets” or “exceeds” performance objectives.

Section 2. Basic Rules

A. If an employee does not present a grievance/appeal or does not appeal the decision rendered regarding his or her grievance/appeal within the time limits, the grievance/appeal shall be considered resolved.

B. If a County representative does not render a decision to the employee within the time limits, the employee may within seven (7) calendar days thereafter appeal to the next step in the procedure.

C. If it is the judgment of any management representative that he or she does not have the authority to resolve the grievance/appeal, he or she may refer it to the next step in the procedure. By mutual agreement of the County and OCEA, any step of the procedure may be waived.

D. The Chief of Employee Relations may temporarily suspend grievance/appeal processing on a section-wide, unit-wide, division-wide, agencywide or County-wide basis in an emergency situation. OCEA may appeal this decision to the Board of Supervisors.

E. A grievance alleging discrimination shall first be referred to the County Equal Employment Opportunity (EEO) Office for intake, review, and if applicable, investigation. The grievant/appellant and, if applicable, the OCEA representative shall be notified in writing of the grievance being referred to the EEO Office. The timelines for a grievance alleging discrimination may be held in abeyance by mutual agreement until the EEO Office has completed its intake, review, and if applicable, investigation. Once the EEO Office has completed the intake, review, and if applicable, investigation, the
grievant/appellant and, if applicable, the OCEA representative shall be notified in writing and the time limits for processing the grievance shall resume, unless timelines are extended by mutual agreement.

EF. Upon written consent of the parties (i.e., the representatives of the County and the employee or his or her representative), the time limits at any step in the procedure may be extended.

FG. Every reasonable effort shall be made by the employee and the County to resolve a grievance/appeal at the lowest possible step in the grievance/appeal procedure.

GH. No claim shall be granted for retroactive adjustment of any grievance prior to sixty (60) calendar days from the date of filing the written grievance.

HI. In order to encourage frank discussion and compromise in attempting to resolve grievances and other labor disputes, the County and OCEA agree that the files of the respective parties concerning such matters shall be confidential, except that this shall not restrict any access that either party might otherwise have to the other's files.

Section 3. Submission of Grievances

A. Any employee or group of employees shall have the right to present a grievance. No employee or group of employees shall be hindered from or disciplined for exercising this right.

B. If any two (2) or more employees have essentially the same grievance they may, and if requested by the County must, collectively present and pursue their grievance if they report to the same immediate supervisor.

C. If the grievant is a group of more than three (3) employees, the group shall, at the request of the County, appoint one (1) or two (2) employees to speak for the collective group. To be considered a grievant in a group grievance, each employee must be individually identified as a grievant when the grievance is submitted at Step 2.

Section 4. Employee Representation

A. An employee may represent himself or herself or may be represented by OCEA in the formal grievance/appeal procedure. An employee is not entitled to be represented by privately retained counsel during the grievance process or arbitration hearing. Provided, however, an employee eligible for Legal Defense Fund coverage (LDF) under PORAC or any other OCEA-approved LDF provider shall be entitled to be represented by privately retained counsel obtained through that coverage during the grievance process and/or arbitration hearing.
B. Authorized grievance/appeal representatives shall be regular employees in the same agency—department or Representation Unit as the grievant/appellant who are members of and are designated by OCEA to represent employees for purposes of the grievance/appeal procedure. OCEA shall notify Agency Department Heads of the names and titles of such representatives and send a copy of such notice to the Chief of Employee Relations quarterly.

C. If an employee chooses not to be represented by OCEA, OCEA may have staff representatives present at Step 2 of the grievance/appeal procedure and/or arbitration, and, if necessary, shall have the right to present OCEA's interpretation of provisions of this Agreement at issue. Such presentation shall not include comments regarding the merits of the grievance. The decision of the arbitrator in such a case shall not be precedent setting and shall not be admissible in any subsequent dispute between the County and OCEA.

Section 5. Time Off for Processing Grievances/Appeals

A. Reasonable time off without loss of pay shall be given to:

1. an employee who has a grievance/appeal in order to attend a meeting with his or her supervisor or other person with authority under the grievance/appeal procedure to resolve the matter or to meet with his or her grievance/appeal representative;

2. an authorized grievance/appeal representative in order to attend a meeting with the represented grievant's/appellant's supervisor or other person with authority under the grievance/appeal procedure to resolve the grievance/appeal or to obtain facts concerning the action grieved/appealed through discussion with the grievant/appellant or other employees or through examination of appropriate County records or locations relating to the grievance/appeal.

B. The following restrictions shall apply in all cases to activity authorized in Section 5.A., above:

1. Before performing grievance/appeal work, the grievant/appellant or grievance/appeal representative shall obtain permission of his or her supervisor and shall report back to the supervisor when the grievance/appeal work is completed.

2. Neither the grievant/appellant nor the grievance/appeal representative shall interrupt or leave his or her job to perform grievance/appeal work if his or her supervisor determines that such interruption or absence will unduly interfere with the work of the unit in which the grievant/appellant or representative is employed. However, an effort will be made to grant such time off as soon as it is feasible to do so.
3. When an authorized grievance/appeal representative must go into another section or unit to investigate a grievance/appeal, the representative shall be permitted to do so provided that:

   a. the representative checks in and checks out with the supervisor of the unit; and

   b. such investigation does not unduly interfere with the work of the unit.

Section 6. Informal Discussion

If an employee has a problem relating to a work situation, the employee is encouraged to request a meeting with his or her immediate supervisor to discuss the problem in an effort to clarify the issue and to work cooperatively towards settlement.

Section 7. Grievance/Appeal Steps

The grievance/appeal procedure shall consist of the following steps, each of which must be completed prior to any request for further consideration of the matter unless waived by mutual consent or as otherwise provided herein.

Step 1: Agency/Department Head

An employee may formally submit a grievance to the agency/department head, or their designee, within fourteen (14) calendar days from the occurrence which gives rise to the problem. Such submission shall be in writing and shall state the nature of the grievance and the suggested solution. Within seven (7) calendar days after receipt of the written grievance, the agency/department head, or his or her designee(s) shall meet with the grievant. Within fourteen (14) calendar days thereafter, a written decision shall be given to the grievant. The County shall, whenever practicable, notify the grievant if more than one (1) management representative shall attend the Step 1 grievance meeting.

Step 2: Chief of Employee Relations

If the grievance/appeal is not settled under Step 1 and it concerns:

   a. an interpretation or an application of this Memorandum of Understanding;

   b. a performance evaluation rating of “does not meet performance objectives”;

   c. deferral or denial of a merit increase, or a dispute about the number of steps granted;
d. a written reprimand; or

e. a release from new hire probation alleging discrimination pursuant to Article III, Section 1.C.3; or

d.f. a release from promotional probation alleging discrimination pursuant to Article III, Section 1.C.3;

Items a., b., c., or d., above, may be appealed in writing to the Chief of Employee Relations within seven (7) calendar days after receipt of the written decision from Step 1. Items e. or f., above, and/or appeal of suspension and/or a reduction ordered by an Agency Department Head or his or her designated representative may be submitted in writing at Step 2 within ten (10) calendar days after receipt of the notice of suspension and/or reduction. Within fourteen (14) calendar days after receipt of the written grievance/appeal, the Chief of Employee Relations or his or her representative shall meet with the grievant/appellant. Within fourteen (14) calendar days thereafter, a written decision shall be given to the grievant/appellant. The decision of the Chief of Employee Relations in B., C. and D., above, shall be final and binding and shall not be referable to arbitration.

Section 8. Referrals to Arbitration

A. Grievances

1. If a grievance is not resolved under Step 2, an arbitration request may be presented in writing to the Chief Human Resources Officer within seven (7) calendar days from the date a decision was rendered at Step 2. Within 30 days of the submission of the arbitration request, the arbitration hearing date shall be calendared, unless the parties agree to extend the time allowed for calendaring. If mediation is going to be held and the grievance is not settled through the mediation process, the arbitration hearing date shall be calendared within 30 days of the mediation, unless the parties agree to extend the time allowed for calendaring.

2. The parties shall either sign a joint issue submission statement or else execute and sign separate alternative issue statements after discussing the issue(s). In either case, the parties shall send copies of their joint or separate submission statement(s) to each other within fourteen (14) calendar days before the first scheduled date of the arbitration hearing.
B. Disciplinary Appeals

1. Submission Procedure

   a. If an appeal from suspension or reduction is not settled at Step 2, it may be presented to the Chief of Employee Relations within seven (7) calendar days from the date the decision was rendered.

   b. An appeal from any discharge or from a suspension or reduction imposed by the County Executive Officer may be presented to the Chief of Employee Relations within ten (10) calendar days from the date the action becomes final.

   c. All disciplinary appeals shall be signed by an employee or by a representative of OCEA and shall be submitted in writing.

   d. The issues in all disciplinary appeals shall be: Was (employee's name) suspended/reduced/discharged for reasonable cause? If not, to what remedy is the appellant entitled under the provisions of Article X, Section 8. of the MOU?

   e. As soon as practicable after a suspension, reduction or discharge appeal is presented to the Chief of Employee Relations, an arbitrator shall hear the appeal.

2. Findings of Facts and Remedies

   a. Findings of Facts

      An arbitrator’s decision shall set forth the findings as to each of the charges and the reasons therefore. The arbitrator may sustain, modify or rescind an appealed disciplinary action as follows and subject to the following restrictions:

   b. Remedies - All Disciplinary Actions (Other than Discharge)

      1. If the arbitrator finds that the disciplinary action was taken for reasonable cause, he or she shall sustain the action.

      2. Suspensions/Reductions

         If the action is modified or rescinded, the employee shall be entitled to restoration of pay and/or fringe benefits in a manner consistent with the arbitrator’s decision.

   c. Remedies - Discharges

      1. If the arbitrator finds that the order of discharge should be modified, the employee shall be restored to a position in his
or her former class subject to forfeiture of pay and fringe benefits for all or a portion of the period of time the employee was removed from duty as determined by the arbitrator.

2. If the arbitrator finds that the order of discharge should be rescinded, the employee shall be reinstated in a position in his or her former class and shall receive pay and fringe benefits for all of the period of time he or she was removed from duty.

3. Restoration of pay and benefits shall be subject to reimbursement of all unemployment insurance and additional outside earnings which the employee received since the date of discharge.

C. Probationary Releases Alleging Discrimination

1. The issues to be submitted to the arbitrator in grievances filed pursuant to Article III, Section 1.C.3. shall be as follows and shall be submitted consistent with Section 8.A., above.

   a. Was the probationary release of (employee's name) in whole or in part the result of discrimination in violation of Article XVIII, NONDISCRIMINATION, of the Memorandum of Understanding between the County and OCEA?

   b. If so, what shall the remedy be under the provisions of Article X, Section 8.C.2., Findings of Facts and Remedies, of the Memorandum of Understanding between the County and OCEA?

2. Findings of Facts and Remedies

   a. In the event the arbitrator finds no violation of Article XVIII, NONDISCRIMINATION, the grievance shall be denied and the issue of remedy becomes moot.

   b. In the event the arbitrator finds a violation of Article XVIII, NONDISCRIMINATION, but also finds such violation was not a substantial cause of the employee's probationary release, the grievance shall be denied and the issue of remedy becomes moot.

   c. In the event the arbitrator finds a violation of Article XVIII, NONDISCRIMINATION, and also finds that the violation was a substantial cause of the probationary release of the employee, the arbitrator's award shall depend upon the significance of the violation and shall be in keeping with the following alternatives:

      1. The probationary release may be sustained.
2. The employee may be reinstated in a position in his or her former class subject to forfeiture of pay and fringe benefits for all or a portion of the period of time the employee was removed from duty. The employee may be required to serve the remainder of any outstanding probation period.

3. The employee may be reinstated in a position in his or her former class with full back pay and benefits for all of the period of time the employee was removed from duty. The employee may be required to serve the remainder of any outstanding probation period.

D. General Provisions

1. Except as otherwise required by law, the cost of an arbitrator shall be shared equally in all cases by the County and the appealing party, except when the appealing party solely alleges discrimination under Article XVIII, in which case the County shall bear the full cost. When the grievance involves both discrimination and other arbitrable issues, the proper division of costs shall be determined by the arbitrator.

2. Grievance/Appeal hearings by an arbitrator shall be private.

3. Arbitration appeal hearings of a release from new hire probation alleging discrimination pursuant to Article III, Section 1.C.3 shall be limited to one (1) day unless both parties agree that a longer hearing is necessary. Arbitration appeal hearings of suspensions of less than forty (40) hours shall be limited to two (2) days unless both parties agree that a longer hearing is necessary. Both parties shall be allotted equal time during arbitration hearings involving such suspensions. The two (2) day limitation for arbitration appeal hearings shall not apply to suspensions imposed by the County Executive Officer.

4. The arbitrator shall be selected by the mutual agreement of the parties. If the parties cannot agree upon an arbitrator, a list of seven (7) arbitrators shall be obtained from the California State Mediation and Conciliation Service, the American Arbitration Association or some other agreed upon source and each party shall alternately strike one (1) name from the list until only one (1) name remains.

5. Upon written request by the opposing party in a pending hearing given at least twenty (20) calendar days prior to the scheduled hearing date, the party requested shall supply to the party submitting the request copies of all documentary evidence to be used by that party at the hearing. Such evidence shall be provided no later than ten (10) calendar days prior to the scheduled hearing date. Any evidence not so provided may not be admitted or offered as evidence at the subsequent hearing except that any such documentary evidence discovered by a party after
such a request for copies but not soon enough to comply with the above
time limits may be admitted providing it could not have been discovered
sooner by reasonable means and provided further that a copy or copies
of such evidence be afforded the requesting party as soon as practicable
after such discovery. Nothing contained herein shall operate to prevent
either party from presenting additional documents by way of rebuttal.

6. An employee shall not suffer loss of pay for time spent as a witness at
an arbitration hearing held pursuant to this procedure. The number of
witnesses requested to attend and their scheduling shall be reasonable.

7. At the hearing, both the appealing employee and the County shall have
the right to be heard and to present evidence. The following rules shall
apply:

a. Oral evidence shall be taken only on oath or affirmation.

b. Each party shall have these rights: to call and examine witnesses,
to introduce exhibits, to cross-examine opposing witnesses on any
matter relevant to the issues even though that matter was not
covered in the direct examination, to impeach any witness
regardless of which party first called the witness to testify and to
rebut the evidence against the witness. If the employee does not
testify in his or her own behalf, the employee may be called and
examined as if under cross-examination.

8. The hearing need not be conducted according to technical rules relating
to evidence and witnesses. Any relevant evidence shall be admitted if
it is the sort of evidence on which responsible persons are accustomed
to rely in the conduct of serious affairs, regardless of the existence of
any common law or statutory rule which might have made improper the
admission of such evidence over objection in civil actions. Hearsay
evidence may be used for the purpose of supplementing or explaining
any direct evidence, but shall not be sufficient in itself to support a finding
unless it would be admissible over objection in civil actions. The rules
of privilege shall be effective to the same extent that they are now or
hereafter may be recognized in civil actions and irrelevant and unduly
repetitious evidence shall be excluded.

9. The County shall be allowed to have one (1) employee, who may be
called upon to testify as a witness, present at the arbitration hearing at
all times.

10. The parties agree to forego the use of briefs and transcripts whenever
practicable, except that any party may opt to file a closing brief in lieu of
an oral closing argument. The parties agree to, whenever practicable,
forgo the use of a court reporter in arbitrations resulting from a new hire
probation release or suspension.
11. The decision of the arbitrator shall be final and binding on all parties.

12. As an alternative to proceeding directly to arbitration after completion of Step 2, the parties may mutually agree to submit a grievance/appeal to mediation. A request for mediation may be presented in writing to the Chief of Employee Relations within seven (7) calendar days from the date a decision was rendered at Step 2. A request for mediation will automatically suspend the normal processing of a grievance until the mediation process is completed or the request is denied. The County shall respond to a request for mediation within thirty (30) calendar days. The mediation process shall be optional, and any opinion expressed by the mediator shall be informal, considered advisory and shall not be admissible evidence in any arbitration that should follow. Within seven (7) calendar days after completion of the mediation process or denial of a request for mediation, an arbitration request may be filed pursuant to Section 8.A. or B., above.
ARTICLE XI  LAYOFF PROCEDURE

Section 1.  General Provisions

A. This procedure shall not apply to a temporary layoff of less than four (4) consecutive weeks.

B. This procedure shall not apply to employees who have special or unique knowledge or skills which are of special value in the operation of the County business.

C. When two (2) or more agencies/departments are consolidated or when one (1) or more functions of one (1) agency/department are transferred to another agency/department, employees in all involved agencies/ departments shall be subject to layoff if one is necessary.

D. Section 7., Reemployment Lists, and Section 8., Status on Reemployment, of this Article, shall not apply if the County has a written agreement with an employer, public or private, which guarantees the County employee an offer of reasonably comparable employment with the new employer who is taking over a function formerly performed by County employees and the new employer makes such an offer in writing to the employee.

Section 2.  Order of Layoff

A. When a reduction in the work force is necessary, employees in regular positions and those occupying limited-term positions at the direction of their DepartmentAgency Head shall be laid off in an order based on consideration of:

   1. employment status,
   2. past performance,
   3. length of continuous service with the County.

B. Layoffs shall be made by class within an agencydepartment except that:

   1. Where a class has a dual or multiple concept, the Chief of Employee Relations may authorize a layoff by specialty within the class.
   2. Where appropriate, the Chief of Employee Relations may authorize a layoff by division or smaller unit of an agencydepartment.
C. Within a class, employees shall be subject to layoff in the following order:

<table>
<thead>
<tr>
<th>Employment Status</th>
<th>Layoff Order</th>
</tr>
</thead>
<tbody>
<tr>
<td>First - Temporary Promotion</td>
<td>Determined</td>
</tr>
<tr>
<td></td>
<td>by AgencyDepartment</td>
</tr>
<tr>
<td>Second - New Probationary</td>
<td>Determined</td>
</tr>
<tr>
<td></td>
<td>by AgencyDepartment</td>
</tr>
<tr>
<td>Third - Regular/Promotional Probationary</td>
<td>Layoff Points</td>
</tr>
</tbody>
</table>

After all new probationary employees and employees on temporary promotion have been removed from a class within a layoff unit, the employee with the lowest number of layoff points shall be subject to layoff first. When two (2) or more employees have the same number of layoff points, the agencydepartment shall determine the order of layoff for these employees.

D. If a layoff is going to be made in a class from which an employee has left through a temporary promotion, the employee on temporary promotion shall be returned to his or her former class and shall be subject to layoff in accordance with this procedure.

E. OCEA may designate employees who are regular OCEA officers or grievance representatives to receive special seniority for purposes of layoff. The number of employees so designated shall not exceed two (2) percent of the employees in the Representation Unit. Employees so designated shall receive two hundred sixty (260) layoff points in addition to layoff points computed pursuant to Section 3., below.

Section 3. Computation of Layoff Points

Seniority Points:

The equivalent of each year of full-time continuous service with the County shall earn two hundred sixty (260) seniority points.

The equivalent of each regularly scheduled full day of continuous service of a partial year shall earn one (1) seniority point.

Demerit Points:

For a rating of “does not meet performance objectives” on the last “Performance Evaluation Report,” for the class currently held by the employee, the employee shall earn two-hundred sixty (260) demerit points. Demerit points shall only be used in the currently held class of an employee. Demerit points shall not be applied to an employee seeking to enter a lower class through voluntary reduction in lieu of layoff.
Layoff Points:

Layoff points shall be computed by subtracting demerit points, if any, from seniority points.

Section 4. Notification of Employees

A. Written notice of layoff shall be given to an employee or sent by mail to the last known mailing address at least fourteen (14) calendar days prior to the effective date of the layoff. Notices of layoff shall be served on employees personally at work whenever practicable.

B. It is the intent of the parties that the number of layoff notices initially issued shall be limited to the number of positions by which the work force is intended to be reduced. Additional notices shall be issued as other employees become subject to layoff as a result of employees exercising reduction rights under Section 5.

C. The notice of layoff shall include the reason for the layoff, the proposed effective date of the layoff, the employee’s hire date, the employee’s layoff points, a list of classes in the employee’s occupational series within the layoff unit, the employee’s rights under Sections 5 and 6, and the right of the employee to advise the County of any objection to the content of the layoff notice prior to the proposed effective date of the layoff.

Section 5. Voluntary Reduction in Lieu of Layoff

A. A promotional probationary or regular employee who is subject to layoff may request a reduction to a lower class within the same occupational series in the layoff unit provided the employee possesses the minimum qualifications for the class and passes any required performance tests. The reduction shall be made if there is a vacant position in the layoff unit or an incumbent in the lower class in the layoff unit has fewer layoff points than the employee requesting the reduction. In the latter case, the incumbent in the lower class with the fewest number of layoff points shall be subject to layoff.

B. 1. Employees who receive notice of layoff by personal service at work shall have until the end of their third regularly scheduled day of work following actual receipt of the notice to notify their agency in writing of their intent to exercise rights under this Section. Employees whose third regularly scheduled day of work is more than three (3) calendar days after receipt of the notice shall have three (3) calendar days, excluding weekends and holidays, to notify their agency of their intent to exercise rights under this Section; and where such notification is not in writing, the employee shall confirm the notification in writing as soon as practicable.

2. Employees who receive notice other than by personal service at work shall have five (5) calendar days, excluding weekends and holidays,
following the date the person is personally served, or if service is made by mail, five (5) calendar days, excluding weekends and holidays, following date of proof of service by mail to notify their agencydepartment of their intent to exercise rights under this Section. Where such notification is not in writing, the employee shall confirm the notification in writing as soon as practicable.

3. Failure by an employee to respond to his or her agencydepartment pursuant to this Section shall result in a rebuttable presumption that the employee does not intend to exercise any right of reduction to a lower class and that the employee's hire date stated in the layoff notice was correct.

4. No employee action or inaction referred to in this Section shall be considered a waiver of an employee's right to file grievances concerning any matter within the scope of the grievance procedure.

Section 6. Voluntary Reduction from Classes Designated as Vulnerable to Layoff

An employee in a class designated by the County as vulnerable to layoff may request a voluntary reduction to any class provided the employee possesses the minimum qualifications and has passed any required performance tests for the class to which reduction is requested. Such employees shall be eligible for consideration for available positions in the class to which reduction is requested. If appointed, such an employee shall be placed on AGENCYDEPARTMENT REINSTATEMENT LISTS pursuant to Section 7.A.3., below.

Section 7. Reemployment Lists

A. The following persons shall be placed on AGENCYDEPARTMENT REINSTATEMENT LISTS as provided in 1., 2. and 3., below, in the order of their respective layoff points with the person having the largest number of layoff points listed first:

1. Persons Laid Off

   The names of persons laid off shall be placed on an AGENCYDEPARTMENT REINSTATEMENT LIST for each class in the occupational series at or below the level of the class from which laid off.

2. Persons Who Exercise Their Rights Under Section 5.

   The names of persons who exercise their rights under Section 5. shall be placed on an AGENCYDEPARTMENT REINSTATEMENT LIST for each class in the occupational series at or below the level of the class from which reduced, excluding any classes at or below the level of the class currently held.

The names of persons who were voluntarily reduced under the provisions of Section 6. shall be placed on an AGENCYDEPARTMENT REINSTATEMENT LIST for the class from which reduced and for each class in the occupational series below the level of the class from which they voluntarily reduced, provided they request to be placed on such lists.

Positions to be filled shall be offered first to persons on the DEPARTMENTAGENCY REINSTATEMENT LIST for that class, starting at the top of the list. If reinstatement is offered to a class other than that from which the person was laid off or reduced, such person must first meet the minimum qualifications and pass any required performance tests for that class.

B. The names of persons laid off shall be placed on a COUNTY PREFERRED ELIGIBLE LIST for the class from which they were laid off and for any class from which they previously voluntarily reduced pursuant to Section 5., in the order of their layoff scores, going from highest to lowest. When one (1) vacant position in an agencynodepartment, other than the agencynodepartment from which the employee was laid off, is to be filled in that class, ten (10) names shall be certified from the COUNTY PREFERRED ELIGIBLE LIST, starting at the top. When more than one (1) vacant position in an departmentagency, other than the departmentagency from which the employee was laid off, is to be filled in that class, the number of names certified, starting at the top of the COUNTY PREFERRED ELIGIBLE LIST, shall be equal to twice the number of vacancies plus seven (7). If there is a tie among layoff points at the last name to be certified, all tied eligibles shall be certified. Eligibles certified from COUNTY PREFERRED ELIGIBLE LISTS shall be considered prior to eligibles certified from lower-ranking eligible lists. Appointments shall be made only from eligibles certified pursuant to Section 7.B. Appointments need not be made in the order of layoff points; any eligible certified in accordance with this provision may be appointed to a vacant position.

C. Names of persons placed on the AGENCYDEPARTMENT REINSTATEMENT LIST and the COUNTY PREFERRED ELIGIBLE LIST shall remain on the lists for two (2) years, except that:

1. A person who on two (2) separate occasions rejects or fails to respond within five (5) calendar days to offers of employment in a particular class shall be removed from the lists for that class.

2. A person who on three (3) separate occasions declines referral for interviews in a particular class shall be removed from the lists for that class.

Section 5. Retiree Medical Plan

A. Retiree Medical Grant

Effective the pay period beginning on June 16, 2023, the Retiree Medical Grant benefits shall be frozen. 1. Effective August 1, 1993, and as amended by the Board of Supervisors, the County implemented a Retiree Medical Plan (“the Plan”) for employees who have retired from County service and who meet certain eligibility requirements of the Plan. The Plan does not create any vested rights to the benefits on the part of any employee, retiree, or any other person.

2. As set forth pursuant to the September 2006 reopener between the parties, the County will: (a) fund the cost of the Plan; and (b) establish a trust to administer the Plan.

   a. Upon implementation of the Plan, for eligible retirees the Grant shall be an amount based on ten (10) dollars per month for each full year of credited service in an Eligible Classification up to a maximum of twenty-five (25) years. In each fiscal year during retirement, the amount of such Grant shall be adjusted by the average percentage increase or decrease in County retiree health plan premiums no later than the effective dates of such change, not to exceed three (3) percent per year. In no case shall the Grant exceed the actual cost of the health insurance and/or Medicare premiums. The adjustments to the Grant (COLAs) based on changes to health plan premiums as referenced in this section will cease to apply for eligible retirees who retire effective on or after June 16, 2023.
b. The Grant will be adjusted as follows:

1. The Grant will be reduced by seven and one-half percent (7-1/2%) per year for each year of age the employee is less than age 60, based upon the employee’s age on the date when the employee takes active retirement from OCERS. For the purpose of deferred retirement, the date on which the deferred retiree takes active retirement from OCERS will be deemed the retirement date. This provision will cease to apply for eligible retirees retiring effective on or after June 16, 2023.

2. The Grant will be increased by seven and one-half percent (7-1/2%) per year for each year of age the employee is greater than age 60, based upon the employee’s age on the date when the employee takes active retirement from OCERS. For the purposes of the Grant increase, no years of age after age 70 will be considered. For the purpose of deferred retirement, the date on which the deferred retiree takes active retirement from OCERS will be deemed the retirement date. This provision will cease to apply for eligible retirees retiring effective on or after June 16, 2023.

4. The Grant for all eligible retirees (including retirees on disability) and surviving dependents will be reduced by fifty percent (50%) the first day of the month the retiree or surviving dependent becomes eligible for both Medicare Part A (without paying a premium) and Medicare Part B, or immediately if the retiring employee is eligible for Medicare Part A (without paying a premium) and Medicare Part B as of the date of retirement. This provision does not apply to a retiree or surviving dependent eligible for the Grant who has attained age 65 on or prior to September 12, 2006 and is eligible for both Medicare Part A (without paying a premium) and Medicare Part B.

c. All current employees who retire and become eligible for a Grant shall be provided a one time opportunity of thirty (30) days to enroll in a County offered retiree health plan or elect to temporarily opt out of retiree health from the date they retire. Should a retiree fail to make an election to temporarily opt out or to enroll during the aforementioned thirty (30) day period or should he or she terminate coverage or fail to make necessary payments, the retiree and dependents shall forfeit any right to a Grant, if eligible, and enrollment in a County offered retiree health plan.
B. Retiree Medical Plan Lump Sum; Termination; Phase Out

1. An employee who was employed by the County prior to June 23, 2006 and who separates from County service prior to meeting the eligibility requirements for the Grant shall receive a lump sum (Lump Sum benefit) cash payment in accordance with C.2 below. The Plan Lump Sum benefit is terminated for all new County employees hired on or after June 23, 2006.

2. An employee who is employed by the County prior to June 23, 2006, who thereafter separates from the County and who does not qualify for a Grant shall receive a Lump Sum benefit equal to one percent (1%) of his or her final average hourly compensation multiplied by his or her qualified hours of service after August 1, 1993 and prior to June 23, 2006. The final average hourly compensation shall be calculated on base salary over the six thousand two hundred forty (6240) regularly paid hours immediately preceding June 23, 2006.

3. Receipt of the Grant shall permanently revoke any claim to a Lump Sum benefit even if the retiree subsequently terminates participation in a County-offered health plan and/or Grant. Receipt of the Lump Sum benefit shall permanently revoke any claim to the Grant.

C. Eligibility Requirements for Retiree Medical Grant

1. Retiree must be actively retired from the County of Orange and receiving a monthly retirement allowance from the Orange County Employees Retirement System (OCERS). New employees hired on or after June 16, 2023 are not eligible for the Grant.

Employees who were employed by the County on or before June 15, 2023 with 10 or more years of credited service as defined under the Retiree Medical Plan Document, shall be eligible for the Grant. Employees who were employed by the County as of June 16, 2023 with one or more full years of credited service, as defined under the Retiree Medical Plan Document, shall have been given the option to elect keep their Grant, if otherwise eligible under the Retiree Medical Plan Document, or have the County make a contribution to the County Health Reimbursement Arrangement (HRA) based on their full credited years of service. The County contribution to the HRA will be made as soon as administratively feasible on or after June 16, 2023. If an employee retired before June 16, 2023, the employee may only receive the Grant, if otherwise eligible under the Retiree Medical Plan Document, and will not be eligible to elect to receive the County HRA contribution.

The County contribution to the HRA will be eight hundred and fifty five dollars ($855) for each full year of credited service, as defined under the
Retiree Medical Plan Document. There will be no County contribution for partial credited years of service.

Any employee who elects the Grant shall have the value of their Grant calculated based upon the credited years of service, as defined under the Retiree Medical Plan Document, up to a maximum of 25 years. Any employee whose years of credited service is greater than 25 shall receive eight hundred and fifty five dollars ($855) per each full year of eligible service beyond the 25-year cap contributed by the County to the HRA.

a. A retiree who receives a service-connected disability retirement pension under OCERS effective before June 16, 2023 shall be eligible for a Grant equal to either ten (10) years of service or actual years of credited County service, whichever is greater.

b. A retiree with a minimum of five (5) years of credited County service who receives a non-service connected disability retirement pension under OCERS effective before June 16, 2023 shall be eligible for a Grant based on actual years of credited County service. An employee with less than five (5) years of credited County service who receives a non-service connected disability retirement pension under OCERS shall not be eligible for a Grant.

c. A separated employee who has less than ten (10) years of credited County service or is under normal retirement age and has requested a service or non-service connected disability retirement pension under OCERS shall not be eligible to receive the Grant until a determination of disability status is made by the Orange County Board of Retirement.

d. A separated employee who receives a Lump Sum benefit pursuant to this Section shall be ineligible for the Grant if, at a later date, the Orange County Board of Retirement grants a disability retirement.

2. All eligible retirees and enrolled dependents who are age sixty-five (65) or older must be enrolled in Medicare Part B in order to be eligible for the Grant. All eligible retirees and dependents who are entitled to Medicare Part A coverage without a premium must be enrolled in Medicare Part A to be eligible to receive the Grant.
3. **Deferred Retirement**

   a. An employee who, upon separation from County service, is eligible for paid retirement and elects deferred retirement must defer participation in the Grant until such time as he or she becomes an active retiree. For employees who defer retirement, the terms and conditions governing the Grant are based on the provisions in place at the time of deferral.

   b. An employee who is not eligible for paid retirement at the time he or she separates from County service and elects deferred retirement status shall not become eligible for participation in the Grant.

D. For purposes of this Section, a full year of credited service shall be based upon those regular hours the employee worked for the County as a regular, limited-term and/or probationary employee. Two thousand eighty (2080) regular hours, exclusive of overtime, shall equal one (1) full year of service. Hours of service performed in periods before August 1, 1993, shall be counted toward credited service only if the employee has been continuously employed by the County from August 1, 1993 until his or her retirement.

E. **Survivor Benefits**

   1. A surviving dependent of a retiree who was eligible to receive a Grant and who qualifies for a monthly retirement allowance shall be eligible for fifty (50) percent of the Grant authorized for the retiree.

   2. A surviving eligible retiree who qualifies for a monthly retirement allowance who was married to a retiree who was also eligible for a Grant shall receive the survivor benefit described in D.1., above, or his or her own Grant, whichever is greater. Such retiree shall not be eligible for both Grants.

F. **Opt-Out of Retiree Medical Grant and Transition to a Health Reimbursement Arrangement (HRA)**

   Effective June 16, 2023, employees who choose to opt out of the Retiree Medical Grant shall receive a value for their grant of $855.00 for each full year of qualified service contributed to the employee’s HRA. The opt-out value will not be limited to a 25-year cap.

G. **Transition from County Retiree Medical Grant to a Health Reimbursement Arrangement**

   1. Effective on June 16, 2023, a Health Reimbursement Arrangement (HRA) will be made available for current and future employees in these bargaining units. The County and the HRA administrator, with...
the oversight of the HRA Advisory Committee, shall administer the program subject to the requirements set forth in the County Health Reimbursement Arrangement Plan Document.

2. The County will contribute to each employee’s HRA effective the pay period beginning on June 16, 2023, $60.00 per pay period for each full-time employee and $30.00 for each part-time employee (scheduled to work at least 40 hours per pay period) and the County contribution will be increased by 2.5% annually each first full pay period beginning July 2024.

\(^1\) Section 3 of this Article will not be reopened unless (and only to the extent that) its provisions are impacted by the ACA.
ARTICLE XX  DEFINED CONTRIBUTION

Section 1. An employee in a regular position may, at the employee’s request, participate in the County’s Section 457(b) Defined Contribution Plan.

Section 2. The parties agree to establish a working group to explore: (1) the possibility of expanding investment options in the County’s Defined Contribution plans to include unitization of the OCERS fund; and (2) the retiree medical plan.

Section 3. This Section shall only apply to OCEA represented employees covered under this MOU, newly hired on or after February 26, 2021, and who are covered by the “1.62% at 65” retirement benefit formula (whether by election, deemed to have elected or are hired after January 1, 2013 and are deemed to be “new members” within the meaning of PEPRA).

a. Employees shall be given an opportunity during the first 90 days after their date of hire to affirmatively opt out of enrollment in the 1.62 Section 457(b) Plan.

b. If an employee does not affirmatively opt out of enrollment in the 1.62 Section 457(b) Plan within 90 days of their date of hire, the County will automatically enroll the employee in the 1.62 Section 457(b) Plan and make an automatic deduction of two percent (2%) of the employee’s base salary which shall be contributed to the 1.62 Section 457(b) Plan. Such contributions will begin with the first full pay period after the first 90 days of the employee’s date of hire.

c. If the employee does not make an investment selection before the County has automatically enrolled the employee in the 1.62 Section 457(b) Plan, the investment selection will be the selection recommended by the Defined Contribution Advisory Committee and approved by the 1.62 Section 457(b) Plan Trustee. Employees may change their investment selection as permitted under the 1.62 Section 457(b) Plan.

f. Employees shall be permitted to stop contributions to the 1.62 Section 457(b) Plan by giving proper notice to the County as required under the 1.62 Section 457(b) Plan.
g-f.
ARTICLE XXI  RETIREMENT

Section 1.  Retirement Benefit Levels

A.  For Employees Hired Prior to January 1, 2013 and for Employees Hired on or After January 1, 2013 who are Considered “Legacy Members” of OCERS within the Meaning of the Public Employees’ Pension Reform Act of 2013 (“PEPRA”).

1.  Except as set forth in Section A.2 and A.3 below, employees will be provided a one-fiftieth (1/50) retirement benefit calculated pursuant to Section 31676.19 of the Government Code. This retirement benefit formula is commonly known as the “2.7% at 55” benefit formula.
   
a.  For employees hired on or before September 20, 1979 the retirement allowance will be computed on the highest one (1) year of final compensation per Government Code Section 31462.1.

b.  For eligible employees hired on or after September 21, 1979 the retirement allowance will be computed upon the employee’s highest three (3) years of compensation per Government Code Section 31462.

2.  1.62% at 65 Pension Formula Election for Employees Hired Prior to May 7, 2010.
   
a.  Employees hired prior to May 7, 2010 will be eligible for the Pension Formula Election described below once the Board of Supervisors approves an implementing resolution (which shall be after pending tax issues have been resolved so that the election will not result in any negative tax consequences for eligible unit members). Eligible employees will have 180 calendar days from that date within which to elect one time only whether to terminate for future County service their pension calculation stated in Government Code section 31676.19 (the “2.7% at 55” benefit formula) and elect instead the pension calculation stated in Government Code section 31676.01 (the “1.62% at 65” benefit formula) for future County service.

b.  In the event an eligible employee fails to make an election during the period set forth in Subsection 2a above, the employee shall continue to be provided with the “2.7% at 55” benefit formula and shall make the employee retirement contributions established for that benefit formula.
c. In the event an eligible employee elects the “1.62% at 65” benefit formula, the employee shall be eligible to participate in the County 1.62 Retirement 457(b) Defined Contribution Plan (the “DC Plan”) described in Section 3 below.

d. Effective with the beginning of pay period following the date an employee elects the “1.62% at 65” benefit formula, the normal employee contribution rate to the retirement system for the employee will be calculated pursuant to Government Code section 31621. The employee will also make the contributions described in Section 2.B and C of this Article.

3. Election Option of “2.7% at 55” or “1.62 at 65” Pension Formula for Those Employees Hired by the County between May 7, 2010 and January 1, 2013.

a. Employees hired on or after May 7, 2010 and prior to January 1, 2013 were required to make the pension benefit formula election provided for in Board Resolution 10-072.

b. Employees had forty-five (45) calendar days from the date of hire or appointment to elect either the “2.7% at 55” benefit formula or the “1.62% at 65” benefit formula. Regardless of which benefit formula was selected, the employee is required to make retirement contributions in accordance with the provisions of Section 2.B and C below.

c. In the event an eligible employee failed to make an election during the 45 day period set forth in subsection 3.b above, the employee was deemed to have elected the “1.62% at 65” benefit formula.

d. An employee who elected, or was deemed to have elected, the “1.62% at 65” benefit formula is eligible to participate in the “DC Plan” described in Section 3 below.

e. After the employee made an election or was deemed to have made an election as described in Subsection 3.b and c. above, the employee is required to make retroactive contributions that would have been made from the employee’s hire or appointment date, for the appropriate election as described in this Article. County matching contributions to the DC Plan, for employees who chose the “1.62% at 65” benefit formula are not retroactive to the employee’s date of hire and are calculated from the date that the employee made an election or was deemed to have made an election of the “1.62% at 65” benefit formula.
f. Effective with the pay period following the date an employee elected, or was deemed to have elected, the “1.62% at 65” benefit formula, the normal employee contribution rate to the retirement system for the employee will be calculated pursuant to Section 31621 of the Government Code. The employee will also make the contributions described in Section 2.B and C below.

B. For Employees Hired on or After January 1, 2013 who are Considered “New Members” within the Meaning of PEPRA.

1. The retirement formula will be the “1.62% at 65” benefit formula described in Government Code section 31676.01, utilizing the average three highest years of compensation per Government Code section 7522.32. Pensionable compensation and other pension related conditions are governed by the provisions of PEPRA and the OCERS Board of Retirement. Employees will also make the contributions described in Section 2.B and C below.

2. “New Members” are eligible to participate in the “DC Plan” described in Section 3 below.

Section 2. Retirement Contributions

A. Members’ normal contribution rates will continue to be established and adjusted subsequent to and in accordance with state law and actuarial recommendations adopted by the Retirement Board and the Board of Supervisors.

B. The County will adopt employee contribution rates equal to County contributions for full reserve funding of cost-of-living increases to retirees for all active members of the retirement system as recommended by the OCERS actuary. Employees shall pay the full member contribution for each of the benefit plans provided by the County.

C. Employee Retirement Contributions to Offset the Increased Cost of the “2.7% at 55” benefit formula:

1. The implementation of the “2.7% at 55” retirement benefit formula shall be without additional cost to the County for as long as the enhanced benefit formula is provided to employees, i.e., it will be borne entirely by the employees. Effective with the pay period that commenced on June 24, 2005, unit members began making an additional employee contribution to the retirement system. This contribution is in addition to the normal employee contribution calculated under Section 31621.8 of the Government Code (or Section 31621 of the Government Code, if applicable), and is in addition to the employee contribution required to help provide full reserve funding of cost-of-living increases to retirees for all active
members of the retirement system as recommended by the actuary. The additional employee contribution made under this paragraph is known as the “Reverse Pickup” and is designed to offset both the prospective increased costs, as well as the increased costs attributable to past service liability of providing this enhanced retirement benefit.

a. The portion of the additional employee contribution that is attributable to past service liability shall be in accordance with, and for the purposes stated, in Section 31678.3(d) of the Government Code. This additional employee contribution shall continue beyond the expiration date of this MOU, for the purpose of amortizing, over a 20 year period, the cost of the enhanced retirement benefit.

b. The portion of the additional employee contribution that is attributable to the prospective increased cost of the benefit shall also continue beyond the expiration date of this MOU but unlike the past service liability, does not expire at the end of the 20 year period set forth above.

3. Reduction in Reverse Pickup

a. Effective the first day of the first full pay period following Board of Supervisors adoption of this MOU, the annual reverse pickup contribution rate for employees in the PEPRA and 1.62% at 65 Classic benefit formulas will be frozen at the fiscal year 2019-2020 rate. The reverse pickup contribution rate for employees in the 2.7% at 55 benefit formula shall continue to be calculated pursuant to Section 2 of this Article.

b. Effective the first day of the first full pay period following Board of Supervisors adoption of this MOU, reduce Reverse Pickup by an ongoing 1.2%.

c. Effective July 3, 2020, reduce Reverse Pickup by an additional 1.2%, for a total fixed ongoing 2.4% reduction of the employee’s paid reverse pickup.

d. Effective July 2, 2021, reduce Reverse Pickup by an additional 1.2% for a total fixed ongoing 3.6% reduction of the employee’s paid reverse pickup.
e. By July 2, 2021, the entire Reverse Pickup for employees in the PEPRA and 1.62% at 65 Classic benefit formulas shall be eliminated.

Section 3. Defined Contribution Retirement Plan

A. Beginning on May 7, 2010, the County will make available a County 1.62 Retirement, Section 457(b) Defined Contribution Plan (the “DC plan”) to those employees who are covered by the “1.62% at 65” benefit formula (whether by election, deemed to have elected or are hired on or after January 1, 2013 and are deemed to be “new members” within the meaning of PEPRA). These employees will be permitted to make voluntary contributions to the DC Plan. The County will make matching contributions as described in Section 3.B. below.

B. The County will contribute a biweekly amount to a Section 401(a) Defined Contribution Plan for an eligible employee equal to the biweekly amount that the employee contributes to the DC Plan, not to exceed two (2) percent of the employee’s base salary (the “match”). County contributions to the Section 401(a) Defined Contribution Plan shall vest on behalf of the participant after that participant has been continuously employed by the County for a period of five (5) years. For this purpose, one year shall be equal to 2080 paid hours of service, exclusive of overtime.

C. Employee contributions to the DC Plan(s) and the County contributions to the Section 401(a) Defined Contribution Plan shall be subject to contribution limits imposed by the Internal Revenue Service. In no event shall the County be required to pay any portion of the matching contributions that would cause the employee to exceed applicable Internal Revenue Service contribution limits.

Section 4. Tax-Deferred Retirement Plan

The County will administer an approved tax-deferred retirement plan which will allow employees to reduce their taxable gross income by the amount of their retirement contribution. The plan shall be in effect for the term of this Memorandum of Understanding subject to approval by the Internal Revenue Service.
ARTICLE XXII  SEPARABILITY

In the event that any provisions of this Memorandum are declared invalid by any court of competent jurisdiction, such decision shall not invalidate the entire Memorandum, it being the express understanding of the parties hereto that all other provisions not declared invalid shall remain in full force and effect.
ARTICLE XXIII  RECOGNITION

Pursuant to the Employee Relations Resolution of the County of Orange and applicable State law, the Orange County Employees Association is the Exclusively Recognized Employee Organization for the Community Services Unit for classes in effect on June 30, 2023. Said classes are listed in Appendix A.
ARTICLE XXIV    FLEXIBLE SPENDING ACCOUNTS

Section 2.   Health Care Reimbursement Account (HCRA)

The County will administer a Health Care Reimbursement Account that will allow eligible employees the opportunity to allocate a specified amount of biweekly pre-tax salary into the employee’s health care reimbursement account to pay for health care expenses as permitted by state and federal law, regulations and guidelines, and as permitted by the County’s Section 125 Plan Document.
ARTICLE XXV  PERFORMANCE INCENTIVE PROGRAM (PIP)

Section 1.

Effective, June 1, 2015, employees who are granted PIP awards will receive non-cashable time off of twenty (20) hours. This time off will not be subject to the requirement that PIP time be taken off within one (1) year.

All other performance management components of PIP remain in effect.
ARTICLE XXVI  LABOR MANAGEMENT COMMITTEES

Section 1. Introduction

A. The County and OCEA desire to mutually encourage a cooperative, collaborative partnership approach to addressing and resolving workplace issues. The County and OCEA further desire to provide an opportunity for labor and management representatives to promote and maintain harmonious labor/management relations through the establishment of Agency/Department Labor Management Committees. This section is not intended to change or replace mutually agreeable existing arrangements, including labor-management forums, except by mutual agreement.

B. The Labor Management Committee (LMC) process is intended for agency and department management and labor representatives to collaborate in a regularly scheduled (at least monthly) forum to develop solutions to workplace issues that are deemed appropriate for discussion. The County and OCEA recognize that this process will provide an important opportunity to achieve mutually acceptable solutions to workplace issues.

C. It is the intent of the process that each party should raise issues prior to making decisions or adopting courses of action that may affect the other party.

D. An issue may be considered by the LMC members unless the issue:

1. Concerns only an individual employee, such as that employee’s performance evaluation, PIP award, discipline or an individual problem with another employee;

2. Has County-wide impact; or

3. Involves the classification of one or more employees.

E. LMC members will have the authority to discuss and develop solutions to workplace issues submitted by employees and management and to present those solutions to the LMC Sponsors.

F. The activities of LMCs will be effectively communicated to all employees through monthly newsletters or other mutually agreeable methods.

Section 2. Structure

A. The LMC program shall be jointly administered by four central LMC Program Sponsors, two of whom shall be appointed by the Chief of Employee Relations and two of whom shall be appointed by OCEA. Any issue concerning the implementation or administration of the LMC process may be referred to the LMC Program Sponsors by request of either party.
B. 1. Every agency/department shall have an LMC.

2. The agency/department LMC structure shall consist of management representatives selected by the agency/department and employee representatives selected by OCEA. The LMC Program Sponsors may also select representatives to participate on the LMC.

3. Each agency/department LMC shall have two sponsors who may or may not be members of the LMC: the agency/department head and a representative designated by OCEA. The role of the sponsors is to monitor the direction and progress of the LMC and to provide the support and resources necessary to constructively address and resolve workplace issues.

Section 3. Time Off for LMC Activities

A. A reasonable number of employees shall be allowed reasonable time off without loss of pay to serve as employee representatives in the LMC process.

B. In addition to A, above, reasonable time off without loss of pay shall be given to employees and LMC employee representatives as necessary to effectuate the purposes of the LMC process.

Section 4. Process

A. Employees may submit a form entitled Workplace Issue Statement Form describing the workplace issue, the recommended change(s) and the advantage(s) associated with the change. Employees may choose to remain anonymous when submitting their workplace issue; however, anonymity may hinder the ability of the LMC to fully evaluate the issue presented.

B. Employees may submit the Workplace Issue Statement form to any active LMC member or to LMC sponsors.

C. The LMC member shall discuss and develop possible solutions to the submitted workplace issues. An LMC member may contact the employee who submitted the workplace issue to obtain additional information/clarification.

D. Workplace issue solutions will be determined by a consensus of the members present at the LMC meeting and submitted as a recommendation to the LMC sponsors.

E. Within 30 days of receipt of the LMC recommendation, the agency/department LMC sponsors shall respond to the LMC members in writing, indicating their acceptance, suggested modifications or rejection of each proposed solution and/or schedule for implementation. The sponsors shall provide written reasons for a rejection/modification of a solution submitted by the LMC.
F. Any issue which is not resolved by the agency/department LMC shall upon request by either departmental sponsor be submitted to the central LMC Program Sponsors for advisory review.

B. Upon recommendation of the Chief Human Resources Officer, the Board may, by minute order, authorize that a particular position be filled at any step within the range. When the Board authorizes the filling of the position at a step which is higher than the recruiting step of the salary range, it may, by minute order, advance the salary of incumbents of positions in that class or related classes in order to retain equitable relationships.

C. The department head may authorize the appointment of employees at any of the first eight (8) steps of the salary range. Such appointments shall be made only when the department head makes a determination that there is a direct and measurable benefit to the County from such appointments and makes a determination that the applicant’s previous training and experience enables him or her to make a greater contribution than a less experienced employee.

Subsequent merit increase eligibility dates shall fall on the first day of the pay period following the completion of fifty-two (52) week intervals after the extended merit increase eligibility date.

A suspension shall cause the merit eligibility date to be extended by the total number of calendar days equal to the suspension and rounded to the first day of the first full pay period.

A military leave, paid or unpaid, shall not result in the extension of a merit increase eligibility date.

C. An employee in a part-time regular or limited-term position who has not completed one thousand forty (1040) paid hours exclusive of overtime by his or her first merit increase date shall have the merit increase eligibility date postponed until the first day of the pay period following completion of one thousand forty (1040) paid hours exclusive of overtime. Likewise, an employee in a part-time regular or limited-term position who has not completed two thousand eighty (2080) paid hours exclusive of overtime between subsequent merit increase eligibility dates shall have his or her merit increase eligibility date postponed until the first day of the pay period following completion of two thousand eighty (2080) paid hours exclusive of overtime. Where an employee's record consists of a combination of full-time and part-time service, both periods of service shall apply towards merit increase eligibility with the part-time service being applied proportionately to the appropriate full-time interval.

D. Merit increases may be granted for one (1), two (2), three (3) or four (4) steps within the salary range based upon the employee's performance.
performance rating of “Meets Performance Objectives” shall earn a two (2) step increase.

E. If, in the department's judgment, the employee's performance does not merit a salary increase on the merit increase eligibility date and a deferral of decision accompanied by an intensive effort at improved performance might be productive, the department shall complete the structured merit rating and defer a decision regarding the merit increase any number of pay periods, but not to exceed thirteen (13) pay periods. A deferral of less than thirteen (13) pay periods may be further extended not to exceed thirteen (13) pay periods from the original merit eligibility date. The employee may be reevaluated at any time, but in any event shall be reevaluated on the structured merit rating prior to the end of the thirteenth pay period. The employee’s merit increase eligibility date shall not be changed by such deferral.

A. Except as modified by B. and C., below, a regular, limited-term or probationary employee who is promoted to a position in a class with a higher salary range shall receive the recruiting salary for the higher class or such higher amount as would be the closest to a two (2) step increase on the range over the salary received prior to the promotion not to exceed the top step of the range. A new merit increase eligibility date shall be established which shall be the first day of the pay period following completion of the first twenty-six (26) weeks of service in the new class except that the employee will retain their former merit increase eligibility date if the promotion was the result of a Classification Maintenance Review as defined in Article XVIII, Section 2.B.

B. Any employee who is promoted to a class from which the employee was previously reduced without a salary decrease shall be placed at a salary step no higher than the step which the employee would have achieved if the employee had remained in the class to which he or she is promoted and had demonstrated at least standard performance. The employee's merit increase eligibility date shall be reestablished in order to credit the employee with any time formerly served in the higher class.

C. Upon recommendation of the department head, the County Executive Officer may, based on consideration of such factors as external market data, internal salary relationships, position responsibilities and sound management principles, approve a rate of pay on promotion not to exceed the top of the pay range to which the employee is being promoted.
Section 5. Salary on Reassignment

A. When a regular, limited-term or probationary employee is reassigned to a class with the same recruiting step, such employee's salary and merit increase eligibility date shall not change. Such employee shall have the same probation status which would have been achieved if the employee had been in the new class throughout the period of such service in the old class.

B. When a regular, limited-term or probationary employee is reassigned to a class with a higher recruiting step, such employee's salary shall be advanced the number of steps difference between recruiting steps and the employee shall retain his or her former merit increase eligibility date, except as provided in E., below. Such employee shall have the same probation status which would have been achieved if the employee had been in the new class throughout the period of such service in the old class.

C. When a regular or limited-term employee is reassigned to a class with a lower recruiting step, such employee's salary and merit increase eligibility date shall not change. Such employee shall have the same probation status which would have been achieved if the employee had been in the new class throughout the period of such service in the old class.

D. When a probationary or probationary limited-term employee is reassigned to a class with a lower recruiting step, such employee shall have the same salary, step status, probation status and merit increase eligibility date as would have been achieved if the employee had been in the new class throughout the period of such service in the old class.

E. When a regular, limited-term or probationary employee is involved in a series of reassignments among classes with the same salary range but different recruiting steps or a series of reassignments among classes on different salary ranges or is reassigned through a Classification Maintenance Review as defined in Article XVIII, Section 2.B to a class on a different salary schedule, his or her salary and merit increase eligibility date shall be determined by the Chief Human Resources Officer.

F. As soon as practicable following adoption by the Board of Supervisors on or after June 30, 2023, when an employee in the classification of Staff Specialist is assigned by the County to perform full supervisory responsibilities, the supervisory employee shall be paid at least two (2) steps higher than the maximum step of the pay range of their highest paid subordinate staff member, but not to exceed the top step of the pay range. This provision does not apply when supervision is being provided to higher level professional and/or technical staff, including licensed professionals (e.g., psychiatrist, psychologist, nursing staff, IT staff, etc.).

Section 6. Salary on Reduction
A. 1. When a probationary employee is reduced to a class not previously occupied by the employee, the employee shall receive the recruiting step for the lower class and shall receive a new merit increase eligibility date as provided in Section 3.B., above, or the employee's salary and merit increase eligibility date may be determined by the Chief Human Resources Officer.

When a promotional probationary employee, an employee who has been on a temporary promotion or a regular employee who was promoted to a limited-term position at the direction of the employee's department head is reduced to a class the employee occupied in good standing, the employee shall have the step status and merit increase eligibility date he or she would have achieved if the employee had remained in the lower class throughout the period of his or her service in the higher class.

B. When a regular or limited-term employee is reduced to a position in a lower class by demotion for reasons of unsatisfactory performance, the employee's salary shall be reduced to a step on the salary range which would be the closest amount to a two (2) step reduction or the employee shall receive the maximum step of the salary range of the new class, whichever is lower. The employee's merit increase eligibility date shall be the first day of the pay period following completion of fifty-two (52) weeks of service in the new class, unless the employee thereby is placed at the recruiting step of the new salary range, in which case the employee's merit increase eligibility date shall be the first day of the pay period following the completion of twenty-six (26) weeks of service in the new class.

C. When a regular or limited-term employee in good standing is reduced to a position in a lower class for physical disability or reasons other than unsatisfactory performance, the employee shall receive the highest salary in the new range that does not exceed the employee's rate of pay immediately prior to reduction and shall retain his or her merit increase eligibility date.

D. When a regular, limited-term or probationary employee is reduced because the position the employee occupied is reclassified, the applicable salary shall be determined as follows:

1. If the salary of the employee is the same or less than the maximum of the new class, the salary of the employee shall not change except if the reduction is the result of a Classification Maintenance Review as defined in Article XVIII, Section 2.B in which case the new salary will be the closest step on the new salary range which is not lower than the current rate of pay; in any case, the merit increase eligibility date of the employee shall not change.

2. If the salary of the employee is greater than the maximum of the new range, the salary of the employee shall be designated as a Y-Rate and shall not change during continuous regular service until the maximum of
the new range exceeds the salary of the employee or until the period of calendar time indicated in the schedule below has elapsed, whichever is sooner. If, at the end of the calendar period indicated below, the salary of the employee still exceeds the maximum of the new salary range, the salary of the employee shall be reduced to the maximum salary for the new class.

Such consultations shall occur at least quarterly each calendar year.

g. Departmental Leave and Official Leave do not run concurrently.

B. Non-Discretionary Leave of Absence

1. A Non-Discretionary Leave of Absence is leave which an eligible employee may use for various reasons under applicable law. The County follows all applicable state and federal laws pertaining to Non-Discretionary Leaves of Absence. Non-Discretionary Leave includes, but is not limited to, FMLA, CFRA, and PDL.

c. Eligible employees may qualify to take up to twenty-six (26) weeks of military caregiver leave under FMLA when the employee meets applicable requirements. Where FMLA Leave qualifies as both military caregiver leave and care for a family member with a serious health condition, the leave will be designated as military caregiver leave first.

d. FMLA Leave is unpaid under the law. However, to the extent that an employee has accrued leave balances, the employee is required to use Annual Leave, Sick/Healthcare Leave, Vacation time, Compensatory, and PIP balances in that order for the Leave.

4. California Family Rights Act

a. California Family Rights Act (CFRA) shall be granted to the extent required by law to an employee for their own serious medical condition, to care for a CFRA-eligible person, or for any other CFRA-eligible purpose. Employees may be eligible for up to twelve (12) weeks (480 hours) of CFRA Leave during a calendar year.

b. If an employee uses CFRA Leave for their own serious health condition and is not receiving disability benefits, the employee is required to use accrued Annual, Sick/Healthcare, Vacation, Compensatory, and PIP balances in that order. If an employee is receiving disability benefits, then the employee may elect to supplement the disability benefits by using accrued Annual, Sick/Healthcare, Vacation, Compensatory, and PIP balances in that order. The employee is required to notify the department at the time of the CFRA Leave request, or as soon as practicable, that they are/will be receiving disability benefits.

c. If an employee uses CFRA Leave for purposes of “child bonding,” the employee is required to use accrued Annual Leave, Vacation, and Sick/Healthcare balances, Compensatory, and PIP balances in that order.

An employee may be eligible for up to sixteen (16) weeks (640 hours) of PDL for each qualifying leave.

b. PDL is unpaid under the law. If an employee uses PDL, the employee is required to use Sick/Healthcare balances until they are exhausted, unless the employee is receiving disability benefits. Once an employee exhausts accrued Sick/Healthcare Leave balances, the employee may use Annual Leave, Vacation, Compensatory, and PIP balances in that order. As soon as practicable, but no later than the end of the PDL leave, the employee shall notify the department whether they choose to use the above leave balances once they have exhausted their Sick/Healthcare balances. At the time of the PDL request or as soon as practicable, the employee is required to notify the department that they are/will be receiving disability benefits.

3. Parenthood Leave runs concurrently with Pregnancy Disability Leave (PDL), Family and Medical Leave Act (FMLA), and California Family Rights Act (CFRA), where applicable. In those situations, law pertaining to those leaves shall supersede this section.

4. In instances when an employee is using PDL and Parenthood Leave concurrently, the posting of leave balances shall be controlled by Section B.5.b., above, (Pregnancy Disability Leave). In instances when an employee is using FMLA and/or CFRA and Parenthood Leave concurrently, the posting of leave balances shall be controlled by Section B.3.d. and/or B.4.b, above (Family and Medical Leave Act and/or California Family Rights Act).

b. As a condition to the approval of a medical Non-Discretionary Leave of Absence, an employee will be required to furnish medical certification from the employee’s health care provider which states: (1) the date on which the Leave is to commence; (2) the date on which the Leave is to end; (3) that the employee cannot perform their duties because of the employee's own serious health condition.

c. To request Leave to care for another eligible person, an employee is required to furnish medical certification from the eligible person's health care provider with the same information listed in 8.a and 8.b, above, and stating that the employee cannot perform their duties because the leave is required to care for the eligible person pursuant to applicable law.

d. Whenever possible, an employee shall give notice of the request for Leave at least thirty (30) days, or as soon as practicable, prior to the start of the requested leave.

Employees with 10 or more years of service will be eligible to receive prorated payouts at the time of separation in the percentages referenced above for all accrued annual leave hours remaining after the 100% payout, up to 1600 hours.

3. When an authorized grievance/appeal representative must go into another section or unit to investigate a grievance/appeal, the representative shall be permitted to do so provided that:

If an employee has a problem relating to a work situation, the employee is encouraged to request a meeting with his or her immediate supervisor to discuss the problem in an effort to clarify the issue and to work cooperatively towards settlement.

Section 7. Grievance/Appeal Steps

The grievance/appeal procedure shall consist of the following steps, each of which must be completed prior to any request for further consideration of the matter unless waived by mutual consent or as otherwise provided herein.

Step 1: Department Head

An employee may formally submit a grievance to the department head, or their designee, within fourteen (14) calendar days from the occurrence which gives rise to the problem. Such submission shall be in writing and shall state the nature of the grievance and the suggested solution. Within seven (7) calendar days after receipt of the written grievance, the department head or his or her designee(s) shall meet with the grievant. Within fourteen (14) calendar days thereafter, a written decision shall be given to the grievant. The County shall, whenever practicable, notify the grievant if more than one (1) management representative shall attend the Step 1 grievance meeting.

d. a written reprimand;

e. a release from new hire probation alleging discrimination pursuant to Article III, Section 1.C.3; or

f. a release from promotional probation alleging discrimination pursuant to Article III, Section 1.C.3.

Items a., b., c., or d., above, may be appealed in writing to the Chief of Employee Relations within seven (7) calendar days after receipt of the written decision from Step 1. Items e. or f., above, and/or appeal of a suspension and/or a reduction ordered by an department head or his or her designated representative may be submitted in writing at Step 2 within ten (10) calendar days after receipt of the notice of suspension and/or reduction. Within fourteen (14) calendar days after receipt of the written grievance/appeal, the Chief of Employee Relations or his or her representative shall meet with the grievant/appellant. Within fourteen (14) calendar days thereafter, a written decision shall be given to the grievant/appellant. The decision of the Chief of Employee Relations in B., C. and D., above, shall be final and binding and shall not be referable to arbitration.

Section 8. Referrals to Arbitration

A. Grievances

1. If a grievance is not resolved under Step 2, an arbitration request may be presented in writing to the Chief Human Resources Officer within seven (7) calendar days from the date a decision was rendered at Step 2. Within 30 days of the submission of the arbitration request, the arbitration hearing date shall be calendared, unless the parties agree to extend the time allowed for calendaring. If mediation is going to be held and the grievance is not settled through the mediation process, the arbitration hearing date shall be calendared within 30 days of the mediation, unless the parties agree to extend the time allowed for calendaring.

2. The parties shall either sign a joint issue submission statement or else execute and sign separate alternative issue statements after discussing the issue(s). In either case, the parties shall send copies of their joint or separate submission statement(s) to each other within fourteen (14) calendar days before the first scheduled date of the arbitration hearing.

B. Disciplinary Appeals

1. Submission Procedure
a. If an appeal from suspension or reduction is not settled at Step 2, it may be presented to the Chief of Employee Relations within seven (7) calendar days from the date the decision was rendered.

b. An appeal from any discharge or from a suspension or reduction imposed by the County Executive Officer may be presented to the Chief of Employee Relations within ten (10) calendar days from the date the action becomes final.

c. All disciplinary appeals shall be signed by an employee or by a representative of OCEA and shall be submitted in writing.

d. The issues in all disciplinary appeals shall be: Was (employee's name) suspended/reduced/discharged for reasonable cause? If not, to what remedy is the appellant entitled under the provisions of Article X, Section 8. of the MOU?

e. As soon as practicable after a suspension, reduction or discharge appeal is presented to the Chief of Employee Relations, an arbitrator shall hear the appeal.

2. Findings of Facts and Remedies

a. Findings of Facts

An arbitrator’s decision shall set forth the findings as to each of the charges and the reasons therefore. The arbitrator may sustain, modify or rescind an appealed disciplinary action as follows and subject to the following restrictions:

b. Remedies - All Disciplinary Actions (Other than Discharge)

1. If the arbitrator finds that the disciplinary action was taken for reasonable cause, he or she shall sustain the action.

2. Suspensions/Reductions

If the action is modified or rescinded, the employee shall be entitled to restoration of pay and/or fringe benefits in a manner consistent with the arbitrator's decision.

for all or a portion of the period of time the employee was removed from duty as determined by the arbitrator.

2. If the arbitrator finds that the order of discharge should be rescinded, the employee shall be reinstated in a position in his or her former class and shall receive pay and fringe benefits for all of the period of time he or she was removed from duty.

3. Restoration of pay and benefits shall be subject to reimbursement of all unemployment insurance and additional outside earnings which the employee received since the date of discharge.

C. Probationary Releases Alleging Discrimination

a. Was the probationary release of (employee's name) in whole or in part the result of discrimination in violation of Article XVII, NONDISCRIMINATION, of the Memorandum of Understanding between the County and OCEA?

b. If so, what shall the remedy be under the provisions of Article X, Section 8.C.2., Findings of Facts and Remedies, of the Memorandum of Understanding between the County and OCEA?

2. Findings of Facts and Remedies

a. In the event the arbitrator finds no violation of Article XVII, NONDISCRIMINATION, the grievance shall be denied and the issue of remedy becomes moot.

b. In the event the arbitrator finds a violation of Article XVII, NONDISCRIMINATION, but also finds such violation was not a substantial cause of the employee's probationary release, the grievance shall be denied and the issue of remedy becomes moot.

c. In the event the arbitrator finds a violation of Article XVII, NONDISCRIMINATION, and also finds that the violation was a substantial cause of the probationary release of the employee, the arbitrator's award shall depend upon the significance of the violation and shall be in keeping with the following alternatives:

1. The probationary release; may be sustained.
2. The employee may be reinstated in a position in his or her former class subject to forfeiture of pay and fringe benefits for all or a portion of the period of time the employee was removed from duty. The employee may be required to serve the remainder of any outstanding probation period.

D. General Provisions

1. Except as otherwise required by law, all costs of arbitration shall be shared equally in all cases by the County and the appealing party. When the grievance involves both discrimination and other arbitrable issues, the proper division of costs shall be determined by the arbitrator.

2. Grievance/Appeal hearings by an arbitrator shall be private.

3. Arbitration appeal hearings of a release from new hire probation alleging discrimination pursuant to Article III, Section 1.C.3 shall be limited to one (1) day unless both parties agree that a longer hearing is necessary. Arbitration appeal hearings of suspensions of less than forty (40) hours shall be limited to two (2) days unless both parties agree that a longer hearing is necessary. Both parties shall be allotted equal time during arbitration hearings involving such suspensions. The two (2) day limitation for arbitration appeal hearings shall not apply to suspensions imposed by the County Executive Officer.

4. The arbitrator shall be selected by the mutual agreement of the parties. If the parties cannot agree upon an arbitrator, a list of seven (7) arbitrators shall be obtained from the California State Mediation and Conciliation Service, the American Arbitration Association or some other agreed upon source and each party shall alternately strike one (1) name from the list until only one (1) name remains.

5. Upon written request by the opposing party in a pending hearing given at least twenty (20) calendar days prior to the scheduled hearing date, the party requested shall supply to the party submitting the request copies of all documentary evidence to be used by that party at the hearing. Such evidence shall be provided no later than ten (10) calendar days prior to the scheduled hearing date. Any evidence not so provided may not be admitted or offered as evidence at the subsequent hearing except that any such documentary evidence discovered by a party after such a request for copies but not soon enough to comply with the above time limits may be admitted providing it could not have been discovered.
sooner by reasonable means and provided further that a copy or copies
of such evidence be afforded the requesting party as soon as practicable
after such discovery. Nothing contained herein shall operate to prevent
either party from presenting additional documents by way of rebuttal.

6. An employee shall not suffer loss of pay for time spent as a witness at an
arbitration hearing held pursuant to this procedure. The number of
witnesses requested to attend and their scheduling shall be reasonable.

7. At the hearing, both the appealing employee and the County shall have
the right to be heard and to present evidence. The following rules shall
apply:

a. Oral evidence shall be taken only on oath or affirmation.

b. Each party shall have these rights: to call and examine witnesses, to
introduce exhibits, to cross-examine opposing witnesses on any
matter relevant to the issues even though that matter was not covered
in the direct examination, to impeach any witness regardless of which
party first called the witness to testify and to rebut the evidence
against the witness. If the employee does not testify in his or her own
behalf, the employee may be called and examined as if under cross-
examination.

8. The hearing need not be conducted according to technical rules relating
to evidence and witnesses. Any relevant evidence shall be admitted if it
is the sort of evidence on which responsible persons are accustomed to
rely in the conduct of serious affairs, regardless of the existence of any
common law or statutory rule which might have made improper the
admission of such evidence over objection in civil actions. Hearsay
evidence may be used for the purpose of supplementing or explaining
any direct evidence, but shall not be sufficient in itself to support a finding
unless it would be admissible over objection in civil actions. The rules of
privilege shall be effective to the same extent that they are now or
hereafter may be recognized in civil actions and irrelevant and unduly
repetitious evidence shall be excluded.

9. The County shall be allowed to have one (1) employee, who may be
called upon to testify as a witness, present at the arbitration hearing at all
times.

10. The parties agree to forego the use of briefs whenever practicable,
except that any party may opt to file a closing brief in lieu of an oral closing
argument. The parties agree to, whenever practicable, forgo the use of
a court reporter in arbitrations resulting from a new hire probation release
or suspension.

11. The decision of the arbitrator shall be final and binding on all parties.

GE - 81
12. As an alternative to proceeding directly to arbitration after completion of Step 2, the parties may agree to submit a grievance/appeal to mediation. A request for mediation may be presented in writing to the Chief of Employee Relations within seven (7) calendar days from the date a decision was rendered at Step 2. A request for mediation will automatically suspend the normal processing of a grievance until the mediation process is completed or the request is denied. The County shall respond to a request for mediation within thirty (30) calendar days. The mediation process shall be optional, and any opinion expressed by the mediator shall be informal, considered advisory and shall not be admissible evidence in any arbitration that should follow. Within seven (7) calendar days after completion of the mediation process or denial of a request for mediation, an arbitration request may be filed pursuant to Section 8.A. or B., above.
ARTICLE XI   LAYOFF PROCEDURE

Section 1.   General Provisions

A. This procedure shall not apply to a temporary layoff of less than four (4) consecutive weeks.

B. This procedure shall not apply to employees who have special or unique knowledges or skills which are of special value in the operation of the County business.

C. When two (2) or more agencies/departments are consolidated or when one (1) or more functions of one (1) department are transferred to another department, employees in all involved agencies/departments shall be subject to layoff if one is necessary.

D. Section 7., Reemployment Lists, and Section 8., Status on Reemployment, of this Article, shall not apply if the County has a written agreement with an employer, public or private, which guarantees the County employee an offer of reasonably comparable employment with the new employer who is taking over a function formerly performed by County employees and the new employer makes such an offer in writing to the employee.

Section 2.   Order of Layoff

A. When a reduction in the work force is necessary, employees in regular positions and those occupying limited-term positions at the direction of their department head shall be laid off in an order based on consideration of:

1. employment status,

2. past performance,

3. length of continuous service with the County.

B. Layoffs shall be made by class within an department except that:

1. Where a class has a dual or multiple concept, the Chief of Employee Relations may authorize a layoff by specialty within the class.

2. Where appropriate, the Chief of Employee Relations may authorize a layoff by division or smaller unit of an department.
C. Within a class, employees shall be subject to layoff in the following order:

<table>
<thead>
<tr>
<th>Employment Status</th>
<th>Layoff Order</th>
</tr>
</thead>
<tbody>
<tr>
<td>First - Temporary Promotion</td>
<td>Determined by Department</td>
</tr>
<tr>
<td>Second - New Probationary</td>
<td>Determined by Department</td>
</tr>
<tr>
<td>Third - Regular/Promotional</td>
<td>Layoff Points</td>
</tr>
<tr>
<td>Probationary</td>
<td></td>
</tr>
</tbody>
</table>

After all new probationary employees and employees on temporary promotion have been removed from a class within a layoff unit, the employee with the lowest number of layoff points shall be subject to layoff first. When two (2) or more employees have the same number of layoff points, the department shall determine the order of layoff for these employees.

D. If a layoff is going to be made in a class from which an employee has left through a temporary promotion, the employee on temporary promotion shall be returned to his or her former class and shall be subject to layoff in accordance with this procedure.

E. OCEA may designate employees who are regular OCEA officers or grievance representatives to receive special seniority for purposes of layoff. The number of employees so designated shall not exceed two (2) percent of the employees in the Representation Unit. Employees so designated shall receive two hundred sixty (260) layoff points in addition to layoff points computed pursuant to Section 3., below.

Section 3. Computation of Layoff Points

Seniority Points:

The equivalent of each year of full-time continuous service with the County shall earn two hundred sixty (260) seniority points.

The equivalent of each regularly scheduled full day of continuous service of a partial year shall earn one (1) seniority point.

Demerit Points:

For a rating of “does not meet performance objectives” on the last “Performance Evaluation Report,” for the class currently held by the employee, the employee shall earn two-hundred sixty (260) demerit points. Demerit points shall only be used in the currently held class of an employee. Demerit points shall not be applied to an employee seeking to enter a lower class through voluntary reduction in lieu of layoff.
Layoff Points:

Layoff points shall be computed by subtracting demerit points, if any, from seniority points.

Section 4. Notification of Employees

A. Written notice of layoff shall be given to an employee or sent by mail to the last known mailing address at least fourteen (14) calendar days prior to the effective date of the layoff. Notices of layoff shall be served on employees personally at work whenever practicable.

B. It is the intent of the parties that the number of layoff notices initially issued shall be limited to the number of positions by which the work force is intended to be reduced. Additional notices shall be issued as other employees become subject to layoff as a result of employees exercising reduction rights under Section 5.

C. The notice of layoff shall include the reason for the layoff, the proposed effective date of the layoff, the employee's hire date, the employee's layoff points, a list of classes in the employee's occupational series within the layoff unit, the employee's rights under Sections 5. and 6. and the right of the employee to advise the County of any objection to the content of the layoff notice prior to the proposed effective date of the layoff.

Section 5. Voluntary Reduction in Lieu of Layoff

A. A promotional probationary or regular employee who is subject to layoff may request a reduction to a lower class within the same occupational series in the layoff unit provided the employee possesses the minimum qualifications for the class and passes any required performance tests. The reduction shall be made if there is a vacant position in the layoff unit or an incumbent in the lower class in the layoff unit has fewer layoff points than the employee requesting the reduction. In the latter case, the incumbent in the lower class with the fewest number of layoff points shall be subject to layoff.

B. 1. Employees who receive notice of layoff by personal service at work shall have until the end of their third regularly scheduled day of work following actual receipt of the notice to notify their department in writing of their intent to exercise rights under this Section. Employees whose third regularly scheduled day of work is more than three (3) calendar days after receipt of the notice shall have three (3) calendar days, excluding weekends and holidays, to notify their department of their intent to exercise rights under this Section; and where such notification is not in writing, the employee shall confirm the notification in writing as soon as practicable.
2. Employees who receive notice other than by personal service at work shall have five (5) calendar days, excluding weekends and holidays, following the date the person is personally served or if service is made by mail, five (5) calendar days, excluding weekends and holidays, following date of proof of service by mail to notify their department of their intent to exercise rights under this Section. Where such notification is not in writing, the employee shall confirm the notification in writing as soon as practicable.

3. Failure by an employee to respond to his or her department pursuant to this Section shall result in a rebuttable presumption that the employee does not intend to exercise any right of reduction to a lower class and that the employee’s hire date stated in the layoff notice was correct.

4. No employee action or inaction referred to in this Section shall be considered a waiver of an employee’s right to file grievances concerning any matter within the scope of the grievance procedure.

Section 6. Voluntary Reduction from Classes Designated as Vulnerable to Layoff

An employee in a class designated by the County as vulnerable to layoff may request a voluntary reduction to any class provided the employee possesses the minimum qualifications and has passed any required performance tests for the class to which reduction is requested. Such employees shall be eligible for consideration for available positions in the class to which reduction is requested. If appointed, such an employee shall be placed on DEPARTMENTAL REINSTATEMENT LISTS pursuant to Section 7.A.3., below.

Section 7. Reemployment Lists

A. The following persons shall be placed on DEPARTMENTAL REINSTATEMENT LISTS as provided in 1., 2. and 3., below, in the order of their respective layoff points with the person having the largest number of layoff points listed first:

1. Persons Laid Off

The names of persons laid off shall be placed on an DEPARTMENTAL REINSTATEMENT LIST for each class in the occupational series at or below the level of the class from which laid off.
2. **Persons Who Exercise Their Rights Under Section 5**

   The names of persons who exercise their rights under Section 5 shall be placed on a DEPARTMENTAL REINSTATEMENT LIST for each class in the occupational series at or below the level of the class from which reduced, excluding any classes at or below the level of the class currently held.

3. **Persons Who Voluntarily Reduced Under the Provisions of Section 6**

   The names of persons who were voluntarily reduced under the provisions of Section 6 shall be placed on a DEPARTMENTAL REINSTATEMENT LIST for the class from which reduced and for each class in the occupational series below the level of the class from which they voluntarily reduced, provided they request to be placed on such lists.

   Positions to be filled shall be offered first to persons on the DEPARTMENTAL REINSTATEMENT LIST for that class, starting at the top of the list. If reinstatement is offered to a class other than that from which the person was laid off or reduced, such person must first meet the minimum qualifications and pass any required performance tests for that class.

B. The names of persons laid off shall be placed on the COUNTY PREFERRED ELIGIBLE LIST for the class from which they were laid off and for any class from which they previously voluntarily reduced pursuant to Section 5, in the order of their layoff scores, going from highest to lowest. When one (1) vacant position in an department, other than the department from which the employee was laid off, is to be filled in that class, ten (10) names shall be certified from the COUNTY PREFERRED ELIGIBLE LIST, starting at the top. When more than one (1) vacant position in an department, other than the department from which the employee was laid off, is to be filled in that class, the number of names certified, starting at the top of the COUNTY PREFERRED ELIGIBLE LIST, shall be equal to twice the number of vacancies plus seven (7). If there is a tie among layoff points at the last name to be certified, all tied eligibles shall be certified. Eligibles certified from COUNTY PREFERRED ELIGIBLE LISTS shall be considered prior to eligibles certified from lower ranking eligible lists. Appointments shall be made only from eligibles certified pursuant to Section 7.B. Appointments need not be made in the order of layoff points; any eligible certified in accordance with this provision may be appointed to a vacant position.

C. Names of persons placed on the DEPARTMENTAL REINSTATEMENT LIST and the COUNTY PREFERRED ELIGIBLE LIST shall remain on the lists for two (2) years, except that:

1. A person who on two (2) separate occasions rejects or fails to respond within five (5) calendar days to offers of employment in a particular class shall be removed from the lists for that class.

GE - 87
2. A person who on three (3) separate occasions declines referral for interviews in a particular class shall be removed from the lists for that class.

3. An employee who, upon retirement, signs a statement electing not to be eligible for reemployment under this provision shall have his or her name excluded from the aforementioned lists.

D. In the event two (2) or more agencies/departments are consolidated while DEPARTMENTAL REINSTATEMENT LISTS are in effect, such lists shall be combined and treated as one (1) list in accordance with the preceding provisions of this Section. When a transfer of one (1) or more functions of one (1) department to another department occurs, employees previously laid off from such function(s) who are on an DEPARTMENTAL REINSTATEMENT LIST for the department losing such function(s), shall be removed from such list and shall be placed on a reinstatement list for the department acquiring such function(s) and treated in accordance with the preceding provisions of this Section.

E. Reemployment lists shall be available to OCEA and affected employees upon reasonable request.

Section 8. Status on Reemployment

A. An employee who has been laid off under the provisions of this Article and is subsequently reemployed in a regular or limited-term position within a two (2) year period from the date of his or her layoff shall receive the following considerations and benefits:

1. All healthcare leave credited to the employee's account or unpaid annual leave when laid off shall be restored.

2. All seniority points held upon layoff shall be restored.

3. All prior service shall be credited for the purpose of determining annual leave, healthcare leave and vacation, earning rates and service awards.

4. The employee shall be placed in the salary range as if the employee had been on a Leave of Absence Without Pay.

5. The probationary status of the employee shall be as if the employee had been on a Leave of Absence Without Pay except that a probation period shall be established as determined by Article III, Sections 1.B.1. and 1.B.2. if reemployment is in a higher class or an occupational series different from that employed in at the time of layoff.
B. An employee who has voluntarily reduced under the provisions of this Article and is subsequently reemployed, within a two (2) year period from the date of reduction, in a regular or limited-term position in the class from which the employee reduced shall receive the following considerations:

1. The employee shall be placed in the salary range either as if the employee had been on a Leave of Absence Without Pay, or at the step on the salary range closest to, but which does not exceed, the employee's salary in the lower class, whichever is higher.

2. The merit increase eligibility date shall be reestablished as determined by the Chief Human Resources Officer.

3. The probationary status of the employee shall be as if the employee had been on a Leave of Absence.

C. An employee who is voluntarily reduced under the provisions of this Article and is subsequently reemployed, within a two (2) year period from the date of reduction, in a class higher than the one from which the employee was reduced shall receive the following considerations:

1. The employee shall be deemed returned to the class from which the employee had been reduced as provided in B., above.

2. The employee's salary, probation period and merit increase eligibility date shall be determined by treating the employee as though he or she is being promoted from such class.

Section 2.  Workers' Compensation Supplement Pay  
A. Whenever an employee is compelled to be absent from duty by reason of

eighty (80) percent of the employee's base salary for a period not to exceed  
one (1) year including holidays.  

B. Workers' compensation supplement pay shall begin the same day as the  
workers' compensation temporary disability benefits. Prior to qualifying for  
workers' compensation temporary disability benefits, an injured employee  
may, at his or her option, use any accrued healthcare leave, compensatory  
time, annual leave and/or vacation, in that order.  

C. While an employee receives workers' compensation supplement pay, no  
deductions nor payments shall be made from any healthcare leave,  
compensatory time, annual leave or vacation time previously accumulated by  
the employee. The employee shall not accrue healthcare leave, annual leave  
or vacation credit during the period in which the employee receives workers'  
compensation temporary disability benefits.  

D. When an injury is determined to be job-related by the County or by the  
Workers' Compensation Appeals Board, eighty (80) percent of all healthcare  
leave, compensatory time annual leave and/or vacation expended since the  
fourth day of disability shall be restored to the employee's account(s), except  
that if the injury required the employee's hospitalization or caused disability of  
more than fourteen (14) days, eighty (80) percent of all healthcare leave,  
compensatory time, annual leave and/or vacation expended since the first day  
of disability shall be restored to the employee's account(s).  

E. The merit increase eligibility date and probation period of any employee who

time the employee receives such benefits, except that the first fifteen (15)  
consecutive calendar days from the date of the injury shall be considered  
County service for merit increase eligibility and completion of the probation  
period.
F. When an employee is no longer entitled to receive workers’ compensation supplement pay, the employee may, at his or her option, use healthcare leave, compensatory time, annual leave and/or vacation, in that order, if the employee is compelled to be absent from duty as set forth in Paragraph A., above.

G. Time during which an employee receives workers’ compensation temporary disability benefits shall be counted toward the computation of County seniority and determination of healthcare leave, vacation and annual leave earning rates.

Section 3. Exposure to Contagious Diseases

Whenever an employee is compelled by direction of a County-designated physician to be absent from duty due to an on-the-job exposure to a contagious disease, the employee shall receive full compensation for a period not to exceed eighty (80) working hours for a full-time employee or fourteen (14) calendar days for a part-time employee. If the absence extends beyond the applicable period, healthcare leave, compensatory time, annual leave and/or vacation may be used, at the employee’s option, in that order.

B. The County shall make every reasonable effort to provide and maintain a safe place of employment. OCEA shall urge all employees to perform their work in a safe manner. Employees shall be alert to unsafe practices, equipment and conditions and report any such unsafe practices, equipment or conditions to their immediate supervisors. Employees shall follow safe practices and obey reasonable safety rules during the hours of their employment.

C. Any employee who either does not receive an answer to a safety-related question from his or her supervisor within three (3) days or receives an answer which the employee deems unsatisfactory may directly contact the County Safety Officer.

D. Any employee who is directed to perform a task which the employee in good faith feels is unsafe may request an immediate investigation from the Safety Officer. During the period that the Safety Officer is conducting an investigation, the employee will be assigned to other work at no loss of earnings. If the Safety Officer concludes the task complained of is safe, the employee shall perform the work as instructed.

E. The County shall furnish all equipment which is necessary for employees to perform their job in a safe manner.

F. Wherever practicable, the County shall provide the necessary first aid kits in each location.

G. Wherever practicable, the County shall provide first aid training for one (1) employee at each new work location.

Section 2. Safety Inspection

During inspection of County facilities conducted by the State Division of Occupational Safety and Health for the purpose of determining compliance with the California OSHA requirements, an OCEA designated employee shall be allowed to accompany the inspector while the inspector is in the employee's department. The employee so designated shall suffer no loss of pay when this function is performed during the employee's regularly scheduled work hours.

C. A Safety Representative who has received a safety or health complaint shall be given reasonable time off without loss of pay to gather appropriate information on such complaint provided that:

1. The Safety Representative obtains permission from his or her supervisor prior to performing such work and reports back to the supervisor when the work is completed.

2. The Safety Representative shall not leave his or her job to perform such work unless his or her supervisor determines that the employee’s absence will not unduly interfere with the work of the unit in which the employee is employed. However, an effort will be made to grant such time off as soon as it is feasible to do so.

3. When an authorized Safety Representative must go into another section or unit to gather information regarding a safety or health complaint, the Safety Representative shall be permitted to do so provided that:

   a. the Safety Representative checks in and checks out with the supervisor of the unit; and

   b. he or she does not unduly interfere with the work of the unit.
Section 5. Resolution of Safety or Health Complaints

If a safety or health complaint is not satisfactorily resolved, the Safety Representative may request to meet with the County Safety Officer to resolve the complaint. If the complaint is not resolved, a grievance may be filed at Step 2 of the grievance procedure.

ARTICLE XVIII  POSITION CLASSIFICATION

Section 1.  The Establishment of New Classes

The County will provide OCEA an information copy of the new class specification for any proposed class relevant to this Bargaining Unit. The County agrees to meet and confer with OCEA in an attempt to reach agreement on the salary range and probation period for any such proposed class before submitting the class to the Board of Supervisors for adoption.

Section 2.  Reclassification of a Position

A. Sections 3. and 4. shall apply only to individual classification problems or studies involving small numbers of employees where the issue is a question of allocating a position to the appropriate class. Classification Maintenance Reviews are excluded from the provisions of Sections 3. and 4.

B. Classification Maintenance Review is defined as 1) any study which involves all positions in a class or series except for a class or series with five (5) or fewer positions; 2) any study which involves all positions in an organizational unit which is greater than five (5) positions; 3) any study in which the class concept, minimum qualifications or salary relationship is at issue.

C. By mutual agreement, the County may contract with a consultant to carry out Classification Maintenance Reviews. Provisions of Section 5. will apply.

Section 3.  Procedure for Requesting Reclassification of a Position

Step 1: An employee who believes his or her position is not properly classified may submit a written request to his or her department head that a classification study be conducted. Requests shall state the reasons the employee believes the present class is not appropriate and which class the employee believes is appropriate based on the employee's present duties.

Step 2: Appropriate department response to an employee's request for reclassification includes, but is not limited to, denial of request or forwarding of the request to the Human Resources Department with a recommendation that a classification study be conducted.

a. If the request is denied, the employee shall be given a written statement of the reasons for the denial. If management denies the request or fails to respond within thirty (30) calendar days, the employee may submit the request to OCEA for consideration.
b. If the Human Resources Department studies a position at the employee's request as provided above and the employee does not agree with the County's decision, the employee may submit the request to OCEA.

Step 3: After receiving an employee request for study, OCEA may request in writing that the Human Resources Department conduct a classification study of the position or refer the matter to a consultant, as provided in Step 4. Such requests are to be timely.

Step 4: The Human Resources Department shall determine when the position was last studied and whether there has been a change of duties or change in classification structure which justifies restudy.

a. If the study is justified and the request is made under Step 2.A., the employee shall be given a Position Description Form within fifteen (15) days. Within one hundred twenty (120) calendar days after the Human Resources Department receives the completed Position Description Form, the Human Resources Department shall notify OCEA of the appropriate classification of the position.

b. If the study is justified, and the request is made under Step 2.B., the Human Resources Department shall complete the study in thirty (30) days and communicate the results to OCEA. If the study is not completed within thirty (30) days, upon request of OCEA the matter shall be referred to a consultant under the provisions of Section 5. of this Article.

c. If the study is not justified, the County shall notify OCEA within fifteen (15) days. OCEA may accept the County position that the study is not justified or may request a consultant review as provided in Section 5.

Section 4. Limitations on Concurrent Studies

A. The County shall not be required to initiate a study if the total number of positions currently requested by OCEA for reclassification studies plus the new request exceeds twenty-five (25) positions.

B. The numerical limitation shall apply only to studies for which Position Description Forms have been initiated and shall not include studies which have been referred to or are pending referral to a consultant.

C. In the event of a major layoff of County employees, all time limits in Section 3. of this Article shall be extended forty-five (45) days.
Section 5. Review of Disputed Position Classification Decisions

A. If the County does not respond at the end of the appropriate time period as specified in Section 3., Step 4 of this Article or OCEA does not agree with a position classification decision of the County after the steps in Section 2. or 3. of this Article have been followed, the issue may be presented to a classification consultant for advisory review. Other provisions notwithstanding, no more than fifty (50) positions may be referred to a consultant per fiscal year except that any maintenance study done by a consultant shall not be included.

B. The consultant's review shall be documented on forms supplied by the County and used by the County for documenting its classification decisions.

C. The consultant shall have access to the organizational and classification files of the Human Resources Department and shall have the right to conduct the classification study in the manner the consultant deems most appropriate.

D. Any salary change for any employee resulting from a consultant's advisory recommendation shall be effective no sooner than the beginning of the pay period following the decision of the County at Step 4 of the procedure described in Section 3., above.

E. A consultant shall be chosen who has experience in conducting position classification analyses for local governmental agencies. The consultant will be chosen by a committee with an equal number of County and OCEA members. The cost of the consultant shall be shared equally by the County and OCEA.

1. Effective August 1, 1993, and as amended by the Board of Supervisors, the County implemented a Retiree Medical Plan ("the Plan") for employees who have retired from County service and who meet certain eligibility requirements of the Plan. The Plan does not create any vested rights to the benefits on the part of any employee, retiree, or any other person.

b. The Grant will be adjusted as follows:

1. The Grant will be reduced by seven and one-half percent (7-1/2%) per year for each year of age the employee is less than age 60, based upon the employee’s age on the date when the employee takes active retirement from OCERS. This provision will cease to apply for eligible retirees retiring effective on or after June 16, 2023.

2. The Grant will be increased by seven and one-half percent (7-1/2%) per year for each year of age the employee is greater than age 60, based upon the employee’s age on the date when the employee takes active retirement from OCERS. For the purposes of the Grant increase, no years of age after age 70 will be considered. For the purpose of deferred retirement, the date on which the deferred retiree takes active retirement from OCERS will be deemed the retirement date. This provision will cease to apply for eligible retirees retiring effective on or after June 16, 2023.

4. The Grant for all eligible retirees (including retirees on disability) and surviving dependents will be reduced by fifty percent (50%) the first day of the month the retiree or surviving dependent becomes eligible for both Medicare Part A (without paying a premium) and Medicare Part B, or immediately if the retiring employee is eligible for Medicare Part A (without paying a premium) and Medicare Part B as of the date of retirement. This provision does not apply to a retiree or surviving dependent eligible for the Grant who has attained age 65 on or prior to September 12, 2006 and is eligible for both Medicare Part A (without paying a premium) and Medicare Part B.

c. All current employees who retire and become eligible for a Grant shall be provided a one time opportunity of thirty (30) days to enroll in a County offered retiree health plan or elect to temporarily opt out of retiree health from the date they retire. Should a retiree fail to make an election to temporarily opt out enroll during the aforementioned thirty (30) day period or should he or she terminate coverage or fail to make necessary payments, the retiree and dependents shall forfeit any right to a Grant, if eligible, and enrollment in a County offered retiree health plan.

If the employee does not make an investment selection before the County has automatically enrolled the employee in the 1.62 Section 457(b) Plan, the investment selection will be the selection recommended by the Defined Contribution Advisory Committee and approved by the 1.62 Section 457(b) Plan Trustee. Employees may change their investment selection as permitted under the 1.62 Section 457(b) Plan.

d. The County will make a biweekly contribution to the County 1.62 Retirement, Section 401(a) Defined Contribution Plan as stated in ARTICLE XXI, RETIREMENT, Section 3. Defined Contribution Retirement Plan, B. Such contributions shall vest as described in ARTICLE XXI, RETIREMENT, Section 3. Defined Contribution Retirement Plan, B.

e. Employee and County contributions to the Defined Contribution plans shall be subject to contribution limits imposed by the Internal Revenue Service as stated in ARTICLE XXI, RETIREMENT, Section 3. Defined Contribution Retirement Plan, C. In no event shall the County be required to pay any portion of the matching contributions that would cause the employee to exceed applicable Internal Revenue Service contribution limits.

f. Employees shall be permitted to stop contributions to the 1.62 Section 457(b) Plan by giving proper notice to the County as required under the 1.62 Section 457(b) Plan.
ARTICLE XXI  RETIREMENT

Section 1.  Retirement Benefit Levels

A. For Employees Hired Prior to January 1, 2013 and for Employees Hired on or After January 1, 2013 who are Considered “Legacy Members” of OCERS within the Meaning of the Public Employees’ Pension Reform Act of 2013 (“PEPRA”).

1. Except as set forth in Section A.2 and A.3 below, employees will be provided a one-fiftieth (1/50) retirement benefit calculated pursuant to Section 31676.19 of the Government Code. This retirement benefit formula is commonly known as the “2.7% at 55” benefit formula.

   a. For employees hired on or before September 20, 1979 the retirement allowance will be computed on the highest one (1) year of final compensation per Government Code Section 31462.1.

   b. For eligible employees hired on or after September 21, 1979, the retirement allowance will be computed upon the employee’s highest three (3) years of compensation per Government Code section 31462.

2. 1.62% at 65 Pension Formula Election for Employees Hired Prior to May 7, 2010.

   a. Employees hired prior to May 7, 2010 will be eligible for the Pension Formula Election described below once the Board of Supervisors approves an implementing resolution (which shall be after pending tax issues have been resolved so that the election will not result in any negative tax consequences for eligible unit members). Eligible employees will have 180 calendar days from that date within which to elect one time only whether to terminate for future County service their pension calculation stated in Government Code section 31676.19 (the “2.7% at 55” benefit formula) and elect instead the pension calculation stated in Government Code section 31676.01 (the “1.62% at 65” benefit formula) for future County service.

   b. In the event an eligible employee fails to make an election during the period set forth in Subsection 2a above, the employee shall continue to be provided with the “2.7% at 55” benefit formula and shall make the employee retirement contributions established for that benefit formula.

   c. In the event an eligible employee elects the “1.62% at 65” benefit formula, the employee shall be eligible to participate in...
the County 1.62 Retirement 457(b) Defined Contribution Plan (the “DC Plan”) described in Section 3 below.

d. Effective with the beginning of pay period following the date an employee elects the “1.62% at 65” benefit formula, the normal employee contribution rate to the retirement system for the employee will be calculated pursuant to Government Code section 31621. The employee will also make the contributions described in Section 2.B and C of this Article.

3. Election Option of “2.7% at 55” or “1.62 at 65” Pension Formula for Those Employees Hired by the County between May 7, 2010 and January 1, 2013.

a. Employees hired on or after May 7, 2010 and prior to January 1, 2013 were required to make the pension benefit formula election provided for in Board Resolution 10-072.

b. Employees had forty-five (45) calendar days from the date of hire or appointment to elect either the “2.7% at 55” benefit formula or the “1.62% at 65” benefit formula. Regardless of which benefit formula was selected, the employee is required to make retirement contributions in accordance with the provisions of Section 2.B and C below.

c. In the event an eligible employee failed to make an election during the 45 day period set forth in subsection 3.b above, the employee was deemed to have elected the “1.62% at 65” benefit formula.

d. An employee who elected, or was deemed to have elected, the “1.62% at 65” benefit formula is eligible to participate in the “DC Plan” described in Section 3 below.

e. After the employee made an election or was deemed to have made an election as described in Subsection 3.b and c. above, the employee is required to make retroactive contributions that would have been made from the employee’s hire or appointment date, for the appropriate election as described in this Article. County matching contributions to the DC Plan, for employees who chose the “1.62% at 65” benefit formula are not retroactive to the employee’s date of hire and are calculated from the date that the employee made an election or was deemed to have made an election of the “1.62% at 65” benefit formula.

f. Effective with the pay period following the date an employee elected, or was deemed to have elected, the “1.62% at 65”
benefit formula, the normal employee contribution rate to the retirement system for the employee will be calculated pursuant to Section 31621 of the Government Code. The employee will also make the contributions described in Section 2.B and C below.

B. For Employees Hired on or After January 1, 2013 who are Considered “New Members” within the Meaning of PEPRA.

- The retirement formula will be the “1.62% at 65” benefit formula described in Government Code section 31676.01, utilizing the average three highest years of compensation per Government Code section 7522.32. Pensionable compensation and other pension related conditions are governed by the provisions of PEPRA and the OCERS Board of Retirement. Employees will also make the contributions described in Section 2.B and C below.

- “New Members” are eligible to participate in the “DC Plan” described in Section 3 below.

Section 2. Retirement Contributions

A. Members’ normal contribution rates shall continue to be established and adjusted subsequent to and in accordance with state law and the actuarial recommendations adopted by the Retirement Board and the Board of Supervisors.

B. The County will adopt employee contribution rates equal to County contributions for full reserve funding of cost-of-living increases to retirees for all active members of the retirement system as recommended by the OCERS actuary. Employees will pay the full member contribution for each of the benefit plans provided by the County.

C. Employee Retirement Contributions to Offset the Increased Cost of the “2.7% at 55” benefit formula:

1. The implementation of the “2.7% at 55” retirement benefit formula shall be without additional cost to the County for as long as the enhanced benefit formula is provided to employees, ie., it will be borne entirely by the employees. Effective with the pay period that commenced on June 24, 2005, unit members began making an additional employee contribution to the retirement system. This contribution is in addition to the normal employee contribution calculated under Section 31621.8 of the Government Code (or Section 31621 of the Government Code, if applicable), and is in addition to the employee contribution required to help provide full reserve funding of cost-of-living increases to retirees for all active members of the retirement system as recommended by the actuary.
The additional employee contribution made under this paragraph is known as the “Reverse Pickup” and is designed to offset both the prospective increased costs, as well as the increased costs attributable to past service liability of providing this enhanced retirement benefit.

a. The portion of the additional employee contribution that is attributable to past service liability shall be in accordance with, and for the purposes stated, in Section 31678.3(d) of the Government Code. This additional employee contribution shall continue beyond the expiration date of this MOU, for the purpose of amortizing, over a 20 year period, the cost of the enhanced retirement benefit.

b. The portion of the additional employee contribution that is attributable to the prospective increased cost of the benefit shall also continue beyond the expiration date of this MOU but unlike the past service liability, does not expire at the end of the 20 year period set forth above.

3. Reduction in Reverse Pickup

a. Effective the first day of the first full pay period following Board of Supervisors adoption of this MOU, the annual reverse pickup contribution rate for employees in the PEPRA and 1.62% at 65 Classic benefit formulas will be frozen at the fiscal year 2019-2020 rate. The reverse pickup contribution rate for employees in the 2.7% at 55 benefit formula shall continue to be calculated pursuant to Section 2 of this Article.

b. Effective the first day of the first full pay period following Board of Supervisors adoption of this MOU, reduce Reverse Pickup by an ongoing 1.2%.

c. Effective July 3, 2020, reduce Reverse Pickup by an additional 1.2%, for a total fixed ongoing 2.4% reduction of the employee's paid reverse pickup.

d. Effective July 2, 2021, reduce Reverse Pickup by an additional 1.2% for a total fixed ongoing 3.6% reduction of the employee’s paid reverse pickup.

e. By July 2, 2021, the entire Reverse Pickup for employees in the PEPRA and 1.62% at 65 Classic benefit formulas shall be eliminated.
Section 3. Defined Contribution Retirement Plan

A. Beginning on May 7, 2010, the County will make available a County 1.62 Retirement, Section 457(b) Defined Contribution Plan (the “DC plan”) to those employees who are covered by the “1.62% at 65” benefit formula (whether by election, deemed to have elected or are hired after January 1, 2013 and are deemed to be “new members” within the meaning of PEPRA). These employees will be permitted to make voluntary contributions to the DC Plan. The County will make matching contributions as described in Section 3.B. below.

B. The County will contribute a biweekly amount to a Section 401(a) Defined Contribution Plan for an eligible employee equal to the biweekly amount that the employee contributes to the DC Plan, not to exceed two (2) percent of the employee’s base salary (the “match”). County contributions to the Section 401(a) Defined Contribution Plan shall vest on behalf of the participant after that participant has been continuously employed by the County for a period of five (5) years. For this purpose, one year shall be equal to 2080 paid hours of service, exclusive of overtime.

C. Employee contributions to the DC Plan(s) and the County contributions to the Section 401(a) Defined Contribution Plan shall be subject to contribution limits imposed by the Internal Revenue Service. In no event shall the County be required to pay any portion of the matching contributions that would cause the employee to exceed applicable Internal Revenue Service contribution limits.

Section 4. Tax-Deferred Retirement Plan

The County will administer an approved tax-deferred retirement plan which will allow employees to reduce their taxable gross income by the amount of their retirement contribution. The plan shall be in effect for the term of this Memorandum of Understanding subject to approval by the Internal Revenue Service.
ARTICLE XXII     SEPARABILITY

In the event that any provisions of this Memorandum are declared invalid by any court of competent jurisdiction, such decision shall not invalidate the entire Memorandum, it being the express understanding of the parties hereto that all other provisions not declared invalid shall remain in full force and effect.

ARTICLE XXVI    LABOR MANAGEMENT COMMITTEES

Section 1. Introduction

A. The County and OCEA desire to mutually encourage a cooperative, collaborative partnership approach to addressing and resolving workplace issues. The County and OCEA further desire to provide an opportunity for labor and management representatives to promote and maintain harmonious labor/management relations through the establishment of Department Labor Management Committees. This section is not intended to change or replace mutually agreeable existing arrangements, including labor-management forums, except by mutual agreement.

B. The Labor Management Committee (LMC) process is intended for department management and labor representatives to collaborate in a regularly scheduled (at least monthly) forum to develop solutions to workplace issues that are deemed appropriate for discussion. The County and OCEA recognize that this process will provide an important opportunity to achieve mutually acceptable solutions to workplace issues.

C. It is the intent of the process that each party should raise issues prior to making decisions or adopting courses of action that may affect the other party.

D. An issue may be considered by the LMC members unless the issue:

   1. Concerns only an individual employee, such as that employee’s performance evaluation, PIP award, discipline or an individual problem with another employee;

   2. Has County-wide impact; or

   3. Involves the classification of one or more employees.

E. LMC members will have the authority to discuss and develop solutions to workplace issues submitted by employees and management and to present those solutions to the LMC Sponsors.

F. The activities of LMCs will be effectively communicated to all employees through monthly newsletters or other mutually agreeable methods.

Section 2. Structure

A. The LMC program shall be jointly administered by four central LMC Program Sponsors, two of whom shall be appointed by the Chief of Employee Relations and two of whom shall be appointed by OCEA. Any issue concerning the implementation or administration of the LMC process may be referred to the LMC Program Sponsors by request of either party.
B.  1. Every department shall have an LMC.

   2. The department LMC structure shall consist of management representatives selected by the department and employee representatives selected by OCEA. The LMC Program Sponsors may also select representatives to participate on the LMC.

   3. Each department LMC shall have two sponsors who may or may not be members of the LMC: the department head and a representative designated by OCEA. The role of the sponsors is to monitor the direction and progress of the LMC and to provide the support and resources necessary to constructively address and resolve workplace issues.

Section 3. Time off for LMC Activities

A. A reasonable number of employees shall be allowed reasonable time off without loss of pay to serve as employee representatives in the LMC process.

B. In addition to A, above, reasonable time off without loss of pay shall be given to employees and LMC employee representatives as necessary to effectuate the purposes of the LMC process.

Section 4. Process

A. Employees may submit a form entitled Workplace Issue Statement Form describing the workplace issue, the recommended change(s) and the advantage(s) associated with the change. Employees may choose to remain anonymous when submitting their workplace issue; however, anonymity may hinder the ability of the LMC to fully evaluate the issue presented.

B. Employees may submit the Workplace Issue Statement form to any active LMC member or to LMC sponsors.

C. The LMC member shall discuss and develop possible solutions to the submitted workplace issues. An LMC member may contact the employee who submitted the workplace issue to obtain additional information/clarification.

D. Workplace issue solutions will be determined by a consensus of the members present at the LMC meeting and submitted as a recommendation to the LMC sponsors.

E. Within 30 days of receipt of the LMC recommendation, the department LMC sponsors shall respond to the LMC members in writing, indicating their acceptance, suggested modifications or rejection of each proposed solution and/or schedule for implementation. The sponsors shall provide written reasons for a rejection/modification of a solution submitted by the LMC.
F. Any issue which is not resolved by the department LMC shall upon request by either departmental sponsor be submitted to the central LMC Program Sponsors for advisory review.
ARTICLE XXVII  SALARY

2. Effective June 28, 2024, the salary schedule will be increased by 4.25%.

Section 2. Overtime

A. Notification of Employees of Work Required Beyond Normal Schedule

   If in the judgment of the agency/department, work beyond the normal workday, workweek or work period is required, the agency/department will notify any employee who may be asked to perform such overtime of the apparent need.
as soon as practicable prior to when the work is expected to begin. If this additional work results in hours worked in excess of forty (40) in the employee’s designated workweek for classifications designated as non-exempt from FLSA or eighty (80) in FLSA exempt classifications, the employee shall be compensated for these excess hours at the overtime rate as defined by Section 2.C.1.

B. Distribution of Overtime

3. If the responsible supervisor determines that overtime is necessary on a client case or patient case already assigned to a particular employee, any such overtime may be assigned exclusively to that employee.

Consideration shall be given to effectuating the wishes of employees. The maximum number of CTO hours which may be accrued by any employee is eighty (80). If an employee accrues 80 hours of CTO, he/she cannot accrue additional CTO until he/she uses some of the hours in his/her bank; instead, employees will be paid for all overtime work performed in excess of that amount.
4. Overtime hours worked by extra help employees shall be paid.
5.
6. Compensatory time earned and accrued by an employee in excess of thirty-two (32) hours may be scheduled off for an employee by his or her agency/department; however, consideration shall be given to effectuating the wishes of those employees requesting specific compensatory time off periods.

7. No scheduled compensatory time off will be cancelled except in cases of emergency.

8. In no case may an employee's work schedule be changed during the workweek when the purpose of such change is to avoid overtime compensation.

9. Time worked as overtime shall not be used to earn fringe benefits or to serve out probation or merit increase periods. Compensatory time off may be used as part of the established workweek to earn fringe benefits and to serve out probationary and merit increase periods.

10. An employee separating from the County service shall be paid for accumulated compensatory time in a lump sum payment.

Section 3. Rest Periods and Cleanup Time

A. Employees shall be allowed rest periods of fifteen (15) minutes during each four (4) consecutive hours of work. Such rest periods shall be scheduled in accordance with the requirements of the agency/department, but in no case shall rest periods be scheduled within one (1) hour of the beginning or the ending of a work shift or lunch period. The County may designate the location or locations at which rest periods may be taken.

B. Rest periods shall be considered hours worked and employees may be required to perform duties, if necessary.

B. Each employee shall, when necessary, be permitted up to fifteen (15) minutes of paid County time at the end of each work shift to perform such activities as cleaning up a work area, putting away tools, personal wash-up and changing clothes.

E. 1. The County may adjust the recruiting step of classes during the term of this Agreement, wherever justified, by recruiting and labor market considerations.

2. If a recruiting step is decreased, incumbents of the class will be unaffected.

3. If a recruiting step is increased for a class, all employees in that class below the new recruiting step shall be advanced to the new recruiting step and a new merit increase date shall be assigned as provided in Section 3.CB., below, for new employees.
4. Any regular employee whose salary could be bypassed by a new employee, if that employee was hired the date of the recruiting rate change, shall have his or her merit increase date advanced to the same date provided for such new employee.

Section 3. Merit Increase Within Range

A. Extra help employees shall not be eligible for merit increases within range.

B. Salary increases within a range shall not be automatic. They shall be based upon merit and granted only upon the affirmative recommendation of the agency department head.

B.C. A new or reemployed employee in a regular or limited-term position shall have a merit increase eligibility date which shall be the first day of the pay period following the completion of the first twenty-six (26) weeks of service within that class. The granting of an Official Leave of Absence (other than a Military Leave) or the imposition of a suspension shall cause the merit increase eligibility date to be extended a number of calendar days equal to the Official Leave or suspension. The extended merit increase eligibility date will be effective the first day of the pay period after said date. Subsequent merit increase eligibility dates shall be the first day of the pay period following the completion of fifty-two (52) week intervals subject to the same postponement for Official Leaves of Absence or suspensions.

When an employee is absent from work and not posting personal leave balances (with the exception of Military Leave), the merit increase eligibility date shall be extended by the number of days the absence exceeds the Department Leave and rounded to the first day of the first full pay period. Subsequent merit increase eligibility dates shall fall on the first day of the pay period following the completion of fifty-two (52) week intervals after the extended merit increase eligibility date.

A suspension shall cause the merit eligibility date to be extended by the total number of calendar days equal to the suspension and rounded to the first day of the first full pay period.

A military leave, paid or unpaid, shall not result in the extension of a merit increase eligibility date.

D.C. An employee in a part-time regular or limited-term position who has not completed one thousand forty (1040) paid hours exclusive of overtime by his or her first merit increase date shall have the merit increase eligibility date postponed until the first day of the pay period following completion of one thousand forty (1040) paid hours exclusive of overtime. Likewise, an employee in a part-time regular or limited-term position who has not completed two thousand eighty (2080) paid hours exclusive of overtime between subsequent merit increase eligibility dates shall have his or her merit increase
eligibility date postponed until the first day of the pay period following completion of two thousand eighty (2080) paid hours exclusive of overtime. Where an employee's record consists of a combination of full-time and part-time service, both periods of service shall apply towards merit increase eligibility with the part-time service being applied proportionately to the appropriate full-time interval.

**ED.** 1. Merit increases may be granted for one (1), two (2), three (3) or four (4) steps within the salary range based upon the employee's performance. A performance rating of “Meets Performance Objectives” shall earn a two (2) step increase. Effective June 1, 2015, a performance rating of “meets performance objectives” shall earn a one (1) step increase.

2. For any employee hired on or after July 15, 1977, the determination as to whether or not to grant merit increases beyond Step 10 (Step 12 for employees assigned to Salary Schedule G), and if granted, in what amounts, shall be solely within the discretion of the agency/department head and shall be based on merit.

**FE.** If, in the agency's/department's judgment, the employee's performance does not merit a salary increase on the merit increase eligibility date and a deferral of decision accompanied by an intensive effort at improved performance might be productive, the agency/department shall complete the structured merit rating and defer a decision regarding the merit increase any number of pay periods, but not to exceed thirteen (13) pay periods. A deferral of less than thirteen (13) pay periods may be further extended not to exceed thirteen (13) pay periods from the original merit eligibility date. The employee may be reevaluated at any time, but in any event shall be reevaluated on the structured merit rating prior to the end of the thirteenth pay period. The employee's merit increase eligibility date shall not be changed by such deferral.

**GE.** Should an employee's merit increase eligibility date be overlooked through an error and upon discovery of the error the employee is granted a merit increase, the employee shall be compensated for the additional salary the employee would have received dating from the employee's merit increase eligibility date.

**Section 4. Salary on Promotion**

A. Except as modified by B. and C., below, a regular, limited-term or probationary employee who is promoted to a position in a class with a higher salary range shall receive the recruiting salary for the higher class or such higher amount as would be the closest to a two (2) step increase on the range over the salary received prior to the promotion not to exceed the top step of the range. A new merit increase eligibility date shall be established which shall be the first day of the pay period following completion of the first twenty-six (26) weeks of service in the new class except that the employee will retain their former merit increase eligibility date if the promotion was the result of a Classification Maintenance Review as defined in Article XVIII, Section 2.B.

GE - 20
B. Any employee who is promoted to a class from which the employee was previously reduced without a salary decrease shall be placed at a salary step no higher than the step which the employee would have achieved if the employee had remained in the class to which he or she is promoted and had demonstrated at least standard performance. The employee's merit increase eligibility date shall be reestablished in order to credit the employee with any time formerly served in the higher class.

C. Upon recommendation of the agency/department head, the County Executive Officer may, based on consideration of such factors as external market data, internal salary relationships, position responsibilities and sound management principles, approve a rate of pay on promotion not to exceed the top of the pay range to which the employee is being promoted.

Section 5. Salary on Reassignment

A. When a regular, limited-term or probationary employee is reassigned to a class with the same recruiting step, such employee's salary and merit increase eligibility date shall not change. Such employee shall have the same probation status which would have been achieved if the employee had been in the new class throughout the period of such service in the old class.

B. When a regular, limited-term or probationary employee is reassigned to a class with a higher recruiting step, such employee's salary shall be advanced the number of steps difference between recruiting steps and the employee shall retain his or her former merit increase eligibility date, except as provided in E., below. Such employee shall have the same probation status which would have been achieved if the employee had been in the new class throughout the period of such service in the old class.

C. When a regular or limited-term employee is reassigned to a class with a lower recruiting step, such employee's salary and merit increase eligibility date shall not change. Such employee shall have the same probation status which would have been achieved if the employee had been in the new class throughout the period of such service in the old class.

D. When a probationary or probationary limited-term employee is reassigned to a class with a lower recruiting step, such employee shall have the same salary, step status, probation status and merit increase eligibility date as would have been achieved if the employee had been in the new class throughout the period of such service in the old class.

E. When a regular, limited-term or probationary employee is involved in a series of reassignments among classes with the same salary range but different recruiting steps or a series of reassignments among classes on different salary ranges or is reassigned through a Classification Maintenance Review as defined in Article XVIII, Section 2.B to a class on a different salary schedule,
his or her salary and merit increase eligibility date shall be determined by the Chief Human Resources Officer.

F. As soon as practicable following adoption by the Board of Supervisors on or after June 30, 2023, when an employee in the classification of Staff Specialist is assigned by the County to perform full supervisory responsibilities, the supervisory employee shall be paid at least two (2) steps higher than the maximum step of the pay range of their highest paid subordinate staff member, but not to exceed the top step of the pay range. This provision does not apply when supervision is being provided to higher level professional and/or technical staff, including licensed professionals (e.g., psychiatrist, psychologist, nursing staff, IT staff, etc.).

Section 6. Salary on Reduction

A. 1. When a probationary employee is reduced to a class not previously occupied by the employee, the employee shall receive the recruiting step for the lower class and shall receive a new merit increase eligibility date as provided in Section 3.CB., above, or the employee's salary and merit increase eligibility date may be determined by the Chief Human Resources Officer.

2. When a promotional probationary employee, an employee who has been on a temporary promotion or a regular employee who was promoted to a limited-term position at the direction of the employee's agency/direction head is reduced to a class the employee occupied in good standing, the employee shall have the step status and merit increase eligibility date he or she would have achieved if the employee had remained in the lower class throughout the period of his or her service in the higher class.

B. When a regular or limited-term employee is reduced to a position in a lower class by demotion for reasons of unsatisfactory performance, the employee's salary shall be reduced to a step on the salary range which would be the closest amount to a two (2) step reduction or the employee shall receive the maximum step of the salary range of the new class, whichever is lower. The employee's merit increase eligibility date shall be the first day of the pay period following completion of fifty-two (52) weeks of service in the new class, unless the employee thereby is placed at the recruiting step of the new salary range, in which case the employee's merit increase eligibility date shall be the first day of the pay period following the completion of twenty-six (26) weeks of service in the new class.

C. When a regular or limited-term employee in good standing is reduced to a position in a lower class for physical disability or reasons other than unsatisfactory performance, the employee shall receive the highest salary in the new range that does not exceed the employee's rate of pay immediately prior to reduction and shall retain his or her merit increase eligibility date.
D. When a regular, limited-term or probationary employee is reduced because the position the employee occupied is reclassified, the applicable salary shall be determined as follows:

1. If the salary of the employee is the same or less than the maximum of the new class, the salary of the employee shall not change except if the reduction is the result of a Classification Maintenance Review as defined in Article XVIII, Section 2.B in which case the new salary will be the closest step on the new salary range which is not lower than the current rate of pay; in any case, the merit increase eligibility date of the employee shall not change.

2. If the salary of the employee is greater than the maximum of the new range, the salary of the employee shall be designated as a Y-Rate and shall not change during continuous regular service until the maximum of the new range exceeds the salary of the employee or until the period of calendar time indicated in the schedule below has elapsed, whichever is sooner. If, at the end of the calendar period indicated below, the salary of the employee still exceeds the maximum of the new salary range, the salary of the employee shall be reduced to the maximum salary for the new class.

Section 7. **Salary on Reclassification**

The salary of a regular, limited-term or probationary employee whose position is reclassified shall be determined as follows:

A. If the position is reclassified to a class with the same salary range, the salary and merit increase eligibility date of the employee shall be governed by Article II, Section 5.A., B. or C.

B. If the position is reclassified to a class with a higher salary range, the salary of the employee shall be governed by Article II, Section 4.A.

A former County employee on paid County retirement may be reemployed for not more than one hundred twenty (120) working days or nine hundred sixty (960) hours, whichever is greater, in any one (1) fiscal year in a position requiring special skills and knowledge and may be appointed to the position at any step on the salary range.

Section 9. **Changes in Salary Allocation**

A. Upon request of the County, negotiations shall be reopened for the sole purpose of considering an increase in salary (unrelated to a classification study) for any class included in this Agreement. Changes in salary resulting from a classification study shall be subject to the provisions of Article XVIII.

B. If a class is reassigned to a different salary range, each employee in the class shall be compensated at the same step in the new salary range as he or she was receiving in the range to which the class was previously assigned.

Section 10. **Additional Compensation**

Notwithstanding anything in this Memorandum of Understanding to the contrary when in the judgment of the Board, it becomes necessary or desirable to utilize the
services of County employees in capacities other than those for which they are regularly employed, the Board may authorize and, if appropriate, fix an additional rate of compensation for such employees.

Section 11. Paycheck Deposit

A. The County will permit an employee to authorize automatic deposit of his or her paycheck to a financial institution of the employee's choice, if and when the Chief Human Resources Officer and Auditor-Controller determine it is feasible.

B. Employees hired after June 29, 2001 will be required to authorize automatic deposit of his or her paycheck to a financial institution of the employee's choice.

Section 12. Classification and Compensation Studies

The County agrees to conduct a reasonable number of classification and compensation studies annually, and shall consult with OCEA as to both the number of studies to be conducted and the identification of classification series to be studied. Such consultations shall occur at least quarterly each calendar year.
ARTICLE III   GENERAL PERSONNEL PROVISIONS

Section 1.  Probation

A. New Probation

1. Full-Time Employee

a. A new or reemployed employee in a regular or limited-term position in a law enforcement professional or technical class shall be placed on a new probation period for fifty-two (52) weeks from the date of appointment and ending with the first day of the pay period following completion of said period.

B. Promotional Probation

1. Any regular or limited-term employee who is promoted, excluding a temporary promotion, shall be placed on promotional probation except as provided in section B.2., below.

a. A full-time employee shall serve a probation period equal to the time period of the initial probation ending with the first day of the pay period following completion of said period. However, an employee who promotes to a class in the same or closely related occupational series, shall serve a promotional probation period of twenty-six (26) weeks from the date of promotion, ending with the first day of the pay period following completion of said period or the remainder of any uncompleted new probation period, whichever is longer.

GE - 26
b. A part-time employee shall be placed on promotional probation for two thousand eighty (2080) paid hours, exclusive of overtime, ending with the first day of the pay period following completion of said period except that for promotion to a class in the same or closely related occupational series, the promotional probation period shall be one thousand forty (1040) paid hours exclusive of overtime or the remainder of any uncompleted new probation period, whichever is longer.

2. When a regular or limited-term employee is promoted as a result of the employee's position being reclassified to a higher class and the class from which the employee is promoted is subsequently deleted or abolished or if the reclassification occurred as the result of a Classification Maintenance Review as defined in Article XVIII, Section 2.B, the incumbent employee shall not serve a promotional probation period.

3. When an employee who has been on a temporary promotion or a regular employee who was promoted to a limited-term position at the direction of the employee's agency/department head is reduced to a class the employee formerly occupied, the employee shall serve the remainder of any uncompleted probationary period in that class.

C. Failure of Probation

1. New Probation

An employee on new probation may be released at the sole discretion of the agency/department at any time without right of appeal or hearing, except as provided in C.3., below.

2. Promotional Probation

a. An employee on promotional probation may be failed at any time without right of appeal or hearing, except as provided in C.3., below, and except that failing an employee on promotional probation must not be arbitrary, capricious or unreasonable.

b. An employee who fails promotional probation shall receive a performance evaluation stating the reason for failure of promotional probation.

c. When an employee fails his or her promotional probation, the employee shall have the right to return to his or her former class provided the employee was not in the previous class for the purpose of training for a promotion to a higher class. When an employee is returned to his or her former class under the provisions of this
Section, the employee shall serve the remainder of any uncompleted probationary period in the former class. A regular employee who accepts promotion to a limited-term position other than at the direction of the employee's agency/department Head shall not have the right to return to his or her former class.

d. If the employee's former class has been deleted or abolished, the employee shall have the right to return to a class in his or her former occupational series closest to, but no higher than, the salary range of the class which the employee occupied immediately prior to promotion and shall serve the remainder of any probationary period not completed in the former class.

3. An employee who alleges that his or her probationary release was based on discrimination by the County in violation of Article XVIII, NONDISCRIMINATION, may submit a grievance at Step 2 of the grievance procedure within ten (10) days after receipt of notice of failure of new probation.

D. General Provisions

1. When an employee's record consists of a combination of full-time and part-time service in regular or limited-term positions, except as provided in Section 4.C., below, part-time service shall be applied proportionately by using total hours worked to appropriate full-time requirements. For purposes of this Section, one thousand forty (1040) hours shall equal twenty-six (26) weeks and two thousand eighty (2080) hours shall equal fifty-two (52) weeks.

2. When an agency/department head or his/her representative passes an employee on probation, that determination shall be based upon a written performance evaluation and shall be discussed with the employee. A probation period may not be extended, except as provided in E.1., 2. and 3. of this Article, below, and an employee who is permitted by the agency/department to work beyond the end of a probation period shall be deemed to have passed such probation period.

3. An employee who is on probation may not transfer from one agency/department to another in the same class without the approval of the Chief Human Resources Officer.

E. Extension of Probation Periods

1. The granting of an Official or Military Leave of Absence shall cause the employee's probation period to be extended by the length of the Official Leave or by the length of the Military Leave in excess of fifteen (15) calendar days. If the employee is on probation, the extended probation period resulting from the Official or Military Leave of Absence
shall end with the first day of the pay period after said extended date. When an employee is absent from work and is not posting leave balances, the new hire and promotional probation periods shall be extended by the number of calendar days the absence exceeds the Department Leave and rounded to the first day of the first full pay period.

When an employee is absent from work for more than 30 calendar days, the new hire and promotional probation periods shall be extended by the number of days the absence exceeds 30 calendar days and rounded to the first day of the first full pay period.

Such probationary periods shall be extended no longer than sixty (60) calendar days from the date on which the County receives the Appeals Officer's findings and decision. In the event an employee's probationary period is extended by the provisions of this Section, and such an employee has served a probationary period which is longer than the probationary period normally prescribed for new or promotional probation, such an employee may fail probation during the extended period only upon recommendation of the Appeals Officer and final determination of the Board of Supervisors.

3. With the mutual agreement of a new probationary employee and his or her agency/department, the employee's new probation period may be extended at the sole discretion of the Chief of Employee Relations for a period not to exceed ninety (90) calendar days provided such action is approved by the Chief of Employee Relations before the normal probation period is completed. In such cases, the agency/department shall advise OCEA in writing regarding the extension of probation as soon as practicable.

Denial of a request to extend a probation period shall not be subject to appeal or hearing.

E. An employee shall have the right to respond in writing or personal interview to any information contained in his or her official personnel file, such reply to become a permanent part of such employee's official personnel file.

F. Any contents of an employee's official personnel file may be destroyed pursuant to an agreement between the Chief of Employee Relations and the employee concerned or by an order of an arbitrator, court or impartial hearing officer unless the particular item is otherwise required by law to be kept.

Section 4. Status of Limited-Term Employees

A. All limited-term employees shall be subject to the same hiring standards and shall earn all benefits, except Article XI, LAYOFF PROCEDURE, which accrue to employees in regular positions.

B. A regular employee who transfers, promotes or reduces to a limited-term position on a voluntary basis and not at the direction of the agency/department head shall become a limited-term regular employee.

C. Limited-term employees hired under programs which involve special employment standards shall serve a new probation period upon transfer to permanent funded positions. Upon transfer to permanent positions, such employees shall maintain their original hire date for purposes of annual leave, vacation and healthcare leave accrual, retirement and layoff. The requirement that such employees serve a new probation period may be waived by the County. Limited-term employees not hired under programs which involve special employment standards shall, upon transfer to permanent funded positions, maintain their original hire date for purposes of annual leave, vacation and healthcare leave accrual, retirement, layoff and new employee probation.
D. When funding ceases for a limited-term position or when the position is no longer necessary, the limited-term position shall be abolished and the incumbent shall be removed from the payroll except as provided in section E., below.

E. Regular employees who transfer, promote or reduce to limited-term positions at the direction of the agency/department head shall retain their former status and retain their layoff benefits in their former layoff unit. The agency/department head shall make such an order in writing prior to the date of transfer or promotion.

Section 5. Temporary Promotion

A. A regular, probationary or limited-term employee who is assigned on a temporary basis to a higher level vacant regular or limited-term position shall be promoted on a temporary basis to that class when such employee has been assigned to the higher class for one hundred twenty (120) consecutive regularly scheduled hours of work and the employee has been performing all of the significant duties and responsibilities of the higher class, unless the employee requests to be reassigned to his or her former class. At any time before the temporary promotion is made, such employee may request to be reassigned to his or her former class. In such a case, the employee shall be reassigned within five (5) working days.

B. An agency/department may, at its option, waive the one hundred twenty (120) hour requirement when it is necessary to utilize a regular, probationary or limited-term employee in a higher level vacant regular or limited-term position for a period that is expected to be at least one hundred twenty (120) regularly scheduled hours but not to exceed eighteen (18) months.

C. An employee on temporary promotion shall not be placed on promotional probation. Upon return from temporary promotion, an employee shall serve the remainder of any uncompleted probationary period in the employee's former class and shall have the step status and merit increase eligibility date he or she would have achieved if the employee had remained in the lower class throughout the period of his or her service in the higher class.

D. At the end of the employee's assignment to the higher class, the employee shall have the right to return to his or her former class and agency/department. A temporary promotion shall not exceed a period of eighteen (18) months.

Section 6. Reemployment of Employees on Disability Retirement

A. The County will advise employees retired for disability to contact the Orange County Employees Retirement System (OCERS) to determine the impact of reemployment on their disability retirement benefits prior to accepting reemployment.
B. Employees retired for physical disability who have contacted OCERS for advice and counsel under Section A above who within two (2) years from the date of retirement or date their disability retirement is discontinued, request and have been counseled as required above and qualify for positions in the County service shall be placed on the COUNTY PREFERRED ELIGIBLE LIST with respect to such positions. They will be placed on such list in chronological order of retirement but following the last person on layoff status. They will remain on such list for a period of two (2) years from date of retirement or date their disability retirement is discontinued, except that:

1. a person appointed to a regular position in the County service shall be removed from the list;

2. a person who, on two (2) separate occasions, rejects or fails to respond within three (3) calendar days to offers of employment in a class for which he or she is qualified shall be removed from the list;

3. a person who on three (3) separate occasions, declines referral for interviews in a class for which he or she is qualified shall be removed from the list.

Section 7. Reemployment of Regular Employee

A regular employee who leaves County employment and is reemployed within fifteen (15) calendar days shall be deemed to have been on agency/departmental leave for such period of time.

Section 8. Time-Off for Selection Procedures

A regular, limited-term or probationary employee shall be entitled to necessary time off with pay to participate in tests of fitness, examinations and interviews required by the Chief Human Resources Officer during working hours for the purpose of determining eligibility for movement to another class in the County service or transfer from one agency/department to another.

C. there is another employee in the same classification in the agency/department who meets the specific qualifications for the assignment.

4. Except as required by law, extra help employees shall not earn healthcare leave.

B. Permitted Uses of Healthcare Leave

Employees with annual leave balances must use accrued annual leave prior to use of healthcare leave, until all annual leave has been taken unless otherwise indicated in this Article.

Healthcare leave may be applied to:

b. An Official Leave of Absence may be extended for up to an additional year at the discretion of the agency/departme nt. B. Non-Discretionary Leave of Absence

1. A Non-Discretionary Leave of Absence is leave which an eligible employee may use for various reasons under applicable law. Unless otherwise provided by this Section, “PDL” under this Agreement shall mean leave pursuant to Pregnancy Disability Leave. An employee may be eligible for up to sixteen (16) weeks (640 hours) of PDL for each qualifying leave.

b. PDL is unpaid under the law. If an employee uses PDL, the employee is required to use Sick/Healthcare balances until they are exhausted, unless the employee is receiving disability benefits. Once an employee exhausts accrued Sick/Healthcare Leave balances, the employee may use Annual Leave, Vacation, Compensatory, and PIP balances in that order. As soon as practicable, but no later than the end of the PDL leave, the employee shall notify the department whether they choose to use the above leave balances once they have exhausted their Sick/Healthcare balances. At the time of the PDL request or as soon as practicable, the employee is required to notify the department that they are/will be receiving disability benefits.

      4. In instances when an employee is using PDL and Parenthood Leave concurrently, the posting of leave balances shall be controlled by Section B.5.b., above, (Pregnancy Disability Leave). In instances when an employee is using FMLA and/or CFRA and Parenthood Leave concurrently, the posting of leave balances shall be controlled by Section B.3.d. and/or B.4.b, above (Family and Medical Leave Act and/or California Family Rights Act).

c. To request Leave to care for another eligible person, an employee is required to furnish medical certification from the eligible person’s health care provider with the same information listed in 8.a and 8.b, above, and stating that the employee cannot perform their duties because the leave is required to care for the eligible person pursuant to applicable law.

Rights and obligations which are not specifically set forth below are set forth in the U.S. Department of Labor regulations implementing the federal Family and Medical Leave Act of 1993 (FMLA), and the regulations of the Department of Fair Employment and Housing implementing the California Family Rights Act (CFRA). Unless otherwise provided by this Section “family leave” under this Agreement shall mean leave pursuant to the FMLA and CFRA.

2. Family Leave may be used in the following situations:

   a. An employee’s serious health condition which makes the employee unable to perform the functions of his/her job, except for leave taken for disability on account of pregnancy, childbirth or related medical conditions.

   b. The birth of a child, and in order to care for the newborn child within one year of birth;

   c. Placement of a child for adoption or foster care within one year of the placement.

on covered active duty or called to active duty status in the Armed Forces.

f. Leave to care for a spouse, registered domestic partner, child, parent, or “next of kin” who is a covered servicemember of the Armed Forces who has a serious injury or illness incurred in the line of duty while on active military duty or that existed before the beginning of the member’s active duty and was aggravated by service in the line of duty on active duty in the Armed Forces.

3. Employees must request and identify their need for Family Leave. The County and OCEA agree that certain other types of leaves available to employees under this Agreement may meet the requirements of Family Leave pursuant to applicable law. The County may apply any time during which an employee is on such leave against the amount of Family Leave to which the employee is entitled.

4. Eligibility for Family Leave will be determined according to the requirements of applicable law.

5. Family leave shall not exceed twelve (12) work weeks for situations covered by subsection A(2)(a) – (d) above or twenty-six (26) weeks to care for a covered service member (subsection A(2)(e) and (f) above) during any calendar year. 8. When a request for Family Leave is approved, the agency/department shall determine whether annual leave, healthcare leave, compensatory leave, and/or vacation time is to be applied. The use of healthcare leave shall be restricted to those circumstances which qualify under the provisions of Article IV., Section 1.B.

B. Notification Requirements

1. If the Family Leave is foreseeable, the employee must provide the agency/department with thirty (30) calendar days notice of his or her intent to take Family Leave.

In no case shall the employee provide notice later than five (5) calendar days after he or she learns of the need for Family Leave.

3. For foreseeable leave due to a qualifying exigency, an employee must provide notice of the need for leave as soon as practicable, regardless of how far in advance such leave is foreseeable.

4. When the Family Leave is for the purpose of the scheduled medical treatment or planned medical care of a child, parent, spouse or registered domestic partner, the employee shall, to the extent practicable, schedule treatment and/or care in a way that minimizes disruption to agency/department operations.

C. Verification

1. As a condition to the approval of Family Leave, an employee may be required to furnish certification from the health care provider which states: (1) the date on which the condition commenced; (2) the probable duration of the condition; (3) an estimate of time that the employee needs to be off; (4) that the employee cannot perform his/her duties because of the employee’s own serious health condition or that care is needed when the leave is for an eligible family member pursuant to applicable law.

New active duty orders or similar documentation shall be provided to the County if the need for qualifying exigency leave arises out of a different active or call to active duty status of the same or a different covered military member.

4. Failure to provide satisfactory verification of the necessity for Family Leave is grounds for denial of the Family Leave.

   c. All disciplinary appeals shall be signed by an employee or by a representative of OCEA and shall be submitted in writing.

   d. The issues in all disciplinary appeals shall be: Was (employee's name) suspended/reduced/discharged for reasonable cause? If not, to what remedy is the appellant entitled under the provisions of Article X, Section 8. of the MOU?

   e. As soon as practicable after a suspension, reduction or discharge appeal is presented to the Chief of Employee Relations, an arbitrator shall hear the appeal.

2. Findings of Facts and Remedies

   a. Findings of Facts

   An arbitrator’s decision shall set forth the findings as to each of the charges and the reasons therefore. The arbitrator may sustain, modify or rescind an appealed disciplinary action as follows and subject to the following restrictions:
b. Remedies - All Disciplinary Actions (Other than Discharge)

1. If the arbitrator finds that the disciplinary action was taken for reasonable cause, he or she shall sustain the action.

2. Suspensions/Reductions

If the action is modified or rescinded, the employee shall be entitled to restoration of pay and/or fringe benefits in a manner consistent with the arbitrator's decision.

c. Remedies - Discharges

1. If the arbitrator finds that the order of discharge should be modified, the employee shall be restored to a position in his or her former class subject to forfeiture of pay and fringe benefits for all or a portion of the period of time the employee was removed from duty as determined by the arbitrator.

2. If the arbitrator finds that the order of discharge should be rescinded, the employee shall be reinstated in a position in his or her former class and shall receive pay and fringe benefits for all of the period of time he or she was removed from duty.

3. Restoration of pay and benefits shall be subject to reimbursement of all unemployment insurance and additional outside earnings which the employee received since the date of discharge.

C. Probationary Releases Alleging Discrimination

1. The issues to be submitted to the arbitrator in grievances filed pursuant to Article III, Section 1.C.3. shall be as follows and shall be submitted consistent with Section 8.A., above.

   a. Was the probationary release of (employee's name) in whole or in part the result of discrimination in violation of Article XVII, NONDISCRIMINATION, of the Memorandum of Understanding between the County and OCEA?

   b. If so, what shall the remedy be under the provisions of Article X, Section 8.C.2., Findings of Facts and Remedies, of the Memorandum of Understanding between the County and OCEA?
2. **Findings of Facts and Remedies**

   a. In the event the arbitrator finds no violation of Article XVII, **NONDISCRIMINATION**, the grievance shall be denied and the issue of remedy becomes moot.

   b. In the event the arbitrator finds a violation of Article XVII, **NONDISCRIMINATION**, but also finds such violation was not a substantial cause of the employee's probationary release, the grievance shall be denied and the issue of remedy becomes moot.

   c. In the event the arbitrator finds a violation of Article XVII, **NONDISCRIMINATION**, and also finds that the violation was a substantial cause of the probationary release of the employee, the arbitrator's award shall depend upon the significance of the violation and shall be in keeping with the following alternatives:

      1. The probationary release; may be sustained.

      2. The employee may be reinstated in a position in his or her former class subject to forfeiture of pay and fringe benefits for all or a portion of the period of time the employee was removed from duty. The employee may be required to serve the remainder of any outstanding probation period.

      3. The employee may be reinstated in a position in his or her former class with full back pay and benefits for all of the period of time the employee was removed from duty. The employee may be required to serve the remainder of any outstanding probation period.

D. **General Provisions**

   1. Except as otherwise required by law, all the costs of an arbitration shall be shared equally in all cases by the County and the appealing party except when the appealing party solely alleges discrimination under Article XVII, in which case the County shall bear the full cost. When the grievance involves both discrimination and other arbitrable issues, the proper division of costs shall be determined by the arbitrator.

   2. Grievance/Appeal hearings by an arbitrator shall be private.

   3. Arbitration appeal hearings of a release from new hire probation alleging discrimination pursuant to Article III, Section 1.C.3 shall be limited to one (1) day unless both parties agree that a longer hearing is necessary. Arbitration appeal hearings of suspensions of less than forty (40) hours
shall be limited to two (2) days unless both parties agree that a longer hearing is necessary. Both parties shall be allotted equal time during arbitration hearings involving such suspensions. The two (2) day limitation for arbitration appeal hearings shall not apply to suspensions imposed by the County Executive Officer.

4. The arbitrator shall be selected by the mutual agreement of the parties. If the parties cannot agree upon an arbitrator, a list of seven (7) arbitrators shall be obtained from the California State Mediation and Conciliation Service, the American Arbitration Association or some other agreed upon source and each party shall alternately strike one (1) name from the list until only one (1) name remains.

5. Upon written request by the opposing party in a pending hearing given at least twenty (20) calendar days prior to the scheduled hearing date, the party requested shall supply to the party submitting the request copies of all documentary evidence to be used by that party at the hearing. Such evidence shall be provided no later than ten (10) calendar days prior to the scheduled hearing date. Any evidence not so provided may not be admitted or offered as evidence at the subsequent hearing except that any such documentary evidence discovered by a party after such a request for copies but not soon enough to comply with the above time limits may be admitted providing it could not have been discovered sooner by reasonable means and provided further that a copy or copies of such evidence be afforded the requesting party as soon as practicable after such discovery. Nothing contained herein shall operate to prevent either party from presenting additional documents by way of rebuttal.

6. An employee shall not suffer loss of pay for time spent as a witness at an arbitration hearing held pursuant to this procedure. The number of witnesses requested to attend and their scheduling shall be reasonable.

7. At the hearing, both the appealing employee and the County shall have the right to be heard and to present evidence. The following rules shall apply:

   a. Oral evidence shall be taken only on oath or affirmation.

   b. Each party shall have these rights: to call and examine witnesses, to introduce exhibits, to cross-examine opposing witnesses on any matter relevant to the issues even though that matter was not covered in the direct examination, to impeach any witness regardless of which party first called the witness to testify and to rebut the evidence against the witness. If the employee does not testify in his or her own behalf, the employee may be called and examined as if under cross-examination.
8. The hearing need not be conducted according to technical rules relating to evidence and witnesses. Any relevant evidence shall be admitted if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory rule which might have made improper the admission of such evidence over objection in civil actions. Hearsay evidence may be used for the purpose of supplementing or explaining any direct evidence, but shall not be sufficient in itself to support a finding unless it would be admissible over objection in civil actions. The rules of privilege shall be effective to the same extent that they are now or hereafter may be recognized in civil actions and irrelevant and unduly repetitious evidence shall be excluded.

9. The County shall be allowed to have one (1) employee, who may be called upon to testify as a witness, present at the arbitration hearing at all times.

10. The parties agree to forego the use of briefs whenever practicable, except that any party may opt to file a closing brief in lieu of an oral closing argument. The parties agree to, whenever practicable, forgo the use of a court reporter in arbitrations resulting from a new hire probation release or suspension.

11. The decision of the arbitrator shall be final and binding on all parties.

12. As an alternative to proceeding directly to arbitration after completion of Step 2, the parties may agree to submit a grievance/appeal to mediation. A request for mediation may be presented in writing to the Chief of Employee Relations within seven (7) calendar days from the date a decision was rendered at Step 2. A request for mediation will automatically suspend the normal processing of a grievance until the mediation process is completed or the request is denied. The County shall respond to a request for mediation within thirty (30) calendar days. The mediation process shall be optional, and any opinion expressed by the mediator shall be informal, considered advisory and shall not be admissible evidence in any arbitration that should follow. Within seven (7) calendar days after completion of the mediation process or denial of a request for mediation, an arbitration request may be filed pursuant to Section 8.A. or B., above.
ARTICLE XI  LAYOFF PROCEDURE

Section 1.  General Provisions

A. This procedure shall not apply to a temporary layoff of less than four (4) consecutive weeks.

B. This procedure shall not apply to employees who have special or unique knowledges or skills which are of special value in the operation of the County business.

C. When two (2) or more agencies/departments are consolidated or when one (1) or more functions of one (1) agency/department are transferred to another agency/department, employees in all involved agencies/departments shall be subject to layoff if one is necessary.

D. Section 7., Reemployment Lists, and Section 8., Status on Reemployment, of this Article, shall not apply if the County has a written agreement with an employer, public or private, which guarantees the County employee an offer of reasonably comparable employment with the new employer who is taking over a function formerly performed by County employees and the new employer makes such an offer in writing to the employee.

Section 2.  Order of Layoff

A. When a reduction in the work force is necessary, employees in regular positions and those occupying limited-term positions at the direction of their agency/department head shall be laid off in an order based on consideration of:

1. employment status,

2. past performance,

3. length of continuous service with the County.

B. Layoffs shall be made by class within an agency/department except that:

1. Where a class has a dual or multiple concept, the Chief of Employee Relations may authorize a layoff by specialty within the class.

2. Where appropriate, the Chief of Employee Relations may authorize a layoff by division or smaller unit of an agency/department.
C. Within a class, employees shall be subject to layoff in the following order:

<table>
<thead>
<tr>
<th>Employment Status</th>
<th>Layoff Order</th>
</tr>
</thead>
<tbody>
<tr>
<td>First - Temporary Promotion</td>
<td>Determined by Agency/Department</td>
</tr>
<tr>
<td>Second - New Probationary</td>
<td>Determined by Agency/Department</td>
</tr>
<tr>
<td>Third - Regular/Promotional Probationary</td>
<td>Layoff Points</td>
</tr>
</tbody>
</table>

After all new probationary employees and employees on temporary promotion have been removed from a class within a layoff unit, the employee with the lowest number of layoff points shall be subject to layoff first. When two (2) or more employees have the same number of layoff points, the agency/department shall determine the order of layoff for these employees.

D. If a layoff is going to be made in a class from which an employee has left through a temporary promotion, the employee on temporary promotion shall be returned to his or her former class and shall be subject to layoff in accordance with this procedure.

E. OCEA may designate employees who are regular OCEA officers or grievance representatives to receive special seniority for purposes of layoff. The number of employees so designated shall not exceed two (2) percent of the employees in the Representation Unit. Employees so designated shall receive two hundred sixty (260) layoff points in addition to layoff points computed pursuant to Section 3., below.

Section 3. Computation of Layoff Points

Seniority Points:

The equivalent of each year of full-time continuous service with the County shall earn two hundred sixty (260) seniority points.

The equivalent of each regularly scheduled full day of continuous service of a partial year shall earn one (1) seniority point.

Demerit Points:

For a rating of “does not meet performance objectives” on the last “Performance Evaluation Report,” for the class currently held by the employee, the employee shall earn two-hundred sixty (260) demerit points. Demerit points shall only be used in the currently held class of an employee. Demerit points shall not be applied to an employee seeking to enter a lower class through voluntary reduction in lieu of layoff.
Layoff Points:

Layoff points shall be computed by subtracting demerit points, if any, from seniority points.

Section 4. Notification of Employees

A. Written notice of layoff shall be given to an employee or sent by mail to the last known mailing address at least fourteen (14) calendar days prior to the effective date of the layoff. Notices of layoff shall be served on employees personally at work whenever practicable.

B. It is the intent of the parties that the number of layoff notices initially issued shall be limited to the number of positions by which the work force is intended to be reduced. Additional notices shall be issued as other employees become subject to layoff as a result of employees exercising reduction rights under Section 5.

C. The notice of layoff shall include the reason for the layoff, the proposed effective date of the layoff, the employee’s hire date, the employee’s layoff points, a list of classes in the employee’s occupational series within the layoff unit, the employee’s rights under Sections 5. and 6. and the right of the employee to advise the County of any objection to the content of the layoff notice prior to the proposed effective date of the layoff.

Section 5. Voluntary Reduction in Lieu of Layoff

A. A promotional probationary or regular employee who is subject to layoff may request a reduction to a lower class within the same occupational series in the layoff unit provided the employee possesses the minimum qualifications for the class and passes any required performance tests. The reduction shall be made if there is a vacant position in the layoff unit or an incumbent in the lower class in the layoff unit has fewer layoff points than the employee requesting the reduction. In the latter case, the incumbent in the lower class with the fewest number of layoff points shall be subject to layoff.

B. 1. Employees who receive notice of layoff by personal service at work shall have until the end of their third regularly scheduled day of work following actual receipt of the notice to notify their agency in writing of their intent to exercise rights under this Section. Employees whose third regularly scheduled day of work is more than three (3) calendar days after receipt of the notice shall have three (3) calendar days, excluding weekends and holidays, to notify their agency in writing of their intent to exercise rights under this Section; and where such notification is not in writing, the employee shall confirm the notification in writing as soon as practicable.

GE - 95
2. Employees who receive notice other than by personal service at work shall have five (5) calendar days, excluding weekends and holidays, following the date the person is personally served or if service is made by mail, five (5) calendar days, excluding weekends and holidays, following date of proof of service by mail to notify their agency/department of their intent to exercise rights under this Section. Where such notification is not in writing, the employee shall confirm the notification in writing as soon as practicable.

3. Failure by an employee to respond to his or her agency/department pursuant to this Section shall result in a rebuttable presumption that the employee does not intend to exercise any right of reduction to a lower class and that the employee’s hire date stated in the layoff notice was correct.

4. No employee action or inaction referred to in this Section shall be considered a waiver of an employee’s right to file grievances concerning any matter within the scope of the grievance procedure.

Section 6. Voluntary Reduction from Classes Designated as Vulnerable to Layoff

An employee in a class designated by the County as vulnerable to layoff may request a voluntary reduction to any class provided the employee possesses the minimum qualifications and has passed any required performance tests for the class to which reduction is requested. Such employees shall be eligible for consideration for available positions in the class to which reduction is requested. If appointed, such an employee shall be placed on AGENCY/DEPARTMENTAL REINSTATEMENT LISTS pursuant to Section 7.A.3., below.

Section 7. Reemployment Lists

A. The following persons shall be placed on AGENCY/DEPARTMENTAL REINSTATEMENT LISTS as provided in 1., 2. and 3., below, in the order of their respective layoff points with the person having the largest number of layoff points listed first:

1. Persons Laid Off

The names of persons laid off shall be placed on an AGENCY/DEPARTMENTAL REINSTATEMENT LIST for each class in the occupational series at or below the level of the class from which laid off.
2. **Persons Who Exercise Their Rights Under Section 5**

The names of persons who exercise their rights under Section 5 shall be placed on an **AGENCY/DEPARTMENTAL REINSTATEMENT LIST** for each class in the occupational series at or below the level of the class from which reduced, excluding any classes at or below the level of the class currently held.

3. **Persons Who Voluntarily Reduced Under the Provisions of Section 6**

The names of persons who were voluntarily reduced under the provisions of Section 6 shall be placed on an **AGENCY/DEPARTMENTAL REINSTATEMENT LIST** for the class from which reduced and for each class in the occupational series below the level of the class from which they voluntarily reduced, provided they request to be placed on such lists.

Positions to be filled shall be offered first to persons on the **AGENCY/DEPARTMENTAL REINSTATEMENT LIST** for that class, starting at the top of the list. If reinstatement is offered to a class other than that from which the person was laid off or reduced, such person must first meet the minimum qualifications and pass any required performance tests for that class.

B. The names of persons laid off shall be placed on the **COUNTY PREFERRED ELIGIBLE LIST** for the class from which they were laid off and for any class from which they previously voluntarily reduced pursuant to Section 5, in the order of their layoff scores, going from highest to lowest. When one (1) vacant position in an agency/department, other than the agency/department from which the employee was laid off, is to be filled in that class, ten (10) names shall be certified from the **COUNTY PREFERRED ELIGIBLE LIST**, starting at the top. When more than one (1) vacant position in an agency/department, other than the agency/department from which the employee was laid off, is to be filled in that class, the number of names certified, starting at the top of the **COUNTY PREFERRED ELIGIBLE LIST**, shall be equal to twice the number of vacancies plus seven (7). If there is a tie among layoff points at the last name to be certified, all tied eligibles shall be certified. Eligibles certified from **COUNTY PREFERRED ELIGIBLE LISTS** shall be considered prior to eligibles certified from lower ranking eligible lists. Appointments shall be made only from eligibles certified pursuant to Section 7.B. Appointments need not be made in the order of layoff points; any eligible certified in accordance with this provision may be appointed to a vacant position.

C. Names of persons placed on the **AGENCY/DEPARTMENTAL REINSTATEMENT LIST** and the **COUNTY PREFERRED ELIGIBLE LIST** shall remain on the lists for two (2) years, except that:

1. A person who on two (2) separate occasions rejects or fails to respond within five (5) calendar days to offers of employment in a particular class shall be removed from the lists for that class.
2. A person who on three (3) separate occasions declines referral for interviews in a particular class shall be removed from the lists for that class.

3. An employee who, upon retirement, signs a statement electing not to be eligible for reemployment under this provision shall have his or her name excluded from the aforementioned lists.

D. In the event two (2) or more agencies/departments are consolidated while AGENCY/DEPARTMENTAL REINSTATEMENT LISTS are in effect, such lists shall be combined and treated as one (1) list in accordance with the preceding provisions of this Section. When a transfer of one (1) or more functions of one (1) agency/department to another agency/department occurs, employees previously laid off from such function(s) who are on an AGENCY/DEPARTMENTAL REINSTATEMENT LIST for the agency/department losing such function(s), shall be removed from such list and shall be placed on a reinstatement list for the agency/department acquiring such function(s) and treated in accordance with the preceding provisions of this Section.

E. Reemployment lists shall be available to OCEA and affected employees upon reasonable request.

Section 8. Status on Reemployment

A. An employee who has been laid off under the provisions of this Article and is subsequently reemployed in a regular or limited-term position within a two (2) year period from the date of his or her layoff shall receive the following considerations and benefits:

1. All healthcare leave credited to the employee's account or unpaid annual leave when laid off shall be restored.

2. All seniority points held upon layoff shall be restored.

3. All prior service shall be credited for the purpose of determining annual leave, healthcare leave and vacation, earning rates and service awards.

4. The employee shall be placed in the salary range as if the employee had been on a Leave of Absence Without Pay.

5. The probationary status of the employee shall be as if the employee had been on a Leave of Absence Without Pay except that a probation period shall be established as determined by Article III, Sections 1.B.1. and 1.B.2. if reemployment is in a higher class or an occupational series different from that employed in at the time of layoff.
B. An employee who has voluntarily reduced under the provisions of this Article and is subsequently reemployed, within a two (2) year period from the date of reduction, in a regular or limited-term position in the class from which the employee reduced shall receive the following considerations:

1. The employee shall be placed in the salary range either as if the employee had been on a Leave of Absence Without Pay, or at the step on the salary range closest to, but which does not exceed, the employee's salary in the lower class, whichever is higher.

2. The merit increase eligibility date shall be reestablished as determined by the Chief Human Resources Officer.

3. The probationary status of the employee shall be as if the employee had been on a Leave of Absence.

C. An employee who is voluntarily reduced under the provisions of this Article and is subsequently reemployed, within a two (2) year period from the date of reduction, in a class higher than the one from which the employee was reduced shall receive the following considerations:

1. The employee shall be deemed returned to the class from which the employee had been reduced as provided in B., above.

2. The employee's salary, probation period and merit increase eligibility date shall be determined by treating the employee as though he or she is being promoted from such class.
ARTICLE XII  ON-THE-JOB INJURY, WORKERS' COMPENSATION SUPPLEMENT PAY

Section 1.  Treatment of Industrial Injuries

Whenever an employee sustains an injury or disability arising out of and in the course of County employment and requires medical care, the employee shall obtain treatment according to the provisions of the California Labor Code Section 4600 et seq.

Section 2.  Workers' Compensation Supplement Pay

A. Whenever an employee is compelled to be absent from duty by reason of injury or disease arising out of and in the course of County employment, the employee shall receive workers' compensation supplement pay which, when added to the workers' compensation temporary disability benefit, shall equal eighty (80) percent of the employee's base salary for a period not to exceed one (1) year including holidays.

B. Workers' compensation supplement pay shall begin the same day as the workers' compensation temporary disability benefits. Prior to qualifying for workers' compensation temporary disability benefits, an injured employee may, at his or her option, use any accrued healthcare leave, compensatory time, annual leave and/or vacation, in that order.

C. While an employee receives workers' compensation supplement pay, no deductions nor payments shall be made from any healthcare leave, compensatory time, annual leave or vacation time previously accumulated by the employee. The employee shall not accrue healthcare leave, annual leave or vacation credit during the period in which the employee receives workers' compensation temporary disability benefits.

D. When an injury is determined to be job-related by the County or by the Workers' Compensation Appeals Board, eighty (80) percent of all healthcare leave, compensatory time annual leave and/or vacation expended since the fourth day of disability shall be restored to the employee's account(s), except that if the injury required the employee's hospitalization or caused disability of more than fourteen (14) days, eighty (80) percent of all healthcare leave, compensatory time, annual leave and/or vacation expended since the first day of disability shall be restored to the employee's account(s).

E. The merit increase eligibility date and probation period of any employee who receives workers' compensation benefits shall be extended by the length of time the employee receives such benefits, except that the first fifteen (15) consecutive calendar days from the date of the injury shall be considered County service for merit increase eligibility and completion of the probation period.
F. When an employee is no longer entitled to receive workers’ compensation supplement pay, the employee may, at his or her option, use healthcare leave, compensatory time, annual leave and/or vacation, in that order, if the employee is compelled to be absent from duty as set forth in Paragraph A., above.

G. Time during which an employee receives workers’ compensation temporary disability benefits shall be counted toward the computation of County seniority and determination of healthcare leave, vacation and annual leave earning rates.

Section 3. Exposure to Contagious Diseases

Whenever an employee is compelled by direction of a County-designated physician to be absent from duty due to an on-the-job exposure to a contagious disease, the employee shall receive full compensation for a period not to exceed eighty (80) working hours for a full-time employee or fourteen (14) calendar days for a part-time employee. If the absence extends beyond the applicable period, healthcare leave, compensatory time, annual leave and/or vacation may be used, at the employee’s option, in that order.
ARTICLE XIII SAFETY

Employees shall follow safe practices and obey reasonable safety rules during the hours of their employment.

The employee so designated shall suffer no loss of pay when this function is performed during the employee’s regularly scheduled work hours.
Section 3. **Abatement of Violations**

In any instance in which the County is cited for a violation of CAL/OSHA, the County shall abate the cited hazard to health or safety within the abatement period required.

C. A Safety Representative who has received a safety or health complaint shall be given reasonable time off without loss of pay to gather appropriate information on such complaint provided that:

1. The Safety Representative obtains permission from his or her supervisor prior to performing such work and reports back to the supervisor when the work is completed.

2. The Safety Representative shall not leave his or her job to perform such work unless his or her supervisor determines that the employee’s absence will not unduly interfere with the work of the unit in which the employee is employed. However, an effort will be made to grant such time off as soon as it is feasible to do so.

3. When an authorized Safety Representative must go into another section or unit to gather information regarding a safety or health complaint, the Safety Representative shall be permitted to do so provided that:

   a. the Safety Representative checks in and checks out with the supervisor of the unit; and

   b. he or she does not unduly interfere with the work of the unit.

The County agrees to meet and confer with OCEA in an attempt to reach agreement on the salary range and probation period for any such proposed class before submitting the class to the Board of Supervisors for adoption.

Section 2.  Reclassification of a Position

A. Sections 3. and 4. shall apply only to individual classification problems or studies involving small numbers of employees where the issue is a question of allocating a position to the appropriate class. Classification Maintenance Reviews are excluded from the provisions of Sections 3. and 4.

B. Classification Maintenance Review is defined as 1) any study which involves all positions in a class or series except for a class or series with five (5) or fewer positions; 2) any study which involves all positions in an organizational unit which is greater than five (5) positions; 3) any study in which the class concept, minimum qualifications or salary relationship is at issue.

C. By mutual agreement, the County may contract with a consultant to carry out Classification Maintenance Reviews. Provisions of Section 5. will apply.

Section 3.  Procedure for Requesting Reclassification of a Position

Step 1: An employee who believes his or her position is not properly classified may submit a written request to his or her agency/department head that a classification study be conducted. Requests shall state the reasons the employee believes the present class is not appropriate and which class the employee believes is appropriate based on the employee's present duties.

Step 2: Appropriate agency/department response to an employee's request for reclassification includes, but is not limited to, denial of request or forwarding of the request to the Human Resources Department with a recommendation that a classification study be conducted.

a. If the request is denied, the employee shall be given a written statement of the reasons for the denial. If management denies the request or fails to respond within thirty (30) calendar days, the employee may submit the request to OCEA for consideration.
b. If the Human Resources Department studies a position at the employee's request as provided above and the employee does not agree with the County's decision, the employee may submit the request to OCEA.

Step 3: After receiving an employee request for study, OCEA may request in writing that the Human Resources Department conduct a classification study of the position or refer the matter to a consultant, as provided in Step 4. Such requests are to be timely.

Step 4: The Human Resources Department shall determine when the position was last studied and whether there has been a change of duties or change in classification structure which justifies restudy.

a. If the study is justified and the request is made under Step 2.A., the employee shall be given a Position Description Form within fifteen (15) days. Within one hundred twenty (120) calendar days after the Human Resources Department receives the completed Position Description Form, the Human Resources Department shall notify OCEA of the appropriate classification of the position.

b. If the study is justified, and the request is made under Step 2.B., the Human Resources Department shall complete the study in thirty (30) days and communicate the results to OCEA. If the study is not completed within thirty (30) days, upon request of OCEA the matter shall be referred to a consultant under the provisions of Section 5 of this Article.

c. If the study is not justified, the County shall notify OCEA within fifteen (15) days. OCEA may accept the County position that the study is not justified or may request a consultant review as provided in Section 5.

Section 4. Limitations on Concurrent Studies

A. The County shall not be required to initiate a study if the total number of positions currently requested by OCEA for reclassification studies plus the new request exceeds twenty-five (25) positions.

B. The numerical limitation shall apply only to studies for which Position Description Forms have been initiated and shall not include studies which have been referred to or are pending referral to a consultant.

C. In the event of a major layoff of County employees, all time limits in Section 3 of this Article shall be extended forty-five (45) days.
Section 5. Review of Disputed Position Classification Decisions

A. If the County does not respond at the end of the appropriate time period as specified in Section 3., Step 4 of this Article or OCEA does not agree with a position classification decision of the County after the steps in Section 2. or 3. of this Article have been followed, the issue may be presented to a classification consultant for advisory review. Other provisions notwithstanding, no more than fifty (50) positions may be referred to a consultant per fiscal year except that any maintenance study done by a consultant shall not be included.

B. The consultant's review shall be documented on forms supplied by the County and used by the County for documenting its classification decisions.

C. The consultant shall have access to the organizational and classification files of the Human Resources Department and shall have the right to conduct the classification study in the manner the consultant deems most appropriate.

D. Any salary change for any employee resulting from a consultant's advisory recommendation shall be effective no sooner than the beginning of the pay period following the decision of the County at Step 4 of the procedure described in Section 3., above.

E. A consultant shall be chosen who has experience in conducting position classification analyses for local governmental agencies. The consultant will be chosen by a committee with an equal number of County and OCEA members. The cost of the consultant shall be shared equally by the County and OCEA.

A. **Retiree Medical Grant**

   Effective the pay period beginning on June 16, 2023, the Retiree Medical Grant benefits shall be frozen. Employees shall not accumulate additional service hours or credit toward eligibility for the Retiree Medical Grant as of June 16, 2023. Cost of living adjustments (COLAs) and age adjustments, other than the 50% grant reduction at age 65 for retirees eligible for Medicare, shall cease for employees retiring effective on or after June 16, 2023.

   1. Effective August 1, 1993, and as amended by the Board of Supervisors, the County implemented a Retiree Medical Plan (“the Plan”) for employees who have retired from County service and who meet certain eligibility requirements of the Plan. The Plan does not create any vested rights to the benefits on the part of any employee, retiree, or any other person.

   2. As set forth pursuant to the September 2006 reopener between the parties, the County will: (a) fund the cost of the Plan; and (b) establish a trust to administer the Plan.

   3. Upon paid County retirement, if eligible, a retiree shall receive a Retiree Medical Grant (Grant). The Grant may be applied only towards the cost of retiree and dependent coverage in a County-offered retiree health insurance plan and/or Medicare premiums as provided below.
a. Upon implementation of the Plan for eligible retirees the Grant shall be an amount based on ten (10) dollars per month for each full year of credited service in an Eligible Classification up to a maximum of twenty-five (25) years. In each fiscal year during retirement, the amount of such Grant shall be adjusted by the average percentage increase or decrease in County retiree health plan premiums no later than the effective dates of such change, not to exceed three (3) percent per year. In no case shall the Grant exceed the actual cost of the health insurance and/or Medicare premiums. The adjustments to the Grant (COLAs) based on changes to health plan premiums as referenced in this section will cease to apply for eligible retirees who retire effective on or after June 16, 2023.

b. The Grant will be adjusted as follows:

1. The Grant will be reduced by seven and one-half percent (7-1/2%) per year for each year of age the employee is less than age 60, based upon the employee’s age on the date when the employee takes active retirement from OCERS. For the purpose of deferred retirement, the date on which the deferred retiree takes active retirement from OCERS will be deemed the retirement date. This provision will cease to apply for eligible retirees retiring effective on or after June 16, 2023.

2. The Grant will be increased by seven and one-half percent (7-1/2%) per year for each year of age the employee is greater than age 60, based upon the employee’s age on the date when the employee takes active retirement from OCERS. For the purposes of the Grant increase, no years of age after age 70 will be considered. For the purpose of deferred retirement, the date on which the deferred retiree takes active retirement from OCERS will be deemed the retirement date. This provision will cease to apply for eligible retirees retiring effective on or after June 16, 2023.

4. The Grant for all eligible retirees (including retirees on disability) and surviving dependents will be reduced by fifty percent (50%) the first day of the month the retiree or surviving dependent becomes eligible for both Medicare Part A (without paying a premium) and Medicare Part B, or immediately if the retiring employee is eligible for Medicare Part A (without paying a premium) and Medicare Part B as of the date of retirement. This provision does not apply to a retiree or surviving dependent eligible for the Grant who has attained age 65 on or prior to
September 12, 2006 and is eligible for both Medicare Part A (without paying a premium) and Medicare Part B.

c. All current employees who retire and become eligible for a Grant shall be provided a one time opportunity of thirty (30) days to enroll in a County offered retiree health plan or elect to temporarily opt out of retiree health from the date they retire. Should a retiree fail to make an election to temporarily opt out enroll during the aforementioned thirty (30) day period or should he or she terminate coverage or fail to make necessary payments, the retiree and dependents shall forfeit any right to a Grant, if eligible, and enrollment in a County offered retiree health plan.

B. Retiree Medical Plan Lump Sum; Termination; Phase Out

1. An employee who was employed by the County prior to June 23, 2006 and who separates from County service prior to meeting the eligibility requirements for the Grant shall receive a lump sum (Lump Sum benefit) cash payment in accordance with C.2 below. The Plan Lump Sum benefit is terminated for all new County employees hired on or after June 23, 2006.

2. An employee who is employed by the County prior to June 23, 2006, who thereafter separates from the County and who does not qualify for a Grant shall receive a Lump Sum benefit equal to one percent (1%) of his or her final average hourly compensation multiplied by his or her qualified hours of service after August 1, 1993 and prior to June 23, 2006. The final average hourly compensation shall be calculated on base salary over the six thousand two hundred forty (6240) regular paid hours immediately preceding June 23, 2006.

3. Receipt of the Grant shall permanently revoke any claim to a Lump Sum benefit even if the retiree subsequently terminates participation in a County-offered health plan and/or Grant. Receipt of the Lump Sum benefit shall permanently revoke any claim to the Grant.

C. Eligibility Requirements for Retiree Medical Grant

the County 1.62 Retirement 457(b) Defined Contribution Plan (the “DC Plan”) described in Section 3 below.

d. Effective with the beginning of pay period following the date an employee elects the “1.62% at 65” benefit formula, the normal employee contribution rate to the retirement system for the employee will be calculated pursuant to Government Code section 31621. The employee will also make the contributions described in Section 2.B and C of this Article.

3. Election Option of “2.7% at 55” or “1.62 at 65” Pension Formula for Those Employees Hired by the County between May 7, 2010 and January 1, 2013.

a. Employees hired on or after May 7, 2010 and prior to January 1, 2013 were required to make the pension benefit formula election provided for in Board Resolution 10-072.

b. Employees had forty-five (45) calendar days from the date of hire or appointment to elect either the “2.7% at 55” benefit formula or the “1.62% at 65” benefit formula. Regardless of which benefit formula was selected, the employee is required to make retirement contributions in accordance with the provisions of Section 2.B and C below.

c. In the event an eligible employee failed to make an election during the 45 day period set forth in subsection 3.b above, the employee was deemed to have elected the “1.62% at 65” benefit formula.

d. An employee who elected, or was deemed to have elected, the “1.62% at 65” benefit formula is eligible to participate in the “DC Plan” described in Section 3 below.

e. After the employee made an election or was deemed to have made an election as described in Subsection 3.b and c. above, the employee is required to make retroactive contributions that would have been made from the employee’s hire or appointment date, for the appropriate election as described in this Article. County matching contributions to the DC Plan, for employees who chose the “1.62% at 65” benefit formula are not retroactive to the employee’s date of hire and are calculated from the date that the employee made an election or was deemed to have made an election of the “1.62% at 65” benefit formula.

f. Effective with the pay period following the date an employee elected, or was deemed to have elected, the “1.62% at 65”
benefit formula, the normal employee contribution rate to the retirement system for the employee will be calculated pursuant to Section 31621 of the Government Code. The employee will also make the contributions described in Section 2.B and C below.

B. For Employees Hired on or After January 1, 2013 who are Considered “New Members” within the Meaning of PEPRA.

- The retirement formula will be the “1.62% at 65” benefit formula described in Government Code section 31676.01, utilizing the average three highest years of compensation per Government Code section 7522.32. Pensionable compensation and other pension related conditions are governed by the provisions of PEPRA and the OCERS Board of Retirement. Employees will also make the contributions described in Section 2.B and C below.

- “New Members” are eligible to participate in the “DC Plan” described in Section 3 below.

Section 2. Retirement Contributions

A. Members’ normal contribution rates shall continue to be established and adjusted subsequent to and in accordance with state law and the actuarial recommendations adopted by the Retirement Board and the Board of Supervisors.

B. The County will adopt employee contribution rates equal to County contributions for full reserve funding of cost-of-living increases to retirees for all active members of the retirement system as recommended by the OCERS actuary. Employees will pay the full member contribution for each of the benefit plans provided by the County.

C. Employee Retirement Contributions to Offset the Increased Cost of the “2.7% at 55” benefit formula:

1. The implementation of the “2.7% at 55” retirement benefit formula shall be without additional cost to the County for as long as the enhanced benefit formula is provided to employees, ie., it will be borne entirely by the employees. Effective with the pay period that commenced on June 24, 2005, unit members began making an additional employee contribution to the retirement system. This contribution is in addition to the normal employee contribution calculated under Section 31621.8 of the Government Code (or Section 31621 of the Government Code, if applicable), and is in addition to the employee contribution required to help provide full reserve funding of cost-of-living increases to retirees for all active members of the retirement system as recommended by the actuary.
The additional employee contribution made under this paragraph is known as the “Reverse Pickup” and is designed to offset both the prospective increased costs, as well as the increased costs attributable to past service liability of providing this enhanced retirement benefit.

a. The portion of the additional employee contribution that is attributable to past service liability shall be in accordance with, and for the purposes stated, in Section 31678.3(d) of the Government Code. This additional employee contribution shall continue beyond the expiration date of this MOU, for the purpose of amortizing, over a 20 year period, the cost of the enhanced retirement benefit.

b. The portion of the additional employee contribution that is attributable to the prospective increased cost of the benefit shall also continue beyond the expiration date of this MOU but unlike the past service liability, does not expire at the end of the 20 year period set forth above.

3. Reduction in Reverse Pickup

a. Effective the first day of the first full pay period following Board of Supervisors adoption of this MOU, the annual reverse pickup contribution rate for employees in the PEPRA and 1.62% at 65 Classic benefit formulas will be frozen at the fiscal year 2019-2020 rate. The reverse pickup contribution rate for employees in the 2.7% at 55 benefit formula shall continue to be calculated pursuant to Section 2 of this Article.

b. Effective the first day of the first full pay period following Board of Supervisors adoption of this MOU, reduce Reverse Pickup by an ongoing 1.2%.

c. Effective July 3, 2020, reduce Reverse Pickup by an additional 1.2%, for a total fixed ongoing 2.4% reduction of the employee’s paid reverse pickup.

d. Effective July 2, 2021, reduce Reverse Pickup by an additional 1.2% for a total fixed ongoing 3.6% reduction of the employee’s paid reverse pickup.

e. By July 2, 2021, the entire Reverse Pickup for employees in the PEPRA and 1.62% at 65 Classic benefit formulas shall be eliminated.
Section 3. Defined Contribution Retirement Plan

A. Beginning on May 7, 2010, the County will make available a County 1.62 Retirement, Section 457(b) Defined Contribution Plan (the “DC plan”) to those employees who are covered by the “1.62% at 65” benefit formula (whether by election, deemed to have elected or are hired after January 1, 2013 and are deemed to be “new members” within the meaning of PEPRA). These employees will be permitted to make voluntary contributions to the DC Plan. The County will make matching contributions as described in Section 3.B. below.

B. The County will contribute a biweekly amount to a Section 401(a) Defined Contribution Plan for an eligible employee equal to the biweekly amount that the employee contributes to the DC Plan, not to exceed two (2) percent of the employee’s base salary (the “match”). County contributions to the Section 401(a) Defined Contribution Plan shall vest on behalf of the participant after that participant has been continuously employed by the County for a period of five (5) years. For this purpose, one year shall be equal to 2080 paid hours of service, exclusive of overtime.

C. Employee contributions to the DC Plan(s) and the County contributions to the Section 401(a) Defined Contribution Plan shall be subject to contribution limits imposed by the Internal Revenue Service. In no event shall the County be required to pay any portion of the matching contributions that would cause the employee to exceed applicable Internal Revenue Service contribution limits.

Section 4. Tax-Deferred Retirement Plan

The County will administer an approved tax-deferred retirement plan which will allow employees to reduce their taxable gross income by the amount of their retirement contribution. The plan shall be in effect for the term of this Memorandum of Understanding subject to approval by the Internal Revenue Service.
ARTICLE XXII  SEPARABILITY

Effective, June 1, 2015, employees who are granted PIP awards will receive non-cashable time off of twenty (20) hours. This time off will not be subject to the requirement that PIP time be taken off within one (1) year. All other performance management components of PIP remain in effect.
ARTICLE XXVI  LABOR MANAGEMENT COMMITTEES

Section 1.  Introduction

A. The County and OCEA desire to mutually encourage a cooperative, collaborative partnership approach to addressing and resolving workplace issues. The County and OCEA further desire to provide an opportunity for labor and management representatives to promote and maintain harmonious labor/management relations through the establishment of Agency/Department Labor Management Committees. This section is not intended to change or replace mutually agreeable existing arrangements, including labor-management forums, except by mutual agreement.

B. The Labor Management Committee (LMC) process is intended for agency and department management and labor representatives to collaborate in a regularly scheduled (at least monthly) forum to develop solutions to workplace issues that are deemed appropriate for discussion. The County and OCEA recognize that this process will provide an important opportunity to achieve mutually acceptable solutions to workplace issues.

C. It is the intent of the process that each party should raise issues prior to making decisions or adopting courses of action that may affect the other party.

D. An issue may be considered by the LMC members unless the issue:

1. Concerns only an individual employee, such as that employee’s performance evaluation, PIP award, discipline or an individual problem with another employee;

2. Has County-wide impact; or

3. Involves the classification of one or more employees.

E. LMC members will have the authority to discuss and develop solutions to workplace issues submitted by employees and management and to present those solutions to the LMC Sponsors.

F. The activities of LMCs will be effectively communicated to all employees through monthly newsletters or other mutually agreeable methods.

Section 2.  Structure

A. The LMC program shall be jointly administered by four central LMC Program Sponsors, two of whom shall be appointed by the Chief of Employee Relations and two of whom shall be appointed by OCEA. Any issue concerning the implementation or administration of the LMC process may be referred to the LMC Program Sponsors by request of either party.
B. 1. Every agency/department shall have an LMC.

2. The agency/department LMC structure shall consist of management representatives selected by the agency/department and employee representatives selected by OCEA. The LMC Program Sponsors may also select representatives to participate on the LMC.

3. Each agency/department LMC shall have two sponsors who may or may not be members of the LMC: the agency/department head and a representative designated by OCEA. The role of the sponsors is to monitor the direction and progress of the LMC and to provide the support and resources necessary to constructively address and resolve workplace issues.

Section 3. Time off for LMC Activities

A. A reasonable number of employees shall be allowed reasonable time off without loss of pay to serve as employee representatives in the LMC process.

B. In addition to A, above, reasonable time off without loss of pay shall be given to employees and LMC employee representatives as necessary to effectuate the purposes of the LMC process.

Section 4. Process

A. Employees may submit a form entitled Workplace Issue Statement Form describing the workplace issue, the recommended change(s) and the advantage(s) associated with the change. Employees may choose to remain anonymous when submitting their workplace issue; however, anonymity may hinder the ability of the LMC to fully evaluate the issue presented.

B. Employees may submit the Workplace Issue Statement form to any active LMC member or to LMC sponsors.

C. The LMC member shall discuss and develop possible solutions to the submitted workplace issues. An LMC member may contact the employee who submitted the workplace issue to obtain additional information/clarification.

D. Workplace issue solutions will be determined by a consensus of the members present at the LMC meeting and submitted as a recommendation to the LMC sponsors.

E. Within 30 days of receipt of the LMC recommendation, the agency/department LMC sponsors shall respond to the LMC members in writing, indicating their acceptance, suggested modifications or rejection of each proposed solution and/or schedule for implementation. The sponsors shall provide written reasons for a rejection/modification of a solution submitted by the LMC.
F. Any issue which is not resolved by the agency/department LMC shall upon request by either departmental sponsor be submitted to the central LMC Program Sponsors for advisory review.

4. The County agrees to discuss with OCEA any findings and recommendations prior to reaching a final decision and implementation.

G. Election work shall be compensated at the rate authorized for such work.

Section 2. Overtime

A. Notification of Employees of Work Required Beyond Normal Schedule

If in the judgment of the department, work beyond the normal workday, workweek or work period is required, the department will notify any employee who may be asked to perform such work of the apparent need as soon as practicable prior to when the work is expected to begin. If this additional work results in hours worked in excess of forty (40) in the employee's designated workweek for classifications designated as non-exempt from FLSA or eighty (80) in FLSA exempt classifications, the employee shall be compensated for these excess hours at the overtime rate as defined by Section 2.C.1.  

HP-7
B. Distribution of Overtime

1. The County shall make a reasonable effort to make overtime opportunities available on an equal basis to employees capable of performing the work.

2. If the responsible supervisor determines that overtime is necessary on work that started on an assigned shift, the assigned employee(s) may continue with that work as an extension of the assigned shift.

3. If the responsible supervisor determines that overtime is necessary on a client case or patient case already assigned to a particular employee, any such overtime may be assigned exclusively to that employee.

4. The County and OCEA may meet and confer and, in so doing, shall attempt to reach agreement regarding specific provisions for the distribution of overtime among employees of various individual work units. Such provisions shall be consistent with Sections 2.B.2. and 3. above.

C. Payment for Overtime

1. Except as provided in 2.C.3., below, overtime shall be compensated at one and one-half (1 1/2) times the regular rate.

2. Except as provided in 2.C.3., below, for all regular, limited-term and probationary employees, overtime may be converted to compensatory time or paid for at the option of the department. Consideration shall be given to effectuating the wishes of employees. The maximum number of CTO hours which may be accrued by any employee is eighty (80). If an employee accrues 80 hours of CTO, he/she cannot accrue additional CTO until he/she uses some of the hours in his/her bank; instead, employees will be paid for all overtime work performed in excess of that amount.

3. Compensatory time earned and accrued by an employee in excess of thirty-two (32) hours may be scheduled off for an employee by his or her department; however, consideration shall be given to effectuating the wishes of those employees requesting specific compensatory time off periods.

4. No scheduled compensatory time off will be cancelled except in cases of emergency.

5. In no case may an employee's work schedule be changed during the workweek when the purpose of such change is to avoid overtime compensation.
6. Time worked as overtime shall not be used to earn fringe benefits or to serve out probation or merit increase periods. Compensatory time off may be used as part of the established workweek to earn fringe benefits and to serve out probationary and merit increase periods.

7. An employee separating from the County service shall be paid for accumulated compensatory time in a lump sum payment.

Section 3. Rest Periods and Cleanup Time

A. Employees shall be allowed rest periods of fifteen (15) minutes during each four (4) consecutive hours of work.

The County may designate the location or locations at which rest periods may be taken.

Rest periods shall be considered hours worked and employees may be required to perform duties, if necessary.

B. Each employee shall, when necessary, be permitted up to fifteen (15) minutes of paid County time at the end of each work shift to perform such activities as cleaning up a work area, putting away tools, personal wash-up and changing clothes.

ARTICLE II PAY PRACTICES

Section 1. Compensation for Employees

Employees shall receive compensation at the biweekly or hourly rate for the range and step or flat rate assigned to the class in which they are employed.

Section 2. Pay for New Employees

A. A new employee shall be paid at the recruiting step of the salary range in effect for the particular class or position in which the new employee is hired except as provided in Sections 2.B., C., and D., below.

B. Upon recommendation of the Chief Human Resources Officer, the Board may, by minute order, authorize that a particular position be filled at any step within the range. When the Board authorizes the filling of the position at a step which is higher than the recruiting step of the salary range, it may, by minute order, advance the salary of incumbents of positions in that class or related classes in order to retain equitable relationships.

C. The department head may authorize the appointment of employees at any of the first eight (8) steps of the salary range. Such appointments shall be made only when the department head makes a determination that there is a direct and measurable benefit to the County from such appointments and makes a determination that the applicant’s previous training and experience enables him or her to make a greater contribution than a less experienced employee.

D. Upon recommendation of the department head, the County Executive Officer may authorize the appointment of employees beyond step eight (8) of the salary range when there is a direct and measurable benefit to the County for such appointment.

E. 1. The County may adjust the recruiting step of classes during the term of this Agreement, wherever justified, by recruiting and labor market considerations.

2. If a recruiting step is decreased, incumbents of the class will be unaffected.

3. If a recruiting step is increased for a class, all employees in that class below the new recruiting step shall be advanced to the new recruiting step and a new merit increase date shall be assigned as provided in Section 3.B. for new employees.

4. Any regular employee whose salary could be bypassed by a new employee, if that employee was hired the date of the recruiting rate change, shall have his or her merit increase date advanced to the same date provided for such new employee.

HP-18
Section 3. Merit Increase Within Range

A. Salary increases within a range shall not be automatic. They shall be based upon merit and granted only upon the affirmative recommendation of the department head.

B. A new or reemployed employee in a regular or limited-term position shall have a merit increase eligibility date which shall be the first day of the pay period following the completion of the first twenty-six (26) weeks of service within that class.

When an employee is absent from work and not posting personal leave balances (with the exception of Military Leave), the merit increase eligibility date shall be extended by the number of days the absence exceeds the Department Leave and rounded to the first day of the first full pay period. Subsequent merit increase eligibility dates shall fall on the first day of the pay period following the completion of fifty-two (52) week intervals after the extended merit increase eligibility date.

A suspension shall cause the merit eligibility date to be extended by the total number of calendar days equal to the suspension and rounded to the first day of the first full pay period.

A military leave, paid or unpaid, shall not result in the extension of a merit increase eligibility date.

C. An employee in a part-time regular or limited-term position who has not completed one thousand forty (1040) paid hours exclusive of overtime by his or her first merit increase date shall have the merit increase eligibility date postponed until the first day of the pay period following completion of one thousand forty (1040) paid hours exclusive of overtime. Likewise, an employee in a part-time regular or limited-term position who has not completed two thousand eighty (2080) paid hours exclusive of overtime between subsequent merit increase eligibility dates shall have his or her merit increase eligibility date postponed until the first day of the pay period following completion of two thousand eighty (2080) paid hours exclusive of overtime. Where an employee's record consists of a combination of full-time and part-time service, both periods of service shall apply towards merit increase eligibility with the part-time service being applied proportionately to the appropriate full-time interval.

D. Merit increases may be granted for one (1), two (2), three (3) or four (4) steps within the salary range based upon the employee's performance. A performance rating of “meets performance objectives” shall earn a two (2) step increase.
E. If, in the department’s judgment, the employee’s performance does not merit a salary increase on the merit increase eligibility date and a deferral of decision accompanied by an intensive effort at improved performance might be productive, the department shall complete the structured merit rating and defer a decision regarding the merit increase any number of pay periods, but not to exceed thirteen (13) pay periods. A deferral of less than thirteen (13) pay periods may be further extended not to exceed thirteen (13) pay periods from the original merit eligibility date. The employee may be reevaluated at any time, but in any event shall be reevaluated on the structured merit rating prior to the end of the thirteenth pay period. The employee’s merit increase eligibility date shall not be changed by such deferral.

F. Should an employee’s merit increase eligibility date be overlooked through an error and upon discovery of the error the employee is granted a merit increase, the employee shall be compensated for the additional salary the employee would have received dating from the employee's merit increase eligibility date.

Section 4. Salary on Promotion

A. Except as modified by B. and C., below, a regular, limited-term or probationary employee who is promoted to a position in a class with a higher salary range shall receive the recruiting salary for the higher class or such higher amount as would be the closest to a two (2) step increase on the range over the salary received prior to the promotion not to exceed the top step of the range. A new merit increase eligibility date shall be established which shall be the first day of the pay period following completion of the first twenty-six (26) weeks of service in the new class except that the employee will retain their former merit increase eligibility date if the promotion was the result of a Classification Maintenance Review as defined in Article XVIII, Section 2.B.

B. Any employee who is promoted to a class from which the employee was previously reduced without a salary decrease shall be placed at a salary step no higher than the step which the employee would have achieved if the employee had remained in the class to which he or she is promoted and had demonstrated at least standard performance. The employee's merit increase eligibility date shall be reestablished in order to credit the employee with any time formerly served in the higher class.

C. Upon recommendation of the department head, the County Executive Officer may, based on consideration of such factors as external market data, internal salary relationships, position responsibilities and sound management principles, approve a rate of pay on promotion not to exceed the top pay range to which employee is being promoted.

HP-20
Section 5. **Salary on Reassignment**

A. When a regular, limited-term or probationary employee is reassigned to a class with the same recruiting step, such employee's salary and merit increase eligibility date shall not change. Such employee shall have the same probation status which would have been achieved if the employee had been in the new class throughout the period of such service in the old class.

B. When a regular, limited-term or probationary employee is reassigned to a class with a higher recruiting step, such employee's salary shall be advanced the number of steps difference between recruiting steps and the employee shall retain his or her former merit increase eligibility date, except as provided in E., below. Such employee shall have the same probation status which would have been achieved if the employee had been in the new class throughout the period of such service in the old class.

C. When a regular or limited-term employee is reassigned to a class with a lower recruiting step, such employee's salary and merit increase eligibility date shall not change. Such employee shall have the same probation status which would have been achieved if the employee had been in the new class throughout the period of such service in the old class.

D. When a probationary or probationary limited-term employee is reassigned to a class with a lower recruiting step, such employee shall have the same salary, step status, probation status and merit increase eligibility date as would have been achieved if the employee had been in the new class throughout the period of such service in the old class.

E. When a regular, limited-term or probationary employee is involved in a series of reassignments among classes with the same salary range but different recruiting steps or a series of reassignments among classes on different salary ranges or is reassigned through a Classification Maintenance Review as defined in Article XVIII, Section 2.B to a class on a different salary schedule, their salary and merit increase eligibility date shall be determined by the Chief Human Resources Officer.

Section 6. **Salary on Reduction**

A. 1. When a probationary employee is reduced to a class not previously occupied by the employee, the employee shall receive the recruiting step for the lower class and shall receive a new merit increase eligibility date as provided in Section 3.B., above, or the employee's salary and merit increase eligibility date may be determined by the Chief Human Resources Officer.
2. When a promotional probationary employee, an employee who has been on a temporary promotion or a regular employee who was promoted to a limited-term position at the direction of the employee's department head is reduced to a class the employee occupied in good standing, the employee shall have the step status and merit increase eligibility date he or she would have achieved if the employee had remained in the lower class throughout the period of his or her service in the higher class.

B. When a regular or limited-term employee is reduced to a position in a lower class by demotion for reasons of unsatisfactory performance, the employee's salary shall be reduced to a step on the salary range which would be the closest amount to a two (2) step reduction or the employee shall receive the maximum step of the salary range of the new class, whichever is lower. The employee's merit increase eligibility date shall be the first day of the pay period following completion of fifty-two (52) weeks of service in the new class, unless the employee thereby is placed at the recruiting step of the new salary range, in which case the employee's merit increase eligibility date shall be the first day of the pay period following the completion of twenty-six (26) weeks of service in the new class.

C. When a regular or limited-term employee in good standing is reduced to a position in a lower class for physical disability or reasons other than unsatisfactory performance, the employee shall receive the highest salary in the new range that does not exceed the employee's rate of pay immediately prior to reduction and shall retain his or her merit increase eligibility date, except:

1. The salary of an employee in the classification of Behavioral Health Nurse who voluntarily reduces to Public Health Nurse Trainee shall be treated as a reassignment as the employee will not be required to take a reduction in pay, shall remain on the Behavioral Health Nurse salary schedule and remain at the same salary step. The reassigned employee will serve a promotional probation period in accordance with Article III, Section 1.B. A new merit increase eligibility date shall be established which shall be the first day of the pay period following completion of the first twenty-six (26) weeks of service in the Public Health Nurse Trainee class. Any merit increases granted as a Public Health Nurse Trainee shall not exceed the top step of the Behavioral Health Nurse salary schedule. If the Public Health Nurse Trainee promotes to Public Health Nurse or any other classification with a higher salary range than Behavioral Health Nurse, the promotion will be subject to Article II, Section 4, Salary on Promotion.

D. When a regular, limited-term or probationary employee is reduced because the position the employee occupied is reclassified, the applicable salary shall be determined as follows:
1. If the salary of the employee is the same or less than the maximum of the new class, the salary of the employee shall not change except if the reduction is the result of a Classification Maintenance Review as defined in Article XVIII, Section 2.B in which case the new salary will be the closest step on the new salary range which is not lower than the current rate of pay; in any case, the merit increase eligibility date of the employee shall not change.

2. If the salary of the employee is greater than the maximum of the new range, the salary of the employee shall be designated as a Y-Rate and shall not change during continuous regular service until the maximum of the new range exceeds the salary of the employee or until the period of calendar time indicated in the schedule below has elapsed, whichever is sooner. If, at the end of the calendar period indicated below, the salary of the employee still exceeds the maximum of the new salary range, the salary of the employee shall be reduced to the maximum salary for the new class.

The salary of a regular, limited-term or probationary employee whose position is reclassified shall be determined as follows:

2. Departmental Leave

A regular, limited-term or probationary employee may request a Departmental Leave without pay for a period of time not to exceed fifteen (15) calendar days. Employees will be required to use available accrued Annual Leave, Vacation, Compensatory Leave, and PIP time in that order until all accrued leave is exhausted.

3. Official Leave

a. A regular, limited-term or probationary employee may request an Official Leave of Absence Without Pay. Such Leave, if granted, shall not exceed one (1) year. Employees will be required to use available Annual Leave, Vacation, Compensatory Leave, and PIP time in that order until all accrued leave time is exhausted.

b. An Official Leave of Absence may be extended for up to an additional year at the discretion of the department. Failure to request an extension before the end of the Official Leave may result in denial of that extension.

a. A request for a Discretionary Leave shall be made upon forms prescribed by the Chief Human Resources Officer and shall state specifically the reason for the request, the date when it is desired to begin the Leave of Absence and the date of return.

b. A request for Discretionary Leave shall normally be initiated by the employee but may be initiated by the employee’s department only where the employee is unable to initiate such action.

c. The department shall: (a) indicate on the request its decision as to whether the request is granted, modified, or denied within five

g. Departmental Leave and Official Leave do not run concurrently.

B. Non-Discretionary Leave of Absence

1. A Non-Discretionary Leave of Absence is leave which an eligible employee may use for various reasons under applicable law. Eligibility for a Non-Discretionary Leave of Absence will be determined according to the requirements of applicable law. The County follows all applicable state and federal laws pertaining to Non-Discretionary Leaves of Absence. Non-Discretionary Leave includes, but is not limited to, FMLA, CFRA, and PDL.

2. If conflicting language exists in the application of a Non-Discretionary Leave between this Article and state or federal law, then state or federal law shall prevail.

3. **Family and Medical Leave Act**
a. Family and Medical Leave Act (FMLA) shall be granted to the extent required by law to an employee for their own serious medical condition, to care for an FMLA-eligible person, or for any other FMLA-eligible purpose. Unless otherwise provided by this Section, “FMLA Leave” under this Agreement shall mean leave pursuant to the FMLA. Employees may be eligible for up to twelve (12) weeks (480 hours) of FMLA Leave during a calendar year.

c. Eligible employees may qualify to take up to twenty-six (26) weeks of military caregiver leave under FMLA when the employee meets applicable requirements. Where FMLA Leave qualifies as both military caregiver leave and care for a family member with a serious health condition, the leave will be designated as military caregiver leave first.

d. FMLA Leave is unpaid under the law. However, to the extent that an employee has accrued leave balances, the employee is required to use Annual Leave, Sick/Healthcare Leave, Vacation time, Compensatory, and PIP balances in that order for the Leave.

4. California Family Rights Act

a. California Family Rights Act (CFRA) shall be granted to the extent required by law to an employee for their own serious medical condition, to care for a CFRA-eligible person, or for any other CFRA-eligible purpose. Unless otherwise provided by this Section, “CFRA Leave” under this Agreement shall mean leave pursuant to the CFRA. Employees may be eligible for up to twelve (12) weeks (480 hours) of CFRA Leave during a calendar year.

b. If an employee uses CFRA Leave for their own serious health condition and is not receiving disability benefits, the employee is required to use accrued Annual, Sick/Healthcare, Vacation, Compensatory, and PIP balances in that order. If an employee is receiving disability benefits, then the employee may elect to supplement the disability benefits by using accrued Annual, Sick/Healthcare, Vacation, Compensatory, and PIP balances in that order. The employee is required to notify the department at the time of the CFRA Leave request, or as soon as practicable, that they are/will be receiving disability benefits.
c. If an employee uses CFRA Leave for purposes of “child bonding,” the employee is required to use accrued Annual Leave, Vacation, and Sick/Healthcare balances, Compensatory, and PIP balances in that order.

d. If an employee uses CFRA Leave to care for another CFRA-eligible person, the employee is required to use accrued Annual Leave, Sick/Healthcare, Vacation, Compensatory, and PIP balances, in that order.

5. Pregnancy Disability Leave

a. Pregnancy Disability Leave (PDL) shall be granted to the extent required by the Fair Employment and Housing Act (FEHA) to an employee disabled by pregnancy, childbirth, or a pregnancy-related medical condition, or for any other PDL-eligible purpose. Unless otherwise provided by this Section, “PDL” under this Agreement shall mean leave pursuant to Pregnancy Disability Leave. An employee may be eligible for up to sixteen (16) weeks (640 hours) of PDL for each qualifying leave.

b. PDL is unpaid under the law. If an employee uses PDL, the employee is required to use Sick/Healthcare balances until they are exhausted, unless the employee is receiving disability benefits. Once an employee exhausts accrued Sick/Healthcare Leave balances, the employee may use Annual Leave, Vacation, Compensatory, and PIP balances in that order. As soon as practicable, but no later than the end of the PDL leave, the employee shall notify the department whether they choose to use the above leave balances once they have exhausted their Sick/Healthcare balances. At the time of the PDL request or as soon as practicable, the employee is required to notify the department that they are/will be receiving disability benefits.

c. In instances when an employee is using PDL and FMLA leave concurrently, the posting of leave balances shall be controlled by Section 5.b. above (Pregnancy Disability Leave).

6. Parenthood Leave

a. Parenthood Leave shall be granted to the extent required by this provision in connection with the birth or placement for legal adoption of a child.

b. Eligible regular, limited-term, or promotional probationary employees may qualify for Parenthood Leave of up to six (6)

2. The requested Leave is commenced within one (1) month prior to, or six (6) months after, the date of birth or placement for legal adoption of the child.

3. Parenthood Leave runs concurrently with Pregnancy Disability Leave (PDL), Family and Medical Leave Act (FMLA), and California Family Rights Act (CFRA), where applicable. In those situations, law pertaining to those leaves shall supersede this section.

4. In instances when an employee is using PDL and Parenthood Leave concurrently, the posting of leave balances shall be controlled by Section B.5.b., above (Pregnancy Disability Leave). 2. matters which have other means of appeal;

3. position classification;

4. performance evaluations with a rating of “meets” or “exceeds” performance objectives.

Section 2. Basic Rules

A. If an employee does not present a grievance/appeal or does not appeal the decision rendered regarding his or her grievance/appeal within the time limits, the grievance/appeal shall be considered resolved.

B. If a County representative does not render a decision to the employee within the time limits, the employee may within seven (7) calendar days thereafter appeal to the next step in the procedure.

C. If it is the judgment of any management representative that he or she does not have the authority to resolve the grievance/appeal, he or she may refer it to the next step in the procedure. By mutual agreement of the County and OCEA, any step of the procedure may be waived.

D. The Chief of Employee Relations may temporarily suspend grievance/appeal processing on a section-wide, unit-wide, division-wide, department-wide or County-wide basis in an emergency situation. OCEA may appeal this decision to the Board of Supervisors.

E. A grievance alleging discrimination shall first be referred to the County Equal Employment Opportunity (EEO) Office for intake, review, and if applicable, investigation. The grievant/appellant and, if applicable, the OCEA representative shall be notified in writing of the grievance being referred to the EEO Office. The timelines for a grievance alleging discrimination may be held in abeyance by mutual agreement until the EEO Office has completed its intake, review, and if applicable, investigation.
Once the EEO Office has completed the intake, review, and if applicable, investigation, the grievant/appellant and, if applicable, the OCEA representative shall be notified in writing and the time limits for processing the grievance shall resume, unless timelines are extended by mutual agreement.

F. Upon written consent of the parties (i.e., the representatives of the County and the employee or his or her representative), the time limits at any step in the procedure may be extended.

G. Every reasonable effort shall be made by the employee and the County to resolve a grievance/appeal at the lowest possible step in the grievance/appeal procedure.

H. No claim shall be granted for retroactive adjustment of any grievance prior to sixty (60) calendar days from the date of filing the written grievance.

I. In order to encourage frank discussion and compromise in attempting to resolve grievances and other labor disputes, the County and OCEA agree that the files of the respective parties concerning such matters shall be confidential, except that this shall not restrict any access that either party might otherwise have to the other's files.

Section 3. Submission of Grievances

A. Any employee or group of employees shall have the right to present a grievance. No employee or group of employees shall be hindered from or disciplined for exercising this right.

B. If any two (2) or more employees have essentially the same grievance they may, and if requested by the County must, collectively present and pursue their grievance if they report to the same immediate supervisor.

C. If the grievant is a group of more than three (3) employees, the group shall, at the request of the County, appoint one (1) or two (2) employees to speak for the collective group. To be considered a grievant in a group grievance, each employee must be individually identified as a grievant when the grievance is submitted at Step 2.

Section 4. Employee Representation

A. An employee may represent himself or herself or may be represented by OCEA in the formal grievance/appeal procedure. An employee is not entitled to be represented by privately retained counsel during the grievance process or arbitration hearing. Provided, however, an employee eligible for Legal Defense Fund coverage (LDF) under PORAC or any other OCEA-approved LDF provider shall be entitled to be represented by privately retained counsel
obtained through that coverage during the grievance process and/or arbitration hearing.

B. Authorized grievance/appeal representatives shall be regular employees in the same department or Representation Unit as the grievant/appellant who are members of and are designated by OCEA to represent employees for purposes of the grievance/appeal procedure. OCEA shall notify department heads of the names and titles of such representatives and send a copy of such notice to the Chief of Employee Relations quarterly.

C. If an employee chooses not to be represented by OCEA, OCEA may have staff representatives present at Step 2 of the grievance/appeal procedure and/or arbitration and, if necessary, shall have the right to present OCEA's interpretation of provisions of this Agreement at issue. Such presentation shall not include comments regarding the merits of the grievance. The decision of the arbitrator in such a case shall not be precedent setting and shall not be admissible in any subsequent dispute between the County and OCEA.

Section 5. Time Off for Processing Grievances/Appeals

A. Reasonable time off without loss of pay shall be given to:

1. an employee who has a grievance/appeal in order to attend a meeting with his or her supervisor or other person with authority under the grievance/appeal procedure to resolve the matter or to meet with his or her grievance/appeal representative;

2. an authorized grievance/appeal representative in order to attend a meeting with the represented grievant's/appellant's supervisor or other person with authority under the grievance/appeal procedure to resolve the grievance/appeal or to obtain facts concerning the action grieved/appealed through discussion with the grievant/appellant or other employees or through examination of appropriate County records or locations relating to the grievance/appeal.

B. The following restrictions shall apply in all cases to activity authorized in Section 5.A., above:

1. Before performing grievance/appeal work, the grievant/appellant or grievance/appeal representative shall obtain permission of his or her supervisor and shall report back to the supervisor when the grievance/appeal work is completed.

2. Neither the grievant/appellant nor the grievance/appeal representative shall interrupt or leave his or her job to perform grievance/appeal work if his or her supervisor determines that such interruption or absence will unduly interfere with the work of the unit in which the grievant/appellant
or representative is employed. However, an effort will be made to grant such time off as soon as it is feasible to do so.

3. When an authorized grievance/appeal representative must go into another section or unit to investigate a grievance/appeal, the representative shall be permitted to do so provided that:

   a. the representative checks in and checks out with the supervisor of the unit; and
   
   b. such investigation does not unduly interfere with the work of the unit.

Section 6. Formal Discussion

If an employee has a problem relating to a work situation, the employee is encouraged to request a meeting with his or her immediate supervisor to discuss the problem in an effort to clarify the issue and to work cooperatively towards settlement.

Section 7. Grievance/Appeal Steps

The grievance/appeal procedure shall consist of the following steps, each of which must be completed prior to any request for further consideration of the matter unless waived by mutual consent or as otherwise provided herein.

Step 1: Department Head

An employee may formally submit a grievance to the department head, or their designee, within fourteen (14) calendar days from the occurrence which gives rise to the problem. Such submission shall be in writing and shall state the nature of the grievance and the suggested solution. Within seven (7) calendar days after receipt of the written grievance, the department head or his or her designee(s) shall meet with the grievant. Within fourteen (14) calendar days thereafter, a written decision shall be given to the grievant. The County shall, whenever practicable, notify the grievant if more than one (1) management representative shall attend the Step 1 grievance meeting.

Step 2: Chief of Employee Relations

If the grievance/appeal is not settled under Step 1 and it concerns:

   a. an interpretation or an application of this Memorandum of Understanding;
   
   b. a performance evaluation rating of “does not meet performance objectives”;

HP-72
c. deferral or denial of a merit increase, or a dispute about the number of steps granted;

d. a written reprimand;

e. A release from new hire probation alleging discrimination pursuant to Article III, Section 1.C.3; or

f. a release from promotional probation alleging discrimination pursuant to Article III, Section 1.C.3;

Items a., b., c., or d., above, may be appealed in writing to the Chief of Employee Relations within seven (7) calendar days after receipt of the written decision from Step 1. Items e. or f., above, or appeal of a suspension and/or a reduction ordered by an department head or his or her designated representative may be submitted in writing at Step 2 within ten (10) calendar days after receipt of the notice of suspension and/or reduction. Within fourteen (14) calendar days after receipt of the written grievance/appeal, the Chief of Employee Relations or his or her representative shall meet with the grievant/appellant. Within fourteen (14) calendar days thereafter, a written decision shall be given to the grievant/appellant. The decision of the Chief of Employee Relations in B., C. and D., above, shall be final and binding and shall not be referable to arbitration.

Section 8. Referrals to Arbitration

A. Grievances

1. If a grievance is not resolved under Step 2, an arbitration request may be presented in writing to the Chief Human Resources Officer within seven (7) calendar days from the date a decision was rendered at Step 2. Within 30 days of the submission of the arbitration request, the arbitration hearing date shall be calendared, unless the parties agree to extend the time allowed for calendaring. If mediation is going to be held and the grievance is not settled through the mediation process, the arbitration hearing date shall be calendared within 30 days of the mediation, unless the parties agree to extend the time allowed for calendaring.

2. The parties shall either sign a joint issue submission statement or else execute and sign separate alternative issue statements after discussing the issue(s). In either case, the parties shall send copies of their joint or separate submission statement(s) to each other within fourteen (14) calendar days before the first scheduled date of the arbitration hearing.

B. Disciplinary Appeals

HP-73
1. **Submission Procedure**

   a. If an appeal from suspension or reduction is not settled at Step 2, it may be presented to the Chief of Employee Relations within seven (7) calendar days from the date the decision was rendered.

   b. An appeal from any discharge or from a suspension or reduction imposed by the County Executive Officer may be presented to the Chief of Employee Relations within ten (10) calendar days from the date the action becomes final.

   c. All disciplinary appeals shall be signed by an employee or by a representative of OCEA and shall be submitted in writing.

   d. The issues in all disciplinary appeals shall be: Was (employee's name) suspended/reduced/discharged for reasonable cause? If not, to what remedy is the appellant entitled under the provisions of Article X, Section 8. Of the MOU?

   e. As soon as practicable after a suspension, reduction or discharge appeal is presented to the Chief of Employee Relations, an arbitrator shall hear the appeal.

2. **Findings of Facts and Remedies**

   a. **Findings of Facts**

      An arbitrator’s decision shall set forth the findings as to each of the charges and the reasons therefore. The arbitrator may sustain, modify or rescind an appealed disciplinary action as follows and subject to the following restrictions:

   b. **Remedies – All Disciplinary Actions (Other than Discharge)**

      1. If the arbitrator finds that the disciplinary action was taken for reasonable cause, he or she shall sustain the action.

      2. **Suspensions/Reductions**

         If the action is modified or rescinded, the appellant shall be entitled to restoration of pay and/or fringe benefits in a manner consistent with the arbitrator’s decision.

   c. **Remedies – Discharges**

      1. If the arbitrator finds that the order of discharge should be modified, the employee shall be restored to a position in his or her former class subject to forfeiture of pay and fringe benefits for
all or a portion of the period of time the employee was removed from duty as determined by the arbitrator.

2. If the arbitrator finds that the order of discharge should be rescinded, the employee shall be reinstated in a position in his or her former class and shall receive pay and fringe benefits for all of the period of time he or she was removed from duty.

3. Restoration of pay and benefits shall be subject to reimbursement of all unemployment insurance and additional outside earnings which the employee received since the date of discharge.

C. Probationary Releases Alleging Discrimination

1. The issues to be submitted to the arbitrator in grievances filed pursuant to Article III, Section 1.C.3. shall be as follows and shall be submitted consistent with Section 8.A., above.

   a. Was the probationary release of (employee’s name) in whole or in part the result of discrimination in violation of Article XVIII, NONDISCRIMINATION, of the Memorandum of Understanding between the County and OCEA?

   b. If so, what shall the remedy be under the provisions of Article X, Section 8.C.2., Findings of Facts and Remedies, of the Memorandum of Understanding between the County and OCEA?

2. Findings of Facts and Remedies

   a. In the event the arbitrator finds no violation of Article XVIII, NONDISCRIMINATION, the grievance shall be denied and the issue of remedy becomes moot.

   b. In the event the arbitrator finds a violation of Article XVIII, NONDISCRIMINATION, but also finds such violation was not a substantial cause of the employee’s probationary release, the grievance shall be denied and the issue of remedy becomes moot.

   c. In the event the arbitrator finds a violation of Article XVIII, NONDISCRIMINATION, and also finds that the violation was a substantial cause of the probationary release of the employee, the arbitrator’s award shall depend upon the significance of the violation and shall be in keeping with the following alternatives:

      1. The probationary release may be sustained.

      2. The employee may be reinstated in a position in his or her former class subject to forfeiture of pay and fringe
benefits for all or a portion of the period of time the employee was removed from duty. The employee may be required to serve the remainder of any outstanding probation period.

3. The employee may be reinstated in a position in his or her former class with full back pay and benefits for all of the period of time the employee was removed from duty. The employee may be required to serve the remainder of any outstanding probation period.

D. General Provisions

1. Except as otherwise required by law, all costs of arbitration shall be shared equally in all cases by the County and the appealing party. When the grievance involves both discrimination and other arbitrable issues, the proper division of costs shall be determined by the arbitrator.

2. Grievance/Appeal hearings by an arbitrator shall be private.

3. Arbitration appeal hearings of a release from new hire probation alleging discrimination pursuant to Article III, Section 1.C.3 shall be limited to one (1) day unless both parties agree that a longer hearing is necessary. Arbitration appeal hearings of suspensions of less than forty (40) hours shall be limited to two (2) days unless both parties agree that a longer hearing is necessary. Both parties shall be allotted equal time during arbitration hearings involving such suspensions. The two (2) day limitation for arbitration appeal hearings shall not apply to suspensions imposed by the County Executive Officer.

4. The arbitrator shall be selected by the mutual agreement of the parties. If the parties cannot agree upon an arbitrator, a list of seven (7) arbitrators shall be obtained from the California State Mediation and Conciliation Service, the American Arbitration Association or some other agreed upon source and each party shall alternately strike one (1) name from the list until only one (1) name remains.

5. Upon written request by the opposing party in a pending hearing given at least twenty (20) calendar days prior to the scheduled hearing date, the party requested shall supply to the party submitting the request copies of all documentary evidence to be used by that party at the hearing. Such evidence shall be provided no later than ten (10) calendar days prior to the scheduled hearing date. Any evidence not so provided may not be admitted or offered as evidence at the subsequent hearing except that any such documentary evidence discovered by a party after such a request for copies but not soon enough to comply with the above time limits may be admitted providing it could not have been discovered sooner by reasonable means and provided further that a copy or copies
of such evidence be afforded the requesting party as soon as practicable after such discovery. Nothing contained herein shall operate to prevent either party from presenting additional documents by way of rebuttal.

6. An employee shall not suffer loss of pay for time spent as a witness at an arbitration hearing held pursuant to this procedure. The number of witnesses requested to attend and their scheduling shall be reasonable.

7. At the hearing, both the appealing employee and the County shall have the right to be heard and to present evidence. The following rules shall apply:

   a. Oral evidence shall be taken only on oath or affirmation.

   b. Each party shall have these rights: to call and examine witnesses, to introduce exhibits, to cross-examine opposing witnesses on any matter relevant to the issues even though that matter was not covered in the direct examination, to impeach any witness regardless of which party first called the witness to testify and to rebut the evidence against the witness. If the employee does not testify in his or her own behalf, the employee may be called and examined as if under cross-examination.

8. The hearing need not be conducted according to technical rules relating to evidence and witnesses. Any relevant evidence shall be admitted if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory rule which might have made improper the admission of such evidence over objection in civil actions. Hearsay evidence may be used for the purpose of supplementing or explaining any direct evidence, but shall not be sufficient in itself to support a finding unless it would be admissible over objection in civil actions. The rules of privilege shall be effective to the same extent that they are now or hereafter may be recognized in civil actions and irrelevant and unduly repetitious evidence shall be excluded.

9. The County shall be allowed to have one (1) employee, who may be called upon to testify as a witness, present at the arbitration hearing at all times.

10. The parties agree to forego the use of briefs and transcripts whenever practicable, except that any party may opt to file a closing brief in lieu of an oral closing argument. The parties agree to, whenever practicable, forgo the use of a court reporter in arbitrations resulting from a suspension.

11. The decision of the arbitrator shall be final and binding on all parties.
12. As an alternative to proceeding directly to arbitration after completion of Step 2, the parties may mutually agree to submit a grievance/appeal to mediation. A request for mediation may be presented in writing to the Chief of Employee Relations within seven (7) calendar days from the date a decision was rendered at Step 2. A request for mediation will automatically suspend the normal processing of a grievance until the mediation process is completed or the request is denied. The County shall respond to a request for mediation within thirty (30) calendar days. The mediation process shall be optional, and any opinion expressed by the mediator shall be informal, considered advisory and shall not be admissible evidence in any arbitration that should follow. Within seven (7) calendar days after completion of the mediation process or denial of a request for mediation, an arbitration request may be filed pursuant to Section 8.A. or B., above.
ARTICLE XI LAYOFF PROCEDURE

Section 1. General Provisions

A. This procedure shall not apply to a temporary layoff of less than four (4) consecutive weeks.

B. This procedure shall not apply to employees who have special or unique knowledges or skills which are of special value in the operation of the County business.

C. When two (2) or more agencies/departments are consolidated or when one (1) or more functions of one (1) department are transferred to another department, employees in all involved agencies/departments shall be subject to layoff if one is necessary.

D. Section 7., Reemployment Lists, and Section 8., Status on Reemployment, of this Article, shall not apply if the County has a written agreement with an employer, public or private, which guarantees the County employee an offer of reasonably comparable employment with the new employer who is taking over a function formerly performed by County employees and the new employer makes such an offer in writing to the employee.

Section 2. Order of Layoff

A. When a reduction in the work force is necessary, employees in regular positions and those occupying limited-term positions at the direction of their department head shall be laid off in an order based on consideration of:

1. employment status,

2. past performance,

3. length of continuous service with the County.

B. Layoffs shall be made by class within an department except that:

1. Where a class has a dual or multiple concept, the Chief of Employee Relations may authorize a layoff by specialty within the class.

2. Where appropriate, the Chief of Employee Relations may authorize a layoff by division or smaller unit of an department.
C. Within a class, employees shall be subject to layoff in the following order:

<table>
<thead>
<tr>
<th>Employment Status</th>
<th>Layoff Order</th>
</tr>
</thead>
<tbody>
<tr>
<td>First - Temporary Promotion</td>
<td>Determined by Department</td>
</tr>
<tr>
<td>Second - New Probationary</td>
<td>Determined by Department</td>
</tr>
<tr>
<td>Third - Regular/Promotional Probationary</td>
<td>Layoff Points</td>
</tr>
</tbody>
</table>

After all new probationary employees and employees on temporary promotion have been removed from a class within a layoff unit, the employee with the lowest number of layoff points shall be subject to layoff first. When two (2) or more employees have the same number of layoff points, the department shall determine the order of layoff for these employees.

D. If a layoff is going to be made in a class from which an employee has left through a temporary promotion, the employee on temporary promotion shall be returned to his or her former class and shall be subject to layoff in accordance with this procedure.

E. OCEA may designate employees who are regular OCEA officers or grievance representatives to receive special seniority for purposes of layoff. The number of employees so designated shall not exceed two (2) percent of the employees in the Representation Unit. Employees so designated shall receive two hundred sixty (260) layoff points in addition to layoff points computed pursuant to Section 3., below.

Section 3.  Computation of Layoff Points

Seniority Points:

The equivalent of each year of full-time continuous service with the County shall earn two hundred sixty (260) seniority points.

The equivalent of each regularly scheduled full day of continuous service of a partial year shall earn one (1) seniority point.

Demerit Points:

For a rating of “does not meet performance objectives” on the last “Performance Evaluation Report,” for the class currently held by the employee, the employee shall earn two-hundred sixty (260) demerit points. Demerit points shall only be used in the currently held class of an employee. Demerit points shall not be applied to an employee seeking to enter a lower class.
Layoff Points:

Layoff points shall be computed by subtracting demerit points, if any, from seniority points.

Section 4. Notification of Employees

A. Written notice of layoff shall be given to an employee or sent by mail to the last known mailing address at least fourteen (14) calendar days prior to the effective date of the layoff. Notices of layoff shall be served on employees personally at work whenever practicable.

B. It is the intent of the parties that the number of layoff notices initially issued shall be limited to the number of positions by which the work force is intended to be reduced. Additional notices shall be issued as other employees become subject to layoff as a result of employees exercising reduction rights under Section 5.

C. The notice of layoff shall include the reason for the layoff, the proposed effective date of the layoff, the employee’s hire date, the employee’s layoff points, a list of classes in the employee’s occupational series within the layoff unit, the employee’s rights under Sections 5 and 6, and the right of the employee to advise the County of any objection to the content of the layoff notice prior to the proposed effective date of the layoff.

Section 5. Voluntary Reduction in Lieu of Layoff

A. A promotional probationary or regular employee who is subject to layoff may request a reduction to a lower class within the same occupational series in the layoff unit provided the employee possesses the minimum qualifications for the class and passes any required performance tests. The reduction shall be made if there is a vacant position in the layoff unit or an incumbent in the lower class in the layoff unit has fewer layoff points than the employee requesting the reduction. In the latter case, the incumbent in the lower class with the fewest number of layoff points shall be subject to layoff.

B. 1. Employees who receive notice of layoff by personal service at work shall have until the end of their third regularly scheduled day of work following actual receipt of the notice to notify their department in writing of their intent to exercise rights under this Section. Employees whose third regularly scheduled day of work is more than three (3) calendar days after receipt of the notice shall have three (3) calendar days, excluding weekends and holidays, to notify their department of their intent to exercise rights under this Section; and where such notification is not in writing, the employee shall confirm the notification in writing as soon as practicable.
2. Employees who receive notice other than by personal service at work shall have five (5) calendar days, excluding weekends and holidays, following the date the person is personally served or if service is made by mail, five (5) calendar days, excluding weekends and holidays, following date of proof of service by mail to notify their department of their intent to exercise rights under this Section. Where such notification is not in writing, the employee shall confirm the notification in writing as soon as practicable.

3. Failure by an employee to respond to his or her department pursuant to this Section shall result in a rebuttable presumption that the employee does not intend to exercise any right of reduction to a lower class and that the employee’s hire date stated in the layoff notice was correct.

4. No employee action or inaction referred to in this Section shall be considered a waiver of an employee’s right to file grievances concerning any matter within the scope of the grievance procedure.

Section 6. Voluntary Reduction from Classes Designated as Vulnerable to Layoff

An employee in a class designated by the County as vulnerable to layoff may request a voluntary reduction to any class provided the employee possesses the minimum qualifications and has passed any required performance tests for the class to which reduction is requested. Such employees shall be eligible for consideration for available positions in the class to which reduction is requested. If appointed, such an employee shall be placed on DEPARTMENTAL REINSTATEMENT LISTS pursuant to Section 7.A.3., below.

Section 7. Reemployment Lists

A. The following persons shall be placed on DEPARTMENTAL REINSTATEMENT LISTS as provided in 1., 2. and 3., below, in the order of their respective layoff points with the person having the largest number of layoff points listed first:

1. Persons Laid Off

   The names of persons laid off shall be placed on an DEPARTMENTAL REINSTATEMENT LIST for each class in the occupational series at or below the level of the class from which laid off.
2. **Persons Who Exercise Their Rights Under Section 5**

The names of persons who exercise their rights under Section 5. shall be placed on an DEPARTMENTAL REINSTATEMENT LIST for each class in the occupational series at or below the level of the class from which reduced, excluding any classes at or below the level of the class currently held.

3. **Persons Who Voluntarily Reduced Under the Provisions of Section 6**

The names of persons who were voluntarily reduced under the provisions of Section 6. shall be placed on an DEPARTMENTAL REINSTATEMENT LIST for the class from which reduced and for each class in the occupational series below the level of the class from which they voluntarily reduced, provided they request to be placed on such lists.

Positions to be filled shall be offered first to persons on the DEPARTMENTAL REINSTATEMENT LIST for that class, starting at the top of the list. If reinstatement is offered to a class other than that from which the person was laid off or reduced, such person must first meet the minimum qualifications and pass any required performance tests for that class.

B. The names of persons laid off shall be placed on the COUNTY PREFERRED ELIGIBLE LIST for the class from which they were laid off and for any class from which they previously voluntarily reduced pursuant to Section 5., in the order of their layoff scores, going from highest to lowest. When one (1) vacant position in an department, other than the department from which the employee was laid off, is to be filled in that class, ten (10) names shall be certified from the COUNTY PREFERRED ELIGIBLE LIST, starting at the top. When more than one (1) vacant position in an agency/department, other than the department from which the employee was laid off, is to be filled in that class, the number of names certified, starting at the top of the COUNTY PREFERRED ELIGIBLE LIST, shall be equal to twice the number of vacancies plus seven (7). If there is a tie among layoff points at the last name to be certified, all tied eligibles shall be certified. Eligibles certified from COUNTY PREFERRED ELIGIBLE LISTS shall be considered prior to eligibles certified from lower ranking eligible lists. Appointments shall be made only from eligibles certified pursuant to Section 7.B. Appointments need not be made in the order of layoff points; any eligible certified in accordance with this provision may be appointed to a vacant position.

C. Names of persons placed on the DEPARTMENTAL REINSTATEMENT LIST and the COUNTY PREFERRED ELIGIBLE LIST shall remain on the lists for two (2) years, except that:
1. A person who on two (2) separate occasions rejects or fails to respond within five (5) calendar days to offers of employment in a particular class shall be removed from the lists for that class.

2. A person who on three (3) separate occasions declines referral for interviews in a particular class shall be removed from the lists for that class.

3. An employee who, upon retirement, signs a statement electing not to be eligible for reemployment under this provision shall have his or her name excluded from the aforementioned lists.

D. In the event two (2) or more agencies/departments are consolidated while DEPARTMENTAL REINSTATEMENT LISTS are in effect, such lists shall be combined and treated as one (1) list in accordance with the preceding provisions of this Section. When a transfer of one (1) or more functions of one (1) agency/department to another agency/department occurs, employees previously laid off from such function(s) who are on an DEPARTMENTAL REINSTATEMENT LIST for the department losing such function(s), shall be removed from such list and shall be placed on a reinstatement list for the department acquiring such function(s) and treated in accordance with the preceding provisions of this Section.

E. Reemployment lists shall be available to OCEA and affected employees upon reasonable request.

Section 8. Status on Reemployment

A. An employee who has been laid off under the provisions of this Article and is subsequently reemployed in a regular or limited-term position within a two (2) year period from the date of his or her layoff shall receive the following considerations and benefits:

1. All healthcare leave credited to the employee's account when laid off shall be restored.

2. All seniority points held upon layoff shall be restored.

3. All prior service shall be credited for the purpose of determining annual leave, healthcare leave and vacation, earning rates and service awards.

4. The employee shall be placed in the salary range as if the employee had been on a Leave of Absence Without Pay.

5. The probationary status of the employee shall be as if the employee had been on a Leave of Absence Without Pay except that a probation period shall be established as determined by Article III, Sections 1.B.1. and

HP-84
1.B.2. if reemployment is in a higher class or an occupational series different from that employed in at the time of layoff.

B. An employee who has voluntarily reduced under the provisions of this Article and is subsequently reemployed, within a two (2) year period from the date of reduction, in a regular or limited-term position in the class from which the employee reduced shall receive the following considerations:

1. The employee shall be placed in the salary range either as if the employee had been on a Leave of Absence Without Pay, or at the step on the salary range closest to, but which does not exceed, the employee's salary in the lower class, whichever is higher.

2. The merit increase eligibility date shall be reestablished as determined by the Chief Human Resources Officer.

3. The probationary status of the employee shall be as if the employee had been on a Leave of Absence.

C. An employee who is voluntarily reduced under the provisions of this Article and is subsequently reemployed, within a two (2) year period from the date of reduction, in a class higher than the one from which the employee was reduced shall receive the following considerations:

1. The employee shall be deemed returned to the class from which the employee had been reduced as provided in B., above.

2. The employee's salary, probation period and merit increase eligibility date shall be determined by treating the employee as though he or she is being promoted from such class.
ARTICLE XII  ON-THE-JOB INJURY, WORKERS' COMPENSATION SUPPLEMENT PAY

Section 1.  Treatment of Industrial Injuries

Whenever an employee sustains an injury or disability arising out of and in the course of County employment and requires medical care, the employee shall obtain treatment according to the provisions of the California Labor Code Section 4600 et seq.

Section 2.  Workers' Compensation Supplement Pay

A. Whenever an employee is compelled to be absent from duty by reason of injury or disease arising out of and in the course of County employment, the employee shall receive workers' compensation supplement pay which, when added to the workers' compensation temporary disability benefit, shall equal eighty (80) percent of the employee's base salary for a period not to exceed one (1) year including holidays.

B. Workers' compensation supplement pay shall begin the same day as the workers' compensation temporary disability benefits. Prior to qualifying for workers' compensation temporary disability benefits, an injured employee may, at his or her option, use any accrued healthcare leave, compensatory time, annual leave and/or vacation, in that order.

C. While an employee receives workers' compensation supplement pay, no deductions nor payments shall be made from any healthcare leave, compensatory time, annual leave or vacation time previously accumulated by the employee. The employee shall not accrue healthcare leave, annual leave or vacation credit during the period in which the employee receives workers' compensation temporary disability benefits.

D. When an injury is determined to be job-related by the County or by the Workers' Compensation Appeals Board, eighty (80) percent of all healthcare leave, compensatory time, annual leave and/or vacation expended since the fourth day of disability shall be restored to the employee's account(s), except that if the injury required the employee's hospitalization or caused disability of more than fourteen (14) days, eighty (80) percent of all healthcare leave, compensatory time, annual leave and/or vacation expended since the first day of disability shall be restored to the employee's account(s).

E. The merit increase eligibility date and probation period of any employee who receives workers' compensation benefits shall be extended by the length of time the employee receives such benefits, except that the first fifteen (15) consecutive calendar days from the date of the injury shall be considered County service for merit increase eligibility and completion of the probation period.
F. When an employee is no longer entitled to receive workers' compensation supplement pay, the employee may, at his or her option, use healthcare leave, compensatory time, annual leave and/or vacation, in that order, if the employee is compelled to be absent from duty as set forth in Paragraph A., above.

G. Time during which an employee receives workers' compensation temporary disability benefits shall be counted toward the computation of County seniority and determination of healthcare leave, vacation and annual leave earning rates.

Section 3. Exposure to Contagious Diseases

Whenever an employee is compelled by direction of a County-designated physician to be absent from duty due to an on-the-job exposure to a contagious disease, the employee shall receive full compensation for a period not to exceed eighty (80) working hours for a full-time employee or fourteen (14) calendar days for a part-time employee. If the absence extends beyond the applicable period, healthcare leave, compensatory time, annual leave and/or vacation may be used, at the employee's option, in that order.
ARTICLE XIII SAFETY

Section 1. General Provisions

Recognizing that a safe work environment is of substantial benefit to both the County and employees, the County and OCEA agree to the following safety program:

A. No employee shall be required to work under conditions dangerous to the employee’s health or safety.

B. The County shall make every reasonable effort to provide and maintain a safe place of employment. OCEA shall urge all employees to perform their work in a safe manner. Employees shall be alert to unsafe practices, equipment and conditions and report any such unsafe practices, equipment or conditions to their immediate supervisors. Employees shall follow safe practices and obey reasonable safety rules during the hours of their employment.

C. Any employee who either does not receive an answer to a safety-related question from his or her supervisor within three (3) days or receives an answer which the employee deems unsatisfactory may directly contact the County Safety Officer.

D. Any employee who is directed to perform a task which the employee in good faith feels is unsafe may request an immediate investigation from the Safety Officer. During the period that the Safety Officer is conducting an investigation, the employee will be assigned to other work at no loss of earnings. If the Safety Officer concludes the task complained of is safe, the employee shall perform the work as instructed.

E. The County shall furnish all equipment which is necessary for employees to perform their job in a safe manner.

F. Wherever practicable, the County shall provide the necessary first aid kits in each location.

G. Wherever practicable, the County shall provide first aid training for one (1) employee at each new work location.

Section 2. Safety Inspection

During inspection of County facilities conducted by the State Division of Occupational Safety and Health for the purpose of determining compliance with the California OSHA requirements, an OCEA designated employee shall be allowed to accompany the inspector while the inspector is in the employee’s department. The employee so designated shall suffer no loss of pay when this function is performed during the employee’s regularly scheduled work hours.
Section 3. **Abatement of Violations**

In any instance in which the County is cited for a violation of CAL/OSHA, the County shall abate the cited hazard to health or safety within the abatement period required.

Section 4. **Safety Representatives**

A. Safety Representatives may be selected by OCEA to meet at least once a month, upon request, with a County designated supervisor or manager for each County facility to discuss matters affecting employee health and safety.

B. The number of Safety Representatives at each facility shall be determined as follows:

1. For facilities with fewer than one hundred (100) Bargaining Unit employees, one (1) Safety Representative may be selected.

2. For facilities with one hundred (100) or more Bargaining Unit employees, one (1) Safety Representative may be selected for each one hundred (100) Bargaining Unit employees or for each fraction thereof.

C. A Safety Representative who has received a safety or health complaint shall be given reasonable time off without loss of pay to gather appropriate information on such complaint provided that:

1. The Safety Representative obtains permission from his or her supervisor prior to performing such work and reports back to the supervisor when the work is completed.

2. The Safety Representative shall not leave his or her job to perform such work unless his or her supervisor determines that the employee's absence will not unduly interfere with the work of the unit in which the employee is employed. However, an effort will be made to grant such time off as soon as it is feasible to do so.

3. When an authorized Safety Representative must go into another section or unit to gather information regarding a safety or health complaint, the Safety Representative shall be permitted to do so provided that:

   a. the Safety Representative checks in and checks out with the supervisor of the unit; and

   b. he or she does not unduly interfere with the work of the unit.
Section 5. Resolution of Safety or Health Complaints

If a safety or health complaint is not satisfactorily resolved, the Safety Representative may request to meet with the County Safety Officer to resolve the complaint. If the complaint is not resolved, a grievance may be filed at Step 2 of the grievance procedure.
ARTICLE XIV     UNIFORMS AND SPECIAL EQUIPMENT

Section 1. Uniforms

The County will continue the current system of providing and/or laundering uniforms for employees in the Unit who are currently provided uniforms.

Section 2.  Payroll Deduction

A. Membership dues of OCEA members in this Representation Unit and insurance premiums for such OCEA sponsored insurance programs as may be approved by the Board of Supervisors shall be deducted by the County from the pay warrants of such members. The County shall promptly transmit the dues and insurance premiums so deducted to OCEA.

B. OCEA shall notify the County, in writing, as to the amount of dues uniformly required of all members of OCEA and also the amount of insurance premiums required of employees who choose to participate in such programs.

Section 3.  Employee Information Listing

Once each quarter, during the term of this Memorandum, the County shall provide OCEA with a listing of all current employees in this Unit. Such file shall include employee name, job classification, department, timekeeping location, salary range and step. The County shall also provide OCEA with any other information needed pursuant to Article XX, Section 3. OCEA agrees to pay all costs necessary to providing such lists.

Section 4.  Use of Bulletin Boards

Space shall be made available to OCEA on agency/departamental bulletin boards within the Representation Unit provided such use does not interfere with the needs of the department and material posted is not derogatory to the County, County employees or other employee organizations. Notice shall be dated and signed by the authorized representatives of OCEA responsible for its issuance.

Section 5.  Use of County Facilities

OCEA may, with the approval of the Chief of Employee Relations, hold meetings of their members on County property during nonworking hours provided request is made to the Chief of Employee Relations as to the specific location and dates of the meeting prior to such meeting.
ARTICLE XVI  MANAGEMENT RIGHTS

The County retains any rights, powers or authority it had prior to the signing of this Agreement except as those rights are or may during the term of this Agreement be directly or indirectly affected by this Agreement or applicable law. Such rights shall include, by way of example but not limitation, the right to manage the County and direct the work force, including the right to hire, select, discipline, transfer and assign work. Nothing in this provision shall be construed to restrict grievances concerning this Agreement or to limit or waive the rights of the parties pursuant to law or this Agreement.
ARTICLE XVII    NONDISCRIMINATION

Section 1.

The County and the Orange County Employees Association agree that the provisions of this Memorandum of Understanding shall be applied to employees without discrimination as required by state and federal law.

OCEA shall not discriminate in membership or representation as required by state and federal law.
ARTICLE XVIII  POSITION CLASSIFICATION

Section 1.  The Establishment of New Classes

The County will provide OCEA an information copy of the new class specification for any proposed class relevant to this Bargaining Unit. The County agrees to meet and confer with OCEA in an attempt to reach agreement on the salary range and probation period for any such proposed class before submitting the class to the Board of Supervisors for adoption.

Section 2.  Reclassification of a Position

A. Sections 3. and 4. shall apply only to individual classification problems or studies involving small numbers of employees where the issue is a question of allocating a position to the appropriate class. Classification Maintenance Reviews are excluded from the provisions of Sections 3. and 4.

B. Classification Maintenance Review is defined as 1) any study which involves all positions in a class or series except for a class or series with five (5) or fewer positions; 2) any study which involves all positions in an organizational unit which is greater than five (5) positions; 3) any study in which the class concept, minimum qualifications or salary relationship is at issue.

C. By mutual agreement, the County may contract with a consultant to carry out Classification Maintenance Reviews. Provisions of Section 5. will apply.

Section 3.  Procedure for Requesting Reclassification of a Position

Step 1: An employee who believes his or her position is not properly classified may submit a written request to his or her department head that a classification study be conducted. Requests shall state the reasons the employee believes the present class is not appropriate and which class the employee believes is appropriate based on the employee's present duties.

Step 2: Appropriate department response to an employee's request for reclassification includes, but is not limited to, denial of request or forwarding of the request to the Human Resources Department with a recommendation that a classification study be conducted.

   a. If the request is denied, the employee shall be given a written statement of the reasons for the denial. If management denies the request or fails to respond within thirty (30) calendar days, the employee may submit the request to OCEA for consideration.

   b. If the Human Resources Department studies a position at the employee's request as provided above and the employee does not
agree with the County's decision, the employee may submit the request to OCEA.

Step 3: After receiving an employee request for study, OCEA may request in writing that the Human Resources Department conduct a classification study of the position or refer the matter to a consultant, as provided in Step 4. Such requests are to be timely.

Step 4: The Human Resources Department shall determine when the position was last studied and whether there has been a change of duties or change in classification structure which justifies restudy.

a. If the study is justified and the request is made under Step 2.A., the employee shall be given a Position Description Form within fifteen (15) days. Within one hundred twenty (120) calendar days after the Human Resources Department receives the completed Position Description Form, the Human Resources Department shall notify OCEA of the appropriate classification of the position.

b. If the study is justified, and the request is made under Step 2.B., the Human Resources Department shall complete the study in thirty (30) days and communicate the results to OCEA. If the study is not completed within thirty (30) days, upon request of OCEA the matter shall be referred to a consultant under the provisions of Section 5. of this Article.

c. If the study is not justified, the County shall notify OCEA within fifteen (15) days. OCEA may accept the County position that the study is not justified or may request a consultant review as provided in Section 5.

Section 4. Limitations on Concurrent Studies

A. The County shall not be required to initiate a study if the total number of positions currently requested by OCEA for reclassification studies plus the new request exceeds twenty-five (25) positions.

B. The numerical limitation shall apply only to studies for which Position Description Forms have been initiated and shall not include studies which have been referred to or are pending referral to a consultant.

C. In the event of a major layoff of County employees, all time limits in Section 3. of this Article shall be extended forty-five (45) days.
Section 5. **Review of Disputed Position Classification Decisions**

A. If the County does not respond at the end of the appropriate time period as specified in Section 3, Step 4 of this Article or OCEA does not agree with a position classification decision of the County after the steps in Section 2 or 3 of this Article have been followed, the issue may be presented to a classification consultant for advisory review. Other provisions notwithstanding, no more than fifty (50) positions may be referred to a consultant per fiscal year except that any maintenance study done by a consultant shall not be included.

B. The consultant's review shall be documented on forms supplied by the County and used by the County for documenting its classification decisions.

C. The consultant shall have access to the organizational and classification files of the Human Resources Department and shall have the right to conduct the classification study in the manner the consultant deems most appropriate.

D. Any salary change for any employee resulting from a consultant's advisory recommendation shall be effective no sooner than the beginning of the pay period following the decision of the County at Step 4 of the procedure described in Section 3, above.

E. A consultant shall be chosen who has experience in conducting position classification analyses for local governmental agencies. The consultant will be chosen by a committee with an equal number of County and OCEA members. The cost of the consultant shall be shared equally by the County and OCEA.

2. The County will pay the following percentage of the premium for employees electing any health insurance plan other than the Sharewell Choice PPO plan:

   b. Employee and Dependent Coverage - seventy (70) percent of the total health plan premium for each employee and such employee’s eligible dependents or seventy-five (75) percent of the employee’s premium if the employee completes the Wellness Incentive program.

   c. Employees will pay the remaining portion of the total plan premium and consent to have their portion deducted from their County regular or supplemental payroll checks.

3. Employees who elect the Sharewell Choice PPO plan will not only have their insurance premium fully paid by the County but will also receive a payroll credit per plan guidelines. In addition, those employees who elect the Sharewell Choice PPO plan are not required to participate in the Wellness Incentive program.

4. The health plans and their premiums are adopted by, and may be modified by, the Board of Supervisors. Plan descriptions are contained in the plan documents available through HRS/Employee Benefits.

B.   Part-Time Employees

1. Except as modified in Section 1.C., D., E., and F. below, the County will offer health plans to all part-time regular, limited term, and probationary employees. Enrollment of part-time employees shall be restricted to employees whose normal workweek consists of at least twenty (20) hours.
2. The County will pay the following percentage of the premium for employees electing any health insurance plan other than the Sharewell Choice PPO plan:

   a. Employee Only Coverage – forty-five (45) percent of the employee’s premium or fifty (50) percent of the employee’s premium if the employee completes the Wellness Incentive program;

   b. Employee and Dependent Coverage – thirty-two and one-half (32.5) percent of the total health plan premium for each employee and such employee’s eligible dependents or thirty-seven and one-half (37 ½) percent of the total health plan premium, for each employee and such employee’s eligible dependents if the employee completes the Wellness Incentive program.

   a. Employee Only Coverage – one hundred (100) percent of the premium;

   b. Employee and Dependent Coverage – per subsection B.2.b above

   In addition, those employees who elect the Sharewell Choice PPO plan are not required to participate in the Wellness Incentive program.

4. Coverage shall be terminated for any employee whose normal assigned hours are reduced to less than twenty (20) in a full workweek.

5. The health plans and their premiums are adopted by, and may be modified by, the Board of Supervisors. Plan descriptions are contained in the plan documents available through HRS/Employee Benefits.

C. Two married full-time employees who are enrolled in the same health plan must be enrolled as Employee Married to Employee (EME). While enrolled as EME, for each EME subscriber who does not complete the Wellness Incentive program, the County will pay ninety-five (95) percent of employee and dependent coverage. For each EME subscriber who does complete the Wellness Incentive program, the County will pay the full cost of employee and dependent coverage for each EME. EME dependents are not required to
participate in the Wellness Incentive program. Employees must report any subsequent changes in marital status, such as legal separation or divorce, within 30 days of the event. Failure to report legal separation or divorce from a covered spouse shall require repayment of all premiums paid by the County under this program during the period in which the employees were ineligible due to legal separation or divorce.

The County will administer the following Flexible Spending Accounts:

Section 1.  Dependent Care Reimbursement Account (DCRA)

The County will administer a Dependent Care Reimbursement Account that will allow eligible employees the opportunity to allocate a specified amount of biweekly pre-tax salary into the employee’s dependent care reimbursement account to pay for dependent care expenses as permitted by state and federal law, regulations and guidelines, and as permitted by the County’s Section 125 Plan Document.

Section 2.  Health Care Reimbursement Account (HCRA)

The County will administer a Health Care Reimbursement Account that will allow eligible employees the opportunity to allocate a specified amount of biweekly pre-tax salary into the employee’s health care reimbursement account to pay for health care expenses as permitted by state and federal law, regulations and guidelines, and as permitted by the County’s Section 125 Plan Document.
ARTICLE XXV PERFORMANCE INCENTIVE PROGRAM (PIP)

Effective, June 1, 2015, employees who are granted PIP awards will receive non-cashable time off of twenty (20) hours. This time off will not be subject to the requirement that PIP time be taken off within one (1) year.

All other performance management components of PIP remain in effect.
ARTICLE XXVI  LABOR MANAGEMENT COMMITTEES

Section 1.  Introduction

A. The County and OCEA desire to mutually encourage a cooperative, collaborative partnership approach to addressing and resolving workplace issues. The County and OCEA further desire to provide an opportunity for labor and management representatives to promote and maintain harmonious labor/management relations through the establishment of department Labor Management Committees. This section is not intended to change or replace mutually agreeable existing arrangements, including labor-management forums, except by mutual agreement.

B. The Labor Management Committee (LMC) process is intended for department management and labor representatives to collaborate in a regularly scheduled (at least monthly) forum to develop solutions to workplace issues that are deemed appropriate for discussion. The County and OCEA recognize that this process will provide an important opportunity to achieve mutually acceptable solutions to workplace issues.

C. It is the intent of the process that each party should raise issues prior to making decisions or adopting courses of action that may affect the other party.

D. An issue may be considered by the LMC members unless the issue:

1. Concerns only an individual employee, such as that employee’s performance evaluation, PIP award, discipline or an individual problem with another employee;

2. Has County-wide impact; or

3. Involves the classification of one or more employees.

E. LMC members will have the authority to discuss and develop solutions to workplace issues submitted by employees and management and to present those solutions to the LMC Sponsors.

F. The activities of LMCs will be effectively communicated to all employees through monthly newsletters or other mutually agreeable methods.
Section 2. Structure

A. The LMC program shall be jointly administered by four central LMC Program Sponsors, two of whom shall be appointed by the Chief of Employee Relations and two of whom shall be appointed by OCEA. Any issue concerning the implementation or administration of the LMC process may be referred to the LMC Program Sponsors by request of either party.

B. 1. Every department shall have an LMC.

2. The department LMC structure shall consist of management representatives selected by the department and employee representatives selected by OCEA. The LMC Program Sponsors may also select representatives to participate on the LMC.

3. Each department LMC shall have two sponsors who may or may not be members of the LMC: the department head and a representative designated by OCEA. The role of the sponsors is to monitor the direction and progress of the LMC and to provide the support and resources necessary to constructively address and resolve workplace issues.

Section 3. Time Off for LMC Activities

A. A reasonable number of employees shall be allowed reasonable time off without loss of pay to serve as employee representatives in the LMC process.

B. In addition to A, above, reasonable time off without loss of pay shall be given to employees and LMC employee representatives as necessary to effectuate the purposes of the LMC process.

Section 4. Process

A. Employees may submit a form entitled Workplace Issue Statement Form describing the workplace issue, the recommended change(s) and the advantage(s) associated with the change. Employees may choose to remain anonymous when submitting their workplace issue; however, anonymity may hinder the ability of the LMC to fully evaluate the issue presented.

B. Employees may submit the Workplace Issue Statement form to any active LMC member or to LMC sponsors.

C. The LMC member shall discuss and develop possible solutions to the submitted workplace issues. An LMC member may contact the employee who submitted the workplace issue to obtain additional information/clarification.
D. Workplace issue solutions will be determined by a consensus of the members present at the LMC meeting and submitted as a recommendation to the LMC sponsors.

E. Within 30 days of receipt of the LMC recommendation, the department LMC sponsors shall respond to the LMC members in writing, indicating their acceptance, suggested modifications or rejection of each proposed solution and/or schedule for implementation. The sponsors shall provide written reasons for a rejection/modification of a solution submitted by the LMC.

D. Any issue which is not resolved by the department LMC shall upon request by either departmental sponsor be submitted to the central LMC Program Sponsors for advisory review.
ARTICLE XXVII  SALARY

1. Effective the first day of the first pay period following adoption of this 2023-2026 MOU, the salary scheduled will be increased by 4.75%.

2. Effective June 28, 2024, the salary schedule will be increased by 4.25%.

3. Effective June 27, 2025, the salary schedule will be increased by 4.00%.
ARTICLE XXVIII   DEPENDENT/CHILD CARE AND WORK-LIFE BALANCE

ARTICLE I  
WORKWEEK, OVERTIME AND PREMIUM PAY

Section 1.  Workweek

A. The official workweek for full-time employees in classifications designated as non-exempt from FLSA shall be forty (40) hours. The workweek shall begin on each Friday at 12:01 a.m. and end with the following Thursday at 12:00 midnight except for employees working an alternate schedule, such as a 9/80. For these employees the beginning and end of the workweek shall be the mid-point of their eight (8) hour day. However, for employees on an alternate schedule that does not meet the parameters described above, a different workweek may be designated. Work ordered and performed in excess of forty (40) hours actually worked in a workweek, or eighty (80) hours of paid time in the pay period for employees in FLSA exempt classifications, shall be overtime. Work ordered and performed in excess of forty (40) hours of paid time in a workweek, or eighty (80) hours of paid time in the pay period for employees in FLSA exempt classifications, in accordance with an emergency declared by the Board of Supervisors, activation of the County’s Emergency Operations Center (EOC) or Agency/Department Operations Center (DOC), shall be overtime.

1. Employees shall receive compensation on a biweekly basis. The pay period for employees in specified agencies, departments or divisions shall start on a Friday and end on the second Thursday thereafter.

2. Work shall not be regularly scheduled on more than ten (10) calendar days during any pay period and scheduled days off shall fall on at least two (2) consecutive calendar days. Alternate work schedules shall not be implemented without the County and OCEA first negotiating and attempting to reach agreement on such hours of work for each division or work unit in each agency or department proposing implementation of such alternate work schedules.

B. The County agrees to give employees a seven (7) calendar day advance notice of a shift change whenever practicable.

C. No employee shall be permitted to work more than sixteen (16) consecutive hours except in an emergency situation.

D. The County shall discuss with OCEA any proposed changes in existing scheduled hours of work before such changes are put into effect. Whenever practicable, the County shall provide written notification of such proposed changes to OCEA at least fourteen (14) calendar days before such changes are put into effect.

E. Except as otherwise provided, no employee may be employed in one (1) or more positions, full or part-time, more than the total number of hours for the employee’s work period as defined in A., above, except on authorized overtime.
F. This Section shall not prevent an employee or group of employees from requesting a modified work schedule. Such requests may be implemented by an agency/department.

1. Upon written request by OCEA, the County agrees to study the feasibility of establishing work schedules consisting of either:
   a. four (4) ten (10) hour workdays per week;
   b. four (4) nine (9) hour workdays each week with an additional eight (8) hour workday on alternate weeks;
   c. twelve (12) hour workdays;
   d. flex time.

2. The County shall initiate such studies within thirty (30) days and provide a written response within ninety (90) days.

3. OCEA agrees not to request more than twelve (12) such studies concurrently for the combined units represented by OCEA and no more than three (3) concurrently for each agency/department.

4. The County agrees to discuss with OCEA any findings and recommendations prior to reaching a final decision and implementation.

G. In addition to any other position or positions that are held, an employee may also voluntarily work in a capacity authorized for the Registrar of Voters in the course of an election provided that such election work does not unduly interfere with the employee’s regular assignment. Election work shall be compensated at the rate authorized for such work.

Section 2. Overtime

A. Notification of Employees of Work Required Beyond Normal Schedule

If in the judgment of the agency/department, work beyond the normal workday, workweek or work period is required, the agency/department will notify any employee who may be asked to perform such work of the apparent need as soon as practicable prior to when the work is expected to begin. If this additional work results in hours worked in excess of forty (40) in the employee’s designated workweek for classifications designated as non-exempt from FLSA or eighty (80) in FLSA exempt classifications, the employee shall be compensated for these excess hours at the overtime rate as defined by Section 2.C.1.

B. Distribution of Overtime
1. The County shall make a reasonable effort to make overtime opportunities available on an equal basis to employees capable of performing the work.

2. If the responsible supervisor determines that overtime is necessary on work that started on an assigned shift, the assigned employee(s) may continue with that work as an extension of the assigned shift.

3. If the responsible supervisor determines that overtime is necessary on a client case or patient case already assigned to a particular employee, any such overtime may be assigned exclusively to that employee.

4. The County and OCEA may meet and confer and, in so doing, shall attempt to reach agreement regarding specific provisions for the distribution of overtime among employees of various individual work units. Such provisions shall be consistent with Sections 2.B.2. and 3. above.

C. Payment for Overtime

1. Except as provided in 2.C.3., below, overtime shall be compensated at one and one-half (1 1/2) times the regular rate.

2. Except as provided in 2.C.3., below, for all regular, limited-term and probationary employees, overtime may be converted to compensatory time or paid for at the option of the agency/department. Consideration shall be given to effectuating the wishes of employees. The maximum number of CTO hours which may be accrued by any employee is eighty (80). If an employee accrues 80 hours of CTO, he/she cannot accrue additional CTO until he/she uses some of the hours in his/her bank; instead, employees will be paid for all overtime work performed in excess of that amount.

3. Overtime hours worked by extra help employees shall be paid.

4. Compensatory time earned and accrued by an employee in excess of thirty-two (32) hours may be scheduled off for an employee by his or her agency/department; however, consideration shall be given to
effectuating the wishes of those employees requesting specific compensatory time off periods.

3.

8.

9. 5. No scheduled compensatory time off will be cancelled except in cases of emergency.

4.

10.

11. 6. In no case may an employee's work schedule be changed during the workweek when the purpose of such change is to avoid overtime compensation.

5.

12.

13. 7. Time worked as overtime shall not be used to earn fringe benefits or to serve out probation or merit increase periods. Compensatory time off may be used as part of the established workweek to earn fringe benefits and to serve out probationary and merit increase periods.

6.

14. 7. 8. An employee separating from the County service shall be paid for accumulated compensatory time in a lump sum payment.

Section 3. Rest Periods and Cleanup Time

A. Employees shall be allowed rest periods of fifteen (15) minutes during each four (4) consecutive hours of work.

Such rest periods shall be scheduled in accordance with the requirements of the agency/department, but in no case shall rest periods be scheduled within one (1) hour of the beginning or the ending of a work shift or lunch period. The County may designate the location or locations at which rest periods may be taken.

Rest periods shall be considered hours worked and employees may be required to perform duties, if necessary.
B. Each employee shall, when necessary, be permitted up to fifteen (15) minutes of paid County time at the end of each work shift to perform such activities as cleaning up a work area, putting away tools, personal wash-up and changing clothes.

ARTICLE II PAY PRACTICES

Section 1. Compensation for Employees

Employees shall receive compensation at the biweekly or hourly rate for the range and step or flat rate assigned to the class in which they are employed.

Section 2. Pay for New Employees

A. A new employee shall be paid at the recruiting step of the salary range in effect for the particular class or position in which the new employee is hired except as provided in Sections 2.B., C., and D., below.

B. Upon recommendation of the Chief Human Resources Officer, the Board may, by minute order, authorize that a particular position be filled at any step within the range. When the Board authorizes the filling of the position at a step which is higher than the recruiting step of the salary range, it may, by minute order, advance the salary of incumbents of positions in that class or related classes in order to retain equitable relationships.

C. The agency or department head may authorize the appointment of employees at any of the first eight (8) steps of the salary range. Such appointments shall be made only when the agency or department head makes a determination that there is a direct and measurable benefit to the County from such appointments and makes a determination that the applicant's previous training and experience enables him or her to make a greater contribution than a less experienced employee.

D. Upon recommendation of the agency or department head, the County Executive Officer may authorize the appointment of employees beyond step eight (8) of the salary range when there is a direct and measurable benefit to the County for such appointment.

E. 1. The County may adjust the recruiting step of classes during the term of this Agreement, wherever justified, by recruiting and labor market considerations.

2. If a recruiting step is decreased, incumbents of the class will be unaffected.

3. If a recruiting step is increased for a class, all employees in that class below the new recruiting step shall be advanced to the new recruiting step and a new merit increase date shall be assigned as provided in Section 3.CB. for new employees.

4. Any regular employee whose salary could be bypassed by a new employee, if that employee was hired the date of the recruiting rate change, shall have his or her merit increase date advanced to the same date provided for such new employee.

HP - 21
Section 3. Merit Increase Within Range

A. Extra help employees shall not be eligible for merit increases within range.

A. Salary increases within a range shall not be automatic. They shall be based upon merit and granted only upon the affirmative recommendation of the agency/department head.

B. A new or reemployed employee in a regular or limited-term position shall have a merit increase eligibility date which shall be the first day of the pay period following the completion of the first twenty-six (26) weeks of service within that class. The granting of an Official Leave of Absence (other than a Military Leave) or the imposition of a suspension shall cause the merit increase eligibility date to be extended a number of calendar days equal to the Official Leave or suspension. The extended merit increase eligibility date will be effective the first day of the pay period after said date. Subsequent merit increase eligibility dates shall be the first day of the pay period following the completion of fifty-two (52) week intervals subject to the same postponement for Official Leaves of Absence or suspensions.

When an employee is absent from work and not posting personal leave balances (with the exception of Military Leave), the merit increase eligibility date shall be extended by the number of days the absence exceeds the Department Leave and rounded to the first day of the first full pay period. Subsequent merit increase eligibility dates shall fall on the first day of the pay period following the completion of fifty-two (52) week intervals after the extended merit increase eligibility date.

A suspension shall cause the merit eligibility date to be extended by the total number of calendar days equal to the suspension and rounded to the first day of the first full pay period.

A military leave, paid or unpaid, shall not result in the extension of a merit increase eligibility date.

B. C. D. An employee in a part-time regular or limited-term position who has not completed one thousand forty (1040) paid hours exclusive of overtime by his or her first merit increase date shall have the merit increase eligibility date postponed until the first day of the pay period following completion of one thousand forty (1040) paid hours exclusive of overtime. Likewise, an employee in a part-time regular or limited-term position who has not completed two thousand eighty (2080) paid hours exclusive of overtime between subsequent merit increase eligibility dates shall have his or her merit increase eligibility date postponed until the first day of the pay period following completion of two thousand eighty (2080) paid hours exclusive of overtime. Where an employee’s record consists of a combination of full-time and part-time service,
both periods of service shall apply towards merit increase eligibility with the part-time service being applied proportionately to the appropriate full-time interval.

**DE.**

1. Merit increases may be granted for one (1), two (2), three (3) or four (4) steps within the salary range based upon the employee's performance. A performance rating of “meets performance objectives” shall earn a two (2) step increase. Effective June 1, 2015, a performance rating of “meets performance objectives” shall earn a one (1) step increase.

2. For any employee hired on or after July 15, 1977, the determination as to whether or not to grant merit increases beyond Step 10 (Step 12 for employees assigned to Salary Schedule G), and if granted, in what amounts, shall be solely within the discretion of the agency/department head and shall be based on merit.

**EF.** If, in the agency's/department's judgment, the employee's performance does not merit a salary increase on the merit increase eligibility date and a deferral of decision accompanied by an intensive effort at improved performance might be productive, the agency/department shall complete the structured merit rating and defer a decision regarding the merit increase any number of pay periods, but not to exceed thirteen (13) pay periods. A deferral of less than thirteen (13) pay periods may be further extended not to exceed thirteen (13) pay periods from the original merit eligibility date. The employee may be reevaluated at any time, but in any event shall be reevaluated on the structured merit rating prior to the end of the thirteenth pay period. The employee's merit increase eligibility date shall not be changed by such deferral.

**GF.** Should an employee's merit increase eligibility date be overlooked through an error and upon discovery of the error the employee is granted a merit increase, the employee shall be compensated for the additional salary the employee would have received dating from the employee's merit increase eligibility date.

**Section 4. Salary on Promotion**

A. Except as modified by B. and C., below, a regular, limited-term or probationary employee who is promoted to a position in a class with a higher salary range shall receive the recruiting salary for the higher class or such higher amount as would be the closest to a two (2) step increase on the range over the salary received prior to the promotion not to exceed the top step of the range. A new merit increase eligibility date shall be established which shall be the first day of the pay period following completion of the first twenty-six (26) weeks of service in the new class except that the employee will retain their former merit increase eligibility date if the promotion was the result of a Classification Maintenance Review as defined in Article XVIII, Section 2.B.
B. Any employee who is promoted to a class from which the employee was previously reduced without a salary decrease shall be placed at a salary step no higher than the step which the employee would have achieved if the employee had remained in the class to which he or she is promoted and had demonstrated at least standard performance. The employee's merit increase eligibility date shall be reestablished in order to credit the employee with any time formerly served in the higher class.

C. Upon recommendation of the agency/department head, the County Executive Officer may, based on consideration of such factors as external market data, internal salary relationships, position responsibilities and sound management principles, approve a rate of pay on promotion not to exceed the top pay range to which employee is being promoted.

Section 5. Salary on Reassignment

A. When a regular, limited-term or probationary employee is reassigned to a class with the same recruiting step, such employee's salary and merit increase eligibility date shall not change. Such employee shall have the same probation status which would have been achieved if the employee had been in the new class throughout the period of such service in the old class.

B. When a regular, limited-term or probationary employee is reassigned to a class with a higher recruiting step, such employee's salary shall be advanced the number of steps difference between recruiting steps and the employee shall retain his or her former merit increase eligibility date, except as provided in E., below. Such employee shall have the same probation status which would have been achieved if the employee had been in the new class throughout the period of such service in the old class.

C. When a regular or limited-term employee is reassigned to a class with a lower recruiting step, such employee's salary and merit increase eligibility date shall not change. Such employee shall have the same probation status which would have been achieved if the employee had been in the new class throughout the period of such service in the old class.

D. When a probationary or probationary limited-term employee is reassigned to a class with a lower recruiting step, such employee shall have the same salary, step status, probation status and merit increase eligibility date as would have been achieved if the employee had been in the new class throughout the period of such service in the old class.

E. When a regular, limited-term or probationary employee is involved in a series of reassignments among classes with the same salary range but different recruiting steps or a series of reassignments among classes on different salary ranges or is reassigned through a Classification Maintenance Review as defined in Article XVIII, Section 2.B to a class on a different salary schedule, their salary and merit increase eligibility date shall be determined by the Chief Human Resources Officer.
Section 6. Salary on Reduction

A. 1. When a probationary employee is reduced to a class not previously occupied by the employee, the employee shall receive the recruiting step for the lower class and shall receive a new merit increase eligibility date as provided in Section 3.CB., above, or the employee's salary and merit increase eligibility date may be determined by the Chief Human Resources Officer.

2. When a promotional probationary employee, an employee who has been on a temporary promotion or a regular employee who was promoted to a limited-term position at the direction of the employee's agency/departament head is reduced to a class the employee occupied in good standing, the employee shall have the step status and merit increase eligibility date he or she would have achieved if the employee had remained in the lower class throughout the period of his or her service in the higher class.

B. When a regular or limited-term employee is reduced to a position in a lower class by demotion for reasons of unsatisfactory performance, the employee's salary shall be reduced to a step on the salary range which would be the closest amount to a two (2) step reduction or the employee shall receive the maximum step of the salary range of the new class, whichever is lower. The employee's merit increase eligibility date shall be the first day of the pay period following completion of fifty-two (52) weeks of service in the new class, unless the employee thereby is placed at the recruiting step of the new salary range, in which case the employee's merit increase eligibility date shall be the first day of the pay period following the completion of twenty-six (26) weeks of service in the new class.

C. When a regular or limited-term employee in good standing is reduced to a position in a lower class for physical disability or reasons other than unsatisfactory performance, the employee shall receive the highest salary in the new range that does not exceed the employee's rate of pay immediately prior to reduction and shall retain his or her merit increase eligibility date, except:

1. The salary of an employee in the classification of Behavioral Health Nurse who voluntarily reduces to Public Health Nurse Trainee shall be treated as a reassignment as the employee will not be required to take a reduction in pay, shall remain on the Behavioral Health Nurse salary schedule and remain at the same salary step. The reassigned employee will serve a promotional probation period in accordance with Article III, Section 1.B. A new merit increase eligibility date shall be established which shall be the first day of the pay period following completion of the first twenty-six (26) weeks of service in the Public Health Nurse Trainee class. Any merit increases granted as a Public Health Nurse Trainee shall not exceed the
top step of the Behavioral Health Nurse salary schedule. If the Public Health Nurse Trainee promotes to Public Health Nurse or any other classification with a higher salary range than Behavioral Health Nurse, the promotion will be subject to Article II, Section 4, *Salary on Promotion*.

D. When a regular, limited-term or probationary employee is reduced because the position the employee occupied is reclassified, the applicable salary shall be determined as follows:

1. If the salary of the employee is the same or less than the maximum of the new class, the salary of the employee shall not change except if the reduction is the result of a Classification Maintenance Review as defined in Article XVIII, Section 2.B in which case the new salary will be the closest step on the new salary range which is not lower than the current rate of pay; in any case, the merit increase eligibility date of the employee shall not change.

2. If the salary of the employee is greater than the maximum of the new range, the salary of the employee shall be designated as a Y-Rate and shall not change during continuous regular service until the maximum of the new range exceeds the salary of the employee or until the period of calendar time indicated in the schedule below has elapsed, whichever is sooner. If, at the end of the calendar period indicated below, the salary of the employee still exceeds the maximum of the new salary range, the salary of the employee shall be reduced to the maximum salary for the new class.

Changes in salary resulting from a classification study shall be subject to the provisions of Article XIX.

B. If a class is reassigned to a different salary range, each employee in the class shall be compensated at the same step in the new salary range as he or she was receiving in the range to which the class was previously assigned.

Section 10. Additional Compensation
Notwithstanding anything in this Memorandum of Understanding to the contrary when in the judgment of the Board, it becomes necessary or desirable to utilize the services of County employees in capacities other than those for which they are regularly employed, the Board may authorize and, if appropriate, fix an additional rate of compensation for such employees.

Section 11.  Paycheck Deposit

A. The County will permit an employee to authorize automatic deposit of his or her Paycheck to a financial institution of the employee's choice, if and when the Chief Human Resources Officer and Auditor-Controller determine it is feasible.
