Item No: 56

County of Orange Report on Grant Applications/Awards

The Grants Report is a condensed list of grant requests by County Agencies/Departments that allows the Board of Supervisors to discuss and approve grant submittals in one motion at a Board meeting. County policy dictates that the Board of Supervisors must approve all grant applications prior to submittal to the grantor. This applies to grants of all amounts, as well as to new grants and those that have been received by the County for many years as part of an ongoing grant. Receipt of grants \$50,000 or less is delegated to the County Executive Officer. Grant awards greater than \$50,000 must be presented to the Board of Supervisors for receipt of funds. This report allows for better tracking of county grant requests, the success rate of our grants, and monitoring of County's grants activities. It also serves to inform Orange County's Sacramento and Washington, D.C. advocates of County grant activities involving the State or Federal Governments.

On June 25, 2024, the Board of Supervisors will consider the following actions:

Approve First Amendment to Standard Agreement No. 22-20121 with the State Department of Health Care Services (DHCS).

The State Department of Health Care Services (DHCS) is required by law to contract with mental health plans for the provision of specialty mental health services to eligible Medi-Cal beneficiaries. The Health Care Agency (HCA) administers the mental health plan on behalf of the County. Accordingly, since January 1, 1998, HCA has contracted with DHCS for the provision of specialty mental health services to eligible Medi-Cal beneficiaries of Orange County.

The First Amendment to the Standard Agreement No. 22-20121 has been approved by Centers for Medicare and Medicaid (CMS) pursuant to close collaboration with DHCS and as required pursuant to the Medicaid Managed Care regulations and then from the Office of Legal Services.

The First Amendment to the Standard Agreement No. 22-20121 does not state a dollar amount, similar to past versions of the

**CEO-Legislative Affairs Office
Grant Authorization eForm**

agreement. This is because DHCS has informed that there is no need for the indication of a dollar amount in the Agreement since the budget and payment provisions of the Agreement obligate DHCS to process valid claims submitted to DHCS in accordance with applicable law and regulations.

On October 4, 2022, your Honorable Board of Supervisors (Board) approved Standard Agreement Number 22-20121 with DHCS for provision of Specialty Mental Health Services to eligible Medi-Cal beneficiaries of Orange County for the period of July 1, 2022, through June 30, 2027.

HCA requests that the Board approve the First Amendment to the Standard Agreement Number 22-20121 with DHCS for provision of Specialty Mental Health Services to eligible Medi-Cal beneficiaries of Orange County as referenced in the Recommended Actions.

This memo is being submitted to request that the County Executive Officer to place the subject grant award on the June 25, 2024, Board of Supervisors (Board) Meeting Agenda.

The Health Resources Services Administration (HRSA) HIV Emergency Relief Projects– Ryan White Part A provides funding to the Orange County Health Care Agency (HCA) to support HIV care and support services to eligible individuals in Orange County for early detection of HIV, rapid linkage to medical care, ultimately resulting in HIV viral load suppression and reduced HIV transmission. These services are intended for individuals disproportionately impacted by HIV, those living at or near the federal poverty level and persons who are ineligible for other HIV care services to increase access to, and retention in, medical care to ultimately reduce transmission of HIV.

<p>The Better Careers Public Workforce Capacity Fund bolsters the internal capacities of local workforce development boards (WDBs) in California. OC Community Resources/Workforce & Economic Development Division serves as the administration of the Orange County Workforce Development Board, the local WDB. If awarded, grant funds can be used to build or strengthen internal infrastructure by supporting staff training, research needed to enhance policies, develop staff skills and improve partnerships to create a collaborative network focusing on leveraging resources to better serve workers and families. There is also a focus to prioritize the creation and connections to quality jobs by expanding understanding of the roles WDBs can play in supporting apprenticeships and other earn-and-learn models, as well as fostering relationships with employers. This grant aims to support internal capacity building rather than directly supporting WDB customer programming. With grant funding, staff would be dedicated to this project, specifically to partnership development and cultivation, and would facilitate collaboration with system partners, identify additional funding opportunities to support and expand workforce programming and help implement infrastructure support activities.</p>

<p>CalVet Mental Health Services Act (MHSA)/Prop 63 program seeks to expand mental health access for veterans, military service members and their families, including treatment and other related recovery programs. Under the program, the Orange County Veterans Service Office (VSO), through a Veterans Case Management/Navigator (Navigator), will enhance service delivery by connecting veterans, military service members and their families with local mental health services. The Navigator will develop community partnerships to improve behavioral health engagement outcomes for veterans, military service members, and their families who seek care coordination, case management and ongoing wraparound services. The program will assist service members and veterans to readjust to civilian life, while also removing barriers and facilitating a smoother assimilation process.</p> <p>To ensure diversity, inclusion and equitable access to mental health services, the Navigator will prioritize connecting under-represented veteran communities such as Women Veterans, Native American Veterans, LGBTQ Veterans, Veterans within Communities of Color, Justice-involved Veterans and Aging Veterans. The CalVet MHSA/Prop 63 Grant funding will be used to support staff needed to enhance linkages to mental health services and develop contracts with legal services providers to address legal matters posing barriers to accessing mental health services and veteran benefits. The California Department of Veterans Affairs standard grant agreement contains a non-standard indemnification provision that requires the County to indemnify and hold CalVet harmless against claims that result from County's performance of the Agreement activities. The FY 2024 Body-Worn Camera Policy and Implementation Program to Support Law Enforcement Agencies (BWCPIP-LEA) is a competitive grant that is designed to provide funding directly to law enforcement agencies working to build trust between the community and law enforcement. The goal of BWCPIP-LEA is to support the

**CEO-Legislative Affairs Office
Grant Authorization eForm**

purchase of body-worn cameras (BWCs) by publicly funded corrections agencies and law enforcement as part of a greater initiative by DOJ to uphold the rule of law, keep our country safe, and to protect civil rights.

In an effort to increase the number of working BWCs in agencies across the county, BJA has designed this grant to include five distinct funding categories. The Orange County Sheriff’s Department (OCSD) is among the largest in the nation, providing a collaborative, dedicated, and innovative approach to public safety. OCSD hopes to fulfill the requirements of category 1 of this grant, which focuses on initiating, piloting, or expanding a BWC program. By expanding demonstration projects that advance digital evidence management, the department hopes to increase both trust and communication between the police and the communities they serve.

Successful applicants will be funded for a three-year cycle, commencing on October 1, 2024 and ending on September 30, 2027.

If awarded, the Sheriff-Coroner Department intends to use the grant funding by investing in a series of cabinets and docks, along with network cable installation. To support BWCs, network circuits, hardware, and additional cameras will be implemented. This program will promote accountability, enhance public trust, and help deter criminal activity and uncooperative behavior during any public interactions with law enforcement.

If the application is approved, the Sheriff will return to the Board of Supervisors for approval to receive the award.

The Homeland Security Grant Program includes the State Homeland Security Program (SHSP) and the Urban Area Security Initiative (UASI). These programs provide grant funding to assist state and local governments in obtaining the resources required to support the National Preparedness goals. In addition, these programs focus on enhancing the ability of state, local, tribal, and territorial governments. The primary objective is to strengthen the capacity of the state, urban areas, and local jurisdictions through the California Office of Emergency Services to prevent, deter, and respond to and recover from the threats and incidents of terrorism that pose the most significant risk to the security of the United States.

The Homeland Security Grant Program helps implement strategies based on risks and capabilities to address specific targets identified in the Threat and Hazard Identification and Risk Assessment (THIRA). These targets are

**CEO-Legislative Affairs Office
Grant Authorization eForm**

established during the THIRA process and evaluated in the State Preparedness Report (SPR). The SPR identifies gaps in planning, organization, equipment, training, and exercises necessary to prevent, protect against, mitigate, respond to, and recover from acts of terrorism. The following are the six federal priorities for FY2023, along with the corresponding amount of HSGP funds that each sub-recipient will be required to propose for each priority area to obtain a total allocation of HSGP funds:

1. Enhancing the protection of soft targets/crowded places - 3% minimum
2. Enhancing information and intelligence sharing and cooperation with federal agencies, including DHS - 3% minimum
3. Combating domestic violent extremism - 3% minimum
4. Enhancing cybersecurity - no minimum percent
5. Enhancing community preparedness and resilience - 3% minimum
6. Enhancing election security – 3% minimum

The Fiscal Year 2023 HSGP will help support effective planning, training, awareness campaigns, exercises, and equipment purchases supporting state priorities. The grant performance period is from September 1, 2023, to May 31, 2026. The Sheriff-Coroner Department will serve as the County fiscal agent, and the Sheriff’s grant management personnel will provide oversight of the award and submission of performance and financial reports.

The Orange County Probation Department requests retroactive approval to apply for the 2024 Proposition 47 Grant Program: Safe Neighborhoods and Schools Act (Cohort 4). Although the Board of State and Community Corrections (BSCC) released a Request for Proposal on April 12, 2024, Probation was delayed in submitting the request for the Board’s permission to apply before the application due date, because determination to pursue the grant was pending until a focus area that would align best with the RFP was identified and developed. There was also the potential for other county agencies to compete, and evaluation was needed so as not to contradict other efforts in the county. This determination was not made until after the deadline for Board approval.

The Orange County Probation Department seeks to partner with community-based organizations to expand diversion services throughout the county to refer youth who have committed minor offenses away from the juvenile justice system. Diversion services provided to youth and their families offer service and support options that can be tailored to the youth’s immediate needs. Employing diversion programs provides the opportunity for alternative interventions in addressing underlying issues that lead to delinquent behavior, offering specialized programs to assist youth dealing with mental health and/or substance use issues. Probation aims to facilitate equitable access to diversion programs, using a streamlined process, and preventing unnecessary contact with the juvenile justice system, by creating required diversion programs to which police departments can directly refer youth. Enhancing the accessibility of youth diversion programs, allows for delinquent behavior to be addressed in a timely manner and handled informally to provide the best opportunity to prevent further offending.

Probation requests that the Board retroactively accepts the request to apply for the Proposition 47 Grant Program: Safe Neighborhoods and Schools Act (Cohort 4) for \$8,000,000, as referenced in the BSCC’s Request for Proposal. Probation will serve as the lead of the application, and Probation’s Administrative personnel will provide oversight of the award and submission of performance and financial reports.

If you have any questions about the grant, please contact Nancy Ehlers, Interim Fiscal Manager at (714) 645-7021.

This grant program is for public agencies aimed at supporting mental health treatment, substance abuse treatment, and diversion programs for people in the criminal justice system, on programs that reduce recidivism of people convicted of less serious crimes. The County Executive Office is requesting a Supplemental Agenda Staff Report for the June 25, 2024, Board Hearing.

Agency: County Executive Office

Subject: Health Care Agency Lease at 27141 Aliso Creek in Aliso Viejo

Districts: 5

Reason Item is Supplemental: The subject lease is necessary for the Health Care Agency (HCA), Adult and Older Adult Behavioral Health Services program, as its current location of 5 Mareblu in Aliso Viejo is being sold, and the program needs a new location. County Executive Office (CEO), Real Estate, negotiated a favorable 15-year lease agreement with Oxford Spectrum Wilson, LLC, a California limited liability company to relocate the Adult and Older Adult Behavioral Health Services program to a new location at 27141 Aliso Creek in Aliso Viejo. As a result, the Agenda Staff Report and attachments were finalized after the filing deadline to the Clerk of the Board. Due to the construction schedule and need to move from present location, CEO Real Estate and HCA do not have the ability to postpone this Board action to a later date.

Justification: This item must be heard on June 25, 2024. The construction schedule for the new building has a substantial completion date of April 26, 2025, and the lease at 5 Mareblu will be expiring on April 30, 2025. It is imperative that this project meets its construction deadline, or the program will have to find a temporary location.

SUMMARY:

Approval of the lease agreement with Oxford Spectrum Wilson, LLC, a California limited liability company, will provide approximately 18,096 rentable square feet of office space on the first floor in a portion of a two-story building located at 27141 Aliso Creek Road in the city of Aliso Viejo, necessary for the Health Care Agency to expand its Adult and Older Adult Behavioral Health Services program.

BACKGROUND INFORMATION:

On July 1, 2003, the Board of Supervisors (Board) approved a lease agreement with Margery G. Geiler, Trust and Leland W. Geiler II, Trust (Current Lessor) for use of 9,946 rentable square feet (RSF) of office space for the Health Care Agency (HCA), Children and Youth, Adult and Older Adult Behavioral Health Services program at 5 Mareblu in the city of Aliso Viejo (Current Premises). On October 23, 2012, the Board extended this lease agreement, which was in month-to-month holdover, for five additional years through June 30, 2017. The Board further extended this lease agreement on July 25, 2017, through the current lease expiration date of June 30, 2024. HCA, Children and Youth, Adult and Older Adult Behavioral Health Services has provided Behavioral Health Services to its south Orange County clients from the Current Premises for nearly 25 years. The Current Lessor is proceeding with the sale of the Current Premises and is not interested in keeping the County as a long-term tenant. The lease for the Current Premises is set to expire on June 30, 2024, which results in the immediate need to relocate this HCA program.

County Executive Office (CEO) Real Estate identified and negotiated a favorable 15-year (Term) lease agreement (Proposed Lease) with Oxford Spectrum Wilson, LLC, a California limited liability company (New Lessor) to relocate the Adult and Older Adult Behavioral Health Services programs from the Current Premises to the new location at 27141 Aliso Creek in Aliso Viejo (Proposed Premises). The Proposed Premises is a comparable and centrally located office that is easily accessible, by public transportation and freeways, and within a very desirable location for clientele who live in this densely populated area. Also on the Board agenda, on the same hearing date as this item, is a 10-month short term extension at the Current Premises to allow continued services and a seamless transition to the Proposed Premises for these programs, as outlined hereafter.

Under the terms of the Proposed Lease, the first year's rental rate will be \$3.47 per RSF, full service gross lease, which includes the cost of lessor-provided services. This rental rate, which is at current market for the southern Orange County area, will increase annually at a fixed three percent. Under the Proposed Lease, the County may use up to four parking stalls for every 1,000 RSF leased within the parking area and may convert up to 10 stalls into reserved parking which shall be proximate to the main entry of the building for daily services. With parking at a premium in Orange County, the parking provided by the New Lessor under the Proposed Lease is a significant benefit and cost savings to HCA.

The Proposed Premises will be delivered to HCA by the New Lessor in "turnkey" condition according to a mutually agreed upon plan and finish schedule. The New Lessor has agreed to use its commercially reasonable efforts to complete and provide, at New Lessor's expense, all improvements, alterations, repairs, equipment, and furniture placement necessary for HCA to conduct business and provide services, as permitted in accordance with the plans and specifications in the Proposed Lease and based upon a budget of approximately \$2.4 million dollars. The County may reimburse New Lessor for any additional improvement costs over the \$2.4 million dollar budget not to exceed \$67 per RSF (totaling \$1,212,432) (County Overage). Such County Overage, as applicable and deemed necessary, may be paid as Additional Rent.

Additionally, Lessor is providing the County with \$10 per RSF, which equates to a total of \$180,960, to be used toward furniture, fixtures and equipment (FF&E), cabling, and any other move-related expense (FF&E Allowance). Any unused FF&E Allowance, at County's sole discretion, may be used to offset rent, towards County Overage, and/or converted to cash. For the first three months of the Lease, from May 1, 2025, through August 1, 2025, the County will receive a total of \$162,864 in abated rent (Free Rent). The County, with prior written notice to Lessor, may elect to convert all or any portion of Free Rent into cash that can be used towards FF&E, cabling and/or any move-related expenses.

The Proposed Lease includes the option to terminate effective at the 124th month of the Term, with at least 12 months prior written notice and a termination fee equal to Free Rent plus any unamortized tenant improvements and brokerage commissions calculated at eight percent.

The Proposed Lease is consistent with HCA's program goals and allows flexibility for future program needs.

Compliance with CEQA: The proposed project is Categorically Exempt (Class 1) from the provisions of CEQA pursuant to Section 15301, because it involves the lease of an existing office facility by a governmental agency involving negligible or no expansion of an existing use.

General Plan: The lease and uses thereunder were previously found to conform to the General Plan of the City of Aliso Viejo pursuant to a letter dated May 28, 2024.

FINANCIAL IMPACT:

Appropriations for this Proposed Lease will be included in HCA's Budget Control 042 FY 2024-25 Budget and will be included in the budgeting process for future years.

The agreement is funded by State: 67%, Other/Fees: 33%.

The below table of the fiscal-year cost is based upon a May 1, 2025, commencement date.

7. OPTION TO EXTEND TERM (1.6 SA)

Provided there is no current County Default under this Lease (as further defined in Clause 28 DEFAULTS AND REMEDIES), either at the time of the exercise of the Option or upon commencement of the Extension Term, County shall have the option to extend the term (the “**Option(s)**”) of this Lease for two (2) five (5) year periods (each an “**Extension Term**”) exercised by the Chief Real Estate Officer and memorialized in an amendment approved by the Board of Supervisors, on behalf of the County, and Lessor. The Fair Market

Rental Value which shall be negotiated at the time of the Option(s) as set forth below and shall not exceed fair market value at the time of the renewal notice. County shall give Lessor written notice of its intent to exercise its Option(s) to extend the Term no sooner than twelve (12) months and no later than nine (9) months prior to the Lease termination date. Time is of the essence in the exercise of the Option(s). The Option(s) shall be personal to County and shall not be exercised by any assignee or sublessee of County. "Term" as used in this Lease shall mean the initial Term and the Extension Term(s) if the Option(s) are duly exercised. If the County exercises the Options(s) to extend, during each of the Extension Term(s) County shall continue to have the option to terminate the Lease pursuant to Clause 8 (OPTION TO TERMINATE).

A. Mutual Agreement. Lessor and County shall have thirty (30) days after County exercises any Option to extend in which to agree on the Fair Market Rental Value, as defined below, for the Extension Term. If Lessor and County are unable to agree on the Fair Market Rental Value for the Extension Term within such thirty (30) days, the provisions of the Appraisal section below shall apply.

B. Factors for Determining Fair Market Rental Value. The "**Fair Market Rental Value**" of the Premises (or applicable portion thereof) shall be the amount that a willing, comparable, new (i.e., non-renewal), non-equity tenant would pay, and that a willing landlord of a comparable space in Orange County would accept at arms' length. Appropriate consideration shall be given to (A) the annual rental rate per rentable square foot; (B) the definition of rentable square feet for purposes of comparing the rate; (C) location, quality and age of the Premises; (D) the financial condition (e.g., creditworthiness) of County; (E) escalation (including type, base year and stop) and abatement provisions reflecting free rent and/or no rent during the period of construction; (F) brokerage commissions, if any; (G) length of the lease Term; (H) size and location (including floor level) of the Premises; (I) building standard work letter and/or tenant improvement allowance, if any (taking into consideration the cost of anticipated tenant improvements as compared to market tenant improvement allowances), provided, however, the Fair Market Rental Value shall not include any tenant improvements or any alterations made by County; (J) condition of space; (K) lease takeover/assumptions; (L) moving expenses and other concessions; (M) extent of services to be provided; (N) distinctions between "gross" and "net" leases; (O) base year figures or expense stops for escalation purposes for both operating costs and ad valorem/real estate taxes; (P) the time the particular rental rate under consideration becomes or is to become effective; (Q) applicable caps on the amount of real estate taxes and assessments passed through to tenants; and (R) other generally applicable conditions of tenancy for the space in question. County shall obtain the same rent and other benefits that Lessor would otherwise give to any comparable prospective tenant.

C. Appraisal. If after the expiration of the thirty (30) day period described in the Mutual Agreement section above, the Parties have not mutually agreed on the Fair Market Rental Value for the Extension Term in question, then the Parties shall use the following method to determine the Fair Market Rental Value (the "**Three Broker Method**"): within ten (10) business days after the expiration of such thirty-day period, each Party shall give written notice to the other setting forth the name and address of a "Broker" (as hereinafter defined) selected by such Party who has agreed to act in such capacity, to determine the Fair Market Rental Value. If either Party has failed to select a Broker as aforesaid, the Fair Market Rental Value shall be determined by the Broker selected by the other Party. Each Broker shall thereupon independently make his or her determinations of the Fair Market Rental Value within twenty (20) days after the appointment of the second Broker. If the two Brokers' determinations are not the same, but the higher of such two values is not more than one hundred five percent (105%) of the lower of them, then the Fair Market Rental Value shall be deemed to be the average of the two values. If the higher of such two values is more than one hundred five percent (105%) of the lower of them, then the two Brokers shall jointly appoint a third Broker within ten (10) days after the second of the two determinations described above has been rendered. The third Broker shall independently make his determination of the Fair Market Rental Value within twenty (20) days after his

appointment. The highest and the lowest determinations of value among the three Brokers shall be disregarded and the remaining determination shall be deemed to be the Fair Market Rental Value. If County is not in agreement with the Fair Market Rental Value at the completion of the appraisal process, the County may rescind its option to extend by notifying Lessor within thirty (30) days of the completion of the appraisal process. Should County choose to cancel its option to extend, County may remain in the Premises for one (1) year under the same terms and conditions, including rental rate, of this Lease.

D. Broker. For the purpose of this Clause 7, “**Broker**” shall mean a real estate broker or salesperson licensed in California, who has been regularly engaged in such capacity in the business of commercial office leasing in the Orange County market for at least ten (10) years immediately preceding such person’s appointment hereunder. Each Party shall pay for the cost of its Broker and one half of the cost of the third Broker.

8. OPTION TO TERMINATE LEASE (1.7 N)

County shall have the option to terminate this Lease effective at the one-hundred and twenty fourth (124th) month of the Term, with at least twelve (12) months prior written notice and a termination fee equal to the amount of free rent (Months 1-3) plus any unamortized tenant improvements and brokerage commissions calculated at eight percent (8%) as shown in Termination Fee Schedule which is attached hereto and by this reference made a part hereof as Exhibit G.

9. RENT (1.8 SA)

County agrees to pay to Lessor as rent for the Premises the sum of sixty-two thousand seven hundred and ninety-three and 12/100 dollars (\$62,793.12) per month commencing on the Commencement Date and adjusted annually by three percent (3%) pursuant to the Rent Adjustment schedule in Clause 10 (RENT ADJUSTMENT) below.

Additionally, Lessor shall abate County’s Rent, as shown below in Clause 10 (RENT ADJUSTMENT), during the initial three (3) months of the Term (“**Abated Rent**”).

To obtain rent payments and payment of any amounts hereunder Lessor (or Lessor’s designee) shall submit to County’s HCA/Facilities Services Manager, in a form acceptable to said HCA/Facilities Services Manager, a written claim for said rent payments.

Payment shall be due and payable within twenty (20) days after the later of the following:

- A. The first day of the month following the month earned; or
- B. Receipt of Lessor’s written claim by the HCA/Facilities Services Manager.

Should County occupy the Premises before the Commencement Date, Lessor shall be entitled to pro rata rent for the period of occupancy and the amount of space occupied prior to the beginning of the Lease Term based upon the monthly installment above. Said Rent shall be included in the rent claim submitted by Lessor for the first full month of the Lease Term and shall be paid by County at the time of payment for said month.

County shall pay Additional Rent in accordance with this Clause. “**Additional Rent**” consists of County Overage and County Revision Costs as defined in Clause 13 (CONSTRUCTION), costs of County-Requested Alterations and Additional Services as defined in Clause 17 (COUNTY-REQUESTED ALTERATIONS OR ADDITIONAL SERVICES), and additional utility charges under Clause 20 (UTILITIES) of this Lease.

10. RENT ADJUSTMENT (1.9 SA)

The monthly rent payable by County for the Premises (“**Rent**”) shall be automatically adjusted as follows:

*** Abated Rent**

The monthly Rent, above, is the amount to be paid by County. The “Per Square Foot” rate, above, is an estimate for statistical purposes only and for no other purpose.

11. ADJUSTMENT FOR COST OF LESSOR SERVICES (2.0 SA) - *Intentionally Omitted***12. RIGHT OF FIRST OFFER (2.1 SA) – *Intentionally Omitted*****13. CONSTRUCTION (2.2 N)**

A. **The Work.** Lessor hereby agrees to complete within the Premises, the alterations, repairs, and other work (the “**Work**”) in accordance with the Work Letter attached hereto and made a part hereof as Exhibit C (the “**Work Letter**”). If the cost of the Work exceeds Two Million Four Hundred Thousand Dollars and 0/100 (\$2,400,000.00), following receipt of invoice from Lessor, County will reimburse Lessor for said additional costs associated with the Work (“**County Overage**”), not to exceed sixty-seven dollars (\$67.00) per RSF, as Additional Rent consistent with Clause 9 (RENT).

B. **Improvement Allowance.** Lessor shall provide County with ten dollars (\$10.00) per RSF to be used toward FF&E, cabling, and any other move-related expense (“**FF&E Allowance**”). Any unused FF&E Allowance may be, at County’s sole discretion, used to offset rent, offset County Overage, and/or converted to cash.

C. **Completion Schedule.** Lessor agrees to have the Work substantially completed, within two hundred and ten days (210) days from the date that permits are issued by the city (the “**Scheduled Delivery Date**”). As used in this Lease, “**Substantial Completion**” or “**Substantially Completed**” means that the Work shall have been completed in accordance with the provisions of this Lease, Exhibit C, and any mutually approved plans and specifications, such that the Premises may be fully occupied and ready for operation by County for the intended purposes, evidenced by signed off permits for such Work which have been issued in connection with

such Work, subject to any “punch list” items, if any. Upon Substantial Completion, Lessor shall send County a “**Work Acceptance Letter**,” attached hereto as Exhibit F. County shall approve and accept the Work by signing the Work Acceptance Letter, which may be subject to completion of items on a punch list, attached to the Work Acceptance Letter by County. County shall not be required to send back the Work Acceptance Letter until County is satisfied that the Work has reached Substantial Completion (other than punch list items, if any) pursuant to this Lease, in County’s sole and reasonable discretion. The “**Final Completion Date**” means Lessor’s completion of the Work as determined by County and as evidenced by the Work Acceptance Letter, and completion of the items set forth in the punch list (if any). The determination of whether the Final Improvement Date has occurred will be made in County’s sole and reasonable discretion.

D. **County Remedies.** If Substantial Completion (as defined in Clause 13(B)) fails to occur on or prior to the Scheduled Delivery Date, other than as a result of an event of Force Majeure (as defined in Clause 49 (FORCE MAJEURE)), or a delay caused by County, Lessor shall be obligated to pay a penalty to County of five hundred dollars (\$500.00) per day for the period from the Scheduled Delivery Date through the day prior to the Final Completion Date as liquidated damages. The Parties agree that this amount is a reasonable and fair assessment of the County’s damages in such a situation. County shall be entitled to pursue all available remedies at law or equity and pursuant to this Lease (as further defined in Clause 28 (DEFAULTS AND REMEDIES)).

E. **Approvals.** All planning and architectural/design costs required to accomplish the Work shall be Lessor’s responsibility and shall be approved by HCA/Facilities Services Manager. Such approvals will not be unreasonably withheld or delayed and if a written disapproval of any request by Lessor is not received within five (5) working days after submission, such request shall be deemed approved. Such approvals by the HCA/Facilities Services Manager shall not relieve Lessor of the responsibility for complying with all applicable codes and construction requirements, nor of obtaining necessary permits or approvals from the authorities of proper jurisdiction.

F. **Punch List.** Upon Substantial Completion (as defined above) of the Work, Lessor shall request the HCA/Facilities Services Manager approval and acceptance of such Work, which approval will not be unreasonably withheld or delayed. Said approval shall be manifested by letter from the HCA/Facilities Services Manager (the Work Acceptance Letter), and may be subject to completion of items on a “punch list,” which shall be generated by County and included in the Work Acceptance Letter. County shall not be required to send the Work Acceptance Letter until County is satisfied that the Work has reached Substantial Completion (other than punch list items, if any) pursuant to this Lease, in County’s sole and reasonable discretion.

In the event County’s approval and acceptance of the Work is given along with a punch list, Lessor shall complete all punch list items within twenty-one (21) days following receipt of the Work Acceptance Letter. Should the items on the punch list not be completed within twenty-one (21) days other than as a result of actions (or inactions) of County or events of Force Majeure, Lessor shall be obligated to pay a penalty to County of two hundred and fifty dollars (\$250.00) per day for the period from the Scheduled Delivery Date through the Final Completion Date or County shall have the option to complete the Work and deduct the cost thereof, including labor, materials, and overhead from any Rent payable.

G. **Project Management Oversight.** County may, at County’s option, select a project manager or construction manager, at County’s sole discretion, cost and expense, to assist in County’s oversight of the Work (the “**Project Manager**”). The Project Manager will represent the County’s best interest during the construction of the Work to confirm that the Work is being performed pursuant to the terms of this Lease and will act as the liaison between Lessor and County in all items that are subject to approval by County as provided in Clause 13(D) above.

In the event County is named as co-defendant, Lessor shall notify County of such fact and shall represent County, with counsel approved by County, in such legal action unless County undertakes to represent itself as co-defendant in such legal action, in which event Lessor shall pay County's litigation costs, expenses and attorneys' fees. Neither Party shall request a jury apportionment.

County hereby agrees to indemnify, hold harmless, and defend Lessor, its officers, agents, and employees, against any and all claims, loss, demands, damages, cost, expenses or liability arising out of the use of the Premises, except for liability arising out of the negligence of Lessor, its officers, agents, or employees, including the cost of defense of any lawsuit arising therefrom.

Likewise, Lessor hereby warrants and represents that Lessor has in the past and will hereafter comply with all laws and regulations relating to the storage, use and disposal of Toxic Materials. 24. BUILDING AND SAFETY REQUIREMENTS (3.3 SA)

During the Term and Extension Term(s) of this Lease, Lessor, at Lessor's sole cost, agrees to maintain the Premises in compliance with all applicable laws, rules, regulations, building codes, statutes, and orders as they are applicable on the date of this Lease, and as they may be subsequently amended, including but not limited to the California Building Code, Title 24, Seismic Code, Fire and Life Safety requirements and, if applicable, California Green Building Standard Code.

Included in this provision is compliance with the Americans with Disabilities Act ("ADA") and all other federal, state, and local codes, statutes, and orders relating to disabled access as they are applicable on the dates of this Lease, and as they may be subsequently amended and all regulations issued by the U. S. Attorney General or other agencies under the authorization of the ADA. Lessor shall use commercially reasonable efforts to repair and maintain the Premises as a "safe place of employment," as defined in the California Occupational Safety and Health Act (California Labor Code, Division 5, Part 1, Chapter 3, beginning with Section 6400) and the Federal Occupational Safety and Health Act, where the provisions of such Act exceed, or supersede, the California Act, as the provisions of such Act are applicable on the date of this Lease, and as they may be subsequently amended. County agrees to notify Lessor of any repair or maintenance necessary within the Premises or Building to comply with such Act and Lessor agrees to diligently act to repair or maintain appropriately so long as such repair or maintenance of the Premises is a Lessor expense as defined in Clause 19(A) (REPAIR MAINTENANCE, AND JANITORIAL SERVICES) above. In the event that such repair or maintenance is necessary and is the result of County negligence, provided that County approves a work order with associated expense estimate, Lessor agrees to perform such repair or maintenance and County agrees to reimburse Lessor within thirty (30) days.

In the event Lessor neglects, fails, or refuses to maintain said Premises as aforesaid, following thirty (30) days after written notice from County to Lessor providing notice of such neglect or failure or refusal County may, notwithstanding any other termination provisions contained herein:

A. Thirty (30) days following a second written notice of such neglect or failure or refusal, County may terminate this Lease with written notice to the Lessor; or

25. ASSIGNMENT AND SUBLETTING (3.4 SA)

- A. **General.** County shall not assign this Lease or sublet the Premises in whole or in part without Lessor's prior written consent, which consent shall not be unreasonably withheld. Lessor shall respond in writing to County's request to assign this Lease or sublet all or any portion of the Premises within fifteen (15) days of County's request. In the event Lessor withholds consent to any such request by County, Lessor shall provide reasonable details of its reason for such withholding of consent. In any event, County may sublease up to twenty percent (20%) of the Premises without obtaining Lessor's prior written consent. In the event Lessor fails to timely respond to County's request, Lessor shall be deemed to have approved such request.
- B. **Justifications for Withholding Consent.** By way of example and not limitation, Lessor shall be deemed to have reasonably withheld consent to a proposed assignment or sublease if in Lessor's reasonable opinion (i) the Premises are or may be in any way materially adversely affected thereby; (ii) the business reputation of the proposed assignee or subtenant is unacceptable; or (iii) the financial worth of the proposed assignee or subtenant is insufficient to meet the obligations of the subject sublease or assignment. Notwithstanding anything to the contrary contained herein, in no event shall it be reasonable for Lessor to withhold its consent on the basis that there is vacancy in the Building or based on the fact that the proposed assignee or sublessee currently leases space in the Building or has been or is currently in negotiations with Lessor to lease space at the Building.
- C. **Excess Profit.** If County shall make any assignment or sublease, with Lessor's consent, for a rental in excess of the rent payable under this Lease, Lessor shall not be entitled to any of such excess which shall be held by County.

26. SUBORDINATION, ATTORNMENT AND NON-DISTURBANCE (3.5 SA)

This Lease and all rights of the County hereunder are subject and subordinate to any mortgage or deed of trust which does now or may hereafter cover the Premises or any interest of Lessor therein, and to any and all advances made on the security thereof, and to any and all increases, renewals, modifications, consolidations, replacements and extensions of any such mortgage or deed of trust except, insofar as County is meeting its obligations under this Lease, any foreclosure of any mortgage or deed of trust shall not result in the termination of this Lease or the displacement of County.

In the event of transfer of title of the Premises, including any proceedings brought for foreclosure or in the event of the exercise of the power of sale under any mortgage or deed of trust, or by any other transfer of title

covering the Premises, County shall attorn to and recognize any subsequent title holder as the Lessor under all terms, covenants and conditions of this Lease. County's possession of the Premises shall not be disturbed by the Lessor, or its successors in interest, and this Lease shall remain in full force and effect. Said attornment shall be effective and self-operative immediately upon succession of the current title holder, or its successors in interest, to the interest of Lessor under this Lease.

Notwithstanding the above, Lessor shall obtain and deliver to County a *Subordination, Attornment and Non-Disturbance Agreement* from Lessor's Lender consistent with the form attached hereto in Exhibit E, within thirty (30) days of the date of full execution of this Lease. Lessor shall require all future lenders on the Premises, upon initiation of their interest in the Premises or within a reasonable time thereafter, to enter into a *Subordination, Attornment and Non-Disturbance Agreement* with County, thereby insuring County of its leasehold interests in the Premises. Said *Subordination, Attornment and Non-Disturbance Agreement* shall be in the form of County's standard form *Subordination, Attornment and Non-Disturbance Agreement* or in a form approved by the HCA/Facilities Services Manager, the Chief Real Estate Officer and County Counsel. Accordingly, notwithstanding anything to the contrary herein, County's obligation to enter into an agreement to subordinate its interest under this Lease to a lien or ground lease not in existence as of the date of this Lease shall be conditioned upon the holder of such lien, or a ground Lessor, as applicable, confirming in writing and substantially in the form of County's standard form *Subordination, Attornment and Non-Disturbance Agreement* that County's leasehold interest hereunder shall not be disturbed so long as no County Default exists under this Lease.

Foreclosure shall not extinguish this Lease, and any lender or any third party purchasing the Premises at foreclosure sale shall do so subject to this Lease and shall thereafter perform all obligations and be responsible for all liabilities of the Lessor under the terms of this Lease.

Upon default by Lessor of any note or deed of trust, County may, at its option, make all lease payments directly to Lender, and same shall be applied to the payment of any and all delinquent or future installments due under such note or deed of trust.

27. ESTOPPEL CERTIFICATE (3.6 SA)

County agrees that the HCA/Facilities Services Manager shall furnish upon receipt of a written request from Lessor or the holder of any deed of trust or mortgage covering the Premises or any interest of Lessor therein ("**Lessor Representative**"), County's standard form *Estoppel Certificate* (consistent with the form attached hereto in Exhibit E) containing information as to the current status of the Lease. Said standard form *Estoppel Certificate* shall be completed by County in a timely manner, shall be approved by Chief Real Estate Officer and County Counsel.

28. DEFAULTS AND REMEDIES (3.7 SA)

A. County Default:

County shall be deemed in default of this Lease if: a) in the event of any monetary breach of this Lease by County, Lessor shall notify County in writing of such breach, and County shall have ten (10) days from such notice in which to cure said breach or b) in the event of any non-monetary breach of this Lease, County fails within fifteen (15) days after receipt by County of written notice specifying wherein such obligation of County has not been performed; provided however, that if the nature of County's obligation is such that more than fifteen (15) days after such notice are reasonably required for its performance, then County shall not be in breach of this Lease if performance is commenced as soon as reasonably possible

B. Lessor Default:

Lessor shall be deemed in breach of this Lease if: a) in the event of any monetary breach of this Lease by Lessor, County shall notify Lessor in writing of such breach, and Lessor shall have ten (10) days from such notice in which to cure said breach or b) in the event of any non-monetary breach of this Lease, Lessor fails within fifteen (15) days after receipt by Lessor of written notice specifying wherein such obligation of Lessor has not been performed; provided however, that if the nature of Lessor's obligation is such that more than fifteen (15) days after such notice are reasonably required for its performance, then Lessor shall not be in breach of this Lease if performance is commenced as soon as reasonably possible within such fifteen (15) day period and thereafter diligently pursued to completion (each, a “**Lessor Default**”).

C. County Remedies:

If the Lessor Default is a result of a monetary breach by Lessor in the payment of any amounts due hereunder, County may withhold such amount from the next scheduled Rent payment. County's remedies as the result of Lessor Default for monetary or non-monetary breach shall be the right to damages, injunctive relief, and/or any other rights at law or in equity.

D. Lessor Remedies:

If the County Default is a result of a monetary breach by County in the payment of the Rent, pursuant to Clause 9 (RENT), Lessor may declare all rent payments to the end of County's current fiscal year to be due, including any delinquent rent from prior budget years. However, in no event shall Lessor be entitled to a remedy of acceleration of the total rent payments due over the Term of this Lease. Lessor's remedies as the result of County Default for monetary or non-monetary breach shall be the right to damages, injunctive relief, and/or any other rights at law or in equity.

29. LABOR CODE COMPLIANCE (3.8 SA)

Lessor acknowledges and agrees that all improvements or modifications required to be performed as a condition precedent to the Commencement Date of the Term of this Lease or any such future improvements or modifications performed by Lessor at the request of County shall be governed by, and performed in accordance with, the provisions of Article 2 of Chapter 1, Part 7, Division 2 of the Labor Code of the State of California (Sections 1770, et seq.), as applicable. These provisions may be applicable to improvements or modifications costing more than \$1,000, unless an exception applies, including but not limited to the exception to the definition of public works under § 1720.2.

Pursuant to the provisions of Section 1773 of the Labor Code of the State of California, Lessor shall comply with the general prevailing rate of per diem wages and the general prevailing rate for holiday and overtime work in the locality applicable to this Lease for each craft, classification, or type of workman needed to execute the aforesaid improvements or modifications. The rates are available at the following website: <http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm> from the Director of the State Department of Industrial Relations. Lessor shall post a copy of such wage rates at the job site and shall pay the adopted prevailing wage rates at all times for all improvements or modifications to be completed for County within the Premises. Lessor shall comply with the provisions of Sections 1775 and 1813 of the Labor Code.

As required by applicable law, Lessor shall maintain payroll records for all workers that will be assigned to the improvements or modifications. Said payroll records shall contain, but not be limited to, the complete name, address, telephone number, social security number, job classification, and prevailing wage rate for each worker. Upon request, Lessor shall provide the HCA/Facilities Services Manager updated, certified payroll records for all workers that shall include, but not be limited to, the weekly hours worked, prevailing hourly wage rates, and total wages paid.

Except as expressly set forth in this Lease, nothing herein is intended to grant authority for Lessor to perform improvements or modifications on space currently leased by County or for which County has entered into a lease or lease amendment.

30. RIGHT TO WORK AND MINIMUM WAGE LAWS (3.9 SA)

In accordance with the United States Immigration Reform and Control Act of 1986, Lessor shall require its employees that directly or indirectly service the Premises or this Lease, in any manner whatsoever, to verify their identity and eligibility for employment in the United States. Lessor shall also require and verify that its contractors or any other persons servicing the Premises or terms and conditions of this Lease, in any manner whatsoever, verify the identity of their employees and their eligibility for employment in the United States.

Pursuant to the United States of America Fair Labor Standard Act of 1938, as amended, and State of California Labor Code, Section 1178.5, Lessor shall pay no less than the greater of the Federal or California Minimum Wage to all its employees that directly or indirectly service the Premises, in any manner whatsoever. Lessor shall require and verify that all its contractors or other persons servicing the Premises on behalf of the Lessor also pay their employees no less than the greater of the Federal or California Minimum Wage.

Lessor shall comply and verify that its contractors comply with all other Federal and State of California laws for minimum wage, overtime pay, record keeping, and child labor standards pursuant to the servicing of the Premises or terms and conditions of this Lease.

Notwithstanding the minimum wage requirements provided for in this clause, Lessor, where applicable, shall comply with the prevailing wage and related requirements, as provided for in Clause 29 (LABOR CODE COMPLIANCE) of this Lease.

31. DEBT LIMIT (4.0 SA)

Lessor acknowledges and agrees that the obligation of the County to pay rent under this Lease is contingent upon the availability of County funds which are appropriated or allocated by the County's Board of Supervisors for the payment of rent hereunder. In this regard, in the event that this Lease is terminated due to an uncured default of the County hereunder, Lessor may declare all rent payments to the end of County's current fiscal year to be due, including any delinquent rent from prior budget years. In no event shall Lessor be entitled to a remedy of acceleration of the total rent payments due over the Term of the Lease. The Parties acknowledge and agree that the limitations set forth above are required by Article 16, section 18, of the California Constitution. Lessor acknowledges and agrees that said Article 16, section 18, of the California Constitution supersedes any law, rule, regulation or statute, which conflicts with the provisions of this paragraph. Notwithstanding the foregoing, Lessor may have other rights or civil remedies to seek relief due to the County's Default under the Lease.

32. COUNTY PROPERTY (4.1 SA)

All trade fixtures, merchandise, inventory, telecommunications equipment, supplemental air conditioning equipment and all personal property placed in or about the Premises by, at the direction of or with the consent (express or implied) of the County, its employees, agents, licensees or invitees, shall be at the sole risk of the County, and Lessor shall not be liable for any loss of or damage to said property resulting from any cause whatsoever unless such loss or damage is the result of Lessor's negligence or willful misconduct and not otherwise waived pursuant to Clause 33 (LESSOR'S RIGHT OF ENTRY) below. Lessor hereby waives any and all lien rights, whether statutory or common law or established pursuant to this Lease, that Lessor may have as "landlord" with respect to any and all goods, wares, equipment, fixtures, furniture, improvements and other personal property of County presently or which may hereafter be situated within the Premises.

33. LESSOR'S RIGHT OF ENTRY (4.2 SA)

Upon reasonable verbal notice (which shall not be less than forty-eight (48) hours) to County (except in an emergency [which shall mean immediate risk of injury to person or property] in which case no notice shall be required, provided that Lessor shall first call County) and in the presence of County, Lessor, its agents, employees and contractors and any mortgagee of the Premises shall have the right to enter the Premises during regular business hours (a) to inspect the Premises; (b) to exhibit the Premises to prospective tenants during the last six (6) months of Term or any Extension Term, as applicable, or any time County is in material default hereunder, or purchasers of the Premises; (c) for any purpose which Lessor shall deem necessary for the operation and maintenance of the Premises; and (d) to abate any condition which constitutes a violation of any covenant or condition of this Lease.

34. SIGNAGE (4.3 SA)

Lessor agrees to allow County to install and maintain any sign or display upon or in front of the Premises and/or Building. Such signage shall comply with all applicable laws and zoning and site plan requirements.

35. AUTHORITY (4.4 SA)

The persons executing the Lease below on behalf of County or Lessor warrant that they have the power and authority to bind County or Lessor to this Lease.

36. LEASE ORGANIZATION (4.5 SA)

The various headings in this Lease, the numbers thereof, and the organization of the Lease into separate sections and paragraphs are for purposes of convenience only and shall not be considered otherwise.

37. SUCCESSORS IN INTEREST (4.6 SA)

Unless otherwise provided in this Lease, the terms, covenants, and conditions contained herein shall apply to and bind the heirs, successors, executors, administrators, and assigns of all the Parties hereto, all of whom shall be jointly and severally liable hereunder.

38. AMENDMENT (4.7 SA)

This Lease sets forth the entire agreement between Lessor and County and any modification must be in the form of a written amendment.

39. PARTIAL INVALIDITY (4.8 SA)

If any term, covenant, condition, or provision of this Lease is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired, or invalidated thereby.

40. WAIVER OF RIGHTS (4.9 SA)

The failure of Lessor or County to insist upon strict performance of any of the terms, conditions, and covenants in this Lease shall not be deemed a waiver of any right or remedy that Lessor or County may have, and shall not be deemed a waiver of any right or remedy for a subsequent breach or default of the terms, conditions, and covenants herein contained.

41. HOLDING OVER (5.0 SA)

In the event County shall continue in possession of the Premises after the Term of this Lease, such possession shall not be considered a renewal of this Lease but a tenancy from month to month and shall be governed by the conditions and covenants contained in this Lease.

42. EARTHQUAKE SAFETY (5.1 SA)

Lessor hereby confirms that to the best of Lessor's knowledge, the Premises was in compliance with all applicable seismic safety regulations and building codes at the time of construction.

43. QUIET ENJOYMENT (5.2 SA)

Lessor agrees that, subject to the terms, covenants and conditions of this Lease, County may, upon observing and complying with all terms, covenants and conditions of this Lease, peaceably and quietly occupy the Premises.

44. ADMINISTRATIVE COSTS (5.3 SA)

Lessor shall compensate County for the administrative costs absorbed by County which occur as a result of negotiating and administering documents (i.e., Non-Disturbance and Attornment Agreements and Estoppel Certificates) ninety (90) days after the commencement of this Lease if required to satisfy Lessor's Lender whether or not said Lender decides to grant a loan to Lessor. Said compensation amount shall be determined by multiplying the hourly rate of the HCA/Facilities Services Manager staff by the number of hours spent to negotiate, prepare and execute said documents and shall be paid to County within thirty (30) days of Lessor's receipt of County's invoice for said administrative services. Should Lessor fail to compensate County within said thirty (30) days, County has the option to deduct the amount from Rent payable.

45. GOVERNING LAW AND VENUE (5.4 SA)

This agreement has been negotiated and executed in the State of California and shall be governed by and construed under the laws of the State of California. In the event of any legal action to enforce or interpret this agreement, the sole and exclusive venue shall be a court of competent jurisdiction located in Orange County, California, and the Parties hereto agree to and do hereby submit to the jurisdiction of such court, notwithstanding Code of Civil Procedure section 394.

46. ATTORNEYS' FEES (5.5 SA)

In the event of a dispute between Lessor and County concerning claims arising out of this Lease, or in any action or proceeding brought to enforce or interpret any provision of this Lease or where any provision hereof is validly asserted as a defense, each Party shall bear its own attorneys' fees and costs.

47. TIME (5.6 SA)

Time is of the essence of this Lease.

48. INSPECTION OF PREMISES BY A CERTIFIED ACCESS SPECIALIST (5.7 SA)

In accordance with California Civil Code 1938(e), "A Certified Access Specialist (CASp) can inspect the subject premises and determine whether the subject premises comply with all of the applicable construction-related accessibility standards under state law. Although state law does not require a CASp inspection of the subject premises, the commercial property owner or Lessor may not prohibit the lessee or tenant from obtaining a CASp inspection of the subject premises for the occupancy or potential occupancy of the lessee or tenant, if requested by the lessee or tenant. The Parties shall mutually agree on the arrangements for the time and manner of the CASp inspection, the payment of the fee for the CASp inspection, and the cost of making any repairs necessary to correct violations of construction-related accessibility standards within the premises."

Pursuant to California Civil Code 1938, Lessor hereby represents that the Premises has not undergone an inspection by a certified access specialist and no representations are made with respect to compliance with accessibility standards. However, if it is determined that a violation of handicapped access laws (including the Americans with Disabilities Act) existed at the Premises as of the Commencement Date, Lessor shall correct such non-compliance at Lessor's cost.

49. FORCE MAJEURE (5.8 SA)

For purposes of this Lease, the term "**Force Majeure**" means any of the following events which are beyond the control of either Party: act of God, unavailability of equipment or materials (but only if such equipment and materials were ordered in a timely fashion), enemy or terrorist act, act of war, riot or civil commotion, strike, lockout or other labor disturbance, fire, earthquake, explosion, governmental delays (including nonstandard delays in issuance of any permit or other necessary governmental approval or the scheduling of any inspections or tests), nonstandard delays by third party utility providers, or any other matter of any kind or character beyond the reasonable control of the Party delayed or failing to perform under this Lease despite such Party's best efforts to fulfill the obligation. "**Best Efforts**" includes anticipating any potential force majeure event and addressing the effects of any such event (a) as it is occurring and (b) after it has occurred, to prevent or minimize any resulting delay to the greatest extent possible. Force Majeure shall not include inability to obtain financing or other lack of funds. Lessor and County shall be excused for the period of any delay in the performance of any obligation hereunder when such delay is occasioned by Force Majeure.

50. CONDEMNATION (5.9 SA)

If the Premises or any portion thereof are taken under the power of eminent domain or sold under the threat of the exercise of said power (collectively, "**Condemnation**"), this Lease shall terminate as to the part taken as of the date the condemning authority takes title or possession, whichever first occurs. If all or a material portion of the rentable area of the Premises are taken by Condemnation, County may, at County's option, to

be exercised in writing within ten (10) days after Lessor shall have given County written notice of such taking (or in the absence of such notice, within ten (10) days after the condemning authority shall have taken possession) terminate this Lease as of the date the condemning authority takes such possession. Lessor shall also have the right to terminate this Lease if there is a taking by Condemnation of any portion of the Building or property which would have a material adverse effect on Lessor's ability to profitably operate the remainder of the Building. If neither Party terminates this Lease in accordance with the foregoing, this Lease shall remain in full force and effect as to the portion of the Premises remaining, except that the rent shall be reduced in proportion to the reduction in utility of the Premises caused by such Condemnation. Condemnation awards and/or payments shall be the property of Lessor, whether such award shall be made as compensation for diminution in value of the leasehold, the value of the part taken or for severance damages.

51. CONSENT OR APPROVAL (6.0 SA)

Unless expressly stated otherwise, where the consent or approval of a Party is required, such consent or approval will not be unreasonably withheld, conditioned or delayed.

52. UNENFORCEABLE PROVISIONS (6.1 SA)

If any paragraph or clause hereof shall be determined illegal, invalid or unenforceable, it is the express intention of the Parties hereto that the remainder of the Lease shall not be affected thereby, and it is also the express intentions of the Parties hereto that in lieu of each paragraph or clause of this Lease which may be determined to be illegal, invalid or unenforceable, there may be added as a part of this Lease a paragraph or clause as similar in terms to such illegal or invalid or unenforceable paragraph or clause as may be possible and may be legal, valid and enforceable.

53. CIRCUMSTANCES WHICH EXCUSE PERFORMANCE (6.2 SA)

If either Party hereto shall be delayed or prevented from the performance of any act required hereunder by reason of Force Majeure as defined above in Clause 49 (FORCE MAJEURE), performance of such act shall be excused for the period of the delay; and the period for the performance of any such act shall be extended for a period equivalent to the period of such delay. Financial inability shall not be considered a circumstance excusing performance under this Lease.

54. STATE AUDIT (6.3 SA)

Pursuant to and in accordance with Section 8546.7 of the California Government Code, in the event that this Lease involves expenditures and/or potential expenditures of State funds aggregating in excess of ten thousand dollars (\$10,000), Lessor shall be subject to the examination and audit of the Auditor General of the State of California for a period of three years after final payment by County to Lessor under this Lease. The examination and audit shall be confined to those matters connected with the performance of the contract, including, but not limited to, the costs of administering the contract.

55. DESTRUCTION OF OR DAMAGE TO PREMISES (6.4 SA)

"Partial Destruction" of the Premises shall mean damage or destruction to the Premises, for which the repair cost is less than twenty-five percent (25%) of the then replacement cost of the Premises (including tenant improvements), excluding the value of the land.

“**Total Destruction**” of the Premises shall mean damage or destruction to the Premises, for which the repair cost is twenty-five percent (25%) or more of the then replacement cost of the Premises (including tenant improvements), excluding the value of the land.

In the event of a Partial Destruction of the Premises, Lessor shall immediately pursue completion of all repairs necessary to restore the Premises to the condition which existed immediately prior to said Partial Destruction. Said restoration work (including any demolition required) shall be completed by Lessor, at Lessor’s sole cost, within sixty (60) days of the occurrence of said Partial Destruction or within an extended time frame as may be authorized, in writing, by County. The Partial Destruction of the Premises shall in no way render this Lease and/or any option to purchase, granted herein, null and void; however, rent payable by County under the Lease shall be abated in proportion to the extent County’s use and occupancy of the Premises is adversely affected by said Partial Destruction, demolition, or repair work required thereby. Should Lessor fail to complete necessary repairs, for any reason, within sixty (60) days, or other time frame as may be authorized by County, County may, at County’s sole option, terminate the Lease or complete necessary repair work and deduct the cost thereof, including labor, materials, and overhead from any rent thereafter payable.

In the event of Total Destruction of the Premises or the Premises being legally declared unsafe or unfit for occupancy, this Lease and/or any option granted herein shall in no way be rendered null and void and Lessor shall immediately instigate action to rebuild or make repairs, as necessary, to restore the Premises (including replacement of all tenant improvements) to the condition which existed immediately prior to the destruction. All rent payable by County shall be abated until complete restoration of the Premises is accepted by County. In the event Lessor refuses to diligently pursue or is unable to restore the Premises to an occupiable condition (including replacement of all tenant improvements) within 180 days of the occurrence of said destruction or within an extended time frame as may be authorized, in writing, by County, County may, at County’s sole option, terminate this Lease or complete the restoration and deduct the entire cost thereof, including labor, materials, and overhead from any rent payable thereafter.

Further, Lessor, at County’s request and subject to availability, shall provide a suitable, County-approved temporary facility (“**Facility**”) for County’s use during the restoration period for the Premises. The Facility may be leased, at market rate, under a short-term lease, for which the County will reimburse Lessor the cost thereof, on a monthly basis.

56. SECURITY SERVICES (6.5 SA)

During the Term (as the same may be extended), County may, at its sole cost and expense, engage its own security personnel to provide security to the Premises and to County’s employees, personnel, agents, licensees and/or invitees going to and from the Premises. Such security personnel shall be solely for the benefit of County and shall not be relied on by Lessor. County shall indemnify, defend and hold Lessor harmless from any third-party claim (including reasonable legal defense costs) arising from or in connection with County’s security personnel being present at the Premises or Building.

57. COMMISSION (6.6 SA)

County’s obligations and responsibilities under this Lease are contingent upon the Lessor paying to County’s broker, Jones Lang LaSalle a commission as a result of this lease transaction. Said commission shall be paid to Jones Lang LaSalle within thirty (30) working days after execution of this Lease by County consistent with a separate agreement between Lessor and Jones Lang LaSalle.

Should Jones Lang La Salle not receive the above amount within the specified time period, County may terminate this Lease without further obligation to Lessor or County may deduct any unpaid amount from future Rent.

58. NOTICES (6.7 SA)

All written notices pursuant to this Lease shall be addressed as set forth below or as either Party may hereafter designate by written notice and shall be deemed received upon personal delivery, delivery by facsimile machine, electronic mail, or seventy-two (72) hours after deposit in the United States Mail.

THE WORK LETTER COUNTY IMPROVEMENTS AND PERFORMANCE SPECIFICATIONS

Lessor shall construct tenant improvements within the Premises for general office use including but not limited to all flooring, painting, drywall, electrical, hardware, bathroom fixtures, lighting, fire safety requirements, doors, insulation, plumbing, industry standard construction overhead items such as temporary toilets, temporary power, and jobsite supervision. This Work Letter shall supplement the terms and conditions relating to the construction of the Work in the Premises as set forth in Clause 13 (CONSTRUCTION) of the Lease. If any conflict shall arise between this Exhibit C and the Lease, the terms and conditions of the Lease shall prevail. This Work Letter is essentially organized chronologically and addresses the issues of the construction, in sequence, as such issues will arise during the actual construction of the Premises. All references in this Work Letter to Clauses or Sections of “this Lease” or “the Lease” shall mean the relevant portion of Clauses 1 through 60 of the Lease to which this Work Letter is attached as Exhibit C and of which this Work Letter forms a part, and all references in this Work Letter to Sections of “this Work Letter” shall mean the relevant portion of Sections 1 through 6 of this Work Letter. Capitalized terms used herein and not otherwise defined shall have the meanings set forth in the Lease.

SECTION 1. - CONSTRUCTION DRAWINGS

Space Plan. Lessor and its architect shall prepare the final space plan for construction of the Work within the Premises (collectively, the “**Final Space Plan**”), and shall deliver the Final Space Plan to County for County’s approval, such approval not to be unreasonably withheld, conditioned or delayed. County shall have five (5) business days to review and approve such Final Space Plan. If County does not approve the Final Space Plan in accordance with this Section, County shall provide reasons for said disapproval and allow Lessor ten (10) business days to provide the revised Final Space Plan taking into account County’s reasons for disapproval. Failure of County to reasonably disapprove any draft of the Final Space Plan within said five (5) business day period shall be deemed to constitute County’s approval thereof. This process shall be repeated until the Final Space Plan has been approved; it being agreed that County’s right to raise objections (following County’s initial objections to Lessor’s first submission of the Final Space Plan) shall be limited to (a) the revisions made to the previous submission of the Final Space Plan in order to address County’s prior objections or changes which are derivative of changes resulting from such prior objections and/or (b) revisions to design elements not previously a part of the Final Space Plan previously submitted to County.

Final Working Drawings. Lessor and its architect and engineers shall complete the architectural and engineering drawings for the Work within the Premises. The final architectural working drawings shall be in a form which is complete to allow subcontractors to bid on the Work and to obtain all applicable permits (collectively, the “**Final Working Drawings**”) and shall submit the same to County for County’s approval, such approval not to be unreasonably withheld, conditioned or delayed. County shall approve or reasonably disapprove any draft of the Final Working Drawings within seven (7) business days after County’s receipt thereof; provided, however, that (i) County shall not be entitled to disapprove any portion, component or aspect of the Final Working Drawings which are consistent with the Final Space Plan unless (a) County agrees to pay for the additional cost (if any) resulting from such change in the Final Space Plan as part of the over-allowance amount pursuant to Section 4 below, and (b) County agrees that any such delays caused by such change(s) shall be deemed a delay caused by the County for all purposes of this Work Letter, Schedule 1 attached hereto and the Lease, and (ii) any disapproval of the Final Working Drawings by County shall be accompanied by a detailed written explanation of the reasons for County’s disapproval. Failure of County to reasonably disapprove any draft of the Final Working Drawings within said seven (7) business day period shall be deemed to constitute County’s approval thereof. This process shall be repeated until the Final Working Drawings have been approved; it being agreed that County’s right to raise objections (following County’s initial objections to Lessor’s first submission of the Final Working Drawings) shall be limited to (a) the revisions made to the previous submission of the Final Working Drawings in order to address County’s prior objections or changes which are derivative of changes resulting from such prior

objections and/or (b) revisions to design elements not previously a part of the Final Working Drawings previously submitted to County. The Final Working Drawings, as approved by Lessor and County, may be referred to herein as the “**Approved Working Drawings.**” County shall make no changes or modifications to the Final Space Plan or the Approved Working Drawings without the prior written consent of Lessor, which consent may be withheld in Lessor’s sole discretion if such change or modification would directly or indirectly delay the Substantial Completion of the Work or increase the cost of designing or constructing the Work. Lessor shall promptly submit the Approved Working Drawings to the appropriate municipal authorities for all applicable building permits necessary to allow Contractor as that term is defined in Section 4, below, to commence and fully complete the construction of the Work (the “**Permits**”). County shall cooperate with Lessor in promptly executing permit applications and performing other ministerial acts reasonably necessary to enable Lessor to obtain any such permit or certificate of occupancy. No changes, modifications or alterations in the Approved Working Drawings may be made without the prior written consent of Lessor, provided that Lessor may withhold its consent, in its sole discretion, to any change in the Approved Working Drawings if such change would directly or indirectly delay the Substantial Completion of the Work.

SECTION 2. – LESSOR’S BUILDING WORK – Any work to be performed not included in Clause 13 (CONSTRUCTION) and this Exhibit C (“**Lessor Building Work**”) shall be the sole cost and expense of Lessor. County shall not be responsible, financially or otherwise, for any of the Lessor Building Work.

SECTION 3. – LESSOR BID PROCESS

Lessor shall construct the Work in accordance with the plans prepared by SAA (architect) and approved by Lessor. Lessor’s contractor shall be the contractor selected pursuant to a procedure whereby the final plans and a construction contract approved by County are submitted to three (3) contractors selected by Lessor and approved by County (all of which must have a reputation for quality work, timely performance and integrity). Each of the three (3) contractors shall submit to Lessor a sealed fixed price contract bid to construct and complete the Work. Lessor and County, after adjustments for the inconsistent assumptions to reflect an “apples to apples” comparison, shall select the most qualified bidder and shall enter into a construction contract with Lessor consistent with the terms of the bid to construct the Work. The Premises shall be delivered to County upon Substantial Completion of the Work in first class condition and operating order and in compliance with all laws applicable to new construction, disregarding variances and grandfathered rights.

If performance or payment bonds are required by Lessor, they shall be at Lessor’s sole cost and expense and not charge against County’s allowance.

SECTION 4. - TIME DEADLINES (AS DEFINED IN SCHEDULE 1)

County shall use its good faith efforts and due diligence to cooperate with the Lessor, its architect, and the engineers to complete all phases of the construction drawings and the permitting process and to receive the Permits, and with Contractor (as defined below in Section 4) as soon as possible after the execution of the ease, and, in that regard, shall meet with Lessor on a scheduled basis to be determined by Lessor, to discuss the progress in connection with the same. The applicable dates for approval of items, plans and drawings as described in this Section 1, above, and in this Work Letter are set forth and further elaborated upon in Schedule 1 attached hereto. County agrees to comply with the timeline in Schedule 1.

SECTION 5. - CONTRACTOR’S WARRANTIES AND GUARANTIES

Lessor shall assign to County (on a non-exclusive basis) all warranties and guaranties by the Contractor who constructs the Work (the “**Contractor**”) relating to the Work and pursuant to said assignment, County hereby waives all claims against Lessor relating to, or arising out of the construction of, the Work. Lessor shall independently retain Contractor, on behalf of County, to construct the Work in accordance with the Approved Working Drawings and Lessor shall supervise the construction by Contractor.

SECTION 6. - COUNTY'S COVENANTS

County hereby indemnifies, defends and holds harmless Lessor for any loss, claims, damages or delays arising from the negligence, acts or omissions of County, its agents, including, but not limited to any space planner, architect or engineer hired by County in connection with the Work.

SECTION 7. - MISCELLANEOUS

6.1 Freight Elevators. *Intentionally Omitted*

6.2 County's Representative. County has designated HCA/Facilities Services Manager as its sole representative with respect to the matters set forth in this Work Letter, who, until further notice to Lessor, shall have full authority and responsibility to act on behalf of the County as required in this Work Letter.

6.3 Lessor's Representative. Lessor has designated John Caskey as its sole representative with respect to the matters set forth in this Work Letter, who, until further notice to County, shall have full authority and responsibility to act on behalf of the Lessor as required in this Work Letter.

6.4 Time of the Essence in This Work Letter. Unless otherwise indicated, all references herein to a number of days shall mean and refer to calendar days. In all instances where County is required to approve or deliver an item, if no written notice of approval is given or the item is not delivered within the stated time period, at Lessor's sole option, at the end of such period the item shall automatically be deemed approved or delivered by County and the next succeeding time period shall commence.

6.5 Cooperation by County. County acknowledges that the timing of the completion of the Approved Working Drawings and the Work is of the utmost importance to Lessor. Accordingly, County hereby agrees to fully and diligently cooperate with all reasonable requests by Lessor in connection with or related to the design and construction of the Work, and in connection therewith, shall respond to Lessor's requests for information and/or approvals, except as specifically set forth herein to the contrary, within seven (7) business days following request by Lessor.

The County Executive Office is requesting a Supplemental Agenda Staff Report for the June 25, 2024, Board Hearing.

Agency: County Executive Office
Subject: Health Care Agency Lease at 5 Mareblue in Aliso Viejo
Districts: 5

Reason Item is Supplemental: The subject fourth lease amendment is necessary for the Health Care Agency (HCA), Adult and Older Adult Behavioral Health Services program to remain at its current location of 5 Mareblu in Aliso Viejo, until the new location at 27141 Aliso Creek in Aliso Viejo (Proposed Premises) is completed by May 1, 2025. County Executive Office (CEO) Real Estate negotiated a 10-month lease extension with lessor (Leland W. Geiler II, Trustee of the Leland W. Geiler II Separate Property Trust UA 6-7-01 and Leland W. Geiler II, Trustee of the Leland W. Geiler II Delta Trust dated October 2, 2012) (Proposed Lease Amendment) to extend the services of the Adult and Older Adult Behavioral Health Services program until the Proposed Premises is completed. As a result, the Agenda Staff Report and attachments were finalized after the filing deadline to the Clerk of the Board. Due to the construction schedule, CEO Real Estate and HCA do not have the ability to postpone this Board action to a later date.

Justification: This item must be heard on June 25, 2024. The construction schedule for the Proposed Premises has a substantial completion date of April 26, 2025, and the lease at 5 Mareblu will be expiring on April 30, 2025. It is imperative that this project meets its construction deadline, or the program will have to find a temporary location.

RECOMMENDED ACTION(S)

1. Find the project is categorically exempt from the California Environmental Quality Act (CEQA), Class 1 (Existing Facilities) pursuant to CEQA Guidelines, Section 15301.
2. Approve and execute the Fourth Amendment to the lease agreement with Leland W. Geiler II, Trustee of the Leland W. Geiler II Separate Property Trust UA 6-7-01 and Leland W. Geiler II, Trustee of the Leland W. Geiler II Delta Trust dated October 2, 2012 for approximately 13,523 rentable square feet of office space located at 5 Mareblu in Aliso Viejo, for Health Care Agency use, for a term of 10 months, commencing on July 1, 2024, and ending on April 30, 2025.
3. Authorize the Chief Real Estate Officer or designee to exercise option terms and execute subsequent documents or amendments that make non-monetary and/or monetary changes that do not increase County costs by more than \$75,000 per year, as approved by County Counsel.

SUMMARY:

Approval of the Fourth Amendment to lease with Leland W. Geiler II, Trustee of the Leland W. Geiler II Separate Property Trust UA 6-7-01 and Leland W. Geiler II, Trustee of the Leland W. Geiler II Delta Trust dated October 2, 2012, to extend the term of the existing lease for 10 months, will allow for Health Care Agency's continued use of approximately 13,523 rentable square feet of office space located at 5 Mareblu, in the city of Aliso Viejo, to conduct its Children, Adult and Older Adult Behavioral Health Program in the South Orange County area.

BACKGROUND INFORMATION:

On July 1, 2003, the Board of Supervisors (Board) approved a lease agreement with Leland W. Geiler II, Trustee of the Leland W. Geiler II Separate Property Trust UA 6-7-01 and Leland W. Geiler II, Trustee of the Leland W. Geiler II Delta Trust dated October 2, 2012 (Lessor) for use of 9,946 rentable square feet (RSF) of office space (Premises) for the Health Care Agency (HCA), Children and Youth, Adult and Older Adult Behavioral Health Services program at 5 Mareblu in the city of Aliso Viejo (Lease). On March 3, 2009, the Board approved the expansion of the Premises to add 3,577 RSF for a total of 13,523 RSF in order to provide greater services (First Amendment). On October 23, 2012, the Board extended the Lease agreement, which was in month-to-month holdover, for five additional years through June 30, 2017 (Second Amendment). The Board further extended the Lease agreement on July 25, 2017, through the current lease expiration date of June 30, 2024 (Third Amendment).

HCA has been located at the Premises for nearly 25 years and has a continued need to provide Behavioral Health Services to its South Orange County clients. The Lessor is proceeding with the sale of the Premises and is not interested in keeping the County as a long-term tenant. The Lease set to expire on June 30, 2024, and the County has the ability to continue tenancy on a month-to-month basis, however, the County is securing a term for 10 months, July 1, 2024, through April 30, 2025 (Extension Term), based on the time needed to relocate the HCA Program to a new facility and avoid any service disruptions. The Extension Term will provide the County the time needed to prepare its new site for occupancy within a comparable centrally located office that is easily accessible to freeways and will continue to serve as a convenient location for clientele who live in this densely populated area. CEO Real Estate and HCA have located a potential replacement location at 27141 Aliso Creek in Aliso Viejo, which fulfills the requirements for this program. A tentative lease agreement has been negotiated and is being presented for Board consideration on the same date as this item. If this replacement lease is approved, it is estimated that the new premises will be ready for occupancy in April of 2025, which will allow a seamless transition for these required services from the Premises to the new location at the end of the Extension Term being proposed herein.

CEO Real Estate, with assistance from commercial real estate brokerage, Jones Lang LaSalle, and in cooperation with HCA, were able to negotiate a competitive rental rate for the proposed Fourth Amendment of \$3.05 per rentable square feet (RSF), full-service gross, which includes the cost of lessor-provided services. Additionally, a reserve fund (Fund) was established in the Third Amendment, whereby County placed \$0.02 per RSF per month into the Fund and Lessor used the Fund monies to pay the difference in the repairs and maintenance work that were caused by employees and clients of the County to the Premises. Copies of receipts and checks paid from the Fund by Lessor are provided to County for annual review. Under the Fourth Amendment, the unused monies in the Fund, totaling \$20,791 or \$1.51 per RSF, will be refunded to the County as a rent credit during the last month of the Extension Term as shown in the Rent clause of the Fourth Amendment.

This item is coming to the Board within 30 days of the lease agreement, because negotiations of the 10-month extension took longer to complete with the future of the building being the subject in combination with the new lease agreement being entered into at 27141 Aliso Creek in Aliso Viejo. The Proposed Lease is consistent with HCA's program goals and allows flexibility for future program needs. Therefore, CEO

Real Estate and HCA request approval of the proposed Fourth Amendment for continuation of the HCA program at the Premises until they can be relocated to a new premises in approximately April of 2025.

Compliance with CEQA: The proposed project is Categorically Exempt (Class 1) from the provisions of CEQA pursuant to Section 15301, because it involves the lease of an existing office facility by a governmental agency involving negligible or no expansion of an existing use.

FINANCIAL IMPACT:

Appropriations for this Proposed Fourth Amendment will be included in HCA’s Budget Control 042 FY 2024-25 Budget and will be included in the budgeting process for future years.

The agreement is funded by State: 67%, Other/Fees: 33%

Capital Lease Determination: At the inception of any *potential* capital lease, it is important to contact the Auditor-Controller's Capital Asset Unit for further guidance to ensure that proper classification and accounting for the lease occurs. There are specialized accounting rules and required forms for capital leases. See further details in the County's Accounting Manual, Policy No. FA-1: *Accounting for Lease Purchases (Capital Leases)*, located on the intranet. For accounting purposes only, a capital lease exists if ANY one (1) of the following four (4) criteria is met:

- i) Lease transfers ownership to the County by the end of the term.
- ii) Lease contains an option to purchase the property by the end of the term for a price lower than the expected fair market value of the property? (For example \$1 or \$1,000, and based on this option price, for accounting purposes only, the ultimate purchase of the property is deemed reasonably assured at the inception of the lease.)
- iii) Lease term is equal to 75% or more of the remaining estimated useful life of the leased property.*
- iv) Present value of the minimum lease payments is equal to 90% or more of the fair value of the property at the inception of the lease.*

*Criteria iii) and iv) don't apply if the lease term begins in the last 25% of a property's estimated useful life.

The County Executive Office is requesting a Supplemental Agenda Staff Report for the June 25, 2024, Board Hearing.

Agency: Treasurer-Tax Collector
Subject: Amend and Extend FIS Capital Markets US LLC Contract for Treasury Management Software
Districts: All Districts

Reason Item is Supplemental: The TTC just finished negotiations with the vendor on the contract extension and update to the 2024.x version of this Treasury Management software and the contract for maintenance will expire on June 30, 2024. We regret that this delayed the timely submittal of the Agenda Staff Report and attachments to the Clerk of the Board.

Justification: Postponing this contract will result in a loss of maintenance support beginning on July 1, 2024, in the system which supports the entirety of public funds held by the County. Additionally, if the contract expires, the vendor has quoted an additional \$50,000 annual premium surcharge to extend maintenance. This Agenda Staff Report and attachments were finalized after the filing deadline to the Clerk of the Board.

RECOMMENDED ACTION(S):

1. Authorize the County Procurement Officer or Deputized designee to execute Amendment No. 18 to extend the existing contract with FIS Capital Markets US LLC for maintenance support services commencing on July 1, 2024, through June 30, 2027 in the amount not-to-exceed \$313,737, with two one-year extensions with Board approval and update to a supported software version in an amount not to exceed \$305,500 for a total contract amount not to exceed \$619,237 and a revised cumulative total contract amount not-to-exceed \$4,508,734.
2. Authorize the Treasurer-Tax Collector to execute FIS Short-Term Cash Management (STCM) Access Agreement with FIS Brokerage & Securities Services LLC for access to the investment portal for the purchase and sale of money market mutual funds for an indefinite term, commencing upon Board of Supervisors approval, with a zero-cost contract amount.

SUMMARY:

Approval of the amendment to the contract with FIS Capital Markets US LLC and access agreement with FIS Brokerage & Securities Services LLC is critical to ensure that the treasury management software remains viable, supported and stable enabling the Treasurer-Tax Collector to perform the legally mandated and delegated duties for the County and the School and Community College Districts public funds until a competitive selection of a comparable system can be completed.

BACKGROUND INFORMATION:

This amendment is coming to the Board of Supervisors (Board) as Section 3.3-102(1)(c) of the Contract Policy Manual requires approval by the Board for Sole Source Service Contracts that exceed \$75,000 or a two-year consecutive term. In addition, the separate FIS Short-Term Access Cash Management Agreement (FIS Portal) has indemnification language that does not meet the County's standard contract language, and Board approval is required.

Government Code Requirements related to Public Funds:

Government Code Section (GCS) 27000 requires the Treasurer-Tax Collector (Treasurer) to receive and safeguard all money belonging to the County and all other money directed by law to be paid to her and pay it out. GCS 27002, requires the Treasurer to keep an account of the receipt and expenditure of all money received or pay out by her in books provided for the purpose and shall enter in the books, the amount, time, from whom and on what account all money was received by her, and the warrant number, the amount, time and on what account all disbursement were made by her and maintain one general or cash account for this purpose. Further, under GSC 27007, the Treasurer shall disburse the money in the Treasury on County warrants only when they are based on the orders of the Board, or as otherwise provided by law to be drawn on proper funds that are on deposit with the bank. The Treasurer is the banker for both the County and the School and Community College Districts and maintains all cash positions for both entities and all cash forecasts to ensure liquidity of funds as needed.

As allowed by GCS 27000.1, on December 19, 2023, the Board delegated the full responsibility for investing public funds to the Treasurer for 2024. In addition, on the same date, the Board approved the 2024 Investment Policy Statement (IPS) that governs the investment of public funds. The Treasurer is currently responsible for investing over \$16 billion of public funds for the County, various local agencies, school districts, community college districts and voluntary pool participants. The Treasurer is also responsible for ensuring that all investment transactions comply with the IPS. Finally, in GCS 27130, by pooling deposits from local agencies and other participants, county treasuries operate in the public interest when they consolidate banking and investment strategies, reduce duplication, achieve economies of scale and carry out coherent and consolidated investment strategies.

The FIS Capital Markets US LLC's (FIS) Treasury Management System (TMS) software enables the Treasurer to efficiently consolidate banking and investment strategies, achieve economies of scale and perform all of the mandated duties noted above in a cost-effective and secure manner minimizing costs to pool participants. This software allows for straight through processing of all investment-related transactions including trade settlement between Bloomberg, the TMS and the custodial and depository banks, accounting for investments and deposits, automated reporting, reconciliations, automated pulling of bank accounts, cash flows, cash forecasting, cash position, bank reconciliations and daily verification of compliance with the Treasurer's IPS and transmission of all wire payments for the County of Orange and the Orange County Department of Education. The software interfaces with Enterprise Resource Planning (CAPS+) for posting

of changes in cash and investments amounts. Finally, the software assists with bank reconciliations and is currently responsible for processing thousands of cash transactions monthly that if this system were not in place, would have to be manually tracked, recorded and matched with accounting postings made by County Departments into the County's CAPS+ system maintained by the Auditor-Controller (A-C).

Contract Summary

In March 2002, the Board approved a contract for this software for a five-year term after the Treasurer rejected all three bids received in a competitive bid process for TMS software and market research determined that existing FIS TMS software that integrates with the Bloomberg software would be the best solution to meet the County's requirements. The County then purchased a perpetual license in 2006 so the Treasurer only pays annual maintenance and support services, but not any annual license fees. Subsequent contract amendments have been made for maintenance and for updates to software versions, with the latest update to the 2020.4 version in 2020, and the current maintenance contract expires on June 30, 2024. Mainstream software support for the 2020.4 version ended on November 23, 2023, and maintenance support to fix bugs or security vulnerabilities for 2020.4 version ends on October 25, 2025.

Three (3) year maintenance support and software update request

Consistent with the A-C's request on June 4, 2024, to extend their sole source contract with their current CAPS+ vendor for three years, the Treasurer is requesting the same length of contract extension to coincide with the A-C timing and the expected go-live date of the Enterprise Resource Planning (ERP) system. With this delay in the releasing of the A-C's Request For Proposal (RFP) for about a year, extending the FIS contract with the same term will reduce a risk of loss of public funds to the Treasurer in managing the \$16 billion in public funds and allow time to evaluate the ERP's winning bidder's TMS, if any, and also provide an opportunity to review winning bidders from RFP's from several Counties that are expected to be issued in FY 2024-25 for TMS systems. Implementing any new TMS software at the same time as the CAPS+ replacement implementation will minimize any duplicate work to integrate the systems as the current system interfaces with CAPS+ for all accounting postings to the General Ledger cash accounts daily. Finally, with the maintenance support no longer fixing bugs or security vulnerabilities as of November 2025 (16 months), it is critical that the Treasurer update the existing software just upgraded in 2020 to a fully supported version to allow time to evaluate all of the options for procurement of a TMS software and to ensure security of the public fund transactions and records. Based on this review, the Treasurer will decide whether to go out to RFP or use another authorized procurement option to obtain the required TMS services needed in compliance with County policy. Providing the three- year extension with the update to a supported version is critical as it will then allow time for this review to occur, keep the system supportable, stable and secure, then, if the vendor changes, will allow time for implementation of a new TMS system prior to the expiration of the maintenance contract. Also, if there is no change in vendor, the Treasurer will have had a supported secure system during this entire period reducing any risk of loss to public funds and be able to continue to streamline processes and add automated workflow on a stable and secure software version.

As cost is an important component to consider in this extension, the vendor has agreed to not charge a 50 percent surcharge for general support maintenance since the Treasurer is also updating the software to the 2024.x software version. This will save the Treasurer and pool participants \$50,000 annually as all costs for the software are paid by pool participants under GCS 27013. In addition, the vendor has agreed to add a revenue sharing component to the current FIS Portal agreement used by the Treasurer for all liquidity transactions with Money Market Mutual Fund (MMMF) vendors on the Treasurer's approved issuer list. The Treasurer has used this FIS Portal for years and once the Board approves this agreement the Treasurer can implement a no-cost amendment that will provide credits for maintenance and other invoiced costs that are expected to be between \$120,000 and \$150,000 annually. After considering these revenue sharing credits, the Treasurer's cost of the TMS to be charged directly to the pool participants for the three-year

period could decrease by approximately \$300,000, which is cost-effective for all the banking and investment services processed by the TMS software.

FIS Short-Term Cash Management Access Agreement:

The Board has delegated the investing of public funds to the Treasurer as noted above, however, the broker-dealer platform through this agreement provided by FIS includes indemnification language that is non-standard and requires Board approval. The agreement requires the County to indemnify the vendor for all claims against the County or vendor related to the services provided in the agreement, unless such claim is due to the vendor's gross negligence or willful misconduct. Furthermore, the agreement limits the vendor's liability to the amount of fees paid to the vendor in the three months prior to which the claim arose.

The Treasurer believes and Risk Management supports that there is minimal risk with this language as the broker-dealer does not hold any securities for the Treasurer, it is only assisting the Treasurer with purchasing MMMF. All funds transfers for purchases and sells of MMMFs are made between the Treasurer and the specific MMMF vendor that is approved in the approved issuer list provided in the monthly investment report, including all transactions with each MMMF vendor.

Sole Source Justification:

The maintenance and software update services provided under this contract extension can only be performed by FIS as this software is proprietary to them. The services provided include system problem resolution using a ticketing system, software general maintenance necessary for operational and security purposes, and access to system enhancements through periodic software updates. Based on current market research, there appears to be only one other vendor that has most, but does not have all of the same services provided by FIS and required by the Treasurer. The RFP or procurement to be completed after the County's ERP system and other County Treasurer's RFPs are available will identify if there are any vendors that can meet all of the Treasurer's needs.

The completed Sole Source Request form was processed via Expeditor. For the maintenance portion, FIS does not allow a reseller to provide maintenance and support for this software, therefore, they are the only provider from whom the County can obtain maintenance and support for this product. In addition, the upgrade is essential and necessary to ensure continued secure processing of the banking and investment related duties for the public funds under the authority of the Treasurer and can only be done by FIS. As noted above, as software support without the updating to the current 2024.x software version no longer provides for bug and security vulnerabilities, FIS is the only vendor that can perform this update and the need for a fully supported and secure system until the A-C ERP system is live, is critical to the safety, security and processing of the public funds. Finally, daily compliance with the investment policy and state law should also be done on software that is fully supported by the vendor to reduce any risk of compliance exception for the \$16 billion of public funds of the County and School and Community College Districts.

Please note that the County Procurement Office (CPO) did not approve the sole source contract as submitted since there are other products available; however, CPO understands the need to maintain the support and maintenance until the ERP solicitation process is completed to determine if the selected system has an acceptable TMS or a new solicitation is required.

The Treasurer requests that the Board approve Amendment No. 18 of this contract and the STCM Access Agreement

Contractor Performance Evaluation for FIS Capital Markets US LLC:

FIS’s performance has been satisfactory, the last update had some staffing and other challenges as it started after it was approved by the Board in March 2020 just as COVID impacted the County and the vendor, and it also was a multi-version update. The Treasurer has verified there are no concerns that must be addressed with respect to the FIS ownership/name, litigation status or conflicts with County interests. The Treasurer recommends that the Contract be extended and amended. This contract does not include subcontractors or pass through to other providers. Please refer to the Contract Summary Form.

The Orange County Preference Policy is not applicable to this amendment to renew the Contract.

Prior Board Actions:

Board Date	Board Action
6/27/2023 #52	Approved extension of annual maintenance and support for 1 year through 6/30/2024
6/28/2022 #36	Approved extension of annual maintenance and support for 1 year through 6/30/2023
3/24/2020 #22	Approved to upgrade software
4/25/2017 #17	Approved to renew annual maintenance and support for 3 years with two additional one-year optional extensions through 6/30/2022
5/19/2015 #12	Approved annual maintenance and support

The Treasurer did not meet the 30-day requirement for either contract to be timely agendized for Board approval as negotiations with the vendor and discussions with the CFO to determine the best path forward prevented the department from filing the item in accordance with the Board directed procedures.

County Audits in Last Three Years:

The County’s Auditor-Controller Internal Audit Division (A-C IAD) performs quarterly reviews and an annual audit of the Statement of Assets in the County Treasury pursuant to Government Code Section 26920. A-C IAD also performs quarterly compliance with the IPS based on a Treasury Oversight Committee directive. Lastly, an external auditor performs an Annual Compliance Audit pursuant to Government Code Section 27134.

A-C IAD performed the quarterly Compliance Monitoring of the Treasurer’s Investment Portfolio from June 30, 2021, through September 30, 2023, with no findings, the annual Audit of the Schedule of Assets as of June 30 for the years 2021, 2022 and 2023 and the Quarterly Review of the Schedule of Assets as of September 30, 2021, through September 30, 2023, with no findings.

FINANCIAL IMPACT:

The cost of this contract is fully reimbursed through the Investment Administrative Fee allocated to all investment pool participants based on their average cash balances in the investment pool and soon expected to be offset by the interest income revenue allocated to each Department. As of April 30, 2024, the mix of the Pools currently by funding source is approximately State: 60 percent (Education Pool); County Non-General Fund: 35 percent (County Departments); and General Fund: 5 percent. County and other Non-General Fund Departments include their share of these costs in their budgeted appropriations.

1. Project Scope

Executive Summary

The purpose of this Project Definition Report (PDR) is to document the deliverables, scope, assumptions, and risk factors for OC TTC based on information provided in the upgrade scoping that was completed. This document will serve as a baseline against which the project will be managed. The primary objective of this document is that all key project team members, from both OC TTC and FIS, will have a thorough understanding of requirements, expectations, and implementation strategies for the successful completion of this project.

This document focuses on identifying the upgrade of required modules, interfaces, services, skills, and resources, identifying core streams of work or activities and their associated effort. For the avoidance of any doubt, these services involve no development or customization to the core system; and the project does not include any alterations and extensions to the contractual software and its respective documentation.

The upgrade cost indication is based on FIS' standard Upgrade Methodology which requires OC TTC to contribute resources to, and actively participate in, any configuration effort as well as lead testing efforts.

As from the signature of the contract or agreement this document relates or is attached to, deviations to either the scope or approach described in this section and its sub-sections will be handled as project issues or deviations through the standard FIS change management process.

Abbreviations and Terminology used in this document.

Project Timelines

At the start of the project the project timelines will be baselined between OC TTC and FIS Project Management team.

Project Constraints/Dependencies

- Mutual agreement of PDR RACI assignments
- Mutual agreement of project timeline (dependent on contract signing)
- Adequate number of and skilled and empowered client resources are assigned to the project by the client.

- Project governance model is agreed prior to project commencement and executed according to plan.
- Project scope is monitored closely with any changes in budget, timeline or functional scope documented regularly.
- Standard application functionality is assumed for all FIS software unless agreed by exception. Quantum configuration will be carried over to the upgraded database.

2. Upgrade Overview

OC TTC current production database will be upgraded to the latest released version at the time of the upgrade project. This will be a “like for like” upgrade with no new modules or processes.

With the database upgrade approach, the new version is installed to the lower environment (e.g. Test). After the install is complete, a copy of the production database will be upgraded (in the lower environment) from the current version to the target version identified above (typically latest version released at the time of installation) by the FIS technical resources. To achieve this task, a series of upgrade scripts are executed against the database. These scripts allow the changes to be made to relevant database tables and fields to reflect the change in the versions.

OC TTC has two (2) environments: Test and Production. Multiple database upgrades are required at various times to meet OC TTC 's testing needs. The scope of work includes three (3) upgrades of their current production database:

- Test upgrade - initial upgrade for FIS and OC TTC to perform build and unit testing
- UAT upgrade - database upgrade for OC TTC to perform user acceptance testing
- Production upgrade – prior to parallel testing at which point OC TTC is live on the upgraded version.

Application of Roll Ups maybe be required through the upgrade project to resolve system defects found during testing. FIS technical consultant will apply these only as required and instructed by OC TTC and FIS project team.

3. Upgrade Strategy

Initiation

This section details the initial project activities to establish project governance, onboard team members, provide overview training, confirm project scope expectations, establish project management plans, and schedule, and establish environments with upgraded software ready for project execution. The activities and deliverables foreseen in the Initiation are:

	Applies	FIS	OC TTC
Workshops *			
▫ Project Kickoff	yes	RA	CI
Key Project Deliverables			
▫ What's New Training *	yes	RA	CI
▫ Reporting *	yes	RA	CI
▫ Interface configuration	yes	RA	CI
▫ Technical assistance	yes	RA	CI
Project Governance *

▫ Risk Mitigation and Change Management Tracker	yes	RA	CI
▫ Weekly Status Meeting	yes	RA	CI
▫ Monthly Steering Committee and Minutes	yes	CI	RA
Project Closure			
▫ Support Handover	yes	RA	CI

The following attention points are highlighted:

AP 1. What's New Training: FIS consultants will provide training on new features and changes relevant to OC TTC current system usage and scope. Training will come in the form of formal virtual style training as well as informal training working with subject matter experts. A train-the-trainer approach is the underlying and fundamental assumption. OC TTC will list the features that users would like to review during the training session from the Release Notes provided by FIS. The training will only cover functionalities pertaining to OC TTC's current usage of the system. Request for training on any functionalities not related to the upgrade scope will be considered as a change request. The Release Notes will serve as the training material for the training session. Request for additional custom documentation will be subjected to a change request.

AP 2. Reporting: All seed Crystal reports provided by FIS will be upgraded to work with new version by FIS. After the install is completed, all seed reports will be replaced by the new version's seed reports and modifications are not required to be made to these reports.

OC TTC 's custom Crystal reports may need to be modified to work with the new version. FIS will run a Report Verification Tool against all OC TTC 's reports to identify the reports that require modifications. The results of the Report Verification Tool will be sent back to OC TTC to verify usage and requirement to update. Time has been allocated in the project budget to run the report verification tool and upgrade all reports to the new version. If additional budget is required, it will be managed by a change management order.

Enterprise Workflow Reports will be upgraded with core Quantum Database. No additional action is required. Time has been allocated in the budget for test support.

AP 3. Project Governance: FIS' general approach to Project and Program Management is described in section 7 of this PDR.

AP 4. Budget and Invoicing Tracker: The budget and invoicing tracker is updated weekly and is complemented by Invoices being produced monthly and distinguishing implementation services, managed services and occurred expenses. Whenever relevant, additional documents such as detailed timesheet reports and copies of expenses receipts are attached.

Build

The section below details the project activities to upgrade required interfaces and reports.

Interfaces

The following table lists all custom interfaces currently utilized by OC TTC that will be part of the upgrade.

The conversion will be performed by FIS team during the upgrade (as part of the interfaces configuration effort). This effort will also include the conversion of the existing Custom Lookup Tables editor to EWF tables. If deemed too complex to convert to EWF, Data Loader will be upgraded to the match Quantum version.
- AP 9. EFT(s):** OC TTC currently utilizes the Generic EFT to support their current bespoke payment interface. If deemed feasible, Generic EFT and OC TTC bespoke interface will be converted to an EWF solution integrated in Quantum. The conversion will be performed by FIS team during the upgrade (as part of the interfaces configuration effort). If deemed too complex to convert to EWF, Generic EFT and current OC TTC bespoke interface will be upgraded to the match Quantum version.
- AP 10. Paper Deal Confirmation:** is a standard module used to automatically send Paper Deal Confirmation. It is part of core Quantum upgrade. No further configuration is required.
- AP 11. Master Accounts (EWF):** the Master Accounts interface is already configured as an EWF solution in Quantum. It will be carried over with the database. No further configuration is required.
- AP 12. SunGard Transaction Network (SCTM):** OC TTC currently utilizes SCTM to integrate Money Market Funds trades and related data from SGN platform. SCTM will be converted to an EWF solution integrated in Quantum. The conversion will be performed by FIS team during the upgrade (as part of the interfaces configuration effort).

The Federal Department of Homeland Security is administering the 2023 Emergency Management Performance Grant Supplemental (EMPG-S) Program nationally, and the California Office of Emergency Services (CalOES) is managing the grant for California. Counties and Operational Areas are eligible to apply for this grant.

The 2023 EMPG program assists states, territories, tribes and local governments with their public health and emergency management activities supporting the prevention of preparation for all types of hazards. Implementing the National Preparedness System (NPS) and to support the National Preparedness Goal (the Goal) of a secure and resilient nation. To that end, program objectives include: 1) building or sustaining those capabilities that are identified as high priority through the Threat and Hazard Identification and Risk Assessment (THIRA)/Stakeholder Preparedness Review (SPR) process and other relevant information sources; and 2) closing capability gaps that are identified in the most recent SPR. Department of Health

Services (DHS)/Federal Emergency Management Agency (FEMA requires EMPG Program recipients to complete a THIRA/SPR.

The current allocation proposes a pass-through of \$356,656, to Orange County cities. These funds are distributed on a population basis to those cities who wish to apply and complete the required activities. Any funds which cannot be expended by a city will be returned to the County allocation rather than being redistributed among the remaining cities.

The Operational Area Executive Board reviewed the proposed application budget and required activities at their quarterly meeting on November 8, 2023. Cal OES approved the application on April 8, 2024; a formal award letter is pending.

Sheriff now requests that the Board accept the grant award in the amount of \$750,854, approve the form Agreement to Transfer Funds for 2023 Emergency Management Performance Grant Program, authorize execution of related documents including agreements with each jurisdiction receiving grant funds and direct the Auditor-Controller to transfer grant funds to other entities upon receipt of executed agreements, and supporting documentation, as referenced in the Recommended Actions.

FINANCIAL IMPACT:

The County's share of the 2023 Emergency Management Performance Grant is included in the Sheriff-Coroner's FY 2024-25 Budget. The grant requires a dollar-for-dollar match; the match amount for the Emergency Management Division budgeted allocation is \$356,656. The current Net County Cost allocation is sufficient to match the EMPG funding.

BACKGROUND INFORMATION:

Article 3 of Division 11 of Title 4 of the Orange County Codified Ordinances, as amended on August 8, 2017, and by Welfare & Institutions Code (WIC) Section 14087.59, which provides for the governance of CalOptima Health and its Board of Directors, requires that the Health Care Agency (HCA) conduct the recruitment of members of the CalOptima Health Board of Directors; present all applications for membership to the CalOptima Health Board of Directors Selection Panel (Selection Panel); and present the Selection Panel's recommendations to the Board of Supervisors (Board) for consideration. The Selection Panel is required to recommend at least two persons for each seat on the CalOptima Health's Board of Directors that is vacant or expiring.

According to WIC Section 14087.59, CalOptima Health Board of Directors is comprised of one non-voting member, the Director of HCA, and nine voting members, as follows:

- one member must be a current hospital administrator or former hospital administrator;

- one member must be a practicing licensed medical provider and who is not an owner or officer or a member of the board of directors of a contracted independent physician’s association or a health network;

- one member must be a member of the public who is a legal resident of Orange County;
- one member must be an accounting or a public finance professional or an attorney who is an active member of the California State Bar;
- one member must be a representative of a community clinic, including, but not limited to, representative of a federally qualified health center; and,
- one member must be a current CalOptima Health member or family member of a current CalOptima Health member.

The remaining two voting members are members of the Board of Supervisors.

Your Honorable Board of Supervisors (Board) approved the following actions:

Board Date	Action
May 23, 2023	CalOptima Health Board of Directors Appointment
December 19, 2023	CalOptima Health Board of Directors Appointment
December 7, 2021	CalOptima Health Board of Directors Appointment
November 22, 2021	CalOptima Health Board of Directors Appointment

The term for all non-Board of Supervisors CalOptima Health Board of Directors ends on August 3, 2024. Therefore, Orange County Codified Ordinances Section 4-11-12, requires that HCA conduct a recruitment 60 days before the expiration of the term of the CalOptima Health’s board members. In accordance with Section 4-11-12, recruitment efforts by HCA were extensive and included: conducting community outreach on a business and employment-focused social media platform, sharing the recruitment information with various professional organizations and associations, and posting a Press Release and notices online at www.ocaliforniahealthinfo.com and at the Orange County’s County Executive Office in Santa Ana. HCA received 23 applications in total. In accordance with Section 4-11-12(a), the applications were presented to a three-member Selection Panel which met on June 10, 2024, and voted to recommend the applicants listed below to the Board for consideration and appointment.

1. For the current hospital administrator or former hospital administrator seat: Blair Contratto or Brian Helleland or Peter Baronoff.
2. For the practicing licensed medical provider and who is not an owner or officer or a member of the board of directors of a contracted independent physician’s association or a health network seat: Cathy Green or Michelle Tom or Nikan Khatibi.

7. For current CalOptima Health member or family member of a current CalOptima Health member seat: Margaret Moodian or Maura Byron.

The Selection Panel recommended Blair Contratto and Margaret Moodian each for two different seats. Since WIC Section 14087.59 requires the CalOptima board of directors to consists of nine voting members, they may be appointed for one of the recommended seats only.

In accordance with WIC Section 14087.59 and Orange County Codified Ordinances, Section 4-11-12, HCA is requesting that the Board of Supervisors appoint one individual to each of the current CalOptima Health's Board of Directors seven voting seats without the same person occupying more than one seat.

With over 40 years of service in not for profit health care, and with a particular commitment to the care of the poor, vulnerable and underserved, it has been my privilege to serve on the CalOptima Health Board of Directors for the past two and a half years. I am a respected senior executive with demonstrated skills in governance, finance, philanthropy, strategic planning, community benefit, quality and leadership development. I have shared these skills with the board and management team of CalOptima Health through active participation and leadership of the board as Vice Chairperson, Finance and Audit Committee member, Strategic Planning Ad Hoc Committee member and as the Chair of the Governance Ad Hoc Committee. In my current CalOptima Health board position as the "hospital administrator or former hospital administrator", I have met with almost all of the Orange County hospital executives to understand and advocate for their needs while balancing the responsibilities of a Director of a \$4 billion dollar insurance company.

I have a public health background and worked for 27 years as a hospital executive and CEO of Providence Little Company of Mary, a fully integrated health care system, followed by 16 years as a health care consultant. At each hospital, health system and consulting engagement, I recommended and implemented a community benefit plan to address the needs of the poor, vulnerable and underserved in the local community.

CalOptima Candidate Interview Questions

1. Statement of Intent/Bio – **Brian Helleland**

Brian Helleland has 28 years of executive hospital experience, and his dedicated service to Providence spans an impressive 18 years. Throughout his career at Providence, he has held various leadership roles within the organization. In addition to his current position as Chief Executive, Providence St. Joseph Hospital and Chief Executive, Providence Orange County & High Desert, he served as the Interim Chief Operating Officer for Providence South Division over 17 California hospitals and Chief of Clinical Programs and Operations, Interim Chief Executive St. Joseph Medical Center in Burbank, and the Chief Executive at St. Jude Medical Center in Fullerton.

As a long-standing chief executive, Brian has a deep understanding of clinical operations, nursing and ancillary services. He brings a wealth of experience in building clinical programs and integrated delivery networks in collaboration with nursing, physicians, ambulatory partners and community partners. Brian shapes cultures focused on a radically caregiver and

patient-centric work environment, demonstrating clinical excellence, committed physician engagement and fiscal success. Equally important is Brian's dedication to our Mission and values, and his unwavering passion for building a culture of servant leadership.

2. What is your interest serving on the Board of Directors of CalOptima?

Serving nearly one-third of Orange County's diverse population, CalOptima plays a significant role in promoting healthy communities, particularly those covered by Medi-Cal. The Board sets strategic direction and works closely with executive staff to ensure community needs are met, and serving on the board provides a unique opportunity to give back and improve lives. Providence serves a large number of Medi-Cal patients, and the Orange County hospital community provides much of the care for CalOptima members. It is vital that our voice is heard on this important decision-making body to ensure all stakeholders are represented.

3. What is your experience serving CalOptima members?

Providence serves a significant percentage of the County's Medi-Cal population, and meeting the needs of

the underserved and vulnerable among us has been at the core of our organization's work since its founding by the Sisters of St. Joseph of Orange. On a personal note, I live, work, and play in Orange County, raising my family here and leading four hospital sites. I am personally committed to the region's well-being and bring a depth of professional experience and leadership to the cause. I previously served in a multi-county leadership role with Providence, which provided me many opportunities to engage with county managed care organizations including CalOptima, Inland Empire Health Plan, Partnership Health Plan, and LA Care.

4. What are your priorities as a Board member?

As a Board member, I want to ensure every voice in our hospital community is represented. We each play a critical role in serving CalOptima patients as part of the County's safety net. It is important to recognize the many diverse facets within our system of care and to support and advocate for system-wide investments that enable each entity in the health ecosystem to perform their best work to improve the health of all.

5. In your experience, what are the greatest gaps within our system of care in Orange County?

There are opportunities to ensure every voice in the health care ecosystem is heard when decisions are made. Hospitals are critical to Orange County's safety net and need an equitable voice at the table. We want to ensure there are adequate resources for behavioral health, including post-acute beds available in the community so patients can receive the right care at the right time in the most appropriate setting. Following CalOptima's significant recent actions, we must continue to develop and expand our healthcare workforce to serve the growing needs of our growing and aging population.

6. Do you have ideas on how we can improve health equity in Orange County?

Providence continues to make significant investments in health equity in Orange County and beyond. This takes the form of various community health improvement and strategic partnerships, health professions education and research, free and discounted care, and subsidized health services. We are actively working to close healthcare disparities among underrepresented groups, both in hospital settings and preventively through partnerships

with community-based organizations. Many of these partnerships are longstanding and are outlined in our Community Benefit Annual Reports. Our priorities include creating awareness and services addressing behavioral and mental health and substance use, increasing health care access and other resources for those with the toughest challenges, and addressing social determinants of health, including housing and homelessness. We are committed to cultural sensitivity as we recognize and serve the unique needs among our various communities.

Briefly explain your qualifications for each position for which you are applying and why you wish to serve on the CalOptima Health Board of Directors:

More than 200,000 CalOptima members live in the areas our hospitals serve. As a leader in managing the delivery of healthcare services to CalOptima members and those covered by MediCal/Medicaid programs, I know all too well the challenges hospitals face and what it takes to ensure underserved communities have access to high-quality healthcare. I am committed to the health and well-being of CalOptima members, ensuring that each action taken and service provided reflects a deep respect for their values and needs. Our focus on excellence and dignity at KPC Health guides us in delivering personalized care that meets and exceeds expectations, fostering a supportive and respectful environment for all.

When I became CEO of KPC Health in 2018, little did I know that a year and a half later I would be leading our safety net hospitals through a global health crisis in some of the hardest hit communities in our region. COVID-19 was particularly difficult for the communities we serve. We are proud of our team's efforts to ensure that our patients received the care they desperately needed so close to home under those unprecedented circumstances. COVID-19 was a vivid reminder of the importance of the relationship between Cal Optima, its members, and healthcare providers including the community hospitals I oversee. COVID-19 changed healthcare forever. We adapted to the post-pandemic world and are stronger because of it.

As Chief Executive Officer of the Santa Ana-based KPC Health, I oversee operations, strategy, finance, and growth of four Orange County acute care hospitals and our nationwide integrated health system of acute care hospitals, long term acute care hospitals, and a broad range of multispecialty medical groups. Before joining KPC Health, I served as Founder, Chairman, and Chief Executive Officer of Promise Healthcare from 2001 to 2017, which owned long-term acute care hospitals across the United States, including three in California.

The four Orange County full-service acute care hospitals I manage include

1. Orange County Global Medical Center, a Level II Trauma Center located in Santa Ana,
2. Anaheim Global Medical Center specializes in behavioral health and correctional health services for the County of Orange,

3. South Coast Global Medical Center in Santa Ana primarily serves the CalOptima/MediCal/Medicaid patient population heavily concentrated along the Bristol corridor and
4. Chapman Global Medical Center in Orange is a multispecialty boutique surgery hospital.

I bring decades of experience, successful healthcare operations, and finance leadership to KPC Health and would do the same for the CalOptima Board of Directors. As a CalOptima Board Member, I will work with the board to achieve CalOptima's mission by strongly advocating for the MediCal/Medicaid population.

I served for three terms as National President of the Acute Long-Term Hospital Association, representing a membership of more than 300 long-term acute care hospitals in 29 states. In 2017, the Sun Sentinel News Media Group honored me as Palm Beach County Business Leader of the Year in South Florida for my commitment to innovation, corporate growth, and community involvement. In 2019, the Orange County Business Journal named me a top influential leader in its annual OC 500 "Directory of Influence."

I previously served as Deputy Mayor and a two-term elected City Council Member of Boca Raton, Florida. I have extensive experience shaping local public policy for my community, including serving on and leading regional joint powers authority (JPA) agencies like CalOptima with governing boards and regional responsibilities, including the Community Redevelopment Agency and County Transportation Authority. I have devoted philanthropic service to several charitable organizations, including the Crime Survivors Resource Center for Southern California, Rotary International, and the Boca Raton Police Foundation. I was selected and inducted into the Boy Scouts Court of Honor and have been an active Rotarian for over fifteen years. I hold a Master of Health Administration and Bachelor of Finance degrees from the Florida University system.

My wife Carmel and I have two daughters and two sons, including grandchildren in Southern California.

Briefly explain your qualifications for each position for which you are applying and why you wish to serve on the CalOptima Health Board of Directors:

I have spent over 40 years in a health care career building capacity into the health care system in Orange County to serve the un and underinsured populations. I served on the CalOptima Board of Directors between 2000 and 2009 during the early years of its startup. Having built a network of 6 community clinics providing primary, dental and mental health care, I have worked at all levels with community, government and providers and possess a long standing commitment to the health of vulnerable populations as well as a healthy and functioning health care system that provides needed care. My experience in building and running health centers, operating in the C-suite of a large Federally Qualified Health Center/health plan and serving on policy setting boards and committees for the MediCal and uninsured populations provides me with a solid understanding and background to once again, serve on the CalOptima Board of Directors. By way of academic preparation, I have a Masters in Business Administration and a Doctorate degree in strategy and leadership studies with an emphasis on executive and physician leadership development.

The MediCal program continues to grow in Orange County and the economic challenges of the state, pending changes to the mental health care system and populations without homes all provide a landscape of change and opportunity. I believe I can bring a set of unique skills and deep experience to the Board at this time and be helpful navigating the future. I would greatly appreciate the opportunity to be of service.

Briefly explain your qualifications for each position for which you are applying and why you wish to serve on the CalOptima Health Board of Directors:

I would be honored to serve on the CalOptima board of directors. There are several reasons why I am a strong candidate for this role. My son, who was adopted through the foster care system, uses CalOptima for his insurance, and we have had a positive experience with it. I have also been actively involved with several organizations that help disadvantaged youth, such as Beyond Blindness, TIAS ARMS, Makapo Aquatics Project, and Journey School. As a resident of Orange County, I understand the importance of responsible use of tax dollars, and I have a proven track record of being fiscally responsible. My background in nonprofit leadership and my experience of adopting my son through the foster care system make me uniquely qualified to serve on the CalOptima board of directors.

List any contracts and/or financial interests that you have with healthcare providers:

As a healthcare attorney, my law practice is focused on representing medical providers of all types including, hospitals, medical groups, physicians, licensed healthcare providers, and healthcare companies in a variety of matters including audits, transactions, investigations, business litigation, and regulatory compliance. I provide proactive and strategic legal counsel to healthcare professionals throughout the State of California.

I do not have any financial interests with any healthcare providers. My firm contracts with many healthcare providers to provide legal services. Our law firm provides counsel to all sectors of the industry: hospitals, health systems, well-known academic medical centers, esteemed physicians, and medical groups of all sizes. If needed, we can provide a confidential list of clients.

Briefly explain your qualifications for each position for which you are applying and why you wish to serve on the CalOptima Health Board of Directors:

In representing medical providers, I see firsthand the issues in facing patients and providers including the complex insurance system, regulatory challenges relating to credentialing and licensing, access and affordability, telehealth, medical privacy, physician burnout, and health equity. I also have relevant personal experience. My son suffered from epilepsy when he was younger and quickly learned that I needed to be a strong advocate for him to successfully navigate the healthcare system. To further my advocacy, I joined the Board of a local nonprofit, Epilepsy Support of OC, whose mission is to educate and support families suffering from epilepsy. I can bring that same advocacy to the CalOptima Health Board to increase health access and education for families. Inequities in the access and delivery of healthcare continue to plague our healthcare system and I would like to work to develop strategies to decrease these inequities and expand access. Diversity and inclusion is also important to me. In addition, I served on OC Medical Assn's Women in Medicine Committee in 2019-2020 to support and promote women physicians.

As a healthcare lawyer with past board service, I bring a unique perspective of various medical providers and the challenges in the delivery of healthcare. I work with providers across the spectrum on a daily basis (solo physicians to large health systems) and I believe my experience and knowledge will benefit to the Board. It would truly be an honor and a privilege to sit on the CalOptima Board and I appreciate the opportunity to be invited to the table. Please reach out if you have any further questions.

Further, as an attorney and board member of other non-profits, I understand my duties as a fiduciary to the organizations/agencies I serve.

Using my background and skills to safeguard public funds meant to provide access to health care to the most vulnerable population in Orange County is of particular interest to me. Additionally, in light of the recent audit, it seems it is especially important right now to ensure the agency has stewards who are prepared and equipped to be meaningfully engaged as fiduciaries.

As CEO of the Coalition of Orange County Community Health Centers, I represent 26 member health centers providing healthcare to over 350,000 individuals through 839,000 visits annually, with 40% being CalOptima beneficiaries. With 24 years in the Coalition and extensive prior experience, I seek to represent the primary care safety net sector on the CalOptima Board of Directors. The Affordable Care Act has expanded insurance coverage but strained the provider workforce, necessitating a strong safety net. I aim to ensure community clinics integrate effectively into the healthcare system to deliver high-quality, affordable care. Having served on CalOptima's Board and Provider Advisory Committees, I offer valuable insight into policy-making processes and healthcare trends at federal, state, and local levels. My goal is to optimize resource utilization, strengthen the county's healthcare safety net, and uphold access to care for all residents. I believe my experience and dedication make me a valuable asset to the CalOptima Board in shaping healthcare policies for the community's benefit.

As the parent/conservator for a Cal Optima member, I have first hand experience with navigating a health care and community support system that is complicated and multi-layered. As the Executive Director of an agency that serves primarily Cal Optima members and former mentor for families of children with special medical and intellectual needs, I recognize that the need for system navigation assistance. Helping families access services is the focus of my agency's mission and it is my personal vision of the future for families like mine. The need is widespread and incredibly important to these families who have very individualized needs and concerns. I bring a wealth of knowledge to the table for our members. I have worked with families to connect the dots in our community and in my 18 years of working with this community, I have served thousands of Cal Optima clients and helped them to access the care their loved one desperately needs. I am involved in many community collaboratives and committees serving the most vulnerable individuals in our community. I am passionate about working on our members behalf to simplify a system that is unwieldy and requires significant input from caregivers and patients. The barriers to sustainable and effective healthcare are many and it is my hope that by serving on the Board of Directors, I can bring attention to this need and hopefully be a facilitator for change by bringing all involved parties "to the table" to overturn barriers and complications.

Her injury left her unable to speak, unable to walk, weakened muscle tone, etc. She was completely debilitated and required constant care. I was unable to work in a professional environment during this time. I spent the balance of any extra time working in ministry in the church. Our other two children were very young and required our "effort" to keep their life experience "normal" so we would not traumatize them with the medical issues of their younger sister.
